What you must do

1. You may elect to have this matter heard and determined by a court. To do this, complete the details in **"Electing action by a court"** on the reverse of this notice and return this notice to *[name and address]* within 28 days after the service of this notice.
2. You may, within 28 days after the service of this notice, complete a cannabis education session (see **"Completing a CES"** on the reverse of this notice) however you cannot dispose of this matter by paying the modified penalty.

You may arrange to complete a cannabis education session by contacting the Department of Health "Health Info" booking line between 7.00 a.m. and 7.00 p.m. Monday to Friday on the number below:

"HEALTH INFO" BOOKING LINE — 1300 793 633

If you wish to arrange a cannabis education session, you are strongly advised to do so within 14 days of the issue of this notice in order to ensure that you can undertake the CES within 28 days as required by the Act.

The CES will be booked with an authorised provider and you will be provided with —

- the time, date and venue of the CES; and
- the name and contact telephone number of that authorised provider.

You must ensure that you have a pen and paper to write down these details as no further reminders will be issued.

Any inquiries after the initial booking should be made directly to the authorised provider on the contact telephone number provided.

In extenuating circumstances the authorised provider may reschedule a CES to another date, but this date must be within 28 days of the issue of this notice.

You must take a copy of this notice to the CES.

You must complete the entire CES.

If you arrive at the CES under the influence of alcohol or other drugs you will not be permitted to undertake the session.

Schedule 3 — Warning notice (cannabis smoking paraphernalia)

[r. 7]

Health Warning

Cannabis may cause serious health and psychological problems.

It is particularly dangerous to drive or operate machinery whilst under the influence of cannabis.

Schedule 4 Cannabis education materials (cannabis smoking paraphernalia)

Schedule 4 — Cannabis education materials (cannabis smoking paraphernalia)

[r. 8]

CANNABIS

Cannabis, hashish and hashish oil come from the Cannabis sativa plant. This plant contains the chemical THC, which affects mood.

Appearance

Cannabis — dried greenish-brown leaves or flowers of the plant.

Hashish — brown to black resin.

Hashish oil — reddish brown oil.

How is it used?

Cannabis is most commonly smoked as a joint or through a bong, but is occasionally cooked and eaten in foods.

EFFECTS

The immediate effects of **low** doses of cannabis may include:

- | | |
|-------------------------|------------------------|
| ▼ Loss of concentration | ▼ Increased heart rate |
| ▼ Impaired balance | ▼ Feeling of wellbeing |
| ▼ Slower reflexes | ▼ Loss of inhibitions |
| ▼ Increased appetite | |

The immediate effects of **high** doses of cannabis may include:

- | | |
|---------------------------|------------------|
| ▼ Confusion and anxiety | ▼ Hallucinations |
| ▼ Restlessness | ▼ Paranoia |
| ▼ Detachment from reality | ▼ Panic attacks |

The effects of **frequent** cannabis users can include:

- ▼ **Dependence**, which means:
 - the drug is central to a person's life
 - the user has trouble cutting down his or her use
 - the user experiences symptoms of withdrawal when he/she tries to cut down.
- ▼ **Psychological problems** — anxiety, depression, paranoia and psychosis in those people with a predisposition to mental health problems.
- ▼ **Learning difficulties** — decreased concentration, memory and learning abilities.
- ▼ **Respiratory problems** — increased risk of cancer and respiratory disorders such as asthma, bronchitis and emphysema.

TAKING CARE

It is safer not to use cannabis at all. However, if someone does, remember:

- ▼ Some people have panic attacks when they get "stoned". If this happens, call for help immediately and reassure them it will pass. Because of this, users should not be left alone as they can often find themselves in dangerous situations.
- ▼ Cannabis, like alcohol, slows reflexes, affecting reaction time and ability to carry out normal functions such as driving, swimming and operating machinery.

It is illegal to possess, use, supply or manufacture Cannabis. Serious penalties can apply.
