- is under no duty to ensure that the playslip, coupon, ticket or request is accurately processed or reproduced on the receipted ticket.
- (2) Where a receipted ticket is produced which —
- (a) is not an accurate reproduction of the details on the playslip, coupon or ticket used to generate the ticket; or
 - (b) does not accurately reflect the oral request for an entry,
- the subscriber may return the receipted ticket —
- (c) to the selling point at which it was purchased;
 - (d) on the day on which it was purchased;
 - (e) prior to the close of the day's lotto business for that selling point; and

- (a) that receipted ticket has been returned or surrendered in accordance with rule 9(2) or rule 11; or
 - (ab) is partially invalid because a “consecutive weeks” option is not allowed for some of the draws on the receipted ticket; or
 - (b) that receipted ticket has been found to be invalid, as a result of non-compliance with rule 4(2), during the selling period prior to the relevant Oz lotto draw; or
 - (c) the receipted ticket is forged, altered or obtained as a direct result of fraud by the subscriber or person claiming a prize.
- (2) If the details appearing on the receipted ticket are ambiguous, illegible or appear to be at odds with the information in the central gaming system records, the central gaming system records are taken to be the correct details in relation to that receipted ticket.

[Rule 10 amended in Gazette 6 Jun 2008 p. 2282.]

11. Surrender of receipted ticket

 - (b) on the day on which it was purchased;
 - (c) prior to the close of the day's lotto business for that selling point; and

- (1) Subject to subrule (2), the Commission must produce a receipted ticket where a playslip or a promotional coupon is delivered by mail and completed in accordance with these rules, and accompanied by the correct payment.
- (2) Where payment is tendered by cheque with a playslip or a promotional coupon delivered by mail, the Commission is under no duty to issue the receipted ticket until after that cheque has been cleared.
- (3) Where payment is tendered with a playslip or a promotional coupon delivered by mail and the payment (although sufficient to enter the minimum number of games) is insufficient to enable the requested number of games to be entered, the Commission

may enter the maximum number of games that could be entered using the money tendered, and refund any balance to the subscriber.

- (4) If a playslip is received by the Commission by mail, together with correct payment, and one or more of the games contains too many selected numbers, the Commission may ignore the highest additional number or numbers when producing a receipted ticket from that playslip.
- (5) If a playslip is received by the Commission by mail, together with correct payment, and that playslip is bent or creased to the extent that a computer terminal will not accept or correctly read the playslip, the Commission may produce a receipted ticket that reflects the Commission's determination of the subscribers intentions as shown by the playslip and the subscriber is bound by any such determination.
- (6) If a request for a receipted ticket is received by the Commission by mail, together with correct payment, and a playslip is not enclosed, the Commission may produce a receipted ticket that reflects the request and the subscriber is bound by the Commission's production of that receipted ticket.
- (7) If a playslip is received by the Commission by mail, together with correct payment, and that playslip is specified as being —
 - (a) a single week entry for a numbered Oz Lotto draw; or
 - (b) a multiweek entry commencing with a numbered Oz lotto draw (and the consecutive week option is offered for those weeks),

the Commission must enter the subscriber in that Oz lotto draw, or sequence of draws, unless —

- (c) the selling period for that single numbered Oz lotto draw has passed, in which case the receipted ticket will be issued for the next Oz lotto draw;
- (d) the selling period for that initial numbered Oz lotto draw has passed, in which case the receipted ticket will be

r. 12

issued for a sequence of draws commencing with the next Oz lotto draw.

- (8) A receipted ticket under this rule must be posted by the Commission to the return address accompanying the playslip or promotional coupon using ordinary mail.
- (9) The Commission is not responsible for the security or loss of a receipted ticket after it has been posted.

Subscription [25 games @ \$1.00 each]	=	\$25.00
9% of subscription [.09 x \$25.00]	=	\$2.25
Rounding not required		
Total cost of entry	=	\$27.25

~~**Schedule 2A — Calculating the total cost of entry — Oz lotto draw**~~

~~{r. 3, 5, 6 and 7}~~

The unit cost of entering the Oz lotto draw numbered 905 and subsequent Oz lotto draws is made up of a subscription of \$1.10 cents per game and an agent's component.

The agent's component is calculated as 9% of the total subscription amount for a particular week's entry, rounded* (where necessary) to the nearest 5-cent multiple.

$$((G \times \$1.10) \times .09 \rightarrow \text{rounded}) \times W = T$$

where —

—G = No. of games entered in a draw

—W = No. of weeks the entry spans

—T = Total agent's component cost payable by the subscriber

Examples:

The total cost of entry for a Sliikpik 25 entry for a single Oz lotto draw is calculated as follows —

Subscription [25 games @ \$1.10 each]	=	\$27.50
9% of subscription [.09 x \$27.50]	=	\$2.475
Rounded using "bankers rounding"	=	\$2.50
Total cost of entry	=	\$30.00

The total cost of entry for a System 9 entry for a single Oz lotto draw is calculated as follows —

Subscription [36 games @ \$1.10 each]	=	\$39.60
9% of subscription [.09 x \$39.60]	=	\$3.564
Rounded using "bankers rounding"	=	\$3.55
Total cost of entry	=	\$43.15

The total cost of entry for a 6 game board System 9 entry for a single Oz lotto draw is calculated as follows —

Subscription [6 x 36 games @ \$1.10 each]	=	\$237.60
---	---	----------

9% of subscription [.09 x \$237.60]	=	\$21.384
Rounded using “bankers rounding”	=	\$21.40
Total cost of entry	=	\$259.00

The total cost of entry for a Slikpiik 25 entry spanning 10 weeks of Oz lotto is calculated as follows—

Subscription [25 games @ \$1.10 each]	=	\$27.50
9% of subscription [.09 x \$27.50]	=	\$2.475
Rounded using “bankers rounding”	=	\$2.50
Total cost of entry for 10 weeks	=	\$300.00

* Rounding is calculated using the method known as “bankers rounding” or “round to even” rounding.
