34. Fishing for rock lobster in the waters surrounding Quobba Point

A person who is the holder of a commercial fishing licence must not fish for rock lobsters at any time in the area described in the Table to this regulation.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

Table

All that portion of the Indian Ocean bounded by a line starting from a point on the high water mark situate at the southwestern-most extremity of Quobba Point and extending south to south latitude 24° 34'; thence east to a point on the high water mark; and thence generally north-westerly along the high water mark aforesaid to the starting point.

35. Possession of rock lobster flesh

A person must not possess or sell a part only of a rock lobster unless —

- (a) authorised to do so under a fish processor's licence and the part is a part of a whole rock lobster which was processed at the place specified in the licence as the place at which fish are to be processed;
- (b) the part was purchased from the place specified in a fish processor's licence as the place at which rock lobster is to be processed and the person has a receipt detailing that purchase; or
- (c) the part is —
 - (i) being consumed; or
 - (ii) prepared, or being prepared, for immediate consumption.

Penalty: In the case of an individual, \$5 000 or, in the case of a body corporate, \$10 000 and in either case, the penalty provided in section 222 of the Act.

36. Use of boats for fishing for rock lobsters

- (1) The master of a boat, other than a fishing boat, must not cause or permit —
- (a) more than 4 rock lobster pots to be carried on the boat at any time; or
 - (b) a person on board the boat to pull a rock lobster pot unless that person is the holder of a recreational fishing licence specifying that the holder may fish for rock lobsters; or
 - (c) more than 4 rock lobster pots to be pulled by persons on board the boat —
 - (i) if the boat makes more than one voyage in a day, during any one voyage; or
 - (ii) if the boat —
 - (I) makes only one voyage in a day; or
 - (II) is on a voyage lasting more than one day,during any one day.
- (2) The master of a fishing boat must not cause or permit any person on board the boat to pull a rock lobster pot unless —
- (a) the use of that pot is authorised under an authorisation granted under section 66 of the Act; or
 - (b) the use of that pot is authorised under a rock lobster pot licence.

Penalty: \$5 000.

[Regulation 36 amended in Gazette 10 Nov 2006 p. 4707; 6 Jul 2007 p. 3387.]

37. Defences to alleged offence under regulation 36

In any proceedings for an offence referred to in paragraph (a) or (b), it is a defence for the person charged to prove that the person did not know and could not reasonably have known that —

- (a) in the case of an alleged offence against regulation 36(1)(b), the person who pulled the rock lobster pot did not hold a recreational fishing licence specifying that the holder may fish for rock lobsters; or
- (b) in the case of an alleged offence against regulation 36(1)(c), 4 rock lobster pots had already been pulled by persons on board the boat in the relevant period.

38. Specifications for rock lobster pots

- (1) In this regulation —

internal SLED means a sea lion exclusion device consisting of a rod inside a rock lobster pot secured to the base of the pot and rising vertically towards the neck;

sea lion protection zone means the waters off the west coast bounded by a line commencing at the high water mark at 30° 51.06' south latitude (south of Wedge Island) and extending — west along the parallel to the intersection with 115° 10.32' east longitude;

then north-north-westerly along the geodesic to the point 30° 30.54' south latitude and 115° 0.06' east longitude;

then northerly along the geodesic to the point 30° 25.02' south latitude and 114° 58.5' east longitude;

then northerly along the geodesic to the point 30° 12.42' south latitude and 114° 57' east longitude;

then northerly along the geodesic to the point 29° 35.16' south
latitude and 114° 53.58' east longitude;
then east along the parallel to its intersection with the high water
mark (north of Freshwater Point);
then generally southerly along the high water mark to the
commencement point.

- (2) A person must not use a rock lobster pot to fish for rock
lobster —
- (a) in the waters north of 21° 44' south latitude, unless the
pot conforms to the specifications set out in Part 1 of
Schedule 13;
 - (b) in the waters between 21° 44' south latitude and
34° 24' south latitude, but excluding the waters off the
south coast east of 115° 08.091' east longitude, unless
the pot conforms to the specifications set out in Part 2 of
Schedule 13; and
 - (c) in all waters other than those referred to in
paragraphs (a) and (b), unless the pot conforms to the
specifications set out in Part 3 of Schedule 13.

Penalty: \$5 000.

- (3) A person must not use a rock lobster pot to fish for rock lobster
in the sea lion protection zone unless the pot is constructed with,
or has fitted to it, a device (a *sea lion exclusion device*) that —
- (a) prevents a spherical object with a diameter of 132 mm
being able to enter the pot through the neck; and
 - (b) complies with subregulation (4).

Penalty: \$5 000.

- (4) A sea lion exclusion device complies with this subregulation
if —
- (a) it is made of non-flexible material; and

- (b) it is —
 - (i) constructed; and
 - (ii) secured to the pot,
in such a way that it is unlikely that it could be bent,
broken, pushed aside or removed by a sea lion; and
- (c) it does not have any sharp points, spikes or sharp edges;
and
- (d) in the case of an internal SLED, at every point along the
device (but not including any bracket or other thing used
to secure the rod to the base of the pot) —
 - (i) the shortest cross-sectional measurement is not
less than 10 mm; and
 - (ii) the longest cross-sectional measurement is not
more than 30 mm.

Penalty: \$2 000.
- (2) Subregulation (1) does not apply to or in relation to a person fishing for a commercial purpose in accordance with an authorisation.

[Regulation 64C inserted in Gazette 1 Oct 2003 p. 4304.]

64D. Determining the length, depth or mesh of nets

- (1) For the purposes of these regulations —
 - (a) the length of a fishing net is determined by measuring the net along the cork line on which the net is hung;
 - (b) the depth of a fishing net is determined by counting the number of meshes between opposite points on the cork and lead lines; and
 - (c) subject to subregulation (3), the size of the mesh of a fishing net is determined by measuring from knot to knot on the inside of the mesh when lightly stretched so that the opposite knots on the alternate corners are in contact.
- (2) If there is any dispute in relation to the determination of the size of the mesh of a fishing net, a 225 gram weight is to be attached to one knot of the mesh to be measured and the space between that and the opposite knot measured.
- (3) If the fishing net is dry and is not constructed of single monofilament material, it is to be soaked in water for at least 10 minutes before the size of the mesh is determined in accordance with this regulation.

- (2) Subregulation (1) does not apply to —
 - (a) the holder of a commercial fishing licence; or
 - (b) a person fishing from a boat.
- (3) A person, other than the holder of a commercial fishing licence, when fishing WA waters may not use a line with more than 3 hooks or gangs of hooks attached.

Penalty: \$2 000.

[Regulation 64E inserted in Gazette 1 Oct 2003 p. 4305-6.]

64F. Persons authorised to use fishing nets

- (1) A person must not fish by means of using a fishing net, unless the person uses only one net at any one time and —
 - (a) where the net is a throw net, it —
 - (i) has a length not exceeding 3 metres measured from the centre retrieval line to the lead line; and
 - (ii) has a mesh of not more than 25 millimetres;
 - or
 - (b) where the fishing net is not a throw net, it —
 - (i) has a length not exceeding 60 metres;
 - (ii) is not more than 25 meshes in depth;
 - (iii) does not have a bag or pocket;
 - (iv) has end floats with a diameter of not less than 150 millimetres on each of which is marked, in legible characters not less than 60 millimetres

- high and 10 millimetres wide, the gear identification number of that person;
- (v) has a mesh in accordance with subregulation (2);
 - (vi) where the fishing net is a haul net —
 - (I) does not have attached to it a rope exceeding 25 metres in length; and
 - (II) is not hauled other than by hand;
 - (vii) where the fishing net is a set net, has at all times one edge floating on the surface of the water in which it is set; and
 - (viii) is made of a material which is not less than 0.35 millimetres in diameter.
- (2) The mesh of a fishing net referred to in subregulation (1)(b)(v) is to be not less than —
- (a) 63 millimetres or more than 87 millimetres, where the net is used in the waters of any estuary, river or inlet, or in the entrance of any of those waters;
 - (b) 51 millimetres or more than 114 millimetres, where the net is not set in any waters other than those referred to in paragraph (a); or
 - (c) 75 millimetres or more than 114 millimetres, where the net is set in any waters other than those referred to in paragraph (a).
- (3) This regulation does not apply —
- (a) to a person using a fishing net under the authority of a commercial fishing licence or an aquaculture licence; or
 - (b) to the taking of cherabin, crab, marron, freshwater crayfish or prawn.

64I. Priority rights for commercial net fishing

- (1) Priority between holders of commercial fishing licences engaged in fishing by the use of fishing nets in the same area is to be determined in accordance with this regulation.

- (2) In this regulation —

bona fide means a licensed fishing boat marked with its licensed fishing boat number, with a fishing crew who hold commercial fishing licences;

ground means —

- (a) any portion of a beach not longer than 800 metres and the waters adjacent to that beach to a distance of 800 metres measured rectangularly from that beach;
- (b) any area of water that is 400 metres square; or
- (c) in subregulation (4), a rectangular area of water measuring 50 metres out from, and at right angles to, both sides of a set net, along the length of the net.

- (3) The priority rights for using fishing nets, other than set fishing nets are —
- (a) the first turn belongs to the master of the first bona fide fishing boat to arrive on the ground with a net, which complies with the requirements of this Act, ready for shooting and hauling;
 - (b) the next turns belong, in order of arrival on the ground, to the masters of the next bona fide fishing boats to arrive on the ground with nets, which comply with the requirements of this Act, ready for shooting and hauling;
 - (c) during a particular master's turn, the master has —
 - (i) exclusive right to fish the ground as long as a fishing net is ready to be shot; and
 - (ii) the right to use more than one fishing net where a school of fish is being shot;
 - (d) a turn ends when —
 - (i) the net, or nets, have been shot and hauled or, in the case of a ground that includes a beach, hauled ashore;
 - (ii) the master whose turn it was leaves the ground; or
 - (iii) 12 hours have elapsed since the time the master next in turn arrived on the ground, or where the ground includes a beach, 24 hours have elapsed since the time the master next in turn arrived on the ground;and
 - (e) a master is not to have a second turn until all other masters on the ground have had a first turn.
- (4) The priority rights for using set fishing nets are —
- (a) the first turn belongs to the master of the first bona fide fishing boat to arrive on the ground with a net which complies with the requirements of this Act, ready to set;

- (b) the next turns belong, in order of arrival on the ground, to the masters of the next bona fide fishing boats to arrive on the ground with nets which comply with the requirements of this Act, ready to set;
 - (c) during a particular master's turn, the master has —
 - (i) exclusive right to fish the ground as long as a fishing net is ready to be set; and
 - (ii) the right to use more than one set fishing net;
 - (d) a turn ends when —
 - (i) the net, or nets, have been set and hauled;
 - (ii) the master whose turn it was leaves the ground without setting a fishing net; or
 - (iii) 24 hours have elapsed since the time the master next in turn arrived on the ground;and
 - (e) a master is not to have a second turn until all other masters on the ground have had a first turn.
- (5) While a person is having a turn under this regulation, another person must not —
- (a) wilfully disturb or frighten fish on, or in the vicinity of, the ground;
 - (b) obstruct the person having a turn; or
 - (c) set or place fishing nets so as to prevent fish getting to the ground.

Penalty: \$2 000.

- (6) The holder of a commercial fishing licence who suffers loss due to a contravention of this regulation may, with the written approval of the Minister, take legal proceedings at that person's own expense.

 - (b) in any area of the State: black bream.

[Regulation 68 amended in Gazette 25 Sep 1998 p. 5299.]

69. Conditions of aquaculture licence

An aquaculture licence is subject to the following conditions —

- (a) the holder of the licence must ensure that fish is not sold under the authority of the licence unless it is packed in the manner specified by the CEO;
- (b) where marron is sold on a retail basis, the holder of the licence who is selling the marron, must provide to the purchaser a receipt specifying —
 - (i) the names of the holder of the licence and the purchaser;
 - (ii) the number and type of fish; and
 - (iii) the value and date of the sale;
- (c) where marron is sold on other than a retail basis, the holder of the licence who is selling the marron, must prepare a consignment note in triplicate in a form approved by the CEO and must —
 - (i) securely attach the original of the consignment note to the marron or to the receptacle, container or package containing the fish;

- (ii) send the duplicate copy of the consignment note —
 - (I) to the head office of the Department at Perth; or
 - (II) if another office of the Department is specified in the approved form of the consignment note, to that office,to arrive —
 - (III) within 7 days after the sale; or
 - (IV) if a greater period is specified in the approved form, within that period;and
- (iii) retain the triplicate copy at the place where aquaculture is carried out under the licence;
- (d) the holder of the licence must notify the CEO in writing within 24 hours of becoming aware, or suspecting, that any fish at the place where aquaculture is carried on under the licence is or may be affected by —
 - (i) any disease specified in Schedule 1 of the *Enzootic Diseases Regulations 1970*; or
 - (ii) any disease or condition that the person cannot identify;
- (e) the holder of the licence must notify the CEO in writing within 14 days of becoming aware, or suspecting, that any fish at the place where aquaculture is carried on under the licence is or may be affected by any disease or condition other than one referred to in paragraph (d) if, within those 14 days, the holder of the licence has not eradicated the disease or condition by taking all reasonable steps to do so;
- (f) the holder of the licence must take all reasonable precautions to prevent the spread of any disease or

Part 7 — Noxious fish

70. Noxious fish

The species of fish listed in Schedule 5 are prescribed under section 103 of the Act to be noxious fish for the purposes of the Act.

Part 8 — Designated fishing zones

71. Notice given by fisheries officer

- (1) A fisheries officer may, by notice in writing given to a person, prohibit the person from —
 - (a) being in a designated fishing zone for a specified period of time, or at all;
 - (b) engaging in a specified activity in a designated fishing zone; or
 - (c) having a specified thing or class of things in a designated fishing zone.
- (2) A fisheries officer may by further notice in writing given to a person vary or revoke a notice given under subregulation (1).
- (3) A person who contravenes a notice in writing given by a fisheries officer under this regulation commits an offence.
Penalty: \$10 000.

Part 9 — Abrolhos Islands reserve

Division 1 — Interpretation and application of Part

72. Terms used in this Part

In this Part, unless the contrary intention appears —

approved means approved by the CEO;

associated camp means a camp, including any associated jetty, in the reserve which is allocated to an operator by virtue of a rock lobster licence;

camp includes all structures on or adjoining any island or on a jetty in the reserve which are associated with a rock lobster licence;

jetty means a jetty which is attached to and leads onto land within the reserve or is situated within waters adjacent to the reserve;

licensed boat means a boat operated under a rock lobster licence;

mooring means any gear (including an anchor or stake) set out on the seabed in a permanent manner to which a boat or other floating structure may be secured by a chain, cable, wire or rope;

operator means the master of a licensed boat;

reserve means the Abrolhos Islands reserve;

rock lobster licence means a managed fishery licence granted in respect of the West Coast Rock Lobster Managed Fishery, declared under the *West Coast Rock Lobster Management Plan 1993*, to fish for rock lobster from Zone A of that fishery;

share arrangement means a valid written agreement to share facilities under regulation 92.

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 2 Jetties

r. 73

73. Application

This Part applies to and in respect to all land and waters within and adjacent to the reserve.

Division 2 — Jetties

74. Construction and modification of jetties and moorings

- (1) A person who wishes to construct or modify a jetty or mooring must first apply to the CEO in the approved form.
- (2) If the CEO gives approval following an application under subregulation (1), that approval may be subject to such conditions as the CEO considers are necessary in the particular case and endorses on the approval.
- (3) A person referred to in subregulation (1) must not commence construction or modification of a jetty or mooring unless the written approval of the CEO has been obtained.
- (4) A person must comply with a condition endorsed on an approval given under this regulation.
Penalty for an offence under subregulation (3) or (4): Not less than \$500 or more than \$2 000.
- (5) A fisheries officer may, by notice in writing given to a person to whom approval was granted under this regulation, order that work specified in the notice be carried out within the time specified in the notice on a jetty or mooring that the fisheries officer believes is insecure or unsafe.
- (6) A person must comply with an order given under subregulation (5) within the time specified in the order.
Penalty: \$1 000.

[Regulation 74 amended in Gazette 6 Jul 2007 p. 3389.]

75. Unauthorised use of jetties and moorings

(1) A person, other than —

- (a) the owner of;
- (b) a person who is a party to a share arrangement in relation to; or
- (c) the person responsible for,

a jetty or mooring, must not use that jetty or mooring without the written permission, in the approved manner, of a person set out in paragraph (a), (b) or (c).

Penalty: Not less than \$100 or more than \$1 000.

(2) Where written permission has been obtained in accordance with subregulation (1) —

- (a) a copy of the written permission must be filed with the Geraldton or Dongara office of the Department before the jetty or mooring is used by the person obtaining that permission; and
- (b) a copy of the written permission must be retained on board the appropriate boat and presented to a fisheries officer on demand.

(3) Subject to subregulations (1) and (2), a person must not cause a boat, other than a licensed boat or an approved boat, to tie up to a jetty or mooring overnight.

Penalty: Not less than \$100 or more than \$1 000.

(4) This regulation does not apply to —

- (a) an emergency situation; or
- (b) a jetty which is an approved public use jetty.

Division 3 — Buildings and facilities

76. CEO may waive requirements

(1) The CEO may waive or vary any of the requirements in this Division, on a case-by-case basis, if the circumstances are

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 3 Buildings and facilities

r. 77

considered to be exceptional, or of sufficient public or heritage interest to do so.

- (2) Any waiver or variation must be in writing, and must specify to whom or what it applies, and under what circumstances.

[Regulation 76 amended in Gazette 6 Jul 2007 p. 3389.]

77. Transfer of facilities

- (1) The holder of a rock lobster licence who applies to —

- (a) transfer that licence;
- (b) redistribute an entitlement on that licence; or
- (c) acquire a further rock lobster licence and amalgamate that licence with another rock lobster licence,

must, at the same time, apply in the approved manner to either transfer or remove the associated camp (as the case requires).

- (2) If the CEO considers it appropriate, the CEO may approve an application, made under subregulation (1), to transfer or remove an associated camp, and the CEO may make that approval subject to conditions which must be endorsed on the approval.
- (3) A person who does not comply with the conditions endorsed on an approval to transfer or remove an associated camp commits an offence.

Penalty: Not less than \$100 or more than \$1 000.

- (4) A rock lobster licence holder may apply, in the approved manner, to relocate from a former camp to another associated camp.
- (5) If the CEO considers it appropriate, the CEO may approve an application, made under subregulation (4), to relocate, and the CEO may make that approval subject to conditions which must be endorsed on the approval.
- (6) A person must comply with the conditions endorsed on an approval to relocate.

Penalty: Not less than \$100 or more than \$1 000.

- (7) An operator must not operate from more than one camp at any one time during any single rock lobster season, but the crew may live aboard the boat during any period away from the camp.

Penalty: Not less than \$100 or more than \$1 000.

[Regulation 77 amended in Gazette 14 Nov 2001 p. 5978; 6 Jul 2007 p. 3389.]

78. Camp may become unauthorised structure

- (1) Where a person —
- (a) does not comply with the conditions endorsed on an approval under regulation 77(2); or
 - (b) purports to transfer a camp without the approval of the CEO,
- the camp is an unauthorised structure for the purposes of Division 5.
- (2) An amount determined by the CEO from time to time must be paid by the owner of the camp prior to an application for —
- (a) a transfer, a redistribution of an entitlement or a further acquisition referred to in regulation 77(1); or
 - (b) a relocation referred to in regulation 77(4),
- being approved and that amount must —
- (c) be returned to the owner (at the time of the application) of the camp upon compliance with the conditions of any approval issued by the CEO; or
 - (d) be used to defray the actual costs, including the administrative costs, involved in removing part or all of a camp that becomes an unauthorised structure under subregulation (1).

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 3 Buildings and facilities

r. 79

79. Buildings — general

- (1) The owner of a building which is to be constructed in the reserve must ensure that all work to be undertaken on that building complies with the written laws of the State relating to the control of building works.
- (2) Where, in the opinion of a fisheries officer, the owner of a building in the reserve fails to adequately maintain that building to an acceptable standard (other than a standard relating to structural soundness), the officer may order the owner to undertake, or cause to be undertaken, remedial work which —
 - (a) is sufficient to bring the building up to an acceptable standard; and
 - (b) must be completed within the time period set out in the order.
- (3) Where a fisheries officer suspects that a building in the reserve does not meet the appropriate standard relating to structural soundness, a fisheries officer may order the owner to obtain, and produce to a fisheries officer, a report from a registered builder stating whether or not that building complies with the written laws of the State relating to the minimum structural requirements for that type of building.
- (4) If a report obtained under subregulation (3) states that a building does not meet the minimum structural requirements for that type of building, a fisheries officer may order the owner to undertake, or cause to be undertaken, remedial work which —
 - (a) is sufficient in the opinion of a registered builder to bring the building up to the minimum standards; and
 - (b) must be completed within the time period set out in the order.
- (5) A person who does not comply with an order under subregulation (2), (3) or (4) commits an offence.
Penalty: Not less than \$100 or more than \$1 000.

80. Buildings — minor changes

- (1) The owner of a building in the reserve who wishes to make any minor structural change to the building —
- (a) must, if required by a fisheries officer, obtain and produce a written report of a registered builder stating that the changes will be safe and structurally sound;
 - (b) must file plans of the change, together with the report obtained under paragraph (a), with the Department; and
 - (c) must not allow work to commence until the CEO has given approval.

Penalty: Not less than \$100 or more than \$1 000.

- (2) For the purposes of this regulation, a minor structural change is a modification or alteration to the building which does not increase or modify the floor space or height of the building (including the addition of shade-cloth, pergolas, verandahs and similar weather protection), but does not include —
- (a) re-roofing that involves re-pitching that roof;
 - (b) internal work that involves the installation of split-level living areas or the like; or
 - (c) re-cladding of walls that increases the external dimensions or floorspace of the building.

[Regulation 80 amended in Gazette 6 Jul 2007 p. 3389.]

81. Buildings — major changes and new buildings

- (1) The owner of an existing building or the person proposing to construct a new building in the reserve must, prior to commencing any major change to an existing building or commencing the construction of a new building, as the case requires —
- (a) obtain and provide full structural plans approved by a registered builder;

Part 9 Abrolhos Islands reserve

Division 3 Buildings and facilities

r. 81

- (b) endeavour to obtain the written opinions of the operators with associated camps adjacent to the building or proposed building for the consideration of the CEO prior to the CEO giving or withholding approval; and
 - (c) obtain the written approval of the CEO.
- (2) Approval under subregulation (1) is subject to such conditions that the CEO considers are necessary in the particular case.
- (3) For the purposes of subregulation (1), the requisite opinions must be obtained after each relevant operator, referred to in subregulation (1)(b), is informed of (as a minimum) the proposed common access areas, pathways, drains, power plants and other like infrastructure.
- (4) For the purposes of this regulation a major change is any modification or alteration to a building which increases or modifies the floor space or height of that building.
- (5) A new camp or a camp being set up through the transfer of camp facilities under regulation 77 made up of more than —
 - (a) 3 living dwellings;
 - (b) one store shed;
 - (c) one ablution block;
 - (d) the approved number of generator sheds for that camp;or
 - (e) the approved number of jetties for that camp,(not including on-jetty storage facilities) will not be approved.
- (6) A building which is, or is being, constructed without complying with this regulation is an unauthorised structure for the purposes of Division 5, unless the CEO exempts the building, in writing, from compliance with the specific building provisions with which it does not comply.
- (7) A person must comply with the approval of the CEO obtained under subregulation (1).

Penalty: Not less than \$500 or more than \$2 000.

6 Jul 2007 p. 3389.]*

Division 4 — Power and maintenance

[82, 83. Repealed in Gazette 23 May 2006 p. 1860.]

84. Water tank maintenance

Where the water supply to any premises which is intended for human consumption is drawn, or partly drawn, from a water tank, the occupier of the premises must —

- (a) maintain the roof forming the catchment for the tank, together with the spouting and downpipes appurtenant to the roof in a clean and functional state;
- (b) at least once a year, during the months of April and May thoroughly check any water tank, the water from which is used for human consumption for any sludge or detritus buildup, and, where necessary, clean the tank;
- (c) ensure that every water tank on the premises containing water for human consumption is fitted with a tight fitting, light-proof, water-proof and secure cover; and
- (d) when ordered to do so by a fisheries officer, empty, cleanse and disinfect any water tank on the premises.

Penalty: \$500.

85. Generators

- (1) A person must, before installing a generator —
 - (a) obtain the opinion in writing of the majority of operators likely to be affected by the noise emitted by that generator for the consideration of the CEO prior to the CEO giving or withholding approval; and
 - (b) obtain the written approval of the CEO.

Penalty: \$500.

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 5 Unauthorised structures and termination of tenancy

r. 86

- (2) Subject to regulation 86, a person who installs a generator must ensure that the generator is sound-proofed and silenced to ensure that noise emissions do not exceed those set out in regulation 104.

Penalty: \$500.

[Regulation 85 amended in Gazette 6 Jul 2007 p. 3389.]

86. Machinery noise

- (1) Where undue noise is being emitted by any machinery, a fisheries officer may, in writing, order the owner of, or person in charge of, the machinery to undertake work to ensure that the machinery noise level is reduced so that noise emissions do not exceed those set out in regulation 104.
- (2) A person to whom an order is given under subregulation (1) must comply with that order within the time specified in that order.

Penalty: \$500.

Division 5 — Unauthorised structures and termination of tenancy

87. Terms used in this Division

In this Division —

structure means any building, jetty, mooring, power plant, or any other like facility;

unauthorised structure means a structure that —

- (a) has been erected without approval, abandoned, or is unsafe or is not secure, or in respect of which an order under regulation 74(5) has not been complied with within the time specified in the order, or does not conform with this Division, or becomes an unauthorised structure as a result of the operation of regulation 78 or 81(6); and

- (b) has not been claimed by the Crown for its use or for specific community purpose use.

88. Notice by CEO

- (1) The CEO may, by written notice served in accordance with regulation 89 and identifying the unauthorised structure to which it relates, direct a person in occupation or control of an unauthorised structure to remove it, together with its contents.
- (2) A copy of the notice referred to in subregulation (1) must be affixed (where practicable) to the unauthorised structure, and must be published —
 - (a) in the *Gazette*; and
 - (b) in one or more newspapers circulating daily in Geraldton and the Mid-West area.

[Regulation 88 amended in Gazette 6 Jul 2007 p. 3389.]

89. Service of notice

- (1) A notice under regulation 88(1) may be served on the owner of, the occupier of or the person in control of, an unauthorised structure (or all of them, as the case may be) —
 - (a) in person; or
 - (b) by post,

in accordance with sections 75 and 76 of the *Interpretation Act 1984*.

- (2) Despite subregulation (1), where the owner, occupier or person in control of an unauthorised structure is unknown, or known to be absent from the State, the notice may be served by using the procedure in regulation 88(2), and, when the person to whom it is to be addressed is unknown, the notice may be addressed to “the person in or in control of” the unauthorised structure (identifying it) to which the notice refers, without further name or description.

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 5 Unauthorised structures and termination of tenancy

r. 90

- (3) If more than one person is in apparent occupation or control of an unauthorised structure, it is sufficient to serve the notice on one of them and address it to that one with the addition of the words “and others” or “and another” as the case requires.
- (4) Non-service on the person in apparent control of the unauthorised structure does not affect the validity of service on the person in apparent occupation of the unauthorised structure, and non-service on the person in apparent occupation of the unauthorised structure does not affect the validity of service on the person in apparent control of the unauthorised structure.

90. Non-compliance with notice

Where a person fails to comply with a notice under regulation 88 within a period of 2 months from the time of service, and the CEO is satisfied —

- (a) that the structure is an unauthorised structure;
- (b) that the notice has been properly served; and
- (c) that the person has not complied with the notice within the period,

the CEO may, in writing —

- (d) authorise a fisheries officer to arrange for the removal of the unauthorised structure and its contents;
- (e) authorise the destruction or sale of the unauthorised structure, or part of that structure, or its contents, or both the structure and its contents;
- (f) authorise the sale of the unauthorised structure or its contents or both on condition that it or they are removed upon sale;
- (g) authorise the recovery of costs, incurred in the removal, destruction or sale of the unauthorised structure, from the owner, occupier or person in control of that structure; or

- (h) where the unauthorised structure or its contents are offered for sale under paragraph (e) or (f) and —
- (i) have not been sold; or
 - (ii) do not raise a sufficient amount at sale to defray the cost of removal, destruction or sale of that unauthorised structure or its contents,
- authorise the recovery of costs, or of the unsatisfied balance of the costs, from the person, or occupier, in control of the unauthorised structure or the owner, or both.

[Regulation 90 amended in Gazette 6 Jul 2007 p. 3389.]

91. Site of unauthorised structure to be cleared completely

A person who is directed to remove an unauthorised structure under regulation 88(1) must clear the site of residual materials and rubbish.

Penalty: \$2 000.

Division 6 — Share arrangements and dispute procedure

92. Documentation of share arrangement

- (1) Where it is agreed between 2 or more parties to share camp facilities, jetties, moorings, power outlets or lighting plants, the parties to that agreement must sign a written agreement in the approved form, together with illustrative diagrams relating to that agreement (if appropriate).
- (2) A written agreement under subregulation (1) is not valid unless a copy of the signed, written agreement is filed with the Department.
- (3) A written agreement cannot be amended without the written approval of the CEO.

[Regulation 92 amended in Gazette 6 Jul 2007 p. 3389.]

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 6 Share arrangements and dispute procedure

r. 93

93. Dispute over use of shared buildings, facilities etc.

- (1) If a dispute arises which relates to the use of a building, structure or facility in the reserve, and which is the subject of a share arrangement, the following procedure may be used to resolve the dispute —
 - (a) a party to the dispute may write to the Minister advising of the existence of the dispute and may seek invocation of the dispute procedure set out in this Division; and
 - (b) where the Minister is of the opinion that it is justified, the Minister may invoke this dispute procedure and appoint an independent arbitrator to deal with the dispute.
- (2) The CEO may appoint an independent arbitrator to deal with disputes that have been running for longer than 6 months without signs of resolution.

[Regulation 93 amended in Gazette 6 Jul 2007 p. 3389-90.]

94. Duties of independent arbitrator

- (1) An independent arbitrator must —
 - (a) write to the parties known to be involved in the dispute seeking, from each of them, a written statement of the grounds of the dispute; and
 - (b) upon receipt of the grounds requested in paragraph (a), or after a reasonable time if either or both do not reply, inform each party of the known grounds of dispute.
- (2) After obtaining advice, if required, from the CEO or other relevant person, and allowing sufficient time to enable each party to put their side of the dispute, and following due consideration, the independent arbitrator must make a determination.

[Regulation 94 amended in Gazette 6 Jul 2007 p. 3389-90.]

95. Determination to be referred to Minister

- (1) A determination under regulation 94(2) must be referred by the independent arbitrator to the Minister who may decide to accept or reject the determination, and who must inform the parties of the decision.
- (2) The decision of the Minister is binding upon the parties.

Division 7 — Disposal of waste

96. General prohibition of waste disposal

- (1) A person must not dump or dispose of any waste, other than in accordance with this Division.
Penalty: \$2 000.
- (2) A person who contravenes subregulation (1) is liable for any cost incurred if the waste is removed at the request of the CEO, in addition to the penalty specified for contravention of that subregulation.

[Regulation 96 amended in Gazette 6 Jul 2007 p. 3389-90.]

97. Food waste

- (1) A person must dispose of food waste —
 - (a) by dumping that waste at sea; or
 - (b) by incinerating the waste in an incinerator.
- (2) Where any unburnt residue remains after incineration of waste under subregulation (1), the person incinerating the waste must ensure that the residue is returned to the mainland for disposal, or disposed of at an approved dumping site.
Penalty: \$1 000.

98. Paper, plastic, cardboard, bait bags etc.

- (1) A person must not dispose of paper, plastic, cardboard, bait bags, or other combustible materials by dumping them at sea.
Penalty: \$1 000.

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 7 Disposal of waste

r. 99

- (2) A person must dispose of paper, plastic, cardboard, bait bags and other combustible items of a like nature —
 - (a) by returning these items to the mainland for recycling or disposal; or
 - (b) by incinerating these items in an incinerator.
- (3) Where any unburnt residue remains after incineration under subregulation (2), the person incinerating the items must ensure that the residue is disposed of by —
 - (a) returning it to the mainland for disposal; or
 - (b) by bagging, or otherwise containing, it in non-hazardous natural and non-combustible material and dumping it at an approved refuse dumping site.

Penalty: \$1 000.

99. Non-hazardous and non-combustible waste

- (1) A person may dispose of non-hazardous and non-combustible materials, including cray-pots, water tanks, household and building materials —
 - (a) by returning those materials to the mainland for recycling or disposal; or
 - (b) by dumping those materials at an approved refuse dumping site.
- (2) A person who disposes of the material referred to in subregulation (1) by dumping them in an area other than the mainland or an approved refuse disposal site commits an offence.

Penalty: \$1 000.

100. Hazardous waste including oil, fuel, filters, batteries etc.

A person must not dispose of any oil, fuel, engine filter or battery other than by returning it to the mainland.

Penalty: \$2 000.

101. Campsite waste

- (1) The operator must provide an associated camp with fly-proof and vermin-proof waste receptacles which may be used for the disposal of putrescible material.
- (2) An operator who establishes, or is in control of an associated camp is responsible for keeping that camp, and any associated jetty or foreshore areas, free from waste.
- (3) A fisheries officer may, in writing, order the operator of a camp to remove waste from any part of a camp or adjacent foreshore areas.
- (4) An operator who does not comply with an order under subregulation (3) commits an offence and in addition to any penalty to which that operator is liable, will be liable for any cost incurred if the waste is removed at the request of the CEO.
Penalty: \$500, and a daily penalty of \$50.

[Regulation 101 amended in Gazette 6 Jul 2007 p. 3389-90.]

102. Sewage

A person must not dispose of sewage in any manner other than —

- (a) where practicable, by use of a saltwater flushing outfall pipe feeding directly into the sea;
- (b) through a septic tank disposal system; or
- (c) by use of an approved sewage disposal system at an approved site.

Penalty: \$500.

103. Incinerators

- (1) An incinerator for the disposal of waste —
 - (a) must be constructed in a manner which allows combustion to occur in an efficient manner;

Fish Resources Management Regulations 1995

Part 9 Abrolhos Islands reserve

Division 8 Miscellaneous

r. 104

- (b) if constructed wholly or partly of mesh, must be made using a mesh of not more than 50 millimetres; and
 - (c) must be sited —
 - (i) in an area approved in writing by a fisheries officer; and
 - (ii) so that correct use does not cause smoke to become a nuisance.
- (2) An operator who uses an incinerator must ensure —
- (a) that the incinerator is cleaned after use to avoid leaving unburnt residues to remain or smoulder; and

118. Grant of fishing boat licence

- (1) If a person applies to the CEO for the grant of a fishing boat licence authorising a person to use a boat for commercial fishing and the CEO is satisfied that —
- (a) the person is a fit and proper person to hold the licence;
 - (b) it is in the better interests of the fishing industry to grant the licence;
 - (c) a Certificate of Survey has been issued in respect of that boat in accordance with the *W.A. Marine (Surveys and Certificates of Survey) Regulations 1983*; and

- (d) the boat does not have the same name as any other licensed fishing boat,

the CEO may grant to the person a fishing boat licence.

- (2) Nothing in subregulation (1) prevents the CEO from granting another fishing boat licence to a person who held a fishing boat licence which was cancelled under section 143, 223 or 224 of the Act.
- (3) A fishing boat licence is to specify a distinguishing letter and number (licensed fishing boat number) allocated in respect of the boat.

[Regulation 118 amended in Gazette 6 Jul 2007 p. 3389.]

118A. Authority conferred by fishing boat licence of no effect if managed fishery licence authorises use of same boat

- (1) At any time when a managed fishery licence —
- (a) has been granted in respect of the West Coast Rock Lobster Managed Fishery declared under the *West Coast Rock Lobster Management Plan 1993*;
 - (b) authorises the use in that fishery of the same boat in respect of which a fishing boat licence is in force; and
 - (c) confers a current entitlement, or a usual entitlement, of less than 63 units,

the authority conferred by the fishing boat licence referred to in paragraph (b) is of no effect.

- (2) In subregulation (1) —

current entitlement means the entitlement conferred by a managed fishery licence as —

- (a) increased by any entitlement transferred to the licence under section 141 of the Act; or
- (b) decreased by any entitlement transferred from the licence under section 141 of the Act;

119. Carrier boat licence

- (1) In this regulation and regulation 120 —
carrier boat means a boat used or intended to be used for transporting fish for commercial purposes that have been taken with the use of another boat but does not include a tender dinghy to a licensed fishing boat which —
 - (a) does not exceed 6 metres in length; and
 - (b) is used for carrying fish taken by that boat.
- (2) The person having the day to day control of a carrier boat must ensure that a current carrier boat licence is in force in respect of the boat.
Penalty: \$10 000.
- (3) The holder of a carrier boat licence must ensure that there is legibly painted on both sides of the hull at the turn of the bow of the boat in respect of which the licence is in force, the letters “L.C.B.” followed by the licensed carrier boat number of the boat.
Penalty: \$1 000.
- (4) The letters and figures to be painted under subregulation (3) are to be painted in black on a yellow background and are to be not less than 300 millimetres in height and not less than 50 millimetres in width.
- (5) Where a boat is licensed under both this regulation and regulation 117, subregulation (3) need not be complied with.

- (6) A person must not —
- (a) use a boat bearing a licensed carrier boat number, or a number which purports to be such a number; or
 - (b) permit or suffer a person to use a boat bearing a licensed carrier boat number, or a number which purports to be such a number,

unless a current carrier boat licence is in force in respect of that boat and the number painted on the boat is the number allocated in respect of the boat.

Penalty: \$5 000.

124A. Recreational fishing licence receipt may have effect as if it was a recreational fishing licence

- (1) In this regulation —
recreational fishing licence receipt means a receipt issued by the CEO to a person who has applied for the grant, or renewal, of a recreational fishing licence.
- (2) A recreational fishing licence receipt issued to an applicant has effect as if it was a recreational fishing licence granted under regulation 124 to the person until —
- (a) the CEO gives notice to the applicant of the outcome of the application; or
 - (b) the expiration of one month after the date on which the receipt was issued,
- whichever occurs first.
- (3) Despite subregulation (2), a recreational fishing licence receipt does not have effect as if it was a recreational fishing licence if the applicant to whom it was issued —
- (a) was the holder of a recreational fishing licence which was cancelled, or not renewed by the CEO;
 - (b) has been convicted of an offence against the Act;
 - (c) is not in possession of the receipt when engaging in an activity specified in the receipt; or
 - (d) is the holder of a commercial fishing licence and the recreational fishing licence receipt specifies that the applicant may engage in any activities other than those set out in items 2 and 4 of the Table to regulation 124.
- (4) A recreational fishing licence receipt is to be in a form approved by the CEO and is to specify —

- (a) the same matters that are to be specified in respect of a recreational fishing licence under regulation 124(2)(a) and (b); and
- (b) the date on which the receipt was issued.

159. Prescribed offences under section 228(1)

An offence against a provision set out in column 1 of Schedule 12 is a prescribed offence under section 228(1) of the Act.

160. Form of infringement notice

An infringement notice under section 229(1) of the Act is to be in the form of Form 3.

161. Form of notice of withdrawal of infringement notice

A notice to be served under section 231(1) of the Act is to be in the form of Form 4.

162. Modified penalties

The modified penalty set out in column 2 of Schedule 12 opposite an offence referred to in column 1 is the prescribed modified penalty for that offence for the purposes of section 229(2) of the Act.

Part 16 — Financial provisions

163. Times for special purpose audits

The times for a special purpose audit to be carried out under section 240(6)(b) of the Act are within 2 months after the end of any financial year in which —

- (a) any money was paid to the industry body under section 240(5) of the Act; or
- (b) any moneys paid to the industry body under section 240(5) of the Act were expended by the body.

Part 17 — Miscellaneous

Division 1 — Guidelines

164. Publication of guidelines

- (1) The CEO is to publish guidelines under section 246 or 247 of the Act by publishing notice in the *Gazette* or in a newspaper circulating daily in the State that the guidelines have been issued, amended or revoked and published by the Department and that copies are available to the public free of charge at the offices of the Department.
- (2) The CEO is to make copies of published guidelines available to the public free of charge at the offices of the Department.

[Regulation 164 amended in Gazette 6 Jul 2007 p. 3389.]

165. Form of notice given by appointed person

A notice under section 249(3)(a) of the Act is to be in the form of Form 5.

Division 2 — Exclusive licences

166. Exclusive licences

- (1) An application for the grant or renewal of an exclusive licence must be —
 - (a) made to the Minister in a form approved for that purpose by the CEO;
 - (b) accompanied by the fee set out in item 14 of Part 2 of Schedule 1; and
 - (c) accompanied by any information that the Minister reasonably requires for a proper consideration of the application.

- (2) An applicant must provide the Minister with any further information that the Minister by notice in writing requires the applicant to provide in respect of an application.
- (3) An applicant must, if required to do so by the Minister, verify by statutory declaration any information contained in, or given in connection with, an application.
- (4) The Minister may refuse to consider an application if the application does not conform to a provision of this regulation or if the applicant has failed to comply with a provision of this regulation.

[Regulation 166 amended in Gazette 6 Jul 2007 p. 3389.]

167. Effect of exclusive licences

- (1) An exclusive licence is granted and has effect subject to the Act and does not authorise the doing of anything in contravention of the Act.
- (2) The authority conferred by an exclusive licence is of no effect at any time when any of its conditions are being contravened.

168. Form of exclusive licences

An exclusive licence is to be in a form approved by the CEO.

[Regulation 168 amended in Gazette 6 Jul 2007 p. 3389-90.]

169. Renewal after expiry

Section 139 of the Act applies in respect of the renewal of an exclusive licence as if that licence were an authorisation referred to in that section, except that the application is to be made to the Minister.

170. Some draft exclusive licences to go before Parliament

An exclusive licence is not to be granted in respect of an area that has a foreshore with a length greater than 120 kilometres

until 14 sitting days after a draft of the licence has been laid before each House of Parliament.

171. Conditions of exclusive licences

Subject to any terms or conditions to which an exclusive licence is subject under section 251(3) of the Act, every exclusive licence is subject to the following conditions —

- (a) that the fees or royalties (if any) that the licence holder is required to pay in relation to the licence are paid at the head office of the Department in Perth in the manner provided in the licence;
- (b) that if —
 - (i) any fees or royalties that the licence holder is required to pay in relation to the licence remain unpaid for 21 days after they become due;
 - (ii) the licence holder fails to comply with any of these conditions or with any other terms or conditions relating to the licence to which the licence holder is subject; or
 - (iii) the Minister considers that it is in the public interest to do so,

the Minister may revoke the licence and, on the licence being revoked, all the interest of the licence holder, or any person claiming under the licence holder, in the licence terminates.

172. Only authorised persons to fish in areas the subject of exclusive licences

- (1) Subject to subregulation (2), a person must not engage in fishing in an area that is the subject of an exclusive licence unless the person is authorised by the licence to do so.

Penalty: \$3 000.

- (2) Subregulation (1) does not apply to a person who takes fish for the purpose of personal consumption.

Division 3 — Prohibition of activities that pollute waters

173. Form of notices that prohibit activities that pollute waters

A notice to be given by the Minister under section 255(1) of the Act is to be in the form of Form 6.

174. Form of notices that vary or revoke a notice under regulation 173

A notice to be given by the Minister under section 255(2)(c) of the Act is to be in the form of Form 7.

[175. *Repealed in Gazette 30 Dec 2004 p. 6965.*]

Division 4 — General

176. Control of fish not endemic

- (1) A person must not bring into the State, or a particular area of the State, a live fish of a species not endemic to the State, or that area of the State, other than in accordance with —
- (a) the written approval of the CEO;
 - (b) the written authority of the CEO under subregulation (2); or
 - (c) an aquaculture licence.
- (2) An application for an authority under subregulation (1)(b) —
- (a) is to be made to the CEO in a form approved for that purpose by the CEO; and
 - (b) is to be accompanied by the fee set out in item 16 of Part 2 of Schedule 1.

- (3) An approval or authority under subregulation (1) is subject to any conditions specified in the approval or authority by the CEO.
- (4) The CEO may vary or cancel a condition specified in an approval or authority under subregulation (1) by notice in writing given to the holder of the approval or authority.
- (5) The CEO may vary or cancel an approval or authority under subregulation (1) at any time by notice in writing given to the holder of the approval or authority.
- (6) A person must not contravene an approval or authority issued under subregulation (1).
- (7) A person who is in possession of a fish of any species of fish not endemic to the State, or the area of the State where the person is in possession of the fish, must destroy the fish if the fish is found to be infected with any disease, unless otherwise approved in writing by the CEO.
- (8) The species of fish listed in Schedule 10 are to be taken to be not endemic to the State for the purposes of the Act, but Schedule 10 is not a conclusive list of species of fish which are not endemic to the State for the purposes of the Act.
Penalty: \$10 000.

[Regulation 176 amended in Gazette 6 Jul 2007 p. 3389-90.]

177. Disease control

- (1) A fisheries officer who has reasonable grounds to suspect that any fish at a place where fish processing or aquaculture is being carried on are diseased may, by notice in writing given to the holder of the relevant licence, require that person to carry out the treatment specified in the notice within the time specified in the notice.

- (2) A fisheries officer who has reasonable grounds to suspect that fish at a place where aquaculture is being carried on are affected by —
- (a) a disease specified in Schedule 1 of the *Enzootic Diseases Regulations 1970*;
 - (b) any disease which cannot be effectively treated at the place where the fish are; or
 - (c) a disease of such a nature that the officer's urgent action is required to prevent the spread of the disease,
- may take, or require the holder of the relevant licence to take, such action as the officer thinks fit to destroy the fish affected and to eradicate the disease from the place.
- (3) Any costs incurred as a result of action taken by a fisheries officer under subsection (2) may be recovered by the CEO from the holder of the licence as a debt due.
- (4) The CEO may, by notice in writing given to the holder of an aquaculture licence, require that person to carry out such action as is specified in the notice for the prevention of any disease in fish at the place where aquaculture is carried out under the licence within the time specified in the notice.
- (5) A person must —
- (a) comply with a notice given to the person under subregulation (1);
 - (b) carry out any action required by a fisheries officer to be carried out by that person under subregulation (2); and
 - (c) comply with a notice given by the CEO under subregulation (4).

Penalty: \$10 000.

Schedule 8

[reg. 151]

Determination of characteristics of fish

Part 1 — Length

Column 1 Name of fish	Column 2 Method of determining length
1. Cobbler (Estuary Catfish) and Freshwater Cobbler	By measuring in a direct line — (a) for partial length, from the base of the anterior edge of the caudo dorsal fin to the tip of the tail; and (b) for total length, from the point of the snout, excluding the barbels, to the tip of the tail.
2. Crab, Champagne Crab, Giant	By measuring from the inside of the frontal groove midway between the eyes on the anterior margin of the carapace along the mid ventral line of the carapace to the posterior margin where it joins the abdomen.
2a. Crab, Crystal	By measuring across the carapace at the widest point.
2b. Crab, any other	By measuring from tip to tip of the posterior carapace spikes.
3. Garfish	By measuring from the tip of the upper jaw to the tip of the upper half of the tail.
4. Marron	By measuring from the tip of the rostrum to the posterior margin of the carapace along the mid-dorsal line.
5. Prawn	By measuring along the body from the eye to the tip of the tail.
6. Southern Rock Lobster	By measuring from the anterior surface of the median suture of the frontal tubercle to the mid point of the posterior edge of the dorsal region of the carapace.
7. Western and Tropical Rock Lobster	By measuring along the mid-dorsal line from the anterior edge of the pronounced ridge which joins the front edges of the rostral horns (immediately posterior to the eye stalks) to the posterior margin of the carapace.
8. Abalone	By measuring the shell from edge to edge across the longest diameter.
9. Trochus	By measuring the base from edge to edge across the longest diameter.
10. Any other fish	By measuring from the point of the snout to the tip of the tail.

Schedule 8 Determination of characteristics of fish

Part 2 Method of determining the volume of fish

Part 2 — Method of determining the volume of fish

The volume of space which is filled by whole, undamaged fish without compressing those fish.

Part 3 — Method of determining the length of fish trunks and fillets

[Heading inserted in Gazette 4 Nov 2005 p. 5317.]

A fish trunk or fillet is to be measured —

- (a) when the fish is lying flat;
- (b) without being held;
- (c) lengthwise along the longest part of the fish to which both the skin and the flesh of the fish extends; and
- (d) in the case of a fillet, the measurement is not to include any part of the head or tail of the fish still attached.

Fish Resources Management Regulations 1995

Schedule 13 Specifications for rock lobster pots

Part 1 Waters north of 21° 44' south latitude

cl. 1

Schedule 13

[reg. 38]

Specifications for rock lobster pots

Part 1 — Waters north of 21° 44' south latitude

1. Entrance or neck of pot

Every rock lobster pot must —

- (a) have only one entrance or neck; and
- (b) not contain any device capable of restricting the egress of fish.

Part 2 — Waters between 21° 44' south latitude and 34° 24' south latitude (excluding some waters off the South Coast)

2. Entrance or neck of pot

- (1) A rock lobster pot is to have only one entrance or neck which is to be positioned on the upper surface of the pot with the entrance or neck parallel to the base of the pot and is to be constructed wholly of a rigid material and with an opening throughout of not less than —

- (a) where the entrance or neck is circular, 160 millimetres diameter; or
- (b) where the entrance or neck is rectangular, 160 millimetres by 160 millimetres,

and must not contain any device capable of restricting the egress of fish.

- (2) A rock lobster pot does not fail to comply with the specification set out in this clause by reason only that it is constructed with, or has fitted to it, a sea lion exclusion device (as defined in regulation 38).

[Clause 2 amended in Gazette 10 Nov 2006 p. 4710.]

3. Beehive pots

- (1) This clause applies to beehive rock lobster pots.
- (2) Every beehive rock lobster pot —
 - (a) is to have inserted in it a device or devices to create 3 escape gaps that are as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table); and
 - [(b) deleted]*
 - (c) is not to have any obstruction positioned so as to restrict the movement of rock lobsters through the escape gaps or to reduce the internal measurement of the escape gaps, other than in the case of a pot constructed of cane or sticks, where one wire may pass vertically across each escape gap.
- (3) The escape gaps in a beehive rock lobster pot are to be —
 - (a) positioned on the side of the pot so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are not more than 110 millimetres from the base of the pot and are to be positioned in accordance with Diagram 2(a) in the Table;
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points; and
 - (c) of —
 - (i) steel flat-bar and constructed to the specifications set out in clause 4(7)(a); or
 - (ii) pressed steel or aluminium and constructed to the specifications set out in clause 4(7)(d).
- (4) A beehive rock lobster pot that is constructed using stick or cane or both stick and cane, unless approved by the CEO, is not to exceed, when measured externally —
 - (a) 975 millimetres in diameter; and
 - (b) 470 millimetres in height.

Fish Resources Management Regulations 1995

Part 2 Waters between 21° 44' south latitude and 34° 24' south latitude (excluding some waters off the South Coast)

cl. 4

- (5) In determining the external dimensions under subclause (4) the measuring points are those specified in Diagram 10 in the Table.
- (6) A beehive rock lobster pot that is constructed using a material other than stick or cane, is not to exceed, when measured internally —
 - (a) 925 millimetres in diameter; and
 - (b) 420 millimetres in height.
- (7) In determining the internal dimensions under subclause (6) the measuring points are those specified in Diagram 11 in the Table.

[Clause 3 amended in Gazette 29 Nov 2002 p. 5656; 6 Jul 2007 p. 3389-90.]

4. Batten pots

- (1) This clause applies to batten rock lobster pots.
- (2) Subject to this clause, every batten rock lobster pot is to have inserted in it a device or devices to create a minimum of 3 escape gaps that are as nearly as practicable rectangular in shape, and when measured internally each measures not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) Where —
 - (a) escape gaps are fitted to 3 sides of the rock lobster pot in accordance with this clause, the combined length of those gaps is to be not less than 915 millimetres, unless otherwise permitted under this clause; or
 - (b) escape gaps are fitted to only 2 sides of the rock lobster pot the combined length of those gaps is to be not less than 1220 millimetres, except as otherwise permitted under this clause.
- (4) Where —
 - (a) 3 escape gaps are fitted, those gaps are to be positioned one on each side of the rock lobster pot, other than the base of the pot, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points and are to be positioned in accordance with Diagram 3 in the Table; or

-
- (b) 3 escape gaps are fitted, and the length of the rock lobster pot does not exceed 770 millimetres, those gaps are to be positioned one on each side of the pot, other than the base of the pot, and one at the end of the pot opposite the hauling rope attachment point or points.
- (5) Where —
- (a) 4 or more escape gaps are fitted, those gaps are to be positioned 2 on each side, other than the base of the pot or the end of the pot to which the hauling rope is attached, and the length of one of the gaps fitted to each side of the pot may be less than 305 millimetres provided that —
- (i) the combined length of the 2 escape gaps on each side of the pot is not less than 610 millimetres; and
- (ii) the smallest gap on each side of the pot is not less than 200 millimetres;
- or
- (b) 4 or more escape gaps are fitted and 2 of those gaps are positioned across the entire width of the end of the rock lobster pot opposite the hauling rope attachment point or points, then the combined length of those gaps may be less than 610 millimetres provided that —
- (i) the centre support of the end of the pot to which the escape gap is attached does not exceed 50 millimetres in width; and
- (ii) the smallest gap is not less than 250 millimetres.
- (6) When fitted to the rock lobster pot, the longer sides of the escape gaps are to be generally parallel to the base of the pot and the lower internal edges of the escape gaps are to be not more than 110 millimetres from the base of the pot.
- (7) Escape gaps are to be of —
- (a) steel flat-bar with a width of not less than 20 millimetres and a thickness of not less than 3 millimetres and not more than 6 millimetres and are to be constructed in accordance with Diagram 4 in the Table;

Fish Resources Management Regulations 1995

Schedule 13 Specifications for rock lobster pots

Part 2 Waters between 21° 44' south latitude and 34° 24' south latitude (excluding some waters off the South Coast)

cl. 4

- (b) aluminium with a width of not less than 20 millimetres and a thickness of not less than 4 millimetres and not more than 6 millimetres and are to be constructed in accordance with Diagram 5 in the Table;
 - (c) fibreglass with a thickness of not less than 3 millimetres and not more than 6 millimetres with reinforcing on the lip of the gap with a thickness of not less than 5 millimetres and not more than 8 millimetres and the widest measurement of the lip of the gap is not to exceed 12 millimetres and are to be constructed in accordance with Diagram 6 in the Table; or
 - (d) pressed steel or aluminium with a width of not less than 20 millimetres and a thickness of not less than 2 millimetres and not more than 3 millimetres, when incorporating an internal pressed lip of a depth not less than 6 millimetres or more than 10 millimetres and are to be constructed in accordance with Diagram 7 in the Table.
- (8) The material to which an escape gap is attached in the horizontal plane is not to be —
- (a) constructed of a material thicker than 13 millimetres;
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap; or
 - (c) provided that the escape gap is attached internally to the framework running horizontally along the bottom of the pot and the bottom internal edge of the escape gap is not within 10 millimetres of the attachment material, then the material to which the gap is attached may be greater than 13 millimetres but not more than 25 millimetres in thickness.
- (9) A batten rock lobster pot, unless otherwise approved by the CEO, is not to exceed, when measured internally —
- (a) 915 millimetres in length;
 - (b) 420 millimetres in height;
 - (c) 800 millimetres base width; or
 - (d) 540 millimetres top width,

except that where the height of the pot is less than 420 millimetres, the top width of the pot may be increased by 5 millimetres for every 10 millimetres by which the height is reduced.

- (10) When determining the internal dimensions of a batten pot, the measuring points are those specified in Diagram 9 in the Table and if the end frames have been modified by cutting the corners of the frame to the pot or modified in some other way, the measuring points are to be projected points as if the end and side frames were not cut or modified and were in accordance with those of Diagram 9.

[Clause 4 amended in Gazette 6 Jul 2007 p. 3389-90.]

5. Plastic pots

- (1) This clause applies to plastic rock lobster pots that are not beehive pots.
- (2) A plastic rock lobster pot is to have inserted in it a device or devices that creates 3 escape gaps that are as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) The escape gaps are to be positioned —
- (a) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points; and
 - (b) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot as specified in Diagram 8 in the Table.
- (4) Escape gaps are to be constructed —
- (a) of the materials and to the specifications set out in clause 4(7); or
 - (b) of plastic with a thickness of not less than 3 millimetres and not more than 6 millimetres.
- (5) The material to which the escape gaps is attached in the horizontal plane is not to be —
- (a) constructed of material thicker than 13 millimetres; or

cl. 6

- (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.
- (6) A plastic rock lobster pot formed by an injection moulding process is not to exceed, when measured internally —
 - (a) 782 millimetres in length;
 - (b) 565 millimetres in width; or
 - (c) 470 millimetres in height.

[Clause 5 amended in Gazette 29 Nov 2002 p. 5656.]

6. Other pots

- (1) This clause applies to all rock lobster pots, other than beehive pots, batten pots or plastic pots.
- (2) A rock lobster pot is to have inserted in it a device or devices to create 3 escape gaps that are as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table).
- (3) The escape gaps are to be positioned —
 - (a) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points; and
 - (b) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot.
- (4) Escape gaps are to be constructed of the materials and to the specifications set out in clause 4(7).
- (5) The material to which the escape gaps are attached in the horizontal plane is not to be —
 - (a) constructed of material thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gaps.

7. Specifications applicable to all pots

- (1) This clause applies to all rock lobster pots.
- (2) A rock lobster pot is not to have any form of chamber or partition in the pot which is capable of containing rock lobster other than that formed by the external frame of the pot.
- (3) A rock lobster pot is not to have an internal volume, including that of any object enclosed in a pot such as a bait basket and neck and ballast in the frame of the pot, which is greater than 0.257 cubic metres.
- (4) An escape gap is not to have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurements of the escape gap, except as provided in clause 3(2)(c).

Part 3 — All other waters

8. Entrance or neck of pot

Unless otherwise approved by the CEO, a rock lobster pot is to have only one entrance or neck which is to be positioned on the upper surface of the pot with the entrance or neck parallel to the base of the pot and is to be constructed wholly of a rigid material and must not contain any device capable of restricting the egress of fish.

[Clause 8 amended in Gazette 6 Jul 2007 p. 3389-90.]

9. Beehive pots

- (1) This clause applies to beehive rock lobster pots.
- (2) Every beehive rock lobster pot —
 - (a) is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally is not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table); and
 - (b) is not to have any obstruction positioned so as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurement of the escape gap, other than

in the case of a pot constructed of cane or sticks, where one wire may pass vertically across the escape gap.

- (3) The escape gap in a beehive rock lobster pot is to be —
- (a) positioned on the side of the pot so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is not more than 110 millimetres from the base of the pot and is to be positioned in accordance with Diagram 2(b) in the Table;
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points; and
 - (c) of —
 - (i) steel flat-bar and constructed to the specifications set out in clause 4(7)(a); or
 - (ii) pressed steel or aluminium and constructed to the specifications set out in clause 4(7)(d).

10. Batten pots

- (1) This clause applies to batten rock lobster pots.
- (2) Subject to this clause, every batten rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape, and when measured internally, is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) The escape gap in a batten rock lobster pot is to be —
- (a) positioned on a side of the pot, other than the base, in the rear half of the pot or at the end opposite the hauling rope attachment point or points and is to be positioned in accordance with Diagram 3 in the Table; and
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points.
- (4) When fitted to the rock lobster pot, the longer sides of the escape gap are to be generally parallel to the base of the pot and the lower

internal edge of the escape gap is to be not more than 110 millimetres from the base of the pot.

- (5) An escape gap is to be constructed of the materials and to the specifications set out in clause 4(7).
- (6) The material to which an escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of a material thicker than 13 millimetres;
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap; or
 - (c) provided that the escape gap is attached internally to the framework running horizontally along the bottom of the pot and the bottom internal edge of the escape gap is not within 10 millimetres of the attachment material, then the material to which the gap is attached may be greater than 13 millimetres but not more than 25 millimetres in thickness.

11. Plastic pots

- (1) This clause applies to plastic rock lobster pots.
- (2) A plastic rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) The escape gap in a plastic rock lobster pot is to be positioned —
 - (a) on a side, other than the base, in the rear half of the pot opposite the hauling rope attachment point or points;
 - (b) so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is no more than 110 millimetres from the base of the pot as specified in Diagram 8 in the Table; and
 - (c) at least 150 millimetres away from the attachment point or points of the hauling rope and where there are 2 attachment points, not between those points.
- (4) An escape gap is to be constructed —
 - (a) of the materials and to the specifications set out in clause 4(7); or

- (b) of plastic with a thickness of not less than 3 millimetres and not more than 6 millimetres.
- (5) The material to which an escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of material which is thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.

12. Other pots

- (1) This clause applies to all rock lobster pots, other than beehive pots, batten pots or plastic pots.
- (2) Every rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) An escape gap is to be positioned —
 - (a) on a side, other than the base, in the rear half of the pot or at the end of the pot opposite the hauling rope attachment point or points;
 - (b) so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is no more than 110 millimetres from the base of the pot; and
 - (c) at least 150 millimetres away from the attachment point or points of the hauling rope and where there are 2 attachment points, not between those points.
- (4) An escape gap is to be constructed of the materials and to the specifications set out in clause 4(7).
- (5) The material to which the escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of material which is thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.

13. Specifications applicable to all pots

- (1) This clause applies to all rock lobster pots.
- (2) A rock lobster pot is not to have any form of chamber or partition in the pot which is capable of containing rock lobster other than that formed by the external frame of the pot.
- (3) An escape gap is not to have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurements of the escape gap, except as provided in clause 9(2)(b).
