BUSH FIRES ACT 1954

Shire of Bridgetown-Greenbushes
BUSH FIRE NOTICE AND REQUIREMENTS

Notice to All Owners and/or Occupiers of Land in the Shire of Bridgetown-Greenbushes

In accordance with section 33 of the Bush Fires Act 1954, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this Order.

The penalty for non-compliance with this notice is a maximum fine of \$1 000 and notwithstanding prosecution, Council may enter upon the land and carry out required works at the owner/occupier's expense.

If it is considered for any reason to be impractical or environmentally unsound to carry out the provisions of this Order, application must be made before the 1st day of November for permission to provide alternative firebreaks or other fire abatement measures. In the absence of written permission for alternative measures the requirements of this Order must be adhered to.

Guidelines for alternative breaks are contained in paragraph 7 of this Order.

An inspection of firebreaks and hazard removal will be carried out in all areas of the Shire by an authorised Officer.

FIREBREAK REQUIREMENTS

Period—Fire prevention work must be carried out by 30th November and kept maintained throughout the summer months until the 14th March.

1. Landowners/Occupiers Responsibility

The Council forwards a copy of this Firebreak Order with rate assessments each year. The Order is published in the *Government Gazette*, Manjimup-Bridgetown Times and additional copies are available at the Shire Offices and Library.

It is the responsibility of the landowner/occupier to understand and comply with the requirements of this Order.

If further clarification is required contact your Fire Control Officer or Shire Offices.

2. Managed Farmland

(a) Farmland—A 2.5 metre firebreak shall be constructed in such positions as agreed at a properly constituted meeting of a Bush Fire Brigade and incorporated in the Brigade Strategic Firebreak Plan, a copy of which is lodged at the Council Offices and the Brigade Fire Control Officer.

If agreement between landowner/occupier and Brigade for Strategic Firebreak requirements is not achieved, Council may make a specific Order as to firebreaks required.

- (b) Crops to be Harvested—A firebreak not less than 2.5 metres wide shall be provided around the perimeter of land on which a crop is planted.
- (c) Buildings and Haystacks—A firebreak not less than 4 metres in width shall be provided immediately or as near as practicable surrounding all buildings and haystacks.
- 3. Managed Land—over 2 000 m² not included in the Strategic Firebreak Plan for Farmland

This land will not require firebreaks except around buildings, haystacks and crops if at the time of inspection it is clearly evident that measures are in place which will prevent the existence of a high level of fuel accumulation over the period specified in this Firebreak Order.

4. Unmanaged Land over 2 000 m²

A firebreak not less than 4 metres in width inside and along the boundary of cleared or part cleared land on each lot or location. A firebreak not less than 4 metres in width shall be provided immediately or as near as practicable surrounding all buildings and haystacks.

5. Residential, Commercial and Industrial Land under 2 000 m²

Fire Prevention work must be carried out by 30th October and maintained through the summer months until 14th March.

Remove all flammable materials likely to create a fire hazard except standing live green trees and shrubbery and maintain throughout the required period.

6. Plantations

- (a) All Plantations planted after 1st May 1990
 - 1. The first row of trees must be a minimum of 15 metres from the outer edge of the firebreak adjoining all formed public roads.
 - 2. A 10 metre firebreak to be constructed on the boundaries of the plantation in separate ownership, and all formed public roads.
 - 3. A firebreak 6 metres wide shall be provided in such position that no compartment of a plantation should exceed 30 hectares.
 - 4. No planting will be allowed within a distance of 20 metres on either side of all power lines, and a 6 metre firebreak shall be provided as near as practical underneath the power lines.
 - 5. All firebreaks must be maintained in a condition trafficable to tractors and four wheel drive vehicles, and adjoining trees progressively pruned to a minimum height of 4 metres to allow unrestricted access and to maintain an effective width of firebreak.
- (b) Pine Plantations planted prior to 1st May 1990
 - 1. All of the provisions of items 6(a), 2-5 inclusive apply.
- (c) Eucalypt Plantations planted prior to 1st May 1990
 - 1. A 5 metre firebreak to be constructed on the boundaries of the plantation, including the boundaries of each separate location and all formed public roads.
 - 2. All of the provisions of items 6(a), 4-5 inclusive apply.

Alternatives: In the interest of environmental protection, alternatives to the above conditions may be allowed by specific written agreement with Council in accordance with the Guidelines for Alternative Breaks in this Order. Application must be made when submitting the development plan of the plantation for Planning Approval before planting commences.

- 7. Definitions—For the purpose of this Order the following definitions apply:
 - "Firebreak" means ground from which all inflammable material has been removed and on which no flammable material is permitted to accumulate during the period earlier referred to.
 - "Haystack" means a collection of hay including fodder rolls placed or stacked together.
 - "Managed Farmland" means land used for primary production located in an area covered by the Strategic Firebreak Plan.
 - "Unmanaged Land" land will be classified as unmanaged if at the time of inspection it is not clearly evident that measures are in place which will prevent the existence of a high level of fuel accumulation during its period of notice.
 - "Plantation" means an area of planted pine, eucalypt or other commercial value trees exceeding 5 hectares but not including windbreaks or groups of shelter belts or woodlots.
 - "Residential, Commercial and Industrial Land" means all land used for those purposes and includes any ungrazed lot under 2 000 m².
 - "Shelter Belt" or "Woodlot" means an area of planted trees not exceeding 5 hectares, but which may be part of a group of similar plantings separated by grazed pasture of not less than 10 metres in width.
 - "Windbreak" means an area of planted trees not exceeding 15 metres in depth with an unrestricted length.
- 8. Guidelines for Alternative Breaks
 - (a) An alternative break shall be cleared as near as practicable to the position required by this Notice, and such position shall be approved by either the Bush Fire Control Officer or Captain of the Bush Fire Brigade in the area concerned and forwarded in writing by the 1st November by the owner or occupier to the Shire Council for confirmation, enclosing a map of the alternative positions endorsed.

- (b) The Strategic Firebreak scheme submitted by a Bush Fire Brigade must be agreed to at a properly constituted Brigade meeting. Alterations to the Brigade plan will need to be submitted to Council by 1st November each year and application for alteration shall be endorsed by the Brigade Captain or Fire Control Officer.
- (c) Any alternative submitted has no effect until approved by the Council after which notification in writing will be given.
- (d) All alternative breaks approved may be reviewed by the Council at any time after the expiry of one year.
- (e) Cultivation of roadsides will be allowed on road reserves only with the written permission of the Council, and for the purpose of protection of fencing only, and not as an alternative to a firebreak.
- (f) Where an application supported in writing by the Land Conservation District Committee there is a recognisable potential or existing erosion problem on a property subject to firebreak provisions, the Council may, in writing, approve in lieu of the absence of inflammable material, an alternative strip of mown grass maintained not exceeding 30mm in height for the duration of the requirements of this Notice.

9. Special Orders

The requirements of this Order are considered to be the minimum standard of fire prevention work to protect not only individual properties but the district generally. In addition to the requirements of this Order, Council may issue Special Orders on owners or occupiers if hazard removal is considered necessary in some specific areas.

Dated the 27th day of May 1997.

By Order of the Council,

I. M. BODILL.

VOCATIONAL EDUCATION AND TRAINING ACT 1996

VOCATIONAL EDUCATION AND TRAINING (TAFE INTERNATIONAL WA) ORDER 1997 Made by the Minister for Employment and Training under section 57 of the *Vocational Education and Training Act 1996*.

Citation

1. This order may be cited as the Vocational Education and Training (TAFE International WA) Order

Commencement

2. This order takes effect on and from the day that this order is published in the Government Gazette.

Interpretation

- 3. In this order unless the contrary intention appears—
 - "chief executive" means the chief executive of the department;
 - "department" means the department principally assisting the Minister in the administration of the Act;

"overseas student" means student who is not-

- (a) a Australian citizen;
- (b) a New Zealand citizen;
- (c) a permanent resident in Australia; or
- (d) a dependent of a person referred to in paragraph (a), (b) or (c),

and in relation to whom a full fee is payable for vocational education and training or related services:

"the Act" means the Vocational Education and Training Act 1996; and

"the Institution" means TAFE International WA established under clause 4.

Establishment and corporate name

- 4. (1) An institution known as TAFE International WA is established under section 57 of the Act.
 - (2) The Institution is a body corporate with—
 - (a) perpetual succession and a common seal; and
 - (b) power to take and defend proceedings in its corporate name.

Functions of Institution

- 5. The functions of the Institution are—
 - (a) to make arrangements for and facilitate the provision of vocational education and training and related services either directly or through any agency to overseas students in or outside the State and to persons or organisations outside the State in conjunction with a college or otherwise;
 - (b) to participate in initiatives involving the whole of the State training system and to collaborate with colleges and educational institutions to ensure the greatest effectiveness and economy in expenditure and the most beneficial relationship between the Institution and colleges and educational institutions throughout the State;
 - (c) to co-ordinate or arrange for the provision of vocational education and training by the use of any technology that may be available for that purpose;
 - (d) to enter into arrangements for the development of curriculum and related materials and services for the purposes of vocational education and training under the Act; and
 - (e) to publish or arrange for the publication of works for or on behalf of the State training system.

Management and control

6. The management and control of the Institution are vested in the chief executive but subject to the exercise of the Minister's powers under section 14 of the Act.

Powers of chief executive

- 7. (1) The chief executive may do all things necessary or convenient to be done for or in connection with the performance of the functions of the Institution.
 - (2) without limiting subsection (1) the chief executive may, on behalf of the Institution—
 - (a) make arrangements for the provision of housing for staff, and residential accommodation for students;
 - (b) make arrangements for the conferring of awards and qualifications; and
 - (c) provide, for a fee or otherwise, or enter into contracts to provide, products, consultancy or other services in the course of, or incidental to, the provision by the Institution of vocational education and training and related services.
- (3) The chief executive may exercise the powers of the chief executive outside the State if that is necessary or convenient for the performance of the functions of the Institution.

Advisory committee

8. The Chief Executive may appoint a committee for the purposes of advising the Chief Executive in carrying out the functions of the Institution.

Staff

- 9. For the purposes of assisting the Institution in carrying out its functions—
 - (a) there may be appointed under and subject to the *Public Sector Management Act 1994* such public service officers and other employees as are necessary; and
 - (b) despite paragraph (a), the Chief Executive may employ or engage persons otherwise than under the *Public Sector Management Act 1994*.

Application of Financial Administration and Audit Act 1985

10. For the purposes of the *Financial Administration and Audit Act 1985* the Institution is to be regarded as a service of the department.

Dated this 17th day of June 1997.

C. L. EDWARDES, Minister for Employment and Training.

RIGHTS IN WATER AND IRRIGATION ACT 1914

NOTICE UNDER SECTION 13 OF THE ACT

(Regulation 14(1))

The Water and Rivers Commission has received the applications in the following schedule from the Water Corporation for licences to take and use surface water for public water supply purposes.

Under legislation the Water Corporation is now required to licence their activities and the applications are for the continuing operation of their existing sources of supply.

Any owner or occupier of land within 4.8 km of the source and contiguous to the watercourse on which the source is located may lodge an objection to that application. Any objection will be considered by the Water and Rivers Commission in determining whether a licence is issued.

Objections must be sent to reach me at the Water and Rivers Commission, PO Box 6740 Hay Street East, East Perth 6892 prior to July 31 1997 by certified mail.

Any queries regarding these applications should be referred to Mr Alan Cook on telephone (08) 9278 0398.

Standing Committee on Uniform Legislation and Intergovernmental Agreements

Twelfth Report 1996

Competition Policy

In January 1996 the Standing Committee on Uniform Legislation and Intergovernmental Agreements reported on the implications for State law of the controversial Hilmer reforms, and said it would be unacceptable if the privatisation of former government business agencies left customers worse off.

This report is now available. The report calls for a comprehensive set of consumer safeguards to be introduced to privatised and corporatised governments agencies providing basic services to customers.

The Western Australian Parliamentary History Project conducted under the aegis of the Parliamentary History Advisory Committee was established in 1984 to coordinate the collection and dissemination of information about the history and functioning of the Parliament of Western Australia. Its initial objective was to produce a series of publications in time for the centenary of the proclamation of Western Australia as a self-governing colony and the establishment of its bicameral legislature.

This publication is part of the second objective set by the Committee to produce a new series of publications which further research the history of the Parliament of Western Australia.
