The geotechnical report shall demonstrate that the site is capable of disposing wastewater to the satisfaction of the Local Government.
- 4.14.16 Landowners shall make appropriate arrangements for the provision of on-site effluent disposal systems to the specifications and satisfaction of the Local Government.
- 4.14.17 Notwithstanding the requirements of sub-clause 6.2.11 of the Scheme Text, Council may permit the use of alternative building materials and the erection of ‘pole style’ dwellings where Council is satisfied that the proposed building will be of a sufficiently high standard to complement and blend in with the local character of the area.
