 3. The keeping of horses within Special Rural Zone No. 15 is prohibited excepting on lots specified on Approved Subdivision Guide Maps endorsed by the Town Clerk where the keeping of one horse or stock equivalent as determined by the Department of Agriculture may be permitted with the approval of Council. In considering a request to keep a horse Council may consult with the Department of Agriculture. Council may withdraw its permission for the keeping of horses or stock equivalent if in its opinion the number, type or management of stock is leading or will lead to degradation of the land or vegetation in which event livestock shall be removed at the direction of Council. Fences shall be erected in areas designated by Council to protect vegetation from grazing stock.
 4. Minimum dwelling size—
 - (a) Floor—no dwelling house shall be constructed within the area specified in column (a) with an overall floor area (including walls) of less than 100 m².

 8. Prior to subdivision, the subdividing owner shall erect a sign in a prominent place to inform future owners of the special conditions imposed on the land under Special Rural Zone No. 15, and that they must consult with Council before commencing and development.
 9. The subdividing owner of the land shall make arrangements to Council's satisfaction to ensure that prospective purchasers are advised of sand excavation on adjoining lots.
 10. The subdividing owner shall make arrangements to Council's and the Department of Conservation and Land Management's satisfaction, to ensure that prospective purchasers are advised of the possibility of the existence of declared rare flora species of *Draberea jeanensis* and *Diuris* sp.  11. Land within the building envelope is to be managed in such a manner as to avoid the land being laid bare of vegetation resulting in loose, wind erodible condition.

Land outside the building envelope is to be managed in such a manner that there will be no further clearing of the land save for vegetation that has to be removed for housing, firebreaks, outbuildings and accessway construction. The Council's approval shall be deemed as Council's written consent to remove vegetation.
 12. Council may vary building envelopes in order to preserve declared rare flora.
 13. Prior to the approval of a plan or diagram of subdivision the subdivider shall define to the satisfaction of the Council, the location and size of the building envelopes for each of the proposed lots.

The Council's approval of the building envelopes shall be signified by the designated officer of Council's signature on a plan showing the building envelopes.
 14. Management use and development of land shall be in accordance with the Approved Subdivision Guide Map endorsed by the Town Clerk and notations contained therein.
