BUSH FIRES ACT 1954

Shire of Merredin

FIREBREAK NOTICE

Notice is hereby given to all owners and/or occupiers of land within the Shire of Merredin that the Council pursuant to the powers conferred in Section 33(1), 25(1a) and 24G(2) of the *Bush Fires Act 1954* approved the following requirements at its Ordinary Council Meeting on 21 May 2019 to prevent the outbreak or spread or extension of a bush fire within the district and deal with other fire related preparedness and prevention matters.

Pursuant to Section 33 of the *Bush Fires Act 1954*, all owners and/or occupiers of land are required to carry out fire prevention work in accordance with the requisitions of this notice on or before 30 November each calendar year or within fourteen days of the date of becoming the owner or occupier of the land, should this be after the 30 November. All work specified in this Notice is to be maintained up to and including the 16th day of March in the following calendar year.

Definitions

For the purpose of this Notice the following definitions apply—

“Rural Land”	means all land not located within the boundaries of a townsite as shown on the Shire of Merredin’s Local Planning Scheme No. 6
“Townsite Land”	Means all land located within the boundaries of a townsite as shown on the Shire of Merredin’s Local Planning Scheme No. 6
“Firebreak”	means ground from which all flammable material has been removed to a height of 4 metres and on which no flammable material is permitted
“Flammable materials”	means material that can be easily ignited, i.e. dead or dry grass, leaves, timber, paper, plastic and other material or thing deemed by an authorised officer to be capable of combustion but does not include green growing trees or green growing plants in gardens
“Occupier of Land”	means a person or persons as defined in Section 7 of the <i>Bush Fires Act 1954</i>

As a measure for preventing the outbreak of bush fires, or preventing the spread or extension of a bush fire which may occur, all owners and occupiers of land within the district of the Shire of Merredin are required before the 1st day of November in each year, or within 14 days of becoming the owner or occupier of land if after that date, to clear firebreaks or take measures in accordance with this notice and maintain those firebreaks and measures. In accordance with this notice up to and including the 16th day of March in the following year.

Fire Prevention Requirements

Duties of Owner or Occupier

Townsite Land with a building on it

- Where the area of land is two thousand (2,000) square metres or less the land shall be cleared of all flammable materials;
- Where the area of land exceeds two thousand (2,000) square metres, install a 3 metre wide firebreak immediately inside the external boundaries of the land;
- Maintain all grass on the land to a height no greater than 5cm (50mm);
- Prune trees and shrubs and remove dead flammable material within 6 metres of all buildings on the land; and
- Ensure the roofs, gutters and walls of all buildings on the land are free of flammable matter.

Vacant Townsite Land

- Where the area of land is two thousand (2,000) metres square or less maintain all grass and flammable matter on the land to a height no greater than 5cm (50mm); and
- Where the land exceeds two thousand (2,000) metres square install a 3 metre wide firebreak immediately inside all external boundaries of the land by removing all flammable matter within that 3 metre wide fire break to a height of 4 metres.

Rural Land

- Install firebreaks to a width of three metres immediately inside and along all external boundaries of the land;
- Install firebreaks to a width of twenty metres around all buildings, haysheds and fuel storage areas on the land;
- Where the land is greater than 400 hectares in area, install sufficient internal 3 metre wide firebreaks so as to divide the land into areas of 400 hectares or less which are bounded by a 3 metre wide firebreak.

Fuel Dumps and Depots

- Remove all inflammable matter within 10 metres of where fuel drums, fuel ramps or fuel dumps are located and where fuel drums, whether containing fuel or not, are stored.

Application to vary the above requirements

If it is considered impracticable for any reason whatsoever to clear firebreaks or establish other arrangements as required by this notice, you may apply in writing to the Shire of Merredin no later than the 16th day of October each year for permission to provide firebreaks in alternative positions on the land. If permission is not granted in writing by the local government you must comply with the requirements of this notice.

In addition, you may be required to carry out further works which are considered necessary by an Authorised Officer of the local government and specified by way of a separate written notice forwarded to the address as shown on the Shire of Merredin rates record for the relevant land.

Take notice that pursuant to section 33(4) of the *Bush Fires Act 1954*, where the owner or occupier of land who has received notice fails or neglects to comply with the requisitions of the notice within the time specified, the Shire of Merredin may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of the notice of which have not been complied with and pursuant to section 33(5) of the *Bush Fires Act 1954* the amount of any costs and expenses incurred may be recovered from you as the owner or occupier of the land.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Act 1954*.

Burning Permit Information

Permits to burn are required for the whole of the restricted periods and can only be obtained from the fire control officers in your area as listed on the Shire of Merredin Website. Any special conditions stated on the permit or imposed by the permit issuing officer must be strictly adhered to. The permit holder shall give notice of his intention to burn to the owner or occupier of adjoining land. All conditions detailed on the back of the permit must be strictly adhered to. Any incinerator used to burn rubbish must be properly constructed. An open drum with or without a lid is not an appropriate incinerator.

Penalty

The penalty for failing to comply with this notice is a fine of not more than \$5,000.00 and a person in default is also liable whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

BUSH FIRES ACT 1954
FIRE HAZARD REDUCTION NOTICE (FIREBREAK NOTICE)

City of Swan

Notice to Owners and/or Occupiers of land situated within the City of Swan

To assist in the control of bush fires, and pursuant to Section 33 of the *Bush Fires Act 1954*, all owners and occupiers of land within the City of Swan are required on or before the 1st day of November 2019, or within 14 days of becoming an owner or occupier of land after that date, you must meet the fire hazard reduction conditions described in this notice and maintain these conditions up to and including the 30th day of April 2020.

1. All land up to 5,000m² (0.5 hectares or 1.2 acres)

- (1) Install and maintain an asset protection zone in accordance with the requirements specified in clause 13 of this notice.
- (2) Maintain all grass to a height of no greater than 5cm.
- (3) Areas of natural vegetation to be maintained at or below 8 tonnes per hectare.
- (4) Where a property is affected by an approved bushfire management plan, property owners must still comply with all requirements in this notice and with any additional requirements outlined within that plan.

2. All land between 5,000m² and 25,000m² (0.5-2.5 hectares) or (1.2-6.2 acres)

- (1) Install and maintain an asset protection zone in accordance with the requirements specified in clause 13 of this notice.
- (2) Install firebreaks immediately inside and adjacent to all external property boundaries. Firebreaks need to be 3 metres wide with a 4 metre vertical height clearance free from flammable materials and overhanging branches (see section 10 in this notice for further details).
- (3) Maintain all grass to a height of no greater than 10cm.
 - (a) If the land is stocked, the grass must be reduced and maintained to a height of no greater than 10cm by the 1st day of December.
- (4) Natural vegetation within 100 metres of buildings including attached and adjacent structures and essential infrastructure shall be maintained at or below 8 tonnes per hectare, by passive methods of fuel reduction that does not permanently remove or reduce the quantity or occurrence of the native plants, shrubs and trees within the subject area.
- (5) Where a property is affected by an approved bushfire management plan, property owners must still comply with all requirements in this notice and with any additional requirements outlined within that plan.

3. All land with an area greater than 25,000m² (2.5 hectares or 6.2 acres)

- (1) Install and maintain an asset protection zone in accordance with the requirements specified in clause 13 of this notice.
- (2) Install firebreaks immediately inside and adjacent to all external property boundaries. Firebreaks need to be 3 metres wide with a 4 metre vertical height clearance free from flammable materials and overhanging branches (see section 10 in this notice for further details).
 - (a) Properties over 100 hectares require additional firebreaks to divide the land into areas not exceeding 100 hectares.
- (3) Slash or mow grass to a height no greater than 10cm immediately adjacent to firebreaks to a minimum width of 3 metres.
 - (a) If the land is stocked, this grass must be reduced and maintained to a height of no greater than 10cm by the 1st day of December.
- (4) Natural vegetation within 100 metres of buildings including attached and adjacent structures and essential infrastructure shall be maintained at or below 8 tonnes per hectare, by passive methods of fuel reduction that does not permanently remove or reduce the quantity or occurrence of the native plants, shrubs and trees within the subject area.
- (5) Where a property is affected by an approved bushfire management plan, property owners must still comply with all requirements in this notice and with any additional requirements outlined within that plan.

4. Plantations

- (1) Install and maintain external and internal firebreaks, firebreaks that form compartments (cells), firebreaks and hazard reduction measures that protect neighbouring communities and essential infrastructure in accordance with the requirements of a fire management plan approved in writing by the City; or
- (2) Where no such approved fire management plan exists—
 - (a) Unless the City approves an alternative plan in writing in accordance with clause 4(2)(b), install and maintain external and internal firebreaks and firebreaks that form compartments (cells), and carry out all other firebreaks and hazard reduction measures which are required in accordance with the requirements and specifications within the Department of Fire and Emergency Services 'Guidelines for Plantation Fire Protection' 2011 publication; or

- (b) If it is considered impractical for any reason to carry out the plantation requirements outlined above in clause 4 (2)(a), plantation owners and managers may apply in writing to the City to implement an alternative plan or measures in accordance with clause 4 of this notice. A Fire Management Plan may be required to be developed and submitted as part of the application.

5. Application to Vary Firebreak and Hazard Reduction Requirements

(1) If it is considered impractical for any reason to clear firebreaks in a manner or location required by this notice, or to carry any fire hazard reduction work or measures required by this notice, you may apply in writing on or before the 15th day of October, 2019 for approval to provide firebreaks in alternative positions or to take alternative measures to abate fire hazards on the land. Alternative firebreak application forms can be downloaded from the City of Swan website.

(2) If permission is not granted in writing by the City prior to the 1st day of November, 2019 you shall comply with the requirements of this notice.

(3) When permission for alternative firebreaks or fire hazard reduction measures has been granted, you shall comply with all conditions on the endorsed permit and maintain the land to the required standard throughout the period specified by this notice.

- (a) Where a property is affected by an approved bushfire management plan, property owners must comply with any additional requirements and responsibilities outlined within that plan.

6. Fuel Dumps and Depots

Remove all flammable material within 10 metres of fuel dumps, fuel ramps or where fuel drums, whether containing fuel or not, are stored.

7. Hay Stacks

Clear and maintain a firebreak completely surrounding any haystack on the land, within 60 metres of the haystack.

8. Fire Service Access (Strategic Firebreaks)

(1) Where under a written agreement with the City, or where depicted on an approved bushfire management plan Fire Service Access (Strategic Firebreaks) are required on the land, you are required to clear and maintain the Fire Service Access (Strategic Firebreaks) a minimum of 6 metres wide along the agreed alignment to provide restricted vehicular access to emergency services and authorised vehicles.

(2) Fire Service Access (Strategic Firebreaks) must be unimpeded by obstructions including boundary fences unless fitted with gates and signage approved in writing by the City.

(3) Gates may only be secured with City of Swan Fire Service padlock.

(4) Fire Service Access (Strategic Firebreaks) shall be graded to provide a continuous 4 wheel drive trafficable surface a minimum of 4 metres wide with a 1 metre shoulder on either side.

(5) All branches must be pruned and obstacles removed to maintain a 4 metre vertical height clearance above the full 6 metre width of the trafficable surface.

9. Emergency Access Ways

(1) Where under a written agreement with the City, or where depicted on an approved bushfire management plan, Emergency Access Ways are required on private land, you are required to clear and maintain a vehicular access way to a minimum of 6 metres wide along the agreed alignment.

(2) Emergency access ways must be unimpeded by obstructions including boundary fences unless fitted with gates and signage approved in writing by the City.

(3) Gates on Emergency Access Ways must remain unlocked at all times.

(4) Emergency Access Ways shall be graded and have suitable drainage to provide a minimum 6 metre wide continuous trafficable surface suitable for all types of 2 wheel drive vehicles.

(5) All branches must be pruned and obstacles removed to maintain a 4 metre vertical height clearance above the full 6 metre width of the trafficable surface.

10. Firebreak Construction

(1) Firebreaks are to be developed and maintained clear of all obstacles and flammable materials to create a minimum of 3 metres wide trafficable surface suitable for 4 wheel drive vehicles.

(2) Overhanging branches must be pruned to provide a 4 metre vertical clearance above the full width of the firebreak surface.

(3) Boundary firebreaks must be aligned immediately inside and adjacent to the external property boundaries.

(4) Alternative Firebreaks that are approved in writing by the City, or as depicted within a bushfire management plan approved in writing by the City, are to be constructed to the same standard as general firebreaks and must be constructed along the specified alignment.

(5) Firebreaks must not terminate in a dead end.

(6) Firebreaks may be constructed by ploughing, grading, raking, burning, chemical spraying or any other approved method that achieves the required standard.

11. Driveways

Where building sites are situated more than 50 metres from a public road—

- (1) Driveways must be maintained clear of all permanent obstacles and flammable materials to create a minimum 3 metre wide trafficable surface suitable for all types of 2 wheel drive vehicles.
- (2) Overhanging branches must be pruned to provide a 4 metre vertical clearance above the driveway.

12. Fuel Reduction—Natural Vegetation

(1) Available bushfire fuels must be maintained at or below—

- (a) Asset Protection Zones—2 tonnes per hectare;
- (b) Hazard Separation Zones—8 tonnes per hectare;
* This requirement only applies where HSZs are depicted within a Fire Management Plan approved in writing by the City.
- (c) Natural Vegetation—8 tonnes per hectare for areas of natural vegetation within 100 metres of buildings, attached and adjacent structures and essential infrastructure.

(2) Passive Fuel Reduction within natural vegetation may be achieved by burning, raking, pruning, weed management, removal of dead materials and any other approved method.

(3) Permanent removal or partial clearing of natural vegetation including individual or groups of native grasses, shrubs or trees may only be carried out in accordance with the minimum requirements of this notice.

(4) Permanent clearing of natural vegetation structures including individual plants, shrubs or trees, that exceeds the requirements of this notice or the specifications outlined within a bushfire management plan approved in writing by the City, is only permitted in accordance with the provisions and exemptions outlined within the *Environmental Protection Act 1986*, or with the approval of the Department of Water and Environmental Regulation and the City of Swan.

Note: Advice and resources on how to measure and manage native vegetation fuel loads are available from the Department of Fire and Emergency Services or the City of Swan.

13. Asset Protection Zones Specification

Asset protection zones for habitable buildings and other assets must meet the following requirements—

- (1) Extend 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building, unless varied under an approved bushfire management plan.
- (2) On sloping ground the asset protection zone distance shall increase with 1 metre for every degree in slope on the sides of the building/ structure that are exposed to down slope natural vegetation.
- (3) Asset protection zone requirements only apply within the boundaries of the lot on which the asset is located and cannot be enforced across boundaries.
- (4) Recommendation Only—Asset protection zones predominantly consist of non-flammable managed vegetation, reticulated lawns and gardens and other non-flammable features.
- (5) All grass is maintained to or under 5cm.
- (6) Fuel loads must be reduced and maintained at 2 tonnes per hectare or lower.
- (7) The crowns of trees are to be separated where possible to create a clear separation distance between adjoining or nearby tree crowns. The separation distance between tree crowns is not required to exceed 10 metres. Clearing or thinning existing trees to create distances greater than 10 metres separation between tree crowns within an asset protection zone is not required or supported by this notice and requires approval from the Department of Water and Environmental Regulation and the City of Swan.
- (8) A small group of trees within close proximity to one another may be treated as one crown provided the combined crowns do not exceed the area of a large or mature crown size for that species.
- (9) Trees are to be low pruned (or under pruned) to at least a height of 2 metres from ground.
- (10) No tree, or shrub over 2 metres high is planted within 2 metres of a building, especially adjacent to windows.
- (11) There are no tree crowns or branches hanging over buildings.
- (12) Clear and prune scrub to reduce to a sparse density (able to walk through vegetation with relative ease with minimal deviation around trees and shrubs).
- (13) Install paths or clear flammable or dry vegetation, debris and materials immediately adjacent to the building.
- (14) Wood piles and flammable materials stored a safe distance from buildings.

14. Burning

All burning must be carried out in accordance with the relevant provisions of this notice and the *Bush Fires Act 1954*, *Health (Miscellaneous Provisions) Act 1911* and the City's Consolidated Local Laws 2005.

Prohibited Period: All burning, including garden refuse and camping fires are prohibited.

Restricted Period: All burning requires a permit except for the burning of garden refuse and camping fires which are subject to the following conditions—

- (1) The fire must not be lit if the Fire Danger Rating is Very High or above, or if a Total Fire Ban or a Harvest and Vehicle Movement Ban is declared.
- (2) Only one fire is allowed at any time and it does not exceed 1 cubic metre in size.
- (3) A 5 metre wide area clear of flammable material surrounds the pile.
- (4) The fire is only lit between 6 pm and 11 pm and completely extinguished by midnight.
- (5) At least one person capable of controlling the fire is in attendance at all times with adequate means of extinguishing the fire.

15. Cooking Fires

Fires for the purpose of cooking are exempt from burning period restrictions subject to the following conditions—

- (1) The fire must not be lit if the Fire Danger Rating is Very High or above, or if a Total Fire Ban or a Harvest and Vehicle Movement Ban is declared.
- (2) The fire is contained in a purpose built appliance and—
 - (a) at a person's home; or
 - (b) an area is set aside for that purpose by the State Authority or City of Swan.
- (3) A 5 metre wide area clear of flammable material surrounds the fire.
- (4) At least one person capable of controlling the fire is in attendance at all times with adequate means of extinguishing the fire.

16. Compliance

(1) In addition to the requirements of this notice, further works which are considered (necessary by an Authorised Officer of the City may be required as specified in writing in a subsequent notice addressed to the land owner.

(2) Where the owner or occupier of the land fails or neglects to comply with the requirements of this notice or a subsequent notice addressed to the land owner, the City of Swan may enter onto the land with workmen, contractors, vehicles and machinery to carry out the requisitions of the notice at the expense of the land owner.

(3) Failure to comply with this notice and subsequent written notices may result in a penalty not exceeding \$5,000, or the issue of a \$250 infringement notice and liability for any costs incurred by the City in relation to works undertaken on behalf of the land owner

(4) Where a property is affected by an approved bushfire management plan, property owners must still comply with all requirements in this notice and with any additional requirements outlined within that plan.

17. Definitions

'Alternative Firebreak' is a firebreak that is in an alternative position or alignment to the external boundaries of a property.

'Alternative Firebreak Application' is an application that may be made by a land owner to install firebreaks in an alternative position, or to carry out an alternative measures in lieu of general firebreaks.

'Available Fuel' is the bush fuel consisting of live and dead vegetation such as stubble, mulch, leaf litter, twigs, trash, scrub and other vegetation less than 6mm in diameter capable of carrying a running fire and will actually burn under prevailing conditions.

'City' means the City of Swan.

'Buildings, Attached and Adjacent Structures' means habitable buildings that are used as a dwelling, workplace, place of gathering or assembly, a building that is a car park, or a building used for the storage or display of goods or produce for sale by whole sale in accordance with classes 1-9 of the Building Code of Australia. The term building includes attached and adjacent structures like garages, carports verandas or similar roofed structure(s) that are attached to, or within 6 metres of the dwelling or primary building.

'Asset Protection Zone (APZ)' is a low fuel area that is reduced of flammable vegetation and materials surrounding buildings and essential infrastructure to minimise the likelihood and impact that direct flame contact, radiant heat or ember attack may have on buildings and assets in the event of a bushfire. This area must extend out from the external walls of a building or asset a minimum of 20 metres.

‘Bushfire Management Plan’ or **‘Fire Management Plan’** is a comprehensive plan that may be placed on the certificate of title(s) of land that has been developed as a condition of development or subdivision. Bushfire Management Plans may become out dated and it’s the responsibility of the property owner to review and keep them current. Where a property is affected by an approved bushfire management plan, property owners must still comply with all requirements in the Annual Fire Hazard Reduction Notice and with any additional requirements outlined within that plan.

‘Emergency Access Way’ is a two wheel drive trafficable, 6 metre wide access route to provide local residents, general public and emergency services alternative links to road networks at the end of cul- de-sacs or areas where access is limited during an emergency incident.

‘Essential Infrastructure’ or **‘Critical Infrastructure’** means assets, infrastructure, systems and networks that provide essential services necessary for social and economic wellbeing and is typically public infrastructure. Assets and infrastructure, usually of a public nature, that generate or distribute electricity, water supply, telecommunications, gas and dams are typical assets that are essential to society and are often located in, or traverse areas that are prone to bushfires.

‘Firebreak’ is an area of land cleared of flammable material (see available fuel above) to minimise the spread of a bushfire and to provide access for firefighting services. For the purpose of this notice the term firebreak is a strip of land at minimum 3 metres with a 4 metres vertical clearance, constructed to provide a 4 wheel drive trafficable surface for access by emergency and authorised vehicles. Boundary firebreaks are installed immediately adjacent the external boundaries of a property.

‘Fire Hazard’ means accumulated fuel (living or dead) such as leaf litter, twigs, trash, bush, dead trees and scrub capable of carrying a running fire, but excludes standing living trees and isolated shrubs.

‘Hazard Separation Zone (HSZ)’ if required by this notice and in accordance with a Fire Management Plan, means an area extending out from an asset protection zone a distance of 80 metres unless otherwise specified, to create a graduated fuel reduction and separation from natural vegetation.

‘Natural Vegetation’ means natural areas of forest, woodland, shrubland, scrub, mallee and mulga. **‘Parkland Clearing’** means areas of natural vegetation that has been significantly cleared of understory and tree density reduced to create a grassland or low vegetation area that can be walked through unimpeded with isolated, grouped or well-spaced trees.

‘Passive Fuel Reduction’ means lowering the amount of available fuel that will burn under prevailing conditions by means that will not permanently reduce or modify the structure or life cycle of plant, shrub, scrub or tree communities within an treated area. This is typically achieved by undertaking a cool, controlled burn of an area during cooler, damper months, or by physical removal of built up leaf litter, dead materials, weeds and slashing long dry grasses without damaging live native plants within the area.

‘Plantation’ is any area of native or exotic planted trees that exceeds three hectares in a gazetted town site, or elsewhere a stand of trees of 10 hectares or larger that has been planted and managed intensively for their commercial and environmental value. A plantation includes roads, firebreaks and small areas of native vegetation.

‘Fire Service Access (Strategic Firebreaks)’ is a firebreak that is 6 metres wide established to provide strategic access and links to road networks whilst providing a wider control/containment line to protect town sites, estates and similar exposures during bushfire operations.

REGULATION 69(4)—NOTICE OF WAIVER OF FEES

(T(RPS)A-2019-203117)

I, Richard Sellers, exercising the power in regulation 69(4) of the *Transport (Road Passenger Services) Regulations 2019*, (the *TRPS Regulations*), waive payment of the whole of the—

- (1) On Demand Booking Service Authorisation fee which is payable for a 12 month authorisation period beginning on any date from 1 July 2019 until 30 June 2022 for the class of persons specified in item 1 of the table; and
- (2) Passenger Transport Vehicle Authorisation fee which is payable for a 12 month authorisation period beginning on any date from 2 July 2019 until 30 June 2022 for the class of persons specified in item 2 of the table in respect of a vehicle specified in item 3;

RICHARD SELLERS, Chief Executive Officer,
Department of Transport.

Dated this 2nd day of July 2019.

TRPSA-2019-203117 Table

Item	Description	
1	Class of Persons for waiver of On Demand Booking Service Authorisation fee	Any person who— (a) had provided a taxi service under a taxi-car licence for one or more taxi-cars in a district and no other district from prior to 28 February 2019 until 2 July 2019; and (b) as at 1 May 2019 had either— (i) been authorised to provide an on-demand booking service under the <i>TRPSAct</i> ; or (ii) applied for authorisation to provide an on-demand booking service under the <i>TRPSAct</i> ; and (c) has provided an on-demand booking service for exclusively regional purposes from the date of their authorisation as an authorised on-demand booking service until the date of the renewal of the authorisation for which the fee would ordinarily be payable.
2	Class of Persons for waiver of Passenger Transport Vehicle renewal Authorisation fee	(1) A Section 297 PTV Authorisation Holder who was issued that authorisation in respect of— (a) the Taxi-Car Vehicle as the owner of that vehicle; or (b) the Taxi-Car Vehicle with the consent of the owner of the Taxi-Car Vehicle; or (c) another vehicle nominated by that authorisation holder instead of the Taxi-Car Vehicle; (2) A Taxi-Car Vehicle Operator who holds a PTV Authorisation issued under section 127 in respect of the Taxi-Car Vehicle. Note: Paragraphs (1)(b), (1)(c) and (2) will only apply in circumstances where, as at 1 July 2019, the person who would ordinarily be taken to be the owner of the vehicle under section 5(2) of the <i>Road Traffic (Administration) Act 2008</i> and section 47ZD(4) of the <i>Transport Co-ordination Act 1966</i> was not the holder of the relevant taxi-car licence.
3	Vehicles for waiver of Passenger Transport Vehicle Authorisation fee	Any vehicle referred to in item 2 of this table, and any subsequent On-demand Rank or Hail vehicle that the Class of Person at (1) and (2) nominates as a replacement for the vehicle for which the PTV authorisation was issued.

The following definitions apply in this Notice—

“**metropolitan area**” means the metropolitan region as defined in the *Planning and Development Act 2005* section 4(1).

“**On Demand Booking Service Authorisation fee**” means the fee payable under either of section 31(1)(e) of the *TRPSAct* or regulation 18(1)(b) of the *TRPSRegulations*.

“**on-demand booking service for exclusively regional purposes**” means an on-demand booking service for passenger transport services exclusively for journeys that do not (both) commence and finish inside the metropolitan area.

“**owner**” in relation to a vehicle means the “owner” as defined in section 120 of the *TRPSAct*.

“**Passenger Transport Vehicle Authorisation fee**” means the fee for a PTV Authorisation which is payable under either of section 127(d) of the *TRSPAct* or regulation 35T(1)(b) of the *TRPSRegulations*.

“**providing an on-demand booking service for one or more taxi-cars in a district**” means providing an on-demand booking service for a district in which each of the vehicles involved in the service had a taxi-car licence issued in respect of that vehicle for that district.

“**providing an on-demand booking service**” has the same meaning as it has under section 10 of *TRPSAct* and “**provided an on-demand booking service**” has a corresponding meaning.

“**PTV Authorisation**” means any passenger transport vehicle authorisation under the *TRSPAct* which falls within the definition of “on-demand rank or hail vehicle authorisation” in section 292 of the *TRPSAct*.

“**Section 297 PTV Authorisation Holder**” means a person who holds a PTV Authorisation in respect of a vehicle as a result of section 297(2) applying to that person as the holder of a taxi-licence.

“**taxi-car**” means a vehicle operating under a taxi-car licence.

“**taxi-car licence**” means a taxi-car licence under Part IIIB of the *Transport Co-ordination Act 1966*.

“**Taxi-Car Vehicle**” means the vehicle which was operated as a taxi-car immediately before 2 July 2019 under the relevant taxi-car licence.

“**Taxi-Car Vehicle Operator**” means a person who is the owner of the vehicle that that person operated as a taxi-car immediately before 2 July 2019 under a taxi-car licence held by another person.

“**TRPSAct**” means the *Transport (Road Passenger Services) Act 2018*.
