VOCATIONAL EDUCATION AND TRAINING ACT 1996

CLASSIFICATION OF PRESCRIBED VOCATIONAL EDUCATION AND TRAINING QUALIFICATIONS

The Minister for Training and Workforce Development deems that—

- the existing nominal term (months) full time on the list of Prescribed Vocational Education and Training qualifications be retained except where any nominal term differs as specified in a Fair Work Australia industrial instrument relating to that occupation. The nominal term on the Training Contract should reflect the industrial instrument that the apprentice is employed under; and
- a young person attending school (i.e. school based) may enter an employment based training contract with an employer only if the qualification is listed as 'Y' in the 'School based' column on the list of Prescribed Vocational Education and Training qualifications; and
- where a qualification is approved for part-time delivery through a training contract—
 - o part-time status of an apprenticeship and traineeship is defined by the applicable industrial instrument;
 - o the minimum part-time hours for training contracts in Western Australia is 15 hours per week (inclusive of employment and supervised training) unless otherwise specified and published on the list of Prescribed Vocational Education and Training qualifications; and
 - o nominal term for part-time apprenticeship and traineeships, including school-based, are established at a ratio of 1:1.5 of the nominal full-time term unless otherwise specified and published on the list of Prescribed Vocational Education and Training qualifications.

VOCATIONAL EDUCATION AND TRAINING ACT 1996

- i. Revoke all previously gazetted classification of prescribed vocational education and training Class A and Class B qualifications; and
