Bush Fires Act 1954

Bush Fires Regulations 1954

Part I — Preliminary

1. Citation

These regulations may be cited as the *Bush Fires Regulations 1954* ¹.

[Regulation 1 amended in Gazette 12 Nov 1982 p. 4463.]

[2. *Omitted under the Reprints Act 1984 s. 7(4)(f).]*

3. Terms used

In these regulations, unless the context requires otherwise —

fire extinguisher means a device which comprises —

- (a) a container filled with at least 7.5 litres of water; and
- (b) a pump capable of discharging that water, and which is in a sound and efficient condition;

notifiable authority in relation to land upon which, or upon a part of which, burning is intended to be carried out (in this interpretation called ***the subject land***) means any government department or instrumentality which has land under its care, control and management adjoining the subject land and which has requested the local government in whose district the subject land is situated to notify it of all variations made by the local government from time to time under section 17 or 18 of the Act.

Part IV — Burning during restricted times and prohibited times

15. Permits to burn under s. 18

- (1) A local government or a bush fire control officer issuing a permit to burn under the provisions of section 18 of the Act shall do so in the Form 3 in the Appendix.
- (2) Where a person has applied to a bush fire control officer for a permit to burn and that officer has refused a permit or granted a permit which is subject to special conditions, the person shall not apply to another bush fire control officer for a permit to burn in relation to the same bush but he may apply to the local government or chief bush fire control officer in the district and the local government or chief bush fire control officer may grant a permit to burn or vary the special conditions of the permit.

*[Regulation 15 amended in Gazette 24 Nov 1958 p. 3101;
22 Dec 1998 p. 6855, 6858.]*

15A. Bush fire control officer to comply with directions of local government

Where a local government issues directions to a bush fire control officer as to the manner in which or the conditions under which permits to burn shall be issued by that officer, he shall comply with those directions.

*[Regulation 15A inserted in Gazette 21 Jan 1957 p. 88;
amended in Gazette 22 Dec 1998 p. 6858.]*

15B. Obligations of permit holder

- (1) Subject to the Act a person who has obtained a permit to burn the bush under section 18 of the Act (in this regulation called ***the permit holder***) shall comply with the conditions set out in this regulation in relation to the burning of the bush.

r. 15B

- (2) The permit holder shall give notice of his intention to burn the bush upon land, or upon a part of land, to —
 - (a) the chief executive officer or a bush fire control officer of the local government in whose district that land is situated;
 - (b) the owner or occupier of all land adjoining that land;
 - (c) a forest officer if the bush is situated within 3 kilometres of forest land; and
 - (d) an officer or employee of each notifiable authority (if any), being an officer or employee who is apparently authorised to accept that notice.
- (3) The period of notice required under subregulation (2) shall not be —
 - (a) more than 28 days; or
 - (b) less than 4 days unless the notice is given verbally in which case the minimum period of notice may be determined by mutual agreement.
- (4) Notice required to be given to an owner, occupier or other person under subregulation (2) may be given by any of the following methods —
 - (a) by verbal communication or in writing as will ensure (except in the case mentioned in paragraph (c)) that every owner, occupier or other person is made aware of the intention to burn and the date and time thereof; or
 - (b) by delivering it at the premises on which the person to whom notice is to be given lives or carries on business or by leaving it with a person who is apparently over the age of 16 years who resides or is employed on the premises; or
 - (c) in the case of an owner or occupier of adjoining land who is not at the time residing on the adjoining land by posting, not less than 8 days prior to the first day on which it is intended to burn the bush, the notice by

prepaid letter addressed to the last known place of abode or business of the owner or occupier.

- (5) A notice given under subregulation (2) shall contain full particulars of the locality where the bush proposed to be burnt is situated.
- (6) Before setting fire to the bush the permit holder shall arrange for and provide, in order to assist in keeping the fire under control and preventing it from spreading beyond the land on which the burning is to take place, at least 3 able-bodied persons who shall be constantly in attendance at the fire from the time it is lit until no burning or smouldering fuel is within 30 metres of the perimeter of the firebreak surrounding the burnt area or, if there is no such firebreak, within 30 metres of the perimeter of the burnt area.
- (7) Where for any day, or any period of a day, specified in a notice given under subregulation (2) the fire danger forecast issued by the Bureau of Meteorology in Perth in respect of the locality where the bush proposed to be burnt is situated is either “catastrophic”, “extreme”, “severe” or “very high” the permit holder shall not burn the bush in the locality on that day or during that period but may burn the bush in the locality on the first day next following that day or that period on which the fire danger forecast issued by the Bureau of Meteorology is below “very high”.
- (8) The permit holder shall not light a fire to burn the bush on a Sunday if the burning of bush on Sundays is for the time being prohibited in the district in which the bush is situated pursuant to regulation 15C(1).
- (9) The permit holder shall not light a fire to burn the bush on a day that is a public holiday in the district in which the bush is situated if the burning of the bush on that day is for the time being prohibited in that district pursuant to regulation 15C(2).

r. 15C

*[Regulation 15B inserted in Gazette 10 Mar 1978 p. 705-6;
amended in Gazette 22 Dec 1998 p. 6856, 6858; 1 Dec 2009
p. 4831.]*

15C. Local government may prohibit burning on certain days

- (1) A local government may by notice published in a newspaper circulating in its district prohibit the burning of the bush in that district on Sundays during the restricted burning times and may, by subsequent notice so published, revoke that notice.
- (2) A local government may by notice published in a newspaper circulating in its district specify days, being days that are public holidays in that district, on which the burning of the bush is prohibited in that district during the restricted burning times and may, by subsequent notice so published, revoke that notice either absolutely or for the purpose of substituting another notice in lieu thereof.
- (3) A notice published under subregulation (1) or (2) shall have effect during the restricted burning times in each year until it is revoked.

*[Regulation 15C inserted in Gazette 10 Mar 1978 p. 706;
amended in Gazette 22 Dec 1998 p. 6858.]*

16. Term used: authorised officer

For the purposes of this Part of these regulations, the term ***authorised officer*** means the chief executive officer of the local government or an officer duly appointed by the local government to grant a permit to burn clover.

*[Regulation 16 inserted in Gazette 10 Mar 1978 p. 706;
amended in Gazette 22 Dec 1998 p. 6858.]*

[17. Deleted in Gazette 10 Mar 1978 p. 706.]

18. Application for permit to burn clover

- (1) An application for a permit to burn clover during prohibited burning times for the purpose of facilitating the collection of clover burr shall be made in accordance with the Form 4 in the Appendix and shall be lodged with the nearest authorised officer who may require the applicant to make the statutory declaration contained in the form.
- (2) An application for a permit to burn clover may be accepted in the form of a letter provided that the full information contained in the Form 4 is supplied in the letter.

19. Lodgement of application and issue of permit

- (1) Every application such as is mentioned in regulation 18 shall be sent or delivered so as to be received by the authorised officer at least 7 days prior to the day for which the permit is sought and shall be accompanied by such fee, not exceeding \$20.00, as the local government may, by local law, from time to time prescribe.
- (2) The authorised officer shall, after the receipt of an application to burn clover, enter upon and inspect the land in respect of which the permit is sought and, upon being satisfied that the burning can be conducted with safety, may, subject to the succeeding provisions of this regulation and the provisions of regulations 20 and 21, issue a permit in the form of Form 5 in the Appendix.
- (3) The authorised officer shall specify in a permit the day, not being a Sunday and not necessarily the day for which the permit was sought, on which burning is authorised and shall, subject to subregulation (4), specify such time between the hours of 4 p.m. and midnight, as he thinks fit or as the local government may, from time to time, direct, at which burning may be commenced.
- (4) The Authority may, by notice in the *Government Gazette* authorise the issue of permits for the burning of clover, in any district or part of a district, at a time prior to 4 p.m. and, in that

r. 19A

event a permit may, subject to the directions of the local government for that district or that part of a district, specify a time prior to 4 p.m. for the commencement of burning.

[Regulation 19 inserted in Gazette 26 Feb 1965 p. 707; amended in Gazette 10 Mar 1978 p. 706; 22 Dec 1998 p. 6854 and 6858; 10 Jan 2003 p. 32.]

19A. Obligations of permit holder

- (1) A person to whom a permit is issued under the provisions of regulation 19 shall at least 4 days before commencing to burn, deliver or cause to be delivered a notice of his intention in that regard —
 - (a) to every occupier of land adjoining the area to be burnt;
 - (b) to the bush fire control officer for the district, if he is not the authorised person who issued the permit;
 - (c) to a forest officer who is employed in any State forest situated within 3 kilometres of the area to be burnt; and
 - (d) to an officer or employee of each notifiable authority (if any), being an officer or employee who is apparently authorised to accept that notice.
- (2) A person to whom a permit to burn clover is issued shall not burn or permit or suffer the burning of any area other than that for which the permit was issued or burn or permit or suffer burning on any day other than, or at any time prior to that specified in the permit.
- (3) A person burning clover or causing it to be burnt shall, himself, provide at least 3 men to be present, and ensure their constant attendance, at the area of the fire, from the time it is lighted, until it is completely extinguished, to assist in keeping the fire under control and contained in the area to be burnt.

[Regulation 19A inserted in Gazette 26 Feb 1965 p. 707-8; amended in Gazette 12 Jul 1974 p. 2612; 10 Mar 1978 p. 706.]

20. Local government may prohibit issue of permits

No permit shall be granted under regulation 19 for the burning of any subterranean clover growing upon any land situate in any locality within the district of a local government specified by the local government in a notice in writing given by it to the duly authorised officer for the district of the local government, whereby the local government objects to the issue or grant of a permit for the purpose aforesaid on the ground that the burning of the clover in respect of which the permit is applied for may be a source of danger to lands adjoining the land on which the proposed burning is intended to take place.

[Regulation 20 amended in Gazette 22 Dec 1998 p. 6858.]

21. Refusal or cancellation of permit, and imposition of permit conditions

- (a) The duly authorised officer may refuse to issue or grant a permit under regulation 19, or may, on refunding to the owner or occupier who paid the fee in respect thereof, cancel any permit already issued or granted thereunder, when in any case after inspection he is satisfied that, notwithstanding that all the precautions required to be taken under the regulation in connection with the proposed burning are taken, the proposed burning may nevertheless be or become a source of danger by escaping from the land on which it is intended to carry out the burning or he may issue a permit subject to such conditions or requisitions as he considers necessary and specifies in the permit.
- (b) Where a permit subject to specified conditions or requisitions is issued under this regulation, a person shall not carry out the burning authorised by the permit unless he complies with the conditions and requisitions so specified.

[Regulation 21 amended in Gazette 21 Jan 1957 p. 88.]

r. 21A

21A. Permit holder may be required to advertise burning

A local government may cause to be incorporated as an additional requirement in a permit to burn clover, a requirement that the permit holder shall advertise particulars of the burning in a manner determined by that local government.

[Regulation 21A inserted in Gazette 21 Jan 1957 p. 88; amended in Gazette 22 Dec 1998 p. 6858.]

21B. Bush fire control officer may postpone burning

- (1) Where it appears to a bush fire control officer for a district to be necessary or expedient to postpone the burning of clover on a day, or during any period of a day, for which the fire danger forecast issued by the Bureau of Meteorology in Perth in respect of the locality where the clover proposed to be burnt is situated is “catastrophic” or “extreme”, he may, by wireless broadcast from a radio station giving broadcast coverage to the district, by publication in a newspaper circulating in the district, or by written notice or oral direction given to any person or persons, subject to such direction as may be given by the local government, direct that, notwithstanding any permit to burn clover, clover shall not be burnt in the district on that day or during that period.

- (2) A person shall not burn or permit or suffer the burning of clover contrary to a direction given under subregulation (1).

[Regulation 21B inserted in Gazette 4 Jun 1970 p. 1473; amended in Gazette 22 Dec 1998 p. 6856, 6858; 1 Dec 2009 p. 4832.]

22. Permit holder to report escape of fire

In the event of any fire escaping beyond the boundaries of the area in respect of which a permit to burn has been granted, the holder of the permit shall, if possible, immediately notify the nearest bush fire control or authorised officer and within 24 hours of the suppression of the fire shall report in full the

circumstances causing the escape to the authorised officer by whom the permit was granted.

22A. Burning in areas of irrigation

- (1) The areas of irrigation to which the provisions of section 24A of the Act apply are the areas of the State represented by the districts of the local governments set out in the schedule to this regulation.
- (2) The provisions of regulations 18, 19, 20, 21, 21A and 22 apply to all permits issued pursuant to the provisions of section 24A of the Act.

22 Dec 1998 p. 6858.]*

22B. Bush not to be burned unless irrigation available

- (1) A person shall not burn bush under a permit issued pursuant to the provisions of section 24A of the Act for the purpose of conducing to the early germination of subterranean clover on any land within the areas described in regulation 22A(1) unless the bush to be burnt is on land to which a method of irrigation is available.
- (2) Any requisition of a bush fire control officer shall be complied with by a person burning bush referred to in subregulation (1).

[Regulation 22B inserted in Gazette 24 Nov 1958 p. 3101.]

23. Charcoal burning

- (1) Every person proposing to light a fire or fires for the conversion of any bush into charcoal at any time during the restricted burning times or prohibited burning times in every yearly period as provided for in section 25(1)(b) of the Act shall, at least 7 days before lighting the fire, give notice in writing of the intention to the local government in whose district the land on which the fire is to be lit is situate, and, in the event of the land on which the fire is to be lit being within 3 kilometres of a State forest, to the local forest officer.
- (2) The notice shall specify the land on which the burning is to take place and the period during which the fire is to be kept burning.
- (3) The local government, through its bush fire control officer or the local forest officer as the case may be, may, within the period specified in subregulation (1), direct that such further measures or precautions be taken, as in the opinion of the bush fire control officer or forest officer, are considered necessary to prevent the fire from spreading or escaping, and when the bush fire control officer or forest officer has given the directions, the fire shall not be lit until the directions have been complied with.

Division that he may consider necessary relative to the burning, and the holder of the permit shall observe and carry out those requirements and directions.

- (5) Where a local government issues directions to an authorised officer as to the manner in which or the conditions under which permits to burn plants shall be issued in the district of the local government by that officer, he shall comply with those directions.
- (6) Subject to regulations 34 and 35, a permit to burn proclaimed plants shall not be granted unless and until the applicant for the permit satisfies the authorised officer to whom the application is made that —
 - (a) the land to be burned at one time and under the permit applied for does not exceed the area as fixed by the authorised officer when granting the permit, and in any event does not exceed 40 hectares;
 - (b) the area has been surrounded by a firebreak to a width of not less than 6 metres;
 - (c) if the area to be burned is carrying any standing trees, that all grass and debris has been raked to a distance of not less than 2 metres from the base of each standing tree.
- (7) A person who is granted a permit shall deliver or cause to be delivered written notice of the intended burning to —
 - (a) each owner or occupier of land adjoining the land on which burning is to occur;
 - (b) the chief executive officer and a bush fire control officer of the local government for the district in which the land on which burning is to occur is situated;
 - (c) if that land is within 3 kilometres of forest land, a forest officer; and
 - (d) each government department or statutory body which has made it known to people in the district concerned

that it requires to be notified of the granting of a permit under this Division,

and such notice shall be given —

- (e) not later than 4 days before the commencement of burning; or
 - (f) within any shorter period fixed by agreement between the holder of the permit and any person referred to in paragraph (a), (b), (c) or (d) in respect of notice to that person.
- (8) The authorised officer shall specify in a permit to burn proclaimed plants the day, not being a Sunday and not necessarily the day for which the permit was sought, on which burning is authorised, and subject to subregulation (12), shall specify such time between the hours of 2 p.m. and midnight of the same day as he thinks fit, or as the local government may from time to time direct at which burning may be commenced.
- (9) A permit to burn a proclaimed plant shall be in the Form 9 in the Appendix.
- [(10) *deleted*]
- (11) The authorised officer to whom the application for the permit is made may, before granting the permit enter upon the land of the applicant to inspect the area proposed to be burnt.
- (12) The Authority may, by notice in the *Government Gazette*, authorise the issue of permits for the burning of proclaimed plants in any district or part of a district at a time prior to 2 p.m., and in that event a permit may, subject to the directions of the local government for that district or that part of a district, specify a time prior to 2 p.m. for the commencement of such burning.
- (13) No fire shall be lit pursuant to the provisions of this regulation on a day, or during any period of a day, if for that day or that period the fire danger forecast issued by the Bureau of

Part VII — Operations of tractors and engines

37. Tractors

- (1) The spark arrester required to be fitted to the exhaust pipe of a tractor pursuant to section 27(1)(a)(iii) of the Act shall be an efficient spark arrester of suitable design for the type of tractor to which it is attached and shall be maintained in a clean, sound and efficient condition at all times when the tractor is in operation during the prohibited burning times or restricted burning times.
- (2) The fire extinguisher required to be carried pursuant to section 27(5) shall be a fire extinguisher as defined in regulation 3.

[Regulation 37 inserted in Gazette 10 Mar 1978 p. 707-8.]

37A. Bulldozers and graders

A person shall not operate a bulldozer or road-grader during the prohibited burning times or restricted burning times unless —

- (a) a fire extinguisher is carried on the bulldozer or grader;
- (b) the exhaust pipe is vertical and the exhaust system, including pipes is maintained in a sound and efficient condition;
- (c) the exhaust pipe is fitted with an efficient spark arrester which is of suitable design for the type of bulldozer or road-grader to which it is attached and is maintained in a clean, sound and efficient condition at all times when the bulldozer or road-grader is in operation during the prohibited burning times or the restricted burning times.

38. Harvesting machines and headers

A person shall not operate any harvesting machine or header in any crop during the prohibited burning times or the restricted burning times unless a fire extinguisher is carried on the machine.

r. 38A

[Regulation 38 inserted in Gazette 10 Mar 1978 p. 708.]

38A. Use of engines, vehicles, plant or machinery likely to cause bush fire

- (1) Where a bush fire control officer is of the opinion that the use or operation of any engines, vehicles, plant or machinery during the prohibited burning times or restricted burning times, or both, is likely to cause a bush fire, or would be conducive to the spread of a bush fire, the bush fire control officer may by notice or direction prohibit or regulate the carrying out of any activity or operation in a specified area either absolutely or except in accordance with conditions specified in the notice or direction or without the consent of the local government or bush fire control officer.
- (2) A notice or direction under subregulation (1) —
 - (a) may be given by wireless broadcast or in writing;
 - (b) shall have effect for such period during the prohibited burning times or restricted burning times, or both, as is specified in the notice or direction;
 - (c) may be varied or cancelled by a bush fire control officer by a subsequent notice or direction in the manner set out in that subregulation.
- (3) During any period for which a notice or direction under subregulation (1) has effect a person shall not, in any area specified in the notice or direction, operate or use any engines, vehicles, plant or machinery contrary to the notice or direction.
Penalty: \$5 000.
- (4) A person shall, when required by a local government, provide a plough or other specified machine, appliance or firefighting equipment in or in the vicinity of any land or paddock where harvesting operations are being carried on.

45. Extended meaning of conservation land in section 45(1)

- (1) In this regulation —
 - Executive Body** means the Conservation and Land Management Executive Body established by the *Conservation and Land Management Act 1984* section 36;
 - unallocated Crown land** has the meaning given in the *Land Administration Act 1997* section 3(1).
- (2) Land to which subregulation (3), (5) or (6) applies is prescribed for the purposes of the definition of **conservation land** in section 45(1) of the Act.
- (3) This subregulation applies to land reserved under the *Land Administration Act 1997* Part 4 the care, control and management of which are placed under that Act with the Executive Body.
- (4) Subregulation (3) applies to Crown Reserve 32601 but does not otherwise apply to land reserved under the *Land Administration Act 1997* Part 4 the care, control and management of which are placed jointly under that Act with the Executive Body and one or more other persons.

- (5) This subregulation applies to —
- (a) land that is vested as described in the *Conservation and Land Management Act 1984* section 131(1); and
 - (b) land of which the Executive Body is the registered proprietor under the *Transfer of Land Act 1893*.
- (6) This subregulation applies to the areas of unallocated Crown land that are the subject of the descriptions in column 1 of the Table.
- (7) The land referred to in subregulation (6) comprises the whole or parts of former pastoral leases and, for information purposes, column 2 of the Table refers to the names of those former pastoral leases.

Regulation 15

PERMIT TO SET FIRE TO THE BUSH

Subject to the provisions of the *Bush Fires Act 1954*, and the regulations made thereunder and to the due observance and performance of the conditions endorsed on this permit including the provisions of section 18 of the said Act permission is hereby granted to Mr, of, to set fire to the bush on locations on the day of 20

Dated this day of 20

Note. — This permit is not valid during a declared prohibited burning time and is issued subject to the provisions of section 46 of the Bush Fires Act and may be revoked or suspended by a bush fire control officer if, in his opinion, the fire, if lit, would become a source of danger.

A bush fire control officer is not compelled to inspect an area to be burnt before issuing a permit to burn. The onus lies on the person not only to comply with the provisions of the Bush Fires Act but also to ensure there is no danger of the fire escaping. The issue of this permit in no way affects that responsibility.

Plan and any special conditions to be observed: —

Signed,
Bush Fire Control Officer.

- 27.(2) The authorised officer issuing a permit to burn the refuse of plants under the provisions of this Division may incorporate in that permit any requirements and directions additional to those specified in this Division that he may consider necessary relative to the burning, and the holder of the permit shall observe and carry out those requirements and directions.
28. The area of ground on which the refuse of the plants is to be burnt shall be so cleared or prepared that the fire shall not in any circumstances be able to run along the ground.
29. The refuse of the plants to be burnt shall be placed in heaps so that each heap shall not be more than one metre high measured from the ground, and shall not cover an area of ground exceeding that which would be contained within the circumference of a circle having a diameter of 2 metres, and so that there shall be a distance of at least 3 metres between the base of any one heap and that of any other heap.
30. The heaps mentioned in regulation 29 shall be distant not less than 10 metres from any brush fence in the vicinity thereof, and at least 20 metres from the nearest external boundary of the land of the owner or occupier upon which the heaps proposed to be burnt are situated.
31. The person proposing to burn the refuse of plants shall —
 - (a) 4 days at least before commencing to burn, deliver or cause to be delivered notice in writing of his intention so to do personally to the following persons —
 - (i) each owner or occupier of all land adjoining the land upon which or upon a part of which it is proposed to burn the refuse of the plants;
 - (ii) the chief executive officer and a bush fire control officer of the local government in the district of which the land upon which it is proposed to burn the refuse of plants is situated;

- (iii) a forest officer, if the land upon which it is proposed to burn the refuse of plants is situated within 3 kilometres of forest land;
 - (b) before commencing burning operations, provide and have available at the place thereof at least 200 litres of water in suitable containers which may be conveniently used for extinguishing fire, together with a knapsack spray and pump unit ready for immediate operation and such other fire fighting equipment as may be specified by the authorised officer in the permit to burn the refuse of the plants;
 - (c) provide at least 3 men to be constantly in attendance at the burning operations from the time when the fire is lit until it is completely extinguished and to assist in keeping the fire under control and prevent it from spreading beyond the land on which the burning operations are conducted;
 - (d) carry out the burning operations only between the hours of 8 p.m. and midnight;
 - (e) cause all ash resulting from the burning operations to be covered completely with earth or sand before 10 a.m. on the next day following the burning operations.
32. In the event of any fire escaping beyond the boundaries of the area in respect of which a permit to burn the refuse of plants has been granted, the holder of such permit shall, if possible, immediately notify the nearest bush fire control officer or authorised officer and shall within 24 hours of the suppression of the fire report in full the circumstances causing the escape to the authorised officer by whom the permit was granted.

- 33.(4) The authorised officer issuing a permit to burn plants under the provisions of this Division may incorporate in that permit any requirements and directions additional to those specified in this Division that he may consider necessary relative to the burning and the holder of the permit shall observe and carry out those requirements and directions.
- (6) Subject to regulations 34 and 35, a permit to burn proclaimed plants shall not be granted unless and until the applicant for the permit satisfies the authorised officer to whom the application is made that —
- (a) the land to be burned at one time and under the permit applied for does not exceed the area as fixed by the authorised officer when granting the permit, and in any event does not exceed 40 hectares;
 - (b) the area has been surrounded by a firebreak to a width of not less than 6 metres;
 - (c) if the area to be burned is carrying any standing trees, that all grass and debris has been raked to a distance of not less than 2 metres from the base of each standing tree.
- (7) A person who is granted a permit shall deliver or cause to be delivered written notice of the intended burning to —
- (a) each owner or occupier of land adjoining the land on which burning is to occur;
 - (b) the chief executive officer and a bush fire control officer of the local government for the district in which the land on which burning is to occur is situated;
 - (c) if that land is within 3 kilometres of forest land, a forest officer; and
 - (d) each government department or statutory body which has made it known to people in the district concerned that it requires to be notified of the granting of a permit under this Division,
- and such notice shall be given —
- (e) not later than 4 days before the commencement of burning;
- or

- (f) within any shorter period fixed by agreement between the holder of the permit and any person referred to in paragraph (a), (b), (c) or (d) in respect of notice to that person.
- (8) The authorised officer shall specify in a permit to burn proclaimed plants the day, not being a Sunday and not necessarily the day for which the permit was sought, on which burning is authorised and subject to subregulation (12), shall specify such time between the hours of 2 p.m. and midnight of the same day as he thinks fit, or as the local government may from time to time direct at which burning may be commenced.
- (13) No fire shall be lit pursuant to the provisions of this regulation on a day, or during any period of a day, if for that day or that period the fire danger forecast issued by the Bureau of Meteorology in Perth in respect of the locality where it is proposed to burn the proclaimed plant is “catastrophic”, “extreme”, “severe” or “very high”, and the person who has received the permit under the provisions of this regulation shall not burn a proclaimed plant in the locality on that day or during that period, but may burn the plant in that locality on the first day, next following the day or period of a day on which the fire danger forecast issued by the Bureau of Meteorology in Perth in respect of the locality is below “very high”.
- (14) The owner or occupier of the area to be burned shall himself arrange for and provide at least 3 persons to be constantly in attendance at the fire in the area from the time it is lit until it is completely extinguished and to assist in keeping the fire under control and preventing it from spreading beyond the area proposed to be burned.
- 36. In the event of any fire escaping beyond the boundaries of the area in respect of which a permit to burn has been granted, the holder of the permit shall, if possible, immediately notify the nearest bush fire control officer or authorised officer and within 24 hours of the suppression of the fire shall report in full the circumstances causing the escape to the authorised officer by whom the permit was granted.

- ² Formerly referred to the *Workers' Compensation and Rehabilitation Act 1981* the short title of which was changed to the *Workers' Compensation and Injury Management Act 1981* by the *Workers' Compensation Reform Act 2004* s. 5. The reference was changed under the *Reprints Act 1984* s. 7(3)(gb).
- ³ The *Evidence Act 1906* s. 106 was repealed by the *Oaths, Affidavits and Statutory Declarations (Consequential Provisions) Act 2005* s. 51.
- ⁴ The *Bush Fires Amendment Regulations (No. 2) 2000* deleted headings to r. 1-3, 15, 18, 23, 37, 37A, 38, 39, 39A, 39B, 39BA, 39D, 41, 43 and 44 that formed part of the written law. The deletions are not noted in footnotes to the regulations. The headings to the regulations in this reprint do not form part of the written law (see *Interpretation Act 1984* s. 32).
- ⁵ Now known as the *Bush Fires Regulations 1954*; citation changed (see note under r. 1).
