[1950.]

MILK ACT, 1946-1948.

Department of Agriculture,
Perth, 1st March, 1950.

HIS Excellency the Governor in Executive Council, acting pursuant to the powers conferred by section 76 of the Milk Act, 1946-1948, has been pleased to approve of the Regulations made by the Minister for Agriculture under and for the purposes of the said Act as set forth in the Schedule hereunder.

(Sgd.) A. L. McK. CLARK,
Acting Director of Agriculture.

SCHEDULE.

1. These Regulations may be cited as the Milk Act, 1946-1948, Regulations No. 8, and shall be read as one with the Milk Act, 1946, Regulations No. 1, as published in the *Government Gazette* on the 21st February, 1947, and numbered 1-11 inclusive, and the Milk Act, 1946, Regulations No. 2, as published in the *Government Gazette* on the 18th July, 1947, and numbered 12-33, inclusive, as amended and published in the *Government Gazette* on the 28th November, 1947, and the Milk Act, 1946, Regulations No. 3, as published in the *Government Gazette* on the 12th December, 1947, and numbered 34-60, inclusive, and the Milk Act, 1946-1947, Regulations No. 4, as published in the *Government Gazette* on the 15th October, 1948, and numbered 61-64, inclusive, and the Milk Act, 1946-1948, Regulations No. 5, as published in the *Government Gazette* on the 18th March, 1949, and the Milk Act, 1946-1948, Regulations No. 6, as published in the *Government Gazette* on the 3rd June, 1949, and the Milk Act, 1946-1948, Regulations No. 7, as published in the *Government Gazette* on the 22nd July, 1949.

PART XX.

153. Nothing contained in these Regulations shall excuse any person from compliance with the provisions of the Health Act, 1911-1948, or any regulations made from time to time thereunder.

GENERAL STANDARD FOR MILK.

154. Milk shall be the lacteal fluid product of an animal where such fluid is intended for human consumption or use. It shall be clean and fresh, and shall be obtained by completely emptying the udder of the healthy animal, properly fed and kept, excluding that got during thirty days immediately before, and five days immediately following on, parturition. It shall contain not less than eight and five-tenths parts per centum of solids not fat and not less than three and two-tenths parts per centum of milk fat and not less than eleven and seven-tenths parts per centum of total solids: its freezing point shall not lie between zero Centigrade and 0.54 degrees Centigrade below zero as determined in the Hortvet Cryoscope. It shall not contain
