FIREBREAK NOTICE

Notice is hereby given to all owners and/or occupiers of land within the Shire of Waroona that the Council pursuant to the powers conferred in Section 33(1) of the *Bush Fires Act 1954* approved the following requirements at its Ordinary Council Meeting on 25 July 2023 to prevent the outbreak or spread or extension of a bush fire within the district.

Pursuant to Section 33 of the *Bush Fires Act 1954*, all owners and/or occupiers of land are required to carry out fire prevention work in accordance with the requisitions of this Notice on or before 30 November each calendar year or within fourteen days of the date of becoming the owner or occupier of the land, should this be after 30 November. All work specified in this Notice is to be maintained up to and including 15 May the following calendar year.

Definitions

For the purpose of this Notice the following definitions apply—

"**Authorised Officer**" means a person authorised by the Shire of Waroona and appointed as a Bush Fire Control Officer.

"Bushfire Management Plan" means a plan that has been developed and approved by the Shire of Waroona to reduce and mitigate fire hazards within a particular subdivision, lot or other area of land anywhere in the district.

"Driveway" means the point of access (driveway) to a habitable building that is accessible for both conventional two wheel drive vehicles and firefighting appliances that is totally clear of all vegetation, trees, bushes, shrubs and other objects or things encroaching into the vertical clearance of the driveway. If a driveway to a habitable building is longer than 50 metres in length from a public road, a clear turn around area with a 10 metre radius is to be provided.

"Firebreak" means a strip of land that has been cleared of all trees, bushes, grasses and any other object or thing or flammable vegetation material to a trafficable surface leaving clear bare mineral earth. This includes the trimming back and removal of all overhanging trees, bushes, shrubs and any other object or thing over the vertical clearance of the fire break area. Firebreaks constructed on road verges do not constitute a legal firebreak.

"Fire Management Plan" has the same meaning as *"bushfire management plan"*

"Fuel Depot/Storage Area" means an area of land, a building or structure where fuel (i.e. petrol, diesel, kerosene, liquid gas or any other fossil fuel) is kept in any container or other manner in commercial quantities.

"Flammable Material" means any plant, tree, grass, vegetable, substance, object, thing or material (except living flora including live standing trees) that may or is likely to catch fire and burn or any other item deemed by an authorised officer to be capable of combustion.

"Habitable Building" means a dwelling, work place, place of gathering or assembly and includes a building used for storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia.

The term habitable building includes attached and adjacent structures like garages, carports, verandahs or similar roofed structure(s) that are attached to, or within 6 metres of the dwelling or primary building.

"Outbuilding" means any structure, shed, building, storage facility or structure or alike built for any purpose outside of the definition of the "habitable structure" definition.

"Haystack" means any collection of hay including fodder rolls placed or stacked together that exceeds 100 cubic metres in size (e.g. 5m x 5m x 4m), whether in a shed, other structure or in the open air.

"Plantations" means any area of planted pines, eucalypt, hardwood or softwood trees exceeding 3 hectares in area.

"Shed" has the same meaning as outbuilding.

"Size" means a size of an individual parcel or lot of land as recorded in the Shire of Waroona property Rates Register or land database.

1 hectare = 10,000m² = 2.47 acres

1 acre = 4,046.86m² = 0.4046 hectare

"Trafficable" means to be able to travel from one point to another in a 4x4 fire appliance on a clear surface, unhindered without any obstruction that may endanger resources. A firebreak is not to terminate in a dead end without provision for egress to a safe place or a cleared turn around area of 17.5 metre radius.

"Vertical Clearance" means the height of the space above the full width of the firebreak or driveway that must be kept clear of all obstructions and vegetation to a minimum height of 4.5 metres from the ground.

"Zoning" means the land zoning description as recorded in the Shire of Waroona property Rate database.

- (c) A 3 metre wide driveway to be installed and maintained; and,

- (a) **Boundary Firebreaks**—All property boundaries must have a 15 metre firebreak installed. The outer 10 metres will be cleared of all flammable material while the inner 5 metres, i.e. that portion closest to the trees, may be kept in a reduced fuel state, i.e. by slashing or grazing grass to a height of less than 5 centimetres. This includes the trimming back of all overhanging limbs, bushes, shrubs and any other object encroaching into the vertical clearance above outer 10 metres of the firebreak area.
- (b) **Internal Firebreaks**—Plantation area must be subdivided into areas not greater than 30 hectares, separated by 6 metre wide firebreaks. Every pile of cut, stockpiled or windrowed timber product larger than 12 cubic metres is to be completely surrounded by a 10 metre wide firebreak.

5. Variations

If it is considered to be impractical for any reason to clear firebreaks or establish other arrangements as required by this Notice, the owner or occupier of land in the district may apply for a variation prior to 14 November each calendar year to arrange an onsite inspection to discuss alternate methods of fire prevention. Variations may be approved by the Shire for a 1, 3 or 5 year period, subject to the owner and/or occupier of the land remaining the same. If a request to vary this Notice is not approved, the requirements of this Notice apply.

6. Bushfire Management Plans

Where a Bushfire Management Plan (BMP) exists for a specified area or property as required by the Local Planning Scheme or subdivision approval or for an individual or group of properties, compliance with all requirements of the BMP are required in addition to any further requirements within this Notice.

7. Special Works Order

The requirements of this Notice are considered to be the minimum requirement for fire prevention work not only to protect individual properties but the district generally.

A separate Special Works Order may be issued to individual landowners pursuant to Section 33 of the *Bush Fires Act 1954* to carry out further hazard removal and/or reduction work with respect to anything upon the land, where in the opinion of an authorised officer it is likely to be conducive to the outbreak and/or the extension of a bush fire.

8. Dates to Remember

Restricted Burning Time: 1 October to 30 November each year (inclusive) and 1 April to 15 May each year (inclusive, and as varied pursuant to Section 18 of the *Bush Fires Act 1954*).

Fire permits must be obtained from your relevant Bush Fire Control Officer for burning off during the restricted burning time. Prior to commencement of a burn you are required to notify the Shire of Waroona Administration Office of time/s, date/s and location number/s.

The above dates are subject to variation and any alterations will be published in a local newspaper circulating within the district.

9. Penalties

The penalty for failing to comply with this Notice is a fine not exceeding \$5,000. A person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this Notice if it is not carried out by the owner and/or occupier by the date required by this Notice.

This notice supersedes and replaces all previous Fire Break Notices published.

Call for Public Submissions

The Western Australian Planning Commission (WAPC) is seeking public comment on a proposal to amend the Metropolitan Region Scheme (MRS) for land in the local government of Canning.

The amendment proposes to transfer approximately 3,800 m² of land from Other Regional Roads (ORR) reservation to the Urban zone in the MRS. The proposed Urban zoning will facilitate planning of surplus ORR land for other purposes.

The WAPC certifies that, in its opinion, the proposed amendment does not constitute a substantial alteration to the MRS.

Display locations

The plans showing the proposed change and the WAPC amendment report which explains the proposal, will be available for public inspection from Friday 15 September 2023 to Tuesday 14 November 2023 at the—

- Western Australian Planning Commission, 140 William Street, Perth
- J S Battye Library, Level 3 Alexander Library Building, Perth Cultural Centre
- City of Canning

Documents can also be viewed online at the Department of Planning, Lands and Heritage website www.dplh.wa.gov.au/mrs-amendments.

Submissions

Any person who desires to make a submission to support, object or provide comment on any part of the proposed amendment should do so on a Form 57, which is available from the display locations, the amendment report and online.

Submissions can be lodged online via <https://consultation.dplh.wa.gov.au>, emailed to RegionPlanningSchemes@dplh.wa.gov.au or by post to: Secretary, Western Australian Planning Commission, Locked Bag 2506, Perth WA 6001.

Submissions close **Tuesday 14 November 2023**. Late submissions will not be considered.

Ms SAM FAGAN, Secretary, Western Australian Planning Commission.
