- (b) no person shall keep any horse within the district, except in a registered stable;
- (c) no person shall keep in any stable a greater number of horses than the number for which the stable is registered;
- (d) no person shall permit more than one horse to be accommodated in any loose box or stall of any stable; and
- (e) a person may only keep one horse on any land zoned residential in the City of Geraldton Town Planning Scheme.

Application for Registration

68A. The occupier of premises required by these local laws to register a stable shall make application to the local government on the form provided by the local government, and with every application for original registration, shall lodge plans, drawings and particulars of the stable premises, for which registration is required. The application shall be accompanied by the fee as fixed from time to time by the local government under Section 344C of the Act.

Approval of Registration

68B. The local government may approve, with or without conditions, an application under clause 68A, by issuing to the applicant a Certificate of Registration.

Registration Period

68C. Every Certificate of Registration shall remain in force only from the day of issue until the 31st day of December next ensuing, and thereafter during the period of every annual review and no longer but may be sooner suspended or cancelled by the local government for breach of any of the local laws, orders, regulations or rules to which the same is subject or if the stable premises are used by any person other than the person in whose name the stable is registered.

Item	Clauses Affected	Description
		Renewal of Registration
		68D. A person who keeps a stable which is registered under this Part shall—
		(a) during the month of December in each year, apply to the local government for the renewal of the registration of the stable and lodge the current Certificate of Registration with the application; and
		(b) pay the fee as fixed from time to time by the local government under Section 344C of the Act.
		Transfer of Registration
		68E. If the occupier of premises in whose name a stable is registered desires to transfer the registration to any other person he and the proposed transferee shall, before such transfer has taken place, notify the local government on the form provided by the local government.
		Construction Conditions
		68F. (1) To be registered, every stable when built must conform to the requirements of this clause.
		(2) The construction of every building and its situation with respect to adjacent buildings shall be in accordance with the Building Code.
		(3) Notwithstanding the provision of subclause (2)—
		(a) every loose box or stall shall—
		(i) have an area of not less than 11 square metres;
		(ii) have walls with dimensions of not less than 3 metres vertically or horizontally;
		(iii) be constructed of concrete, brick, stone, wood, galvanised iron, protectively coated steel or other materials approved by the local government and constructed with workmanship to recognised trade standards;
		(iv) have the roof constructed of impervious materials;
		(v) have on all sides of the building between the walls and the roof a clear space of at least 75mm in height; and
		(vi) subject to paragraph (b), have a floor, the upper surface of which shall—
		(A) be raised at least 75 millimetres above the surface of the ground;
		(B) be constructed of cement, concrete or other similar impervious material; and
		(C) have a fall of 1 in 100 to a drain.
		(b) a stable constructed with a sand floor may be permitted by the local government, subject to the following—
		(i) the site must be well drained with the highest known water table at least 15 metres below

Item	Clauses Affected	Description
		the sand floor level, which may be achieved artificially;
		(ii) sand, whether natural or imported, must be clean, coarse and free of dust;
		(iii) footings to each stable shall be a minimum of 450 mm below ground level;
		(iv) the stable design must allow for the access of small earth moving material, such as a skid steer loader, into each individual stall, to maintain the correct floor height;
		(v) the minimum floor area of each stall shall not be less than 28 square metres and walls shall not be less than 3 metres vertically or 4 metres horizontally; and
		(vi) the roof area of each stall shall not be less than 50 percent of the floor area of the stall.
		(c) a shelter provided in a yard for the protection of horses from inclement weather shall—
		(i) have a covered area of not less than 9 square metres;
		(ii) have a height of not less than 2.4 metres;
		(iii) not be capable of being closed; and
		(iv) have at least one side completely open to the outside air.
		(4) Every stable shall provide and use a manure bin in accordance with the requirements of clause 70.
		(5) Every stable shall keep all stored horse feed in approved impervious rat-proof receptacles.
		(6) Every stable shall be at least 9 metres from any dwelling house or at least 15 metres from a milking shed or milk room of a dairy. Provided that trainers or employees engaged in the care of horses stabled on the land may be housed in a building at least 6 metres from any stable used for the housing of horses if such building—
		(a) complies with the minimum requirements of a room used for dwelling or sleeping purposes; and
		(b) is equipped with proper bathroom and sanitary facilities as required under the Building Code.

Cleaning and Pest Eradication

68G. The occupier of a premise whereon a stable is registered shall with respect to such stable—

- (a) cause all manure and offensive litter therein to be carefully swept up once at least in each day and forthwith placed in the manure bin;
- (b) remove and carry away, or cause to be removed and carried away from such stable, the contents of the manure bin once at least each week and more often if required by notice

Item	Clauses Affected	Description
		<p>in writing from an Environmental Health Officer to do so and to clean thoroughly the manure bin each time that it is emptied; and</p> <p>(c) employ all means and adopt such precautions as may be necessary to keep the stable in a clean and sanitary condition, in good repair, and as far as possible free from flies, rats, other vectors of disease and offensive odours.</p> <p>Proximity of Horses</p> <p>68H. The occupier of a premise whereon a stable is registered shall ensure any paddock or yard used for the keeping of any horse shall have a fence or railing at least 1.2 metres from the boundary of any land not in the same occupation or possession, and at least 7.6 metres from any dwelling house or building or buildings housing trainers or employees engaged in the care of horses.</p>
33.	69 & 70	In both clauses delete the words “an approved animal” and substitute the words “any cow or large animal”.

APPLICATION DETAILS

Central to any application made is the program of work proposed for each of the years of the six year term. Applications are to be made in accordance with Section 31 of the Petroleum Act 1967 and Section 21 of the Petroleum (Submerged Lands) Act 1982 as appropriate. Consideration of an application for the grant of a Permit shall take into account work programs relative to the whole of the area applied for, the adequacy of the work program and the applicant's technical and financial ability to undertake the work. Permits are awarded on the understanding that the first two years work commitment will be fulfilled without variation.

Where there is more than one applicant to the application, the percentage participating interests of each party to the application is to be supplied including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (a copy of a Heads of Agreement dealing will generally suffice).

Applicants should also make themselves aware of the existence of any areas, which have the potential to restrict exploration activities eg, National Parks, Nature Reserves, Marine Parks, World Heritage Areas, Conservation Reserves, Defence Areas and Mining Titles.

Insofar as Reserved Land is concerned, entry for exploration purposes is subject to approval by the Minister. In this regard, it should be noted that Government policy, at least, is such that petroleum extraction from within National Parks, Nature Reserves and access to Conservation Estates should not be presumed. Similarly certain areas within Marine Parks are not accessible particularly for drilling operations.

In respect to offshore areas, impacts on fishing activities should also be considered.

Any applications over the above onshore areas may be subject to the provisions of the Commonwealth Native Title Act 1993 and applicants should be prepared to negotiate with Native Title parties pursuant to the right to negotiate provisions of the NTA. It should, however, be noted that the right to negotiate does not apply offshore.

Applicants should also be aware that all the areas available for application are subject (at least in part) to Native Title claims. Plans showing these claim boundaries are available from the Department of Industry and Resources.

An information package on the release areas detailing the criteria for assessment of applications and the conditions to apply following the award of a permit, and including a plan of the release areas and an application proforma, is available on CD-ROM. Copies of the CD-ROM can be obtained from the Petroleum and Royalties Division, Department of Industry and Resources by contacting the Senior Titles Officer (Releases) on (08) 9222 3130.

Applications are to be made in accordance with Section 31 of the Petroleum Act 1967 or Section 21 of the Petroleum (Submerged Lands) Act 1982 as appropriate. Any foreign company applying for a Permit would need to be registered as a foreign corporation under the Commonwealth Corporation Act 2001 (refer clause 601CD) prior to a Permit being awarded.

LODGEMENT OF APPLICATIONS

Applications **must be lodged by 4.00pm on Thursday, 24 March 2005**. Applications, together with supporting data, should be submitted to—

Director Petroleum & Royalties Division
Department of Industry and Resources
Level 11, Mineral House
100 Plain Street
EAST PERTH WA 6004

Attention: Petroleum Applications Receiving Officer

The following special instructions should be observed—

- The application and supporting data, together with a fee of \$3,900.00 (non-refundable) payable to the Department of Industry and Resources through an Australian Bank or by Australian bank cheque, should be enclosed in the envelope or package.
- The application should be sealed and clearly marked "**Application for Exploration Permit—Commercial-in-Confidence**".
- Unless delivered by hand to the Petroleum Applications Receiving Officer the sealed application (as described above) should be enclosed in plain paper, envelope or package and forwarded to the above address

Receipts for applications (received and delivered by hand) will be issued by the Petroleum Applications Receiving Officer.

Enquiries concerning this gazettal should be referred to—
