LG501***BUSH FIRES ACT 1954***Shire of Brookton*

Firebreak Order 1999/00

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, owners and occupiers of property within the Shire of Brookton are hereby required, on or before the 1st day of December, 1999, to plough, cultivate, scarify, chemically spray or otherwise clear and thereafter maintain free of all flammable material until the 15th day of April, 2000, firebreaks as stipulated in the following positions.

Schedule

ON LAND OUTSIDE OF THE TOWNSITE BOUNDARY

1.1 A firebreak, which is at least 5 metres wide, must be installed around and within 15 metres of the following:

a building, a haystack, a fuel drum, a fuel depot or any groupings of buildings, haystacks, fuel drums or fuel depots.

BURNING OFF

1.2 All landholders are required to have an operational independent mobile water filled fire fighting unit, having a water capacity of not less than 450 litres, within 50 metres of a paddock in which any burning off activity is being conducted during the *restricted* and *prohibited* burning periods. The tank of the unit shall be kept full of water at all times during the burning off.

1.3 During the *open* burning season all landholders are required to have a 2 metre firebreak cleared of all flammable material around any area to be burnt, or a fire fighting unit within 50 metres of any paddock in which burning off activity is being conducted.

DURING HARVESTING AND STRAW BALING

1.4 During any period when harvesting operations are being conducted there shall be provided in the same paddock or within 50 metres of that paddock an operational independent mobile water filled fire fighting unit, having a water capacity of not less than 450 litres. The tank of the unit shall be kept full of water at all times during the harvest operations. The responsibility to supply the unit being that of the landholder.

OPERATION OF PLANT AND MACHINERY

1.5 During the *prohibited* burning time all trucks, bulldozers and headers shall not be operated on rural land unless fitted with a fire extinguisher.

A fire extinguisher means a device which comprises:

- (a) a container filled with at least 7.5 litres of water, and be capable of discharging that water under pressure and which is in a sound working condition, or
- (b) an approved operative chemical extinguisher.

1.6 During the prohibited burning time, all internal combustion motors being stationary and unattended shall not be operated unless clear of all flammable material immediately surrounding the said motor for a distance of not less than 5 metres.

LAND WITHIN THE BROOKTON TOWNSITE BOUNDARY

2.1 All land with an area of less than 1000m² with no buildings, must be completely clear of all flammable material from the whole of the land.

2.2 All land with an area of less than 1000m² with buildings or groupings of buildings must have an area cleared of flammable material no less than 2 metres wide, not more than 15 metres from such building or groups of buildings or the external boundary of the land—whichever is the nearer.

2.3 All land with an area of greater than 1000m² with no buildings must be completely surrounded by a firebreak of not less than 2 metres wide as near as possible to the boundary.

2.4 All land with an area of greater than 1000m² with buildings or groupings of buildings must have an area cleared of flammable material no less than 2 metres wide, not more than 15 metres from the building or groups of buildings or the external boundary of the land—whichever is nearer.

The firebreaks may be inspected shortly after the 1st day of December 1999, and the penalty for failing to comply with this notice is a fine of not more than \$1,000 or a penalty of \$40 may be incurred by the issue of an infringement notice, and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

If it is considered to be impracticable for any reason to comply with the provisions of this notice, application may be made not later than the 15th day of November, 1999, in writing to the Council or its authorised officer for permission to provide alternative fire protection measures. If permission is not granted the requirements of this notice must be complied with.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act 1954, which includes the necessity for permits to burn during the *restricted* and *prohibited* burning season.

Failure to comply with these requirements renders the offenders to the penalties prescribed in the Bush Fires Act 1954, as amended.

By Order of the Council

IAN CURLEY, Chief Executive Officer.
