### An Act relating to miner's phthisis.

#### 1. Short title

This Act may be cited as the *Miner's Phthisis Act 1922*, and shall come into operation on a date to be fixed by proclamation<sup>1</sup>.

#### 2. Interpretation

In this Act —

**employer** means any person (including a body corporate) by whom or on whose behalf any other person is employed to work on, in, or about a mine, and the term includes an agent or manager of an employer;

**Mine** and **mining** have the same meaning as in the *Mining Act 1904*<sup>2</sup>;

**Minister** means the Minister for Mines<sup>3</sup>, or other responsible Minister of the Crown charged for the time being with the administration of this Act.

#### 3. Appointment of officers

The Minister may employ such Government medical officers and medical practitioners as he may think fit for the purposes of this Act, and shall issue to every such officer or practitioner so appointed a certificate in writing of his appointment.

**4. Medical examination**

- (1) It shall be the duty of every person occupied or employed in mining operations on, in, or about any mine to submit himself, from time to time, to a medical officer or medical practitioner so appointed, for examination for symptoms of miner's phthisis or tuberculosis, whenever required so to do by any such medical officer or practitioner.
- (2) Any person occupied or employed on, in, or about a mine who fails, when required as aforesaid, to submit himself to any medical examination for the purposes of this Act, at the time and place stated in the requisition, shall be guilty of an offence.  
Penalty: \$100.
- (3) After every medical examination or re-examination of any person under this section, if such person is found not to be suffering from tuberculosis, he shall be supplied with a certificate in the prescribed form, which, until revoked, shall entitle him either to continue working or to commence work in mining operations on, in, or about any mine.

*[Section 4 amended by No. 113 of 1965 s. 8(1).]*

**5. Duty of employers**

Every employer of persons engaged in mining operations shall —

- (a) furnish to a medical officer or medical practitioner appointed as aforesaid, or to the Under Secretary for Mines<sup>4</sup>, a list of all persons employed on, in, or about the mine of the employer whenever required in writing so to do; and
- (b) afford to all persons so employed by him all reasonable facilities for such persons to submit themselves, without loss of pay, to medical examination under this Act; and
- (c) permit any medical officer or medical practitioner appointed as aforesaid, to have access to the mine of the

employer for the purposes of and in the execution of his duties under this Act.

Penalty: \$100.

*[Section 5 amended by No. 113 of 1965 s. 8(1).]*

**6. Penalty for obstruction of officers**

Any employer, and any person employed on, in, or about a mine, who resists, hinders, or obstructs a medical officer or medical practitioner in the exercise and performance of his powers and duties under this Act, or does any act or thing to prevent or discourage any person from submitting himself to any medical examination under this Act, shall be guilty of an offence.

Penalty: \$100.

*[Section 6 amended by No. 113 of 1965 s. 8(1).]*

**7. Reports**

- (1) It shall be the duty of every medical officer and medical practitioner appointed under this Act from time to time to report in writing to the Minister as prescribed.
- (2) In any report under this Act which may be published or open to public inspection, the names of the persons who may have submitted themselves to medical examination shall not be disclosed.

**8. Employment of miners suffering from tuberculosis may be prohibited**

- (1) If a medical officer or practitioner appointed under this Act reports in writing to the Minister that a person therein-named is suffering from tuberculosis and engaged in mining operations, the Minister may, by notice in the prescribed form served on such person and his employer, prohibit the employment of such person on, in, or about a mine, or part of the mine to which this section applies.

- (2) If, after service of such notice, the person to whom the notice relates is employed on, in, or about a mine, or part of the mine to which this section applies, such person and his employer shall be guilty of an offence.

Penalty: \$100.

Provided that the person on whom such notice has been served may, within 14 days after the service of the notice, appeal therefrom by notice in writing given to the Minister, such notice having annexed thereto a certificate in writing signed by a person registered under the *Health Practitioner Regulation National Law (Western Australia)* in the medical profession, that in the opinion of such practitioner the appellant is not suffering from tuberculosis.

- (3) The appeal shall be heard and determined by a Board consisting of the Principal Medical Officer, or a deputy appointed by him, and 2 persons registered under the *Health Practitioner Regulation National Law (Western Australia)* in the medical profession, one to be nominated by the appellant and the other by the Minister.
- (4) If the Board, or 2 of its members, certify in writing that in their opinion the appellant is not suffering from tuberculosis, the notice served on the appellant under subsection (1) shall be annulled, but otherwise shall continue to have effect. The decision of the Board upon any question of fact shall be final, and shall not be subject to appeal to or review by any court of law.
- (5) The certificate of the Board shall be filed in the Department of Mines<sup>4</sup>, and a copy thereof shall be issued to the appellant by whom the original may be inspected.
- (6) It shall not be a disqualification for appointment as a member of the Board that the practitioner nominated by the appellant gave the certificate annexed to the appellant's notice of appeal.

- (7) Whenever a medical officer or practitioner appointed under this Act reports in writing to the Minister that a person named in such report and engaged in mining operations has so developed symptoms of miner's phthisis, uncomplicated by tuberculosis, as to indicate that further employment on, in, or about a mine or part of a mine to which this section applies may be detrimental to his future health, the Minister shall, by notice in the prescribed form, notify such person accordingly.
- (8) This section shall apply only within such districts, and to such mines, or parts of mines, as are declared from time to time by the Governor by Order in Council published in the *Gazette*.
