**Montebello Islands Conservation Park**  
**Compatible Operations Notice**

Call for public submissions on the intention to issue licences/leases for tourist and commercial recreation operations in Montebello Islands Conservation Park

This notice is made by the Executive Director of the Department of Conservation and Land Management under section 33A of the Conservation and Land Management Act 1984 with reference to compatible operations.

As a management plan does not exist for the Montebello Islands Conservation Park, the CALM Act 1984 requires the Department to notify the public of intentions to conduct "compatible operations" and seek comment on those operations.

The Department of Conservation and Land Management has been approached by tourist operators for approval to operate tourist services and facilities in the Montebello Islands Conservation Park. The Department intends to call for "Expressions of Interest" by commercial operators to offer a variety of tourist services and facilities that will enhance public enjoyment whilst protecting the environmental integrity of the Park.

Submissions are invited until 6 October 1994. Please do not submit proposals for tourist and commercial operations at this time.

People wishing to make submissions should obtain the "Guide to Submissions" by contacting Denise Hamilton, Department of CALM, Pinnacle House, 16 Ogilvie Road, Mt Pleasant 6153, telephone (09) 364 0777, or Chris Muller, Department of CALM, SGIO Building, Welcome Road, Karratha 6714, telephone (091) 86 8288.

**LG402****BUSH FIRES ACT 1954****BUSH FIRE NOTICE AND REQUIREMENTS**

Notice to all owners and/or occupiers of land in the Shire of Bridgetown/Greenbushes

In accordance with Section 33 of the Bush Fires Act 1954-87, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this order. The penalty for non-compliance with this notice is a maximum fine of \$1 000 and notwithstanding prosecution, Council may enter upon the land and carry out required works at the owner/occupier's expense.

If it is considered for any reason to be impractical or environmentally unsound to carry out the provisions of this order application must be made before the 1st day of November for permission to provide alternative firebreaks or other fire abatement measures. In the absence of written permission for alternative measures the requirements of this order must be adhered to.

Guidelines for alternative breaks are contained in paragraph 6 of this order.

An inspection of firebreaks and hazard removal will be carried out in all areas of the Shire by an authorised officer.

**MANAGED FARM LAND**

Fire Prevention work must be carried out by 30th November and kept maintained throughout the summer months until the 14th March.

1. (a) Farmland: All 2.5 metre firebreaks shall be constructed in such positions as agreed at a properly constituted meeting of a Bush Fire Brigade and incorporated in the Brigade Fire Protection plan, a copy of which is lodged at the Council Office and with the Brigade Fire Control Officer.

If agreement between landowner or occupier and Brigade for the strategic firebreak plan is not achieved, Council may make a specific Order as to the firebreaks required in the circumstances.

- (b) Rural Land in Townsites: Managed rural land in townsites will not require firebreaks, except as required in Clause 1(c), provided that the property is comprehensively grazed or otherwise managed so as to reduce the accumulation of potential inflammable matter.
- (c) Crops: A firebreak not less than 2.5 metres in width shall be provided around the perimeter of land on which a crop is planted.
- (d) Buildings and Hay Stacks: A break not less than 4 metres in width shall be provided immediately or as near as practicable surrounding all buildings and hay stacks.

**UNMANAGED RURAL LAND**

Fire Prevention work must be carried out by 30th October and kept maintained throughout the summer months until the 14th March.

2. A firebreak not less than 4 metres in width inside and along the boundary of cleared or part cleared land on each lot or location. A break not less than 4 metres in width shall be provided immediately or as near as practicable surrounding all buildings and hay stacks.

**RESIDENTIAL, COMMERCIAL AND INDUSTRIAL LAND**

Fire Prevention work must be carried out by 30th October and kept maintained throughout the summer months until the 14th March.

3. A firebreak not less than one metre in width:—

- (a) inside and along the boundary of each lot; and
- (b) around the perimeter of all buildings.

In addition such lots shall be cleared of all inflammable material and rubbish likely to create a fire hazard and shall be kept clear of such material and rubbish until the 14th day of March.

## PLANTATIONS

4. (a) All Plantations planted after 1st May 1990.
  1. The first row of trees must be a minimum of 15 metres from the outer edge of the firebreak adjoining all formed public roads.
  2. A ten metre firebreak to be constructed on the boundaries of the plantation in separate ownership, and on all formed public roads.
  3. A firebreak 6 metres wide shall be provided in such position that no compartment of a plantation should exceed 30 hectares.
  4. No planting will be allowed within a distance of 20 metres on either side of all power lines, and a 6 metre firebreak shall be provided as near as practical underneath the power line.
  5. All firebreaks must be maintained in a condition trafficable to tractors and four wheel drive vehicles, and adjoining trees progressively pruned to a minimum height of 4 metres to allow unrestricted access and to maintain an effective width of firebreak.
- (b) Pine Plantations planted prior to 1st May 1990
  1. A 5 metre firebreak to be constructed on the boundaries of the plantation, including the boundaries of each separate location and all formed public roads.
  2. All of the provisions of items 4A, 4-5 inclusive apply.

Alternatives: In the interest of environmental protection, alternatives to the above conditions may be allowed by specific written agreement with Council in accordance with the Guidelines for Alternative Breaks in this Order. Application must be made when submitting the development plan of the plantation for Planning Approval before planting commences.

## DEFINITIONS

5. For the purpose of this Order the following definitions apply:
  - "Firebreak" means ground from which all inflammable material has been removed and on which no flammable material is permitted to accumulate during the period earlier referred to.
  - "Haystack" means a collection of hay including fodder rolls placed or stacked together.
  - "Managed Farm Land" means any lot, location or holding consisting of adjoining lots or locations wholly or mainly maintained or used for grazing, dairying, pig farming, poultry farming, viticulture, horticulture, fruit growing or the growing of crops of any kind or other similar businesses, where the activity substantially reduces the accumulation of inflammable matter.
  - "Plantation" means an area of planted pine, eucalypt or other commercial value trees exceeding 5 hectares but not including windbreaks or groups of shelter belts or woodlots.
  - "Residential, Commercial and Industrial Land" means all land used for those purposes and includes any ungrazed lot under 2 000 square metres.
  - "Shelter Belt" or "Woodlot" means an area of planted trees not exceeding 5 hectares, but which may be part of a group of similar plantings separated by grazing pasture of not less than 10 metres in width.
  - "Unmanaged Farm Land" means land over 2 000 square metres on which inflammable matter has been permitted to accumulate, other than managed farm land, residential, commercial and industrial land, and pine or eucalypt plantations.
  - "Windbreak" means an area of planted trees not exceeding 15 metres in depth with an unrestricted length.

## GUIDELINES FOR ALTERNATIVE BREAKS

6. (a) An alternative break shall be cleared as near as practicable to the position required by this Notice, and such position shall be approved by either the Bush Fire Control Officer or Captain of the Bush Fire Brigade in the area concerned and forwarded in writing by the 1st November by the owner or occupier to the Shire Council for confirmation, enclosing a map of the alternative positions endorsed.
- (b) The Strategic Firebreak scheme submitted by a Bush Fire Brigade must be agreed to at a properly constituted Brigade meeting.

Alterations to the Brigade plan will need to be submitted to Council by 1st November each year and application for alteration shall be endorsed by the Brigade Captain or Fire Control Officer.
- (c) Any alternative submitted has no effect until approved by the Council after which notification in writing will be given.
- (d) All alternative breaks approved may be reviewed by the Council at any time after the expiry of one year.
- (e) Cultivation of roadsides will be allowed on road reserves only with the written permission of the Council, and for the purpose of protection of fencing only, and not as an alternative to a firebreak.

- (f) Where on application supported in writing by the Land Conservation District Committee there is a recognisable potential or existing erosion problem on a property subject to firebreak provisions, the Council may, in writing, approve in lieu of the absence of inflammable material, an alternative strip of mown grass maintained not exceeding 30mm in height for the duration of the prohibited burning season.

#### SPECIAL NOTICE TO LAND OWNERS AND OCCUPIERS

The Council forwards a copy of this firebreak order with rate assessments each year. The notice is also published in the *Warren Blackwood Times* and additional copies are obtained at the Shire Office counter.

The aim of the Council is to eliminate destructive bush fires and to this end some areas of the Shire are subject to hazard removal and roadside burning which is carried out by the Shire's Bush Fire Brigades and Council workforce.

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect not only individual properties but the district generally. In addition to the requirements of this order, Council may issue separate special orders on owners or occupiers if hazard removal is considered necessary in some specific areas.

By Order of the Council,

I. M. BODILL.

**BUSH FIRES ACT 1954***Shire of Victoria Plains*

Notice to all Owners and Occupiers of Land within the Shire of Victoria Plains

**REQUIREMENT TO CLEAR FIREBREAKS**

Pursuant to the powers contained in section 33 (1) of the Bush Fires Act 1954 you are hereby required to plough, cultivate, scarify, burn or otherwise clear firebreaks on all land owned or occupied by you by the 15th day of October 1994 and thereafter to keep these firebreaks clear of inflammable matter until the 29th day of March 1995. Firebreaks are required in the locations and to the specifications detailed below.

**1. RURAL LAND**

(a) Firebreaks not less than 2.5m wide shall be provided inside and along and within 20 metres of the whole of the external boundaries of each property, and immediately surrounding all buildings and haystacks, or in such other alternate positions for which permission has been granted under paragraph 4(d).

(b) Firebreaks not less than 20m wide shall be provided immediately surrounding all bush which has been bulldozed, chained or prepared in any similar manner for clearing (whether it is intended to burn the bush or not).

(c) Firebreaks not less than 2.5m wide to be provided in such other positions as are necessary to divide land into areas each not exceeding 400 hectares.

**2. TOWNSITES**

Owners and Occupiers of land within the townsites of Bolgart, Calingiri, Yerecoin, Piawaning and Mogumber shall clear the land of all inflammable matter, or shall clear a firebreak not less than 1m wide around and immediately within the boundaries of each individual lot where the area of the lot does not exceed 5 000m<sup>2</sup>, or not less than 2.5m wide where the area of the lot exceeds 5 000m<sup>2</sup>. Where adjoining land is in common ownership or occupancy, firebreaks may be constructed so as to encompass such lots collectively. Firebreaks not less than 2.5m wide shall be constructed around all buildings and haystacks situated on the land.

**3. FUEL DUMPS/TANKS/DEPOTS**

Where there are flammable liquid or gas containers on the land, whether such containers are full or empty, owners and occupiers shall comply with the requirements of the Explosives and Dangerous Goods Act 1961 and the Flammable Liquids Regulations 1967, and shall—

(a) Townsite Land—Clear the whole of the land of inflammable matter.

(b) Rural Land—Locate such dumps/tanks/ramps not less than 15 metres from any public thoroughfare or improvement upon the land, and construct firebreaks not less than 6 metres in width around and immediately adjacent to all such installations.

**4. GENERAL**

(a) The term "inflammable matter" for the purposes of this notice includes bush (as defined in the Bush Fires Act 1954), timber, boxes, cartons, paper and the like inflammable materials, rubbish and any combustible matter, but does not include buildings, or growing bushes, green standing trees or plants in gardens or lawns.

(b) The penalty for failing to comply with this Notice is a fine of not more than one thousand dollars (\$1 000) and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this Notice.

(c) If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

(d) If it is considered impractical for any reason to clear firebreaks as required by this Notice, you may apply to the Council or its duly authorised officer not later than the 5th day of October 1994, for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this Notice.

Dated 18 July 1994.

By Order of the Council

R. W. DEW, Shire Clerk.

Notes: (1) The above order allows for modifications of firebreak requirements subject to approval of Council. Requests for approval may be made to your nearest Bush Fire Control Officer or to the Shire Clerk.

(2) Firebreaks must not be constructed on road verges except with the written permission of Council, and subject to such conditions as may be imposed by Council.
