1.4 Fee

Each application must be accompanied by a fee of \$A4590, payable to the Commonwealth of Australia through an Australian bank or bank cheque.

An information package on the release areas detailing the work program bidding system outlined above and including the criteria for assessment of applications and the conditions to apply following

the award of a permit, is available on the Department of Resources, Energy & Tourism Website at www.ret.gov.au/petexp, or on CD-ROM. Copies of the CD-ROM can be obtained through the Department of Resources, Energy and Tourism by e-mailing petroleum.exploration@ret.gov.au.

Obtaining and observing the release package is essential to making an informed application for any of the areas.

The Government will also publish on-line data about Australia's petroleum exploration opportunities. This spatial data gives key hydrocarbon well information (about hydrocarbon shows, biostratigraphic age, porosity and depositional environment) and will be released on the Geoscience Australia internet site at www.ga.gov.au free of charge.

It should be noted that any income derived in the future from the recovery of petroleum from these areas will be subject to the Commonwealth Government's Resources Rent Tax.
