FIREBREAKS

Subject to item 5, firebreaks must be established not less than three (3) metres in width in the following positions on all land owned or occupied by you and situated within the City of Armadale.

4 Immediately surrounding all haystacks on the land.

5 On any lot having an area of less than 3,000m², the keeping of grass on the lot at all times covered by this notice to a height less than 5 centimetres will be accepted in lieu of clearing a firebreak.

For the purpose of this notice grass kept at a height of less than 5 centimetres will be deemed not to be flammable material.

Such firebreaks may be constructed by one or more of the following methods—

PLOUGHING, CULTIVATING, SCARIFYING, BURNING, CHEMICAL SPRAYING OR OTHER APPROVED METHOD.

And are to be cleared to the satisfaction of an Authorised Officer of the City of Armadale. In some instances naturally occurring features such as rocky outcrops, natural watercourses or landscaping such as reticulated gardens, lawns or driveways may be an acceptable substitute for cleared firebreaks. This option must first be discussed with an Authorised Officer of the City, and approved by the Authorised Officer in writing.

All firebreaks and other alternative arrangements allowed by the preceding parts of this notice must be established on or before the 30th day of November 2006 (or within 14 days of you becoming the owner or occupier should this occur after that date) and maintained clear of flammable material up to and including the 14th day of March 2007.

APPLICATION TO VARY THE ABOVE REQUIREMENTS

If it is considered impracticable for any reason whatsoever to clear firebreaks or establish other arrangements as required by this notice, you may apply in writing to the Council of the City of Armadale, or its duly Authorised Officers not later than the 1st day of November 2006 for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Council or its duly Authorised Officers you must comply with the requirements of this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

Except when specifically authorised to do so for purpose of fuel reduction by a Bush Fire Control Officer (BFCO) appointed by Council under the provisions of the *Bush Fires Act 1954*, an owner or occupier of land shall not set fire to, or cause or allow to be set on fire, any bush, rubbish or refuse whatsoever on a Sunday or a day that is a Public Holiday.

THE PENALTY FOR FAILING TO COMPLY with this Notice is a fine not exceeding \$5,000 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner and/or occupier by the date required by this notice.
