4. Part 5A inserted

After regulation 15 insert:

Part 5A — Parentage testing procedures and reports

Division 1 — General

16A. Terms used

In this Part —

bodily sample is not limited to a sample of blood; **donor** means a person required to provide a bodily sample for the purposes of a parentage testing procedure;

guardian, in relation to a represented person, means a person appointed as a guardian of the person under the *Guardianship and Administration Act 1990* section 43;

HLA means human leucocyte antigen;

medical practitioner means a person registered under the Health Practitioner Regulation National Law (Western Australia) in the medical profession;

NATA means the National Association of Testing Authorities, Australia;

nominated reporter means the person nominated by a laboratory to prepare a report relating to the information obtained as a result of carrying out a parentage testing procedure at that laboratory;

report means a report in accordance with regulation 16L;

represented person means a person in respect of whom a guardianship order made under the *Guardianship and Administration Act 1990* is in force;

responsible person, for a child, means —

- (a) if the child is in provisional protection and care, or is the subject of a protection order (time limited) or protection order (until 18), the CEO or a person nominated by the CEO;
- (b) otherwise
 - (i) a person responsible for the long term care, welfare and development of the child; or
 - (ii) a person nominated by the Court for the purposes of this Part;

sample means a sample taken from a donor for the purposes of a parentage testing procedure;

sampler means a person who takes a bodily sample from a donor for the purposes of a parentage testing procedure;

testing means the implementation, or any part of the implementation, of a parentage testing procedure.

16B. Parentage testing procedures

For the purposes of the definition of *parentage testing procedure* in section 136A, the following medical procedures are prescribed —

- (a) red cell antigen blood grouping;
- (b) red cell enzyme blood grouping;
- (c) HLA tissue typing;
- (d) testing for serum markers;
- (e) DNA typing.

16C. Compliance with regulations

A parentage testing procedure is taken to be carried out in accordance with these regulations if —

- (a) it is carried out
 - (i) in compliance with Division 2; and
 - (ii) at a laboratory that is accredited by NATA for the purpose of carrying out parentage testing procedures; and
 - (iii) in accordance with standards of practice that entitle the laboratory to be so accredited;

and

(b) a report for the procedure is prepared.

Division 2 — Collection, storage and testing of samples

16D. Samplers

A person must not take a bodily sample from a donor for the purposes of a parentage testing procedure unless —

- (a) the person is a medical practitioner; or
- (b) the person is employed by a hospital, a pathology practice, a parentage testing practice or a medical practitioner for the purpose of taking a bodily sample from a donor.

16E. Provision of information by donor — Form 4

- (1) A sampler must not take a bodily sample from a donor unless the donor or, if subregulation (3) applies, a person who, under subregulation (3) can complete an affidavit, has
 - (a) immediately before the sampler takes the bodily sample, completed an affidavit in the form of Schedule 1 Form 4, to which is attached a recent photograph of the donor named in the affidavit; and
 - (b) either
 - (i) provided to the sampler a recent photograph of the donor, measuring approximately 45 millimetres by 35 millimetres, that shows a full face view of the donor's head and the donor's shoulders against a plain background; or
 - (ii) made a written arrangement with the sampler for a photograph of that kind to be taken.

- (2) The photograph required by subregulation (1)(b) is in addition to the photograph that is required to be attached to Form 4.
- (3) If the donor is a child or a represented person the affidavit referred to in subregulation (1)(a) may be completed only by
 - (a) in the case of a child, a person who is a responsible person for the child; or
 - (b) in the case of a represented person, a person who is a guardian of the represented person.

16F. Collection of blood samples

- (1) A sampler may take a sample of blood from a donor only with a needle or syringe that
 - (a) has not been used for any purpose; and
 - (b) has been sterilised; and
 - (c) is disposable.
- (2) Before taking a sample of blood from a donor, the sampler must ensure that the area of the donor's skin into which the needle is to be inserted to withdraw the blood has been cleaned with an antiseptic.

16G. Collection of bodily samples for DNA typing

- (1) This regulation applies to the taking of a bodily sample other than a sample of blood from a donor for the purposes of a parentage testing procedure that is DNA typing.
- (2) A sampler must not take a bodily sample from a donor with a swab unless the swab
 - (a) has not been used for any purpose; and
 - (b) has been sterilised.
- (3) If the bodily sample to be taken from a donor is a skin scraping or a hair root, the implement used by the sampler to take the sample must have been sterilised before use.

16H. Container to be sealed and labelled

- (1) If a bodily sample is taken from a donor the sampler must ensure that
 - (a) the sample is placed in a container
 - (i) immediately after it is taken; and
 - (ii) in the presence of the donor;
 - and
 - (b) the container has not previously been used for any purpose; and

- (c) the container is sealed in a way that, if it were opened after being sealed, that fact would be evident on inspection of the container; and
- (d) the container is labelled in a way that
 - (i) if the label, or any part of the label, were removed; or
 - (ii) if writing on the label were impaired by alteration or erasure,

the removal of the label, or the impairment, would be evident on inspection of the container; and

- (e) the particulars on the label are inscribed in ink and include
 - (i) the full name of the donor; and
 - (ii) the date of birth and the sex of the donor; and
 - (iii) the date and time at which the sample was taken:

and

- (f) when paragraph (e) is complied with, the sampler and the donor sign the label, in ink.
- (2) If the donor is a child
 - (a) the procedure specified in subregulation (1)(a) must be completed in the presence of a person who is a responsible person for the child; and
 - (b) the procedure specified in subregulation (1)(f) is taken to be satisfied only if a person who is a responsible person for the child signs the label.
- (3) If the donor is a represented person
 - (a) the procedure specified in subregulation (1)(a) must be completed in the presence of a person who is a guardian of the represented person; and
 - (b) the procedure specified in subregulation (1)(f) is taken to be complied with only if the label is signed by a person who is a guardian of the represented person.

16I. Statement by sampler — Form 5

After taking a bodily sample from a donor, the sampler must —

- (a) complete a statement in the form of Schedule 1 Form 5; and
- (b) affix the photograph of the donor referred to in regulation 16E(1)(b) to the statement; and

(c) sign his or her name partly on the photograph and partly on the statement in a way that, if the photograph were later removed from the statement, the removal would be evident from inspection of the statement.

16J. Packing and storage requirements

- (1) A bodily sample must be packed, stored and transported to a laboratory for testing in a manner that
 - (a) will preserve the integrity of the sample; and
 - (b) ensures that the testing of the sample will produce the same results as would have been obtained if the sample had been tested immediately after collection.
- (2) The sampler must ensure that the following documents are sent to the laboratory with the sample
 - (a) the affidavit completed under regulation 16E(1)(a);
 - (b) the statement completed under regulation 16I.

16K. Testing of bodily samples

- (1) A laboratory to which a bodily sample has been sent for testing must ensure that the testing is completed
 - (a) if the proposed procedure is red cell antigen blood grouping, red cell enzyme blood grouping or testing for serum markers, within 6 days after the sample is taken; or
 - (b) if the proposed procedure is HLA tissue typing, within 3 days after the sample is taken; or
 - (c) if the proposed procedure is DNA typing, within a reasonable time after the sample is taken.
- (2) If the proposed procedure is red cell enzyme blood grouping or testing for serum markers, subregulation (1)(a) is complied with if a dried sample of the bodily sample to be tested is prepared within 6 days after the sample is taken from the donor.

Division 3 — Reports

16L. Reports — Form 6

- (1) For the purposes of section 136H(b) a report must be prepared, in accordance with this regulation, relating to the information obtained as a result of carrying out a parentage testing procedure.
- (2) The report must be in the form of Schedule 1 Form 6.

- (3) Part I of the report must be completed by the nominated reporter identified in the report.
- (4) Part II of the report must be completed by
 - (a) the person who carried out the parentage testing procedure; or
 - (b) the person under whose supervision the parentage testing procedure was carried out.
- (5) A report completed otherwise than in accordance with this regulation is taken to be of no effect.

5. Regulation 20A inserted

At the beginning of Part 6 insert:

20A. Prescribed authorities

The following agencies are prescribed for the purposes of the definition of *prescribed authority* in section 24A(1) —

- (a) the department of the Public Service principally assisting in the administration of the *Aboriginal Heritage Act 1972*;

For Government Departments and private firms who require bound copies of Government Gazettes, the State Law Publisher offers a subscription covering 4 Quarterly Volumes at a cost of \$1,252.00.

The Gazettes will be bound in black cloth with gold foil lettering on the spine and can be personalised by the addition of the client's name in gold lettering on the front cover if required.

PLEASE NOTE

On the rare occasion where extra gazettes are published in one quarter, a fifth volume may be required. In this instance the extra cost involved will be borne by the State Law Publisher and not passed on to clients.
