We have audited the Rental Capital Account of the State Housing Commission of Western Australia for the year ended 30 June 1993 pursuant to section 83 (3) of the Commonwealth State Housing Agreement. This auditors' report has been drawn up as a special purpose report for use only by the Commission. The Rental Capital Account is a notional account created from the accounts and records of the Commission who is responsible for the preparation and maintenance of the Rental Capital Account and the information it contains and has determined that the basis of accounting used is appropriate to the needs of the intended users. We have conducted an independent audit of the Rental Capital Account in order to express an opinion on it to the Commission.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the Rental Capital Account is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures made in the Rental Capital Account. These procedures have been undertaken to form an opinion as to whether, in all material respects, the Rental Capital Account has been maintained in accordance with the 1989 Commonwealth State Housing Agreement.

The audit opinion expressed in this report has been formed on the above basis.

In our opinion, the Statement of the Operation of the Rental Capital Account for the year ended 30 June, 1993—

- (a) Is in agreement with the accounts and records of the State Housing Commission of Western Australia; and
- (b) Fairly presents monies received to and expended from the Account, in accordance with the terms and conditions of the 1989 Commonwealth State Housing Agreement.
