BUSH FIRES ACT 1954*Shire of Broome***FIRE BREAK ORDER**

Notice to owners and/or occupiers of land within the Shire of Broome

Pursuant to Section 33 of the *Bush Fires Act 1954* you are hereby required on or before 15 May 2016, or within 14 days of the date of you becoming owner or occupier should this occur after 15 May 2016, to—

1. Remove from the land owned or occupied by you all flammable material; or
2. To clear firebreaks in accordance with the requirements outlined below.

Thereafter, you must maintain the land or the firebreaks clear of flammable material up to and including 31 December 2016.

A. Rural and pastoral land (refers to all land outside the town site of Broome)—

- (i) Trafficable firebreaks must be installed on the land and clear of flammable material. These should be not less than three (3) metres wide inside, and within ten (10) metres of all external boundaries and around all haystacks.
- (ii) A twenty (20) metre “parkland cleared” low fuel buffer zone must be established around all buildings on the property, which must be clear of all flammable material.

B. Townsite land (refers to all land within the town site of Broome)

- (i) Where the land is 2000 square metres or less, all flammable material must be removed from the whole of the land except living trees.
- (ii) Where the land is greater than 2000 square metres, the following must be established—
 - (a) trafficable firebreaks not less than (3) three metres wide inside and within (2) metres of the external boundaries of the land; and
 - (b) a (20) twenty metre “parkland cleared” low fuel buffer zone around all buildings, which must be clear of all flammable material.

C. Fuel dumps and depots

- (i) On all land where fuel drum ramps are located and where fuel dumps, whether containing fuel or not, are stored, clear and maintain a firebreak at least (5) five metres wide around any drum, ramp or stack of drums.

DEFINITIONS

“**Flammable material**” is defined for the purposes of this notice to include long dry grass, leaves, bark, timber, boxes, cartons, paper and like flammable materials, rubbish and also any combustible matter, but does not include living trees, shrubs, growing bushes and plants under cultivation.

“**Parkland cleared**” is defined for the purpose of this notice as land that is maintained in a low fuel state. It may contain regularly maintained gardens, trees, shrubs and short grass. It must be kept in such a state that fire cannot be sustained readily upon the land. For further information as to what would constitute “parkland cleared” please contact the Shire Rangers on (08) 9191 3456.

RESTRICTED BURNING PERIOD

The Shire of Broome Restricted Burning Period is between 1 April 2016 and 31 December 2016. During this period, the burning of bush, grass or garden refuse throughout the Shire is not permitted unless a written permit has been obtained from an authorised Bush Fire Control Officer. A Bush Fire Control Officer can be contacted at the Shire of Broome on (08) 91913456. Please note that the above dates may be varied according to seasonal conditions, but that any changes will be publically advertised.

ALTERNATIVE FIREBREAKS

Should you consider it to be impracticable for any reason to clear firebreaks or remove flammable material from the land as required by this notice, you may apply to the Shire of Broome in writing no later than 15 May 2016 for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted in writing by the Shire prior to 1 June 2016, you must comply with the requirements of this notice.

If written permission to provide alternative firebreaks has been granted, you must—

- (a) comply with all conditions endorsed on the permit; and
- (b) provide firebreaks at least three (3) metres wide in the agreed position(s) on the land.

Where the Shire has, in writing, approved a Bushfire Management Plan and the Bushfire Management Plan depicts an array of alternative firebreaks, an owner may, as an alternative to the construction of a general firebreak, elect to provide the alternative firebreak depicted on the Bushfire Management Plan. However, where the alternative firebreak is not constructed by the date required by this notice, the general firebreak requirements will apply.

Any alternative firebreak provided for in accordance with an approved Bushfire Management Plan must be of the same width requirements as that applicable to a general firebreak, but limited to the extent and location depicted on the Bushfire Management Plan.

STRATEGIC FIREBREAKS

Where, under an agreement with the Shire or where depicted on an approved Bushfire Management Plan, strategic firebreaks are required to be provided on the land, you are required to clear and maintain firebreaks at least 6 metres wide in the agreed position.

Strategic firebreaks must be graded to provide a continuous trafficable surface (suitable for 4 wheel drive vehicles) at least 6 metres wide unimpeded by obstructions including boundary or dividing fences unless fitted with approved gates.

PENALTIES

The penalty for failing to comply with this notice under Section 33 of the *Bush Fires Act 1954* is a modified penalty of \$250 or a penalty of up to \$5000 if convicted by a Court. Any person failing to comply with this notice may also be liable, whether prosecuted or not, to pay the cost of the Shire of Broome obtaining contractors to perform any fire hazard reduction works on the property.

K. R. DONOHOE, Chief Executive Officer.
