*Shire of Mundaring*

**NOTICE TO ALL OWNERS AND/OCCUPIERS OF LAND SITUATED IN THE  
SHIRE OF MUNDARING**

Take Notice that pursuant to Section 33(4) of the Bush Fires Act, where the owner or occupier of land who has received notice fails or neglects to comply with the requisitions of the notice within the time specified, the Shire of Mundaring may, by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of the notice which have not been complied with and pursuant to Section 33(5) of the Bush Fires Act the amount of any costs and expenses incurred may be recovered from you as the owner or occupier of the land.

**FIREBREAKS**

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, you are hereby required to clear of flammable material firebreaks not less than 3 metres in width immediately inside all external boundaries of any lot owned or occupied by you and situated within the Shire of Mundaring.

Such firebreaks may be constructed by one or more of the following methods—

Ploughing, Cultivating, Scarifying, Burning, Chemical Spraying or Other Approved Method.  
and are to be cleared to the satisfaction of an Authorised Officer of the Shire. In addition you may be required to carry out further works which are considered necessary by an Authorised Officer of the Shire and specified by way of a separate written notice forwarded to the address as shown on the Shire of Mundaring rates record for the relevant land.

In some instances naturally occurring features such as rocky outcrops, natural watercourses or landscaping such as reticulated gardens, lawns or driveways may be an acceptable substitute for cleared firebreaks. This option must first be discussed with an Authorised Officer of the Shire, and approved by the Authorised Officer in writing.

On any lot having an area of less than 3,000m<sup>2</sup> with a dwelling constructed on it, where the lot is substantially developed (i.e. at least 75% cleared of bush), the keeping of grass on the lot at all times covered by this notice to a height less than 5 centimetres will be accepted in lieu of clearing a firebreak. For the purpose of this notice grass kept at a height of less than 5 centimetres will be deemed not to be flammable material.

All firebreaks and other alternative arrangements allowed by the preceding parts of this notice must be established before the 30th day of November 1999 (or within 14 days of you becoming the owner or occupier should this occur after that date) and maintained clear of flammable material up to and including the 14th day of March 2000.

#### APPLICATION TO VARY THE ABOVE REQUIREMENTS

If it is considered impracticable for any reason whatsoever to clear firebreaks or establish other arrangements as required by this notice, you may apply in writing to the Shire of Mundaring not later than the 15th day of November 1999 for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Shire, you must comply with the requirements of this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The penalty for failing to comply with this Notice is a fine not exceeding \$1,000 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner and/or occupier by the date required by this notice.

By order of the Council.
