 - (ii) the grounds for requesting the extension; and
 - (iii) the period for which the extension is sought.
- (3) A permit authority may, by written notice, refuse to accept an application made after the expiry day for the permit if —
 - (a) the permit authority is satisfied that the delay in making the application was unreasonable in the circumstances; or
 - (b) the application is made more than 12 months after the expiry date for the permit.
- (4) If an application is made before the expiry day for a permit and has not been determined by the expiry day, the permit continues to have effect on and from expiry day —
 - (a) until the permit authority extends, or refuses to extend the time during which the permit has effect; or
 - (b) until the applicant withdraws the application or gives notice of completion in relation to the permit,except for any period when the permit does not have effect under section 35.
- (5) If an application made after the expiry date for a permit is accepted by the permit authority, the permit is to be taken to have had effect on and from the day immediately following the expiry day —
 - (a) until the permit authority extends, or refuses to extend, the time during which the permit has effect; or
 - (b) until the applicant withdraws the application or gives notice of completion in relation to the permit,

except for any period when the permit does not have effect under section 35.

24. Extension of time during which permit has effect (s. 32(3))

- (1) The relevant permit authority may extend the time during which a permit has effect if the permit authority is satisfied that —
 - (a) the work, or stage of work, for which the permit was granted has not been completed; or
 - (b) the extension is necessary to allow rectification of defects in the work, or the stage of work, for which the permit was granted.
- (2) If a relevant permit authority extends the time during which a permit has effect the permit authority may impose any condition on the permit that the permit authority could have imposed under section 27.

25. Review of decision to refuse to extend time during which permit has effect (s. 32(3))

A person who applies for the extension of the time during which a permit has effect may apply to the State Administrative Tribunal for a review of the decision of the permit authority —

- (a) to refuse to accept an application made after the day on which the permit ceases to have effect; or
- (b) to refuse to extend the time during which the permit has effect; or
- (c) in relation to a condition imposed on the permit when the permit authority extends the time during which the permit has effect.

26. Approval of new responsible person (s. 35(c))

- (1) If the responsible person in relation to a permit gives a notice of cessation in accordance with section 34, the owner of a building or incidental structure to which a permit applies may apply to

the relevant permit authority for approval of a new responsible person for the work to which the permit applies.

- (2) An application must name, and be signed by, the new person who proposes to be named —
 - (a) as the builder on the building permit; or
 - (b) the demolition contractor on the demolition permit.
- (3) On an application under subregulation (1), a permit authority must —
 - (a) approve a new person to be named as the builder on the building permit if the permit authority is satisfied of the matters mentioned in section 20(1)(b)(i) to (iii) in relation to the person; or
 - (b) approve a new person to be named as the demolition contractor on the demolition permit if the permit authority is satisfied of the matters mentioned in section 21(1)(b) in relation to the person.
- (4) If a permit authority approves a new responsible person in relation to a permit, the permit authority must amend the details set out in the permit accordingly.

27. Required inspection and tests: Class 2 to Class 9 buildings (s. 36(2)(a))

- (1) Inspections and tests that are to be conducted during or at the completion of building work for a Class 2 to Class 9 building are tests to assess compliance with the building standards of each system referred to in column 1 of the Table in Schedule 3 that is required by the building standards to be installed in the building.

- (2) The person who completes an inspection certificate in respect of an inspection or test must provide the certificate to the person named as the builder on the building permit as soon as is reasonably practicable.

30. Transitional provisions (s. 203)

- (1) Section 17 applies in respect of an application for a building licence that is to be taken to be an application for a building permit under section 178(4) as if the application were an uncertified application.

- (2) Section 23(1) applies in respect of an application for a building licence that is to be taken to be an application for a building permit under section 178(4) as if the application was an uncertified application made on commencement day.

Part 4 — Building standards

31. Term used: application

In this Part —

application, in relation to a building standard, means —

- (a) an application for a declaration that the building standard does not apply to the building, incidental structure or demolition work that is the subject of the application; or
- (b) an application for a declaration that the building standard applies in a modified way to the building, incidental structure or demolition work that is the subject of the application.

32. Statements to accompany application (s. 39(8)(b))

- (1) An application in relation to a building standard must be accompanied by —
 - (a) a statement by an independent building surveyor setting out —
 - (i) each risk to people, property or the environment that the building standard, if applied, prevents or minimises; and
 - (ii) how each risk is quantified and measured for the building, incidental structure or demolition work that is the subject of the application; and
 - (iii) if, and the extent to which, a risk would be increased if the building standard did not apply, or was modified in the way proposed by the applicant;
 - and
 - (b) a statement of a second independent building surveyor, who has been approved by the Building Commissioner for the purposes of this paragraph, confirming that the

second independent building surveyor has reviewed, and agrees with, the statement referred to in paragraph (a); and

- (c) a statement of the applicant setting out the reasons for the applicant's opinion that making the declaration on the application —
 - (i) is in the public interest; or
 - (ii) is consistent with the purpose of a written law or a Commonwealth law specified in the applicant's statement.
- (2) For the purposes of subregulation (1) a building surveyor is an independent building surveyor in relation to an application if —
 - (a) the building surveyor is neither an owner, nor an employee of the owner, of the land on which —
 - (i) the building or incidental structure that is the subject of the application is, or is proposed to be, located; or
 - (ii) the demolition work is proposed to be done;and
 - (b) the building surveyor is neither the person, nor an employee of the person, who is or proposes to be —
 - (i) named as the builder on a building permit to do building work in respect of the building or incidental structure; or
 - (ii) named as the demolition contractor on a demolition permit to do the demolition work.

33. Decisions on applications (s. 39(9)(a))

- (1) In this regulation —

decision means a decision of the Building Commissioner, on an application in relation to a building standard —

- (a) to not declare that a building standard does not apply; or

- (b) to not modify a building standard; or
 - (c) to modify a building standard in a way different from that proposed by the applicant.
- (2) The Building Commissioner must —
 - (a) record the grounds on which a decision is based and the reasons for the decision; and
 - (b) as soon as is practicable, but in any case not later than 5 days after making the decision, give to the applicant written notice of the decision together with those grounds and reasons, and the person's right of review under section 120.

34. Revoking or amending declarations (s. 39(9)(b))

If the Building Commissioner makes a declaration on an application in relation to a building standard, the Building Commissioner may revoke or amend the declaration if he or she becomes aware of any of the following —

- (a) an appropriate building solution that meets the building standard;
- (b) a change to the building standard;
- (c) a change to the risk to people, property or the environment that the building standard, if applied, prevents or minimises;
- (d) a change to the written law or Commonwealth law the purpose of which had been consistent with the declaration;
- (e) an error in a statement that accompanied the application under regulation 32(1).

Part 5 — Occupancy permits and building approval certificates

35. Display of occupancy permit details (s. 42(a))

For the purposes of section 42(a) the following information about, or contained in, an occupancy permit must be displayed at or near the principal entrance to each part of the building to which the occupancy permit relates in a manner that is clearly visible to occupiers and other persons using the building —

- (a) the name or other description of the building;
- (b) the classification of the building;
- (c) the use authorised by the occupancy permit;
- (d) the name of the permit authority for the building.

36. Certificate of building compliance (s. 57)

- (1) For the purposes of section 57(2)(c), the following authorities under written laws, as relevant to the building or incidental structure, are prescribed —

- (a) an approval required under the *Health Act 1911* section 107(2)(a) or (b);
- (b) an approval required under the *Planning and Development Act 2005*;
- (c) an approval required under the *Health (Aquatic Facilities) Regulations 2007* Part 2 Division 1;
- (d) an approval required under the *Local Government (Uniform Local Provisions) Regulations 1996* regulation 12(2).

- (2) For the purposes of section 57(2)(d) a certificate of building compliance must contain the following things —

- (a) if a declaration under section 39 has been made in respect of the building, a statement to that effect;

- (b) if the certificate of building compliance is to accompany an application mentioned in section 51(2) or (3), plans and specifications that show how the building complies with each building standard that applies to the building or incidental structure;
- (c) if an alternative solution was used to comply with a building standard, a statement about the alternative solution and details of the assessment methods used to establish compliance with the building standard.

37. Grant of occupancy permit or building approval certificate (s. 58)

For the purposes of section 58(1)(j), the following authorities under written laws, as relevant to the building or incidental structure, are prescribed —

- (a) an approval required under the *Health Act 1911* section 107(2)(a) or (b);
- (b) an approval required under the *Planning and Development Act 2005*;
- (c) an approval required under the *Health (Aquatic Facilities) Regulations 2007* Part 2 Division 1;
- (d) an approval required under the *Local Government (Uniform Local Provisions) Regulations 1996* regulation 12(2).

38. Time for granting occupancy permit or building approval certificate (s. 59)

For the purposes of section 59(1)(a)(i) the period for deciding whether or not to grant or modify an occupancy permit or grant a building approval certificate is 10 business days.

**39. Occupancy permit and building approval certificates
(s. 61(2))**

- (1) In this regulation —
licensed surveyor has the meaning given in the *Licensed Surveyors Act 1909* section 3(1).
- (2) For the purposes of section 61(2)(g) an occupancy permit, a form of modification or a building approval certificate that is applied for under section 50(1) or (2) must set out the details of any part of the building or incidental structure that encroaches beyond the boundaries for the land on which the building or incidental structure is located in the form of a survey plan prepared by a licensed surveyor.

40. Extension of period of duration of time limited occupancy permit or building approval certificate (s. 65)

- (1) In this regulation —
application means an application made under section 65(1);
expiry day, in relation to an occupancy permit or a building approval certificate, means the day on which the permit or certificate ceases to have effect.
- (2) A permit authority may, by written notice, refuse to accept an application made after the expiry day for the occupancy permit or building approval certificate if —
 - (a) the permit authority is satisfied that the delay in making the application was unreasonable in the circumstances;
or
 - (b) the application is made more than 30 days after the expiry date for the permit.

- (3) If an application is made before the expiry day for an occupancy permit or a building approval certificate and has not been determined by the expiry day, the permit or certificate continues to have effect on and from expiry day until —
- (a) the permit authority extends or refuses to extend the permit or certificate; or
 - (b) the applicant withdraws the application; or
 - (c) a notice of completion in respect of the building to which the permit or certificate relates is given to the permit authority; or
 - (d) a period of 30 days has elapsed since the expiry of the building permit for the building.
- (4) If an application made after the expiry day for an occupancy permit or a building approval certificate is accepted by the permit authority, the permit or certificate is to be taken to have had effect on and from the day immediately following the expiry day until —
- (a) the permit authority extends or refuses to extend the permit or certificate; or
 - (b) the applicant withdraws the application; or
 - (c) a notice of completion in respect of the building to which the permit or certificate relates is given to the permit authority; or
 - (d) a period of 30 days has elapsed since the expiry of the building permit for the building.
- (5) If a permit authority refuses to extend the time during which an occupancy permit or a building approval certificate has effect or extends the permit or certificate for a shorter period than the period requested by the applicant, the permit authority must —
- (a) record the grounds on which the decision is based and the reasons for the decision; and
 - (b) as soon as is practicable, but in any case not later than 5 business days after making the decision, give to the

applicant written notice of the decision together with those grounds and reasons, and the person's right of review under section 121(2).

Part 6 — Circumstances in which building, demolition or occupancy permits not required

41. Building work for which building permit is not required (s. 9(1)(b))

- (1) A building permit is not required for the following building work —
 - (a) building work for a Class 10 building or incidental structure that is located, or to be located, in a local government district specified in column 1 of the Table in the area specified for that district in column 2 of the Table;
 - (b) building work for a building or incidental structure that is not a Class 10 building or incidental structure and that is located, or to be located, in a local government district specified in column 1 of the Table in the area (if any) specified for that district in column 3 of the Table.
- (2) In subregulation (1)(a) and (b) —
Table means the Table in Schedule 4 clause 1.
- (3) A building permit is not required for building work of a kind described in the Table in Schedule 4 clause 2.
- (4) A builder who constructs, erects, assembles or places a temporary office, shed or sanitary facility in the circumstances described in item 3 in the Table in Schedule 4 clause 2 must not, without the written approval of the permit authority, allow the office, shed or sanitary facility to remain on the land after the completion of the building work in connection with which it was constructed, erected, assembled or placed.

Penalty: a fine of \$5 000.

42. Demolition work for which demolition permit not required (s. 10(c))

A demolition permit is not required for the following demolition work —

- (a) demolition of a Class 10 building or incidental structure if —
 - (i) the floor area of the building does not exceed 40 m²; and
 - (ii) the demolition work will not adversely affect the safety and health of the occupants or other users of the building or incidental structure or of the public; and
 - (iii) the building or incidental structure is not the subject of an order, agreement or permit under the Heritage Act;
- (b) demolition work for which a demolition licence was not required under the former provisions if —
 - (i) the demolition work commenced before commencement day; or
 - (ii) a contract to do the demolition work was entered into before commencement day.

43. Buildings and incidental structures for which occupancy permit not required (s. 41(2))

An occupancy permit is not required for —

- (a) a Class 1 or Class 10 building or incidental structure; or
- (b) a building for which a building licence was not required under the former provisions if —
 - (i) building work for the building commenced before commencement day; or
 - (ii) a contract to do the building work was entered into before commencement day.

Part 7 — Work affecting other land

44. Owner of land for purposes of Part 6 of Act

For the purposes of Part 6 of the Act, owner, in relation to land held in freehold, means a person referred to in paragraph (a) or (b) of the definition of *owner*, in relation to land held in freehold in section 5(1).

45. Content of notice about effect on other land (s. 85)

- (1) For the purposes of section 85(1)(b) a notice is to set out the proposed time frame within which the notifiable event may occur (if known).
- (2) For the purposes of section 85(1)(j) a notice is to be accompanied by plans and specifications for any work, building or structure that may affect the affected land that contain sufficient detail to show how the notifiable event will affect the land.

Part 8 — Existing buildings

Division 1 — General

46. Building standards to apply to relocated buildings and incidental structures

If an existing building or incidental structure is relocated, the building or incidental structure, when reassembled or secured at the new location, must comply with —

- (a) the building standards referred to in regulation 7(5); and
- (b) to the extent that there is not a building standard referred to in regulation 7(5) that is relevant — the requirements of the written law applicable at the time of its construction.

47. Notification of change of classification of certain buildings and incidental structures

- (1) The owner of an existing building or incidental structure that is of a classification listed in column 2 of an item in the Table must not permanently change the classification of the building or incidental structure to a classification listed in column 3 of that item unless the owner has given written notice to the relevant permit authority at least 10 business days before the proposed change.

Table

Column 1 Item	Column 2 Existing classification	Column 3 Proposed classification
1.	Class 10a	Class 1
2.	Class 1a	Class 1b

Penalty: a fine of \$5 000.

- (2) The written notice must include or be accompanied by evidence that the building or incidental structure complies with the building standards applicable to the proposed classification of the building or incidental structure.

Division 2 — Private swimming pools

48. Terms used

In this Division —

access through a building means access between the area within an enclosure and a part of a building to which there is direct or indirect access from outside the enclosure;

approved alternative requirement means a requirement that has been approved in accordance with regulation 51(2) by the permit authority for the private swimming pool;

approved door means a door that has been approved in accordance with regulation 51(3) by the permit authority for the private swimming pool;

AS 1926.1 means AS 1926.1 — 1993 incorporating Amendment No. 1 only;

young child means a child under the age of 5 years.

49. Application of this Division

This Division applies in respect of a private swimming pool that is located in a local government district specified in column 1 of the Table in Schedule 5 in the area specified for that district in column 2 of that Table.

50. Enclosure of private swimming pool

- (1) Each owner and occupier of premises on which there is a private swimming pool containing water that is more than 300 mm deep must ensure that there is installed or provided around the pool an enclosure that restricts access by young children to the pool and its immediate surrounds.

Penalty: a fine of \$5 000.

- (2) For the purposes of subregulation (1), the immediate surrounds of a private swimming pool that is at the rear of premises may include any part of the rear portion of the premises.
- (3) If a building other than a Class 10 building is included within the enclosure around a private swimming pool all external doors and windows in that building must satisfy the requirements of AS 1926.1.
- (4) An enclosure is suitable for the purposes of subregulation (1) if —
 - (a) it consists of a fence, wall, gate or other barrier, or a combination of them; and
 - (b) any fence, wall, gate or other barrier included in the enclosure is in accordance with —
 - (i) the requirements of AS 1926.1; or
 - (ii) approved alternative requirements;and
 - (c) any wall comprising the enclosure has no means of access through a building other than —
 - (i) a window that is in accordance with the requirements of AS 1926.1; or
 - (ii) an approved door.
- (5) If a boundary fence of the premises is a part of the enclosure of a private swimming pool, the boundary fence satisfies the requirements of clauses 2.3, 2.6 and 2.7 of AS 1926.1 if all those requirements are satisfied in relation to either side of the fence.

51. Approvals by permit authority

- (1) In this regulation —

person with a disability means a person who has been issued a certificate given by the National Disability Services (ACN 008445485), registered under the *Corporations Act 2001* (Commonwealth), certifying that the person has a disability that makes it difficult for the person to use a gate of the kind that would be required by these regulations in a swimming pool fence.

- (2) A permit authority may approve requirements alternative to the requirements of regulation 50(4)(b) if it is satisfied that the alternative requirements will restrict access by young children to the private swimming pool as effectively as if there were compliance with AS 1926.1.
- (3) A permit authority may approve a door for the purposes of regulation 50(4)(c)(ii) if the door is in accordance with the requirements of AS 1926.1 and —
 - (a) in the opinion of the permit authority, a fence or barrier satisfying regulation 50 between the building and the private swimming pool would cause —
 - (i) a significant problem of a structural nature; or
 - (ii) a significant problem of any other nature, the cause of which is not within the control of the owner or occupier;
 - or
 - (b) the private swimming pool is totally enclosed by a building; or
 - (c) in the opinion of the permit authority, a fence or barrier satisfying regulation 50 between the building and the private swimming pool would create a significant problem for a person with a disability who is resident at the premises and wishes to have access to the pool.
- (4) In deciding whether to give approval under subregulation (3) a permit authority is required to have regard to whether or not a young child resides at the premises.

52. Concessions for pre-November 2001 private swimming pools

- (1) This regulation applies to a private swimming pool —
 - (a) installed before 5 November 2001; or
 - (b) installed on or after 5 November 2001 in accordance with plans, drawings and specifications submitted to the local government for approval before that day.
- (2) For the purposes of regulation 50(1), the immediate surrounds of a private swimming pool to which this regulation applies may include any part of the premises on which the pool is located.
- (3) The enclosure required by regulation 50 may include a wall that contains a door permitting access through a building if that door satisfies the requirements of AS 1926.1.

53. Inspections of pool enclosures

- (1) The local government for the district in which a private swimming pool containing water that is more than 300 mm deep is located must arrange for an authorised person to inspect the pool enclosure at intervals of no more than 4 years for the purpose of monitoring whether the provisions in regulations 50 and 52 are being complied with.
- (2) A local government may, for a financial year, fix the charge to be imposed on each owner or occupier of land on which there is a private swimming pool containing water that is more than 300 mm deep, to meet the estimated cost in that financial year of carrying out the inspections mentioned in subregulation (1), but the charge fixed —
 - (a) must not exceed the estimated average cost to the local government of carrying out inspections in that year; and
 - (b) must not ~~to~~ exceed \$55.

[\[Regulation 53 amended in Gazette 15 Jun 2012 p. 2515.\]](#)

54. Transitional provisions — persons authorised to carry out inspections of private swimming pools

- (1) In this regulation —

repeal day means the day on which section 153 comes into operation;

repealed provisions means the *Local Government (Miscellaneous Provisions) Act 1960* as in force immediately before repeal day.

- (2) For the purposes of section 93(2)(d) any of the following persons is to be taken to be an authorised person in relation to the inspection of private swimming pool enclosures for the period commencing on repeal day and ending on the day that is 5 years after that day —

- (a) a person who was an authorised person for the purposes of section 245A of the repealed provisions immediately before repeal day;
- (b) a person with appropriate experience or qualifications authorised by the local government for the purposes of this regulation.

Division 3 — Smoke alarms

55. Terms used

- (1) In this Division —

10 year life battery means a battery that is capable of powering a smoke alarm for at least 10 years without the alarm indicating the battery power is low;

approved alternative building solution means a building solution that has been approved by the local government of the district in which the dwelling is located on the basis that the solution meets the performance requirement in the Building Code relating to fire detection and early warning (other than the requirements relating to evacuation lighting);

dwelling means —

- (a) a Class 1 building; or
- (b) a unit in a Class 2 building; or
- (c) a Class 4 dwelling;

electrician has the meaning given in the *Electricity (Licensing) Regulations 1991* regulation 3(1);

owner, of a dwelling, means a person who holds an interest in land that entitles the person to the ownership of the dwelling;

residential tenancy agreement means a residential tenancy agreement to which the *Residential Tenancies Act 1987* applies;

unit, in the definition of **dwelling**, means a room or suite of rooms, and any associated parts of the building, constituting a single dwelling for the exclusive occupation of one or more occupants.

- (2) For the purposes of this Division, a smoke alarm —
 - (a) is connected to the mains power supply if it is electrically connected to a permanent supply of electricity to the dwelling; and
 - (b) is permanently connected if an electrician would ordinarily be required to connect or disconnect the alarm.
- (3) For the purposes of this Division, an owner of a dwelling transfers the ownership of it if —
 - (a) the owner executes an instrument of transfer or conveyance of the interest in land that entitles the owner to the ownership of the dwelling; and
 - (b) the person to whom the interest is to be transferred or conveyed obtains possession of the dwelling under or in anticipation of the transfer or conveyance.

56. Requirement to have smoke alarms or similar prior to transfer of dwelling

If an owner of a dwelling transfers the ownership of it, the owner must, to the extent practicable, ensure that at the time of the transfer —

- (a) the dwelling has smoke alarms installed so that the dwelling and the alarms comply with the requirements of regulation 60(2); or
- (b) if an approved alternative building solution applies in relation to the dwelling — the solution is in effect.

Penalty: a fine of \$5 000.

57. New owner must install smoke alarms or similar, and right to recover costs

- (1) If an owner of a dwelling (the *prior owner*) transfers the ownership of it and fails to comply with regulation 56, the person to whom the ownership is transferred (the *new owner*) must, within 12 months of the ownership being transferred, ensure that —

- (a) the dwelling has smoke alarms installed so that the dwelling and the alarms comply with the requirements of regulation 60(2); or
- (b) if an approved alternative building solution applies in relation to the dwelling — the solution is in effect.

Penalty: a fine of \$5 000.

- (2) The new owner may recover, in a court of competent jurisdiction, the reasonable costs of complying with subregulation (1) as a debt due from the prior owner.

58. Requirement to have smoke alarms or similar prior to tenancy

The owner of a dwelling rented under a residential tenancy agreement, or made available for such rent, must, to the extent practicable, ensure that —

- (a) the dwelling has smoke alarms installed so that the dwelling and the alarms comply with the requirements of regulation 60(2); or
- (b) if an approved alternative building solution applies in relation to the dwelling — the solution is in effect.

Penalty: a fine of \$5 000.

59. Requirement to have smoke alarms or similar prior to hire of dwelling

The owner of a dwelling must not make the dwelling available for hire unless —

- (a) the dwelling has smoke alarms installed so that the dwelling and the alarms comply with the requirements of regulation 60(2); or
- (b) if an approved alternative building solution applies in relation to the dwelling — the solution is in effect.

Penalty: a fine of \$5 000.

60. Requirements for smoke alarms

- (1) In this regulation —
relevant day —

- (a) in relation to a dwelling the ownership of which is transferred, means the day on which the owner transfers the ownership of the dwelling;
- (b) in relation to a dwelling that is rented under a residential tenancy agreement, means the day on which a person is entitled to enter into occupation of the dwelling under the agreement;

- (c) in relation to a dwelling that is made available for hire, means the day on which the building is hired.
- (2) The requirements for the purposes of regulation 56(a), 57(1)(a), 58(a) and 59(a) are that —
 - (a) the dwelling meets the requirements of the deemed-to-satisfy provisions about smoke alarms or smoke hazard management (other than the provisions about evacuation lighting) of the Building Code applicable at the time of installation of the alarms; and
 - (b) each smoke alarm necessary to meet those requirements was installed less than 10 years before the relevant day; and
 - (c) each smoke alarm referred to in paragraph (b) is in working order; and
 - (d) if a smoke alarm referred to in paragraph (b) was, at the time of its installation, required to be connected to the mains power supply to meet those requirements —
 - (i) the alarm is permanently connected to the mains power supply; or
 - (ii) if the alarm is to be installed at a location in the dwelling where there is no hidden space in which to run the necessary electrical wiring and there is no appropriate alternative location — the alarm has a 10 year life battery that cannot be removed; or
 - (iii) if, in relation to the alarm, the use of a battery powered smoke alarm has been approved under regulation 61 — the alarm has a 10 year life battery that cannot be removed.
- (3) For the purposes of subregulation (2)(a), if the dwelling has 2 or more smoke alarms installed and they were not all installed at the same time, the provisions of the Building Code applicable to the dwelling and the alarms are the provisions applicable at the

time that the last alarm necessary to meet the requirements referred to in subregulation (2)(a) and (b) was installed.

61. Local government approval of battery powered smoke alarms

- (1) The local government of the district in which a dwelling is located may approve of the use, in the dwelling or a part of the dwelling, of a battery powered smoke alarm (rather than one that is connected to the mains power supply) if satisfied that, at the time of giving the approval, installing a smoke alarm connected to the mains power supply would involve —
 - (a) a sufficient problem of a structural nature; or
 - (b) a sufficient problem of any other nature, the cause of which is not within the control of the owner.
- (2) The local government may give its approval in relation to an alarm that was installed before the approval is to be given.
- (3) An application for approval must be made in the manner and form approved by the local government, and must include or be accompanied by —
 - (a) the plans and information required by the local government; and
 - (b) the fee set by the local government, which cannot exceed \$170.
- (4) The local government is to be taken to have refused approval if it has not made a decision whether to give approval within 35 days after the later of —
 - (a) the day on which the person made the application for approval; or
 - (b) the day on which the person complied with a, or the latest, request by the local government for further plans or information.

62. Requirement to maintain certain smoke alarms

- (1) This regulation applies to an owner of a dwelling —
 - (a) who is also an owner, in relation to the dwelling, within the meaning given in the *Residential Tenancies Act 1987* section 3; or
 - (b) who makes the dwelling available for hire.
- (2) The owner must, to the extent practicable —
 - (a) ensure that each alarm installed in the dwelling is in working order; and
 - (b) if an alarm was, at the time of its installation, required to be connected to the mains power supply, ensure that the alarm —
 - (i) is permanently connected to the mains power supply; or
 - (ii) if the alarm is to be installed at a location in the dwelling where there is no hidden space in which to run the necessary electrical wiring and there is no appropriate alternative location — the alarm has a 10 year life battery that cannot be removed; or
 - (iii) if, in relation to the alarm, the use of a battery powered smoke alarm has been approved under regulation 61 — has a 10 year life battery that cannot be removed;and
 - (c) ensure that each alarm installed in the dwelling —
 - (i) has not reached its expiry date if one is provided on the alarm; or
 - (ii) is not more than 10 years old if no expiry date is provided on the alarm.

Part 9 — Transitional provisions relating to *Local Government (Miscellaneous Provisions) Act 1960*

63. Notice to be given before commencing building or demolition work

- (1) A person who intends to commence any building work or demolition work or do any other thing by which a street, way or other public place in a district may be obstructed or rendered dangerous or inconvenient to persons passing over or near must —
- (a) give written notice to the local government of the district at least 3 days before commencing the work or doing the thing; and
 - (b) put up such hoardings, fences, footway or other protective structures as the local government reasonably requires for the purpose of public safety.

Penalty: a fine of \$5 000 and a daily penalty of \$100 for each day during which the offence continues.

- (2) A person who intends to demolish or remove a building in a city, town or townsite must give written notice to the local government for the district in which the building is located at least 7 days before commencing the demolition or removal.

64. No materials to be deposited on streets without licence

- (1) A person must not deposit stones, bricks, lime, rubbish, timber, iron, or other materials on a street, way or other public place, or make an excavation on land abutting or adjoining a street, way or other public place, unless —
- (a) the person is authorised to do so under a written law; or
 - (b) the person —
 - (i) does so in accordance with a licence in writing from the local government in whose district the street, way, public place or land is situated; and

- (ii) in the case of an excavation, has securely fenced off the place where the excavation is to be made from the street, way or other public place.

Penalty: a fine of \$5 000 and a daily penalty of \$100 for each day during which the offence continues.

- (2) A licence must set out the purpose for which it is granted.
- (3) The local government may grant a licence subject to such conditions as the local government reasonably requires, including conditions relating to the erection of hoardings, fences, walkways or other protective structures for public safety.
- (4) The local government may charge a licence fee of \$1 per month or part of a month for each m² of the street, way or public place that is enclosed by a hoarding or fence.
- (5) The local government may, before granting the licence, require the applicant to deposit with the local government a sum sufficient in the opinion of the CEO of the local government to cover the cost of repairing damage caused by the licensee to the street, footpath or kerb, to be retained by the local government until the damage, if any, is made good by the licensee.
- (6) If the repair work is not done by the licensee within such time as the CEO of the local government thinks reasonable, the local government may do the work and deduct the cost from the deposit or, if the deposit is insufficient to meet the cost, apply the deposit in part payment of the cost, and recover the balance in a court of competent jurisdiction.
- (7) If the local government refuses to grant the licence or in granting the licence imposes conditions, a person dissatisfied with the refusal or the conditions may apply to the State Administrative Tribunal for a review of the decision with which the person is dissatisfied.

r. 65

- (8) A person who, in accordance with a licence, erects a hoarding, fence, walkway or other protective structure must keep and maintain it in good condition, to the satisfaction of the CEO of the local government, during such time as the CEO thinks necessary for the public safety and convenience.

Penalty: a fine of \$5 000 and a daily penalty of \$100 for each day during which the offence continues.

- (9) A person who, in connection with an excavation, erects a hoarding, fence or other obstruction in a street, way or other public place must —
- (a) cause it to be sufficiently lighted every night from sunset to sunrise to prevent mishaps; and
 - (b) within a reasonable time after being required in writing to do so by the local government —
 - (i) remove the hoarding, fence or other obstruction; and
 - (ii) fill in the excavation; and
 - (iii) repair any damage that the person has done to the street, footpath or kerb.

Penalty: a fine of \$5 000 and a daily penalty of \$100 for each day during which the offence continues.

65. Hoardings erected and materials deposited otherwise than as permitted by licence may be removed

If a person —

- (a) erects or sets up in or on a street, way or other public place in a district, a hoarding, fence, scaffold or enclosure; or
- (b) makes an excavation on land abutting or adjoining a street, way or other public place except where the excavation is securely fenced off from the street, way or other public place; or

- (c) deposits stone, bricks, lime, rubbish, timber, iron, or other materials in or on a street, way or other public place —
 - (i) without a licence from the local government; or
 - (ii) having obtained a licence —
 - (I) does so otherwise than in accordance with the licence; or
 - (II) permits any of those things to remain beyond the time stated in the licence;
- or
- (d) fails to keep a hoarding, fence or other protective structure in good repair,

the local government may do any of the following —

- (e) fill in the excavation;
- (f) pull down the hoarding, fence, scaffold or enclosure;
- (g) remove the materials comprising a hoarding, fence, scaffold or enclosure or any stone, bricks, mortar, lime, or other building materials contained within the enclosure or deposited in or on the street, way or other public place and deposit the materials in such place as the local government thinks fit;
- (h) by written notice served on the person require the person to pay to the local government the expenses of doing any of the things referred to in paragraphs (e) to (g) and recover the expenses in a court of competent jurisdiction.

66. Damage done to footpaths, drains etc. to be made good

- (1) A person who, in erecting or setting up in a street, way or other public place in a district, a hoarding, fence, or scaffolding, damages a footpath or roadway of the street, way or other public place, or a kerb, water-table or drain, must make good the

damage to the satisfaction of the CEO of the local government for that district.

- (2) If the person who owns or erects the hoarding, fence or scaffold does not, to the satisfaction of the CEO, make good and repair the footpath, roadway, kerb, water-table or drain, the local government may —
- (a) cause the repairs and reinstatement to be done; and
 - (b) by written notice served on the person require the person to pay to the local government the expenses of doing so, together with such further costs, charges and expenses, if any, as are incurred by reason of the omission, and may recover the expenses, costs and charges in a court of competent jurisdiction.

67. While building is in progress footpath to be covered

- (1) A local government may, by written notice served on a person, require the person to cover a footpath to prevent inconvenience to the public or danger from falling materials during any period in which the person —
- (a) erects in a district the ground floor of a building abutting a footpath of a street, way or other public place; or
 - (b) carries out plastering, painting or decorating operations above the ground floor of a building abutting a footpath of a street, way or other public place.
- (2) A person must comply with a notice under subregulation (1).
Penalty: a fine of \$5 000 and a daily penalty of \$100 for each day during which the offence continues.
- (3) A person who is dissatisfied with the requisition of the local government may apply to the State Administrative Tribunal for a review of the decision to make the requisition.

68. Expiry of Part

This Part expires on the day that is one year after the day on which the rest of these regulations come into operation under regulation 2(b).

Schedule 1 — Estimated value of building work

[r. 3]

1. Terms used

In this Schedule —

GST has the meaning given in the *A New Tax System (Goods and Services Tax) Act 1999* (Commonwealth);

relevant components means —

- (a) all goods (including manufactured goods forming part of the work); and
- (b) labour; and
- (c) services necessary; and
- (d) fees payable; and
- (e) overheads to be met; and
- (f) profit margin.

2. Estimated value of building work

(1) For the purposes of estimating the value of building work —

- (a) where the work is to be carried out under a contract and the contract price includes value for at least each of the relevant components — the estimated value of the work is the contract price (including the GST); and
- (b) where the work is to be carried out —
 - (i) other than under a contract; or
 - (ii) under a contract the contract price for which does not include value for each of the relevant components,the estimated value of the work is the sum of the value (including the GST) of the relevant components.

(2) If building work includes building work in respect of which a building permit is in effect, the estimated value of the building work is reduced by the estimated value of the building work to which the building permit applies.

3. Estimated value of unauthorised building work

The estimated value of unauthorised building work is the sum of the estimated current value (including GST) of the relevant components.
