## PLANNING

PL401\*

**PLANNING AND DEVELOPMENT ACT 2005**METROPOLITAN REGION SCHEME MAJOR AMENDMENT 1203/41  
PERTH WATERFRONT

## Call for Public Submissions

The Western Australian Planning Commission (WAPC) intends to amend the Metropolitan Region Scheme (MRS) for land in the local government of Perth and is seeking public comment.

**Purpose**

The amendment seeks to reclassify the land the subject of the Perth Waterfront project from a range of infrastructure and recreation related reserves to a single Public Purpose Special Use reserve.

The amendment will—

- demonstrate the strategic intent within the MRS to plan and develop Perth Waterfront;
- consolidate existing reservations into a single MRS reserve, enabling further works and detailed investigations to be carried out under the authority of the Western Australian Planning Commission (WAPC).
- have immediate effect under the City of Perth City Planning Scheme 2, in accordance with Section 126(1) of the *Planning and Development Act 2005*;

- make the WAPC the sole responsible authority for applications made within the reserved area, thereby eliminating dual decision making under the MRS and local planning scheme; and
- trigger referral to the Environmental Protection Authority under the Planning and Development Act 2005, for a determination on the level of environmental assessment. This process will provide early clarity and certainty on the environmental factors requiring further investigation, design modifications or management.

#### **Environmental Assessment Report**

An Environmental Assessment Report (EAR) has been prepared for the Perth Waterfront project. The EAR identifies the existing site conditions, potential environmental impacts of the development (both unmanaged and managed) and presents management responses to these factors.

The EAR is being advertised concurrently with the Metropolitan Region Scheme Amendment to allow comment to be made on both environmental and planning related matters.

#### **Display locations**

The plans showing the proposed change, the WAPC's amendment report which explains the proposal and the EAR, will be available for public inspection, free of charge from Tuesday 22 February 2011 to Friday 27 May 2011 at—
