LOCAL GOVERNMENT ACT 1995
CITY OF FREMANTLE

LOCAL LAWS RELATING TO STREET LAWNS AND GARDENS

Under the powers conferred by the Local Government Act 1995 and under all other powers enabling it, the council of the City of Fremantle resolved on 5 November 2001 to make the following local laws.

1. In these local laws, unless the context otherwise requires—

“the Act” means the Local Government Act 1995 (as amended) and, except as otherwise provided in this local law, words and expressions have the same meanings as they have in the Act;

“carriageway” means a portion of a road that is improved, designed or ordinarily used for vehicular traffic, and includes the shoulders, and areas, including embayments, at the side or centre of the road, used for the standing or parking of vehicles; but does not include a lane, right of way or driveway;

“council” means the council of the City of Fremantle;

“footpath” includes that part of a road set apart or constructed for the use of pedestrians and every established footway, pavement, lane, thoroughfare or any other part of a road set apart for the use of pedestrians and, where any part of a road is not so set apart or constructed, that portion on both sides of

a road three metres in width measured from the property line and extending alongside such road;

“Intersection” includes the area comprised within imaginary straight lines joining in succession the points of transection of the property lines of two or more roads that meet each other; except that where the property lines are curved at any corner, the point of transection of the property lines shall be regarded as the point on the curve nearest to the point at which those property lines, if extended in straight lines from each end of the curve, would meet;

“junction” includes that part of a road lying between imaginary straight lines at right angles to the road commencing from the points of transection formed by its own property lines with the property lines of a road which abuts thereon; except that where the property lines are curved at any corner, the point of transection formed by the property lines shall be determined in the same manner as is provided in the definition of “intersection”;

“property line” means the boundary between the land comprising a street and the land that abuts thereon;

“road” means any road, street, lane, thoroughfare or similar place, and includes all of the land lying between the property lines including the street verge and footpath appurtenant thereto and which is within the parking region;

“street” has the same meaning as road;

“street verge” means that portion of a street which lies between the portion of a street that is improved, paved, designed or ordinarily used for vehicular traffic and the nearest property line.

2. Where, before the coming into operation of these local laws, a lawn or garden has been planted in a street, that lawn or garden shall be deemed to have been regularly planted pursuant to these local laws.

3. (1) A person shall not plant a garden in a street, except with written approval from the council and then only in conformity with these local laws.

(2) The council shall not approve the planting of a garden in any portion of a street, except on the application of the owner or occupier of the land that abuts on that portion of the street.

(3) A person requiring approval to plant a garden in a street shall submit to the council a sketch plan setting out details of the proposed garden and the positions of the proposed garden beds, in relation to the frontage and the carriageway.

(4) The council may give written approval under this local law on the condition that it meets the guidelines contained in the current approved council policies relating to footpaths and street landscaping in suburban neighbourhoods, or the landscaping policy for central Fremantle and main approaches, and the paving policy for central Fremantle (as appropriate). A person who plants a garden otherwise than in compliance with this condition commits an offence.

4. A person shall not plant a lawn or garden, in a street—

(a) so that it extends beyond the frontage in respect of which the written approval has been given;

(b) so that it encroaches on the pavement of a carriageway, or on a made footpath; or

(c) that is not graded evenly, from the frontage of the land abutting on that portion of the street to the kerb of the carriageway.

5. (1) Any water pipes laid to a lawn or garden, in a street, shall—

(a) be laid beneath the surface of the street, at a depth of not more than thirty centimetres nor less than fifteen centimetres, and so that any fitting connected to them does not project above the surface of the lawn or garden;

(b) if connected to a public water supply, be laid to comply with the requirements of the body constituted for, and having the control of, that supply under appropriate legislation;

(c) if connected to a private supply, where passing under road pavement, made footpaths or crossings, be copper or PVC; and

(d) have approved valves, located within the property where they are connected to the supply and fitted so as to give complete control of the flow of water from the supply.

(2) Where a person, in the course of laying pipes pursuant to this local law, causes damage to any road pavement, footpath, or crossing, to any water, gas or sewerage pipes, to any power or telephone cables or to a fire hydrant, that damage may be made good, by the authority having control of the existing infrastructure, at the expense of that person or of the person on whose behalf the pipes were laid and the amount of that expense may be recovered in any court of competent jurisdiction.

6. A person shall not water a street lawn or garden in such manner as will cause inconvenience to persons using the adjoining carriageway or footpath.

7. (1) A person planting a lawn or garden in a street may do all things reasonably necessary to maintain that lawn or garden and shall make good any damage thereby occasioned to the street and shall keep the lawn mowed to a reasonable height.

(2) Nothing in these local laws authorises a person to place or erect any fence, enclosure or other obstruction on, or about, a lawn or garden in a street.

(3) A person shall not plant any tree or shrub that is grown, or is of a variety likely to grow, to a height exceeding 1.2 metres, in a lawn or garden in a street, so that it is within 12 metres of a junction or intersection.

8. The council may at any time, by notice in writing to the owner or occupier of land that abuts upon that part of a street wherein a lawn or garden is planted, require that owner or occupier to remove any tree, shrub or water piping or fitting and may, where the owner or occupier does not comply with the notice, remove the tree, shrub, piping or fitting at the expense of the owner or occupier, and any expense incurred by the council pursuant to this local law may be recovered in any court of competent jurisdiction.

9. (1) The council or any other authority empowered by law to dig up a street may, without being liable to compensate any person therefore, dig up all or any part of a lawn or garden in a street, for the purposes of carrying out any authorised works.

(2) A person employed by the council or other authority acting pursuant to this local law shall not disturb a lawn or garden or damage any pipes laid under it or them to any greater extent than is reasonably necessary for the purpose of carrying out any authorised works and shall, upon the completion of the works, reinstate the lawn or garden, as far as is reasonably practicable.

10. (1) Where the council or any other authority authorised by law to dig up a street for the purpose of carrying out authorised works is of the opinion that the carrying out of those works may be impeded by the existence of piping, under a lawn or garden in a street, it may give notice to the owner or occupier of the land abutting on the lawn or garden to remove the piping, until the completion of the works; and may, where the owner or occupier does not comply with the notice, remove the piping at the expense of the owner or occupier; and any expense incurred by the council or authority pursuant to this local law may be recovered in any court of competent jurisdiction.

(2) The council or other authority is not liable for damage to piping under a lawn or garden in a street, occasioned either in the course of the removal of the piping under the provisions of clause 10 (1) of this local law or of carrying out authorised works.

11. Except as provided by these local laws, every person who wilfully damages a lawn or garden in a street or who removes from any such garden any flower, plant or shrub commits an offence.

12. The council is not liable for any damage sustained by a person by reason of, or arising out of, the planting, or existence, of a lawn or garden in a street.

Offences and Penalties

13 Any person who commits or causes a breach of any provision of this Local Law shall on conviction be liable to a penalty not exceeding five thousand dollars (\$5000.00).

Modified Penalties

14 The amount appearing in the final column of the First Schedule, directly opposite the offence described in that Schedule, is prescribed for the purposes of section 9.17 of the Local Government Act as the modified penalty for that offence.

15 A penalty for an offence against this local law (not being a modified penalty) may be recovered by the City of Fremantle by taking proceedings against the alleged offender in a Court of Petty Sessions or in accordance with Infringement Notice Recovery and Enforcement Procedures.

16 The Local Government shall keep records of all infringement notices served and modified penalties received in respect of offences against these local laws.
