(5) This section does not apply in relation to land owned by, or vested in, a public authority or the State.

(1) When a memorial of a charge on land is registered under section 101(4), the charge is the first charge on the land and has priority over all other mortgages, charges and encumbrances over the land.

(2) However, if there is another statutory charge on the same land that ranks as a first charge under another Act, the relative priority of the charges must be determined according to the order of registration.

97. Dealing with certain charged land

 - (b) assert that a charge covered (at the date of the certificate) an amount exceeding the amount disclosed in the certificate.

- (3) However, giving an estimate of the charge amount in the certificate does not prevent the Director General from determining a different charge amount if further relevant information becomes available.
- (4) The fee (if any) prescribed is payable for the issue of the certificate.

100. Withdrawal of memorial

If a memorial of a charge on land is registered in the Land Titles Register, then, on payment of the charge amount, the Director General must lodge a withdrawal of memorial with the Registrar of Titles.
