Part 2 — Liability and assessment

Division 1 — Liability to pay-roll tax

5. Pay-roll tax on WA taxable wages

- (1) Pay-roll tax is payable, in accordance with the pay-roll tax Acts, on wages that are WA taxable wages.
- (2) **WA taxable wages** are wages, other than exempt wages, that are taxable in this jurisdiction.

[Section 5 amended by No. 15 of 2010 s. 5.]

6A. Wages that are taxable in this jurisdiction

- (1) Wages are taxable in this jurisdiction if —
 - (a) the wages are paid or payable by an employer for or in relation to services performed by a person wholly in this jurisdiction; or
 - (b) the wages are paid or payable by an employer for or in relation to services performed by a person in 2 or more Australian jurisdictions, or partly in one or more Australian jurisdictions and partly outside all Australian jurisdictions, and —
 - (i) the person is based in this jurisdiction; or
 - (ii) the employer is based in this jurisdiction — in a case where the person is not based in an Australian jurisdiction; or
 - (iii) the wages are paid or payable in this jurisdiction — in a case where both the person and the employer are not based in an Australian jurisdiction; or
 - (iv) the wages are paid or payable for services performed mainly in this jurisdiction — in a case where both the person and employer are not based in an Australian jurisdiction and the wages

are not paid or payable in an Australian jurisdiction;

or

- (c) the wages are paid or payable by an employer for or in relation to services performed by a person wholly outside all Australian jurisdictions and are paid or payable in this jurisdiction.

Note: Section 41B provides an exemption for wages paid or payable for services performed wholly in one or more other countries for a continuous period of more than 6 months.

- (2) The question of whether wages are taxable in this jurisdiction is, subject to this section, to be determined by reference only to the services performed by the person in respect of the employer during the month in which the wages are paid or payable.
- (3) For that purpose, any wages paid or payable by an employer in respect of a person in a particular month are taken to be paid or payable for or in relation to the services performed by the person in respect of the employer during that month.

Note: For example, if wages paid in a month are paid to a person for services performed over several months, the question of whether the wages are taxable in this jurisdiction is to be determined by reference only to services performed by the person in the month in which the wages are paid. The services performed in previous months are disregarded for this purpose.

- (4) If no services are performed by a person in respect of an employer during a month in which wages are paid or payable to or in relation to the person by the employer —
 - (a) the question of whether the wages are taxable in this jurisdiction is to be determined by reference only to the services performed by the person in respect of the employer during the most recent prior month in which the person performed services in respect of the employer; and
 - (b) the wages are taken to be paid or payable for or in relation to the services performed by the person in

respect of the employer during that most recent prior month.

- (5) If no services are performed by a person in respect of an employer during a month in which wages are paid or payable to or in relation to the person by the employer and no services were performed by the person in respect of the employer during any prior month —
- (a) the wages are taken to be paid or payable for or in relation to services performed by the person during the month in which the wages are paid or payable; and
 - (b) the services are taken to have been performed at a place or places where it may be reasonably expected that the services of the person in respect of the employer will be performed.
- (6) All amounts of wages paid or payable in the same month by the same employer in respect of the same person are to be aggregated for the purposes of determining whether they are taxable in this jurisdiction.
- Note: For example, if one amount of wages is paid by an employer in a particular month for services performed in this jurisdiction, and another amount of wages is paid by the same employer in the same month for services performed by the same person in another Australian jurisdiction, the wages paid are to be aggregated as if they were paid for all the services performed by the person in that month.
- (7) If wages are paid in a different month from the month in which they are payable, the question of whether the wages are taxable in this jurisdiction is to be determined by reference to the earlier of the relevant months.
- (8) If an amount that is paid or payable to a company is, under section 9GA or 21, taken to be wages paid or payable to another person, subsection (1)(b) has effect as if references to the jurisdiction in which the person who performs the services is based were references to the jurisdiction in which the company is based and, for that purpose, the jurisdiction in which the

company is based is to be worked out under section 6C as if the company were an employer.

[Section 6A inserted by No. 15 of 2010 s. 6.]

6B. Jurisdiction in which person who performs services is based

- (1) The jurisdiction in which a person who performs services is based is the jurisdiction in which the person's principal place of residence is located.
- (2) The jurisdiction in which the person is based is to be determined by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (3) If more than one jurisdiction would qualify as the jurisdiction in which the person is based during a month, the jurisdiction in which the person is based is to be determined by reference to the state of affairs existing on the last day of that month.
- (4) If the person does not have a principal place of residence, the person is taken to be a person who is not based in an Australian jurisdiction.

[Section 6B inserted by No. 15 of 2010 s. 6.]

6C. Jurisdiction in which employer is based

- (1) The jurisdiction in which an employer is based is —
 - (a) the jurisdiction in which the employer's registered business address is located — if the employer has an ABN; or
 - (b) the jurisdiction in which the employer's principal place of business is located — in any other case.
- (2) If wages are paid or payable in connection with a business carried on by an employer under a trust, the employer's registered business address is the registered business address of the trust or, if the trust does not have an ABN, the registered business address of the trustee of the trust.

- (3) If an employer has registered business addresses located in different jurisdictions at the same point in time, the jurisdiction in which the employer is based at that point in time is the jurisdiction in which the employer's principal place of business is located.
- (4) The jurisdiction in which an employer is based is to be determined by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (5) If more than one jurisdiction would qualify as the jurisdiction in which an employer is based during a month, the jurisdiction in which the employer is based is to be determined by reference to the state of affairs existing on the last day of that month.
- (6) An employer who has neither a registered business address nor a principal place of business is taken to be an employer who is not based in an Australian jurisdiction.

[Section 6C inserted by No. 15 of 2010 s. 6.]

6D. Place and date of payment of wages

- (1) In this section —
instrument includes a cheque, bill of exchange, promissory note, money order or a postal order issued by a post office.
- (2) Wages are taken to have been paid at a place if, for the purpose of the payment of those wages —
 - (a) an instrument is sent or given or an amount is transferred by an employer to a person or a person's agent at that place; or
 - (b) an instruction is given by an employer for the crediting of an amount to the account of a person or a person's agent at that place.
- (3) The wages are taken to have been paid on the date that the instrument was sent or given, the amount was transferred or the

account credited in accordance with the instruction (whichever is relevant).

- (4) Subject to this section, wages are taken to be payable at the place at which they are paid.
- (5) Wages that are not paid by the end of the month in which they are payable are taken to be payable at —
 - (a) the place where wages were last paid by the employer for or in relation to services performed by the person; or
 - (b) if wages have not previously been paid by the employer for or in relation to services performed by the person — the place where the person last performed services in respect of the employer before the wages became payable.
- (6) If wages paid or payable in the same month by the same employer in respect of the same person are paid or payable in more than one Australian jurisdiction, the wages paid or payable in that month are taken to be paid or payable in the Australian jurisdiction in which the highest proportion of the wages are paid or payable.

[Section 6D inserted by No. 15 of 2010 s. 6.]

6. Time for payment of pay-roll tax

Pay-roll tax is due for payment on the last day for lodging the return of the wages on which the pay-roll tax is payable.

7. Liability to pay-roll tax

- (1) An employer who pays or is liable to pay WA taxable wages is liable to pay any pay-roll tax payable on the wages.
- (2) Pay-roll tax payable on wages by a member or members of a group is a debt due jointly and severally by each person who is a member of the group during the period in which the wages become payable.

- (3) A liability arising under subsection (2) does not affect the liability of an employer under subsection (1).
- (4) A person who is liable to pay pay-roll tax is also liable to pay any penalties, interest or other amounts payable under a pay-roll tax Act in connection with the pay-roll tax.

8. The tax threshold

- (1) The annual threshold amount for a financial year beginning on or after 1 July 2003 is \$750 000.
- (2) The monthly threshold amount for a financial year beginning on or after 1 July 2003 is \$62 500.

[Section 9AA inserted by No. 15 of 2010 s. 7.]

Subdivision 2 — Fringe benefits and specified taxable benefits

[Heading inserted by No. 15 of 2010 s. 7.]

9BA. Wages include fringe benefits and specified taxable benefits

- (1) The value of a fringe benefit or a specified taxable benefit that is provided by an employer to or in relation to an employee is taken to be wages paid by the employer to the employee unless the benefit is a fringe benefit constituted by the grant of a share or an option that constitutes wages under Subdivision 4.

- (2) Subsection (1) does not apply to benefits that are exempt benefits for the purposes of the FBTA Act.

[Section 9BA⁸ inserted by No. 15 of 2010 s. 7; amended by No. 29 of 2012 s. 17.]

9BB. Actual value of a fringe benefit

- (1) The value of a fringe benefit (*V*) is to be calculated in accordance with the formula —

$$V = TV \times \frac{1}{1 - \text{FBT rate}}$$

where —

FBT rate is the rate of fringe benefits tax, imposed for the purposes of the FBTA Act, that applies when the liability to pay-roll tax under this Act arises;

TV is the taxable value of the benefit as a fringe benefit for the purposes of the FBTA Act.

- (2) The value of a fringe benefit calculated in accordance with subsection (1) is the **actual value** of the fringe benefit.

[Section 9BB inserted by No. 15 of 2010 s. 7.]

9BC. Basis for including the value of fringe benefits in returns

- (1) If an employer is required to specify in a return WA taxable wages that include the value of fringe benefits provided by the employer, the employer may, instead of including the actual value of the fringe benefits, include a value of the fringe benefits calculated using the estimated value method, if the employer is eligible to do so.

- (2) An employer must use the same basis upon which to include the value of fringe benefits in returns for all returns for an assessment year unless the Commissioner allows a change during that year under section 9BH(4).

[Section 9BC inserted by No. 15 of 2010 s. 7.]

9BD. Eligibility to use estimated value method

An employer is eligible to use the estimated value method to calculate the value of fringe benefits provided by the employer in an assessment year if the employer —

- (a) has provided WA fringe benefits for at least the 15 months ending immediately before the beginning of the assessment year; and
- (b) lodges monthly returns for the assessment year.

[Section 9BD inserted by No. 15 of 2010 s. 7.]

9BE. Returns (other than annual returns) using the estimated value method

- (1) If an employer, other than one who lodges an annual return, uses the estimated value method for an assessment year, the value of the fringe benefits (*V*) to be included in each return for the year except the last return is to be calculated in accordance with the formula —

$$V = AV \times \frac{1}{N}$$

where —

AV is the actual value of the fringe benefits provided by the employer in relation to the FBT year ending on 31 March in the financial year immediately before the assessment year;

N is the number of returns in the assessment year.

- (2) The value of the fringe benefits to be included in the employer's last return for the assessment year is the amount equal to the difference between —
 - (a) the actual value of the WA fringe benefits provided by the employer during the FBT year that ended on 31 March in the assessment year; and
 - (b) the sum of the amounts included in each of the previous returns for the assessment year under subsection (1).

[Section 9BE inserted by No. 15 of 2010 s. 7.]

9BF. Annual returns using the estimated value method

If an employer who lodges an annual return for an assessment year uses the estimated value method for the assessment year, the value of the fringe benefits to be included in the return is the amount equal to the actual value of the WA fringe benefits provided by the employer for the FBT year that ended on 31 March in the assessment year.

[Section 9BF inserted by No. 15 of 2010 s. 7.]

9BG. Final returns using the estimated value method

If an employer who uses the estimated value method lodges a final return for an assessment year, the value of the fringe benefits to be included in the return is the amount equal to the difference between —

- (a) the sum of —
 - (i) the WA fringe benefits provided by the employer for the FBT year that ended on 31 March in the assessment year; and
 - (ii) the WA fringe benefits provided by the employer for April, May and June in the assessment year (if any);

and

- (b) the sum of —
 - (i) one quarter of the WA fringe benefits provided by the employer for the FBT year that ended in the first financial year for which the employer last chose to make returns using the estimated value method; and
 - (ii) the total of the amounts of WA fringe benefits included in the returns for the assessment year.

[Section 9BG inserted by No. 15 of 2010 s. 7.]

9BH. Changing method of valuing fringe benefits

- (1) An employer may commence using the estimated value method for an assessment year if the employer —
 - (a) is eligible to use the estimated value method; and
 - (b) gives the Commissioner notice of the intention to do so before the day on which the first or only return for the assessment year is required to be lodged by the employer.
- (2) An employer may cease using the estimated value method for an assessment year if the employer gives the Commissioner notice of the intention to do so before the day on which the first or only return for the assessment year is required to be lodged by the employer.
- (3) A notice under subsection (1) or (2) must be in a form approved by the Commissioner.
- (4) On the written application of an employer, the Commissioner may allow the employer to change the basis upon which to include the value of fringe benefits in returns during an assessment year if the Commissioner is satisfied that —
 - (a) there is a compelling reason for making the change; and
 - (b) where relevant — if the change were not made, the amount of pay-roll tax paid by the employer during the assessment year would be substantially greater than the amount payable for the assessment year on the actual value of the fringe benefits provided by the employer for the assessment year.
- (5) If an employer ceases using the estimated value method during an assessment year, the value of the fringe benefits to be included in the last return lodged by the employer for the assessment year is the amount equal to the difference between —
 - (a) the sum of —

- (i) the actual value of the WA fringe benefits provided by the employer for the FBT year ending on 31 March in the assessment year; and
 - (ii) the actual value of the WA fringe benefits provided by the employer in April, May and June of the assessment year (if any);
- and
- (b) the sum of —
 - (i) one quarter of the actual value of the WA fringe benefits provided by the employer for the FBT year that ended in the first financial year in which the employer last chose to make returns using the estimated value method; and
 - (ii) the total of the amounts of the WA fringe benefits included in the employer's returns for the assessment year.
- (6) If an employer commences using the estimated value method during an assessment year, the value of the fringe benefits to be included in the last return lodged by the employer for the assessment year is the amount equal to the difference between —
- (a) the actual value of the WA fringe benefits provided by the employer for the FBT year ending on 31 March in the assessment year; and
 - (b) the total of the amounts of the WA fringe benefits included in the employer's returns for the assessment year.

[Section 9BH inserted by No. 15 of 2010 s. 7.]

9BI. Value of a specified taxable benefit

The value of a specified taxable benefit is the prescribed value, or the value calculated in the prescribed manner (whichever is relevant).

- (b) a notional contribution taken to have been made by an employer in respect of an employee in a return period of the employer;
 - (c) an individual superannuation guarantee shortfall that an employer has for an employee for a return period of the employer.
- (2) If a notional contribution is taken to have been made by an employer, in respect of an employee, to a superannuation fund in a return period, no contribution made to the fund by the employer, in respect of the employee, in the return period to make provision for the cost referred to in section 9CD(3) is taken to be wages under subsection (1).
- (3) If —
- (a) a superannuation contribution that was payable, but not paid, or was required to be credited as a contribution, but was not, by an employer in respect of an employee is taken to be wages paid by the employer to the employee in a return period under subsection (1); and
 - (b) an individual superannuation guarantee shortfall results wholly or in part from the employer's failure to pay or credit the contribution,
- the amount of the individual superannuation guarantee shortfall is reduced (but not to below zero) by the amount of the superannuation contribution referred to in paragraph (a).
- (4) Section 6D(5) applies to —
- (a) a superannuation contribution that is payable but not paid or is or is required to be credited as a contribution; and
 - (b) a notional contribution; and

- (5) For the purposes of subsection (1)(c) —
 - (a) the individual superannuation guarantee shortfall referred to is reduced by any amount of the shortfall arising under the Superannuation Guarantee Act section 19 because of contributions not made in compliance with the choice of fund requirements; and
 - (b) if an employer has an individual superannuation guarantee shortfall for an employee for a quarter (within the meaning given in the Superannuation Guarantee Act section 6), the shortfall is taken to be for the last month of the quarter.

[Section 9CB inserted by No. 15 of 2010 s. 7.]

- (3) Setting aside any money or anything that is worth money as, or as part of, a superannuation fund is taken to be paying a contribution.
- (4) Making a contribution of anything that is worth money is taken to be paying a contribution of the amount equal to its value, and

its value is to be worked out in accordance with section 9HA as if that section referred to the contribution instead of to wages.

[Section 9CC inserted by No. 15 of 2010 s. 7.]

9CD. Notional contributions

- (1) Notional contributions are taken to have been made by an employer in respect of an employee if —
 - (a) the employee is a member of an Australian superannuation fund; and
 - (b) the fund is a defined benefit fund.
- (2) For each return period of the employer in which the employee accrues an entitlement to a defined superannuation benefit from the fund, a notional contribution is taken to have been made to the fund in the return period by the employer in respect of the employee.
- (3) The amount of the notional contribution is the amount that an actuary determines would be sufficient to meet the expected long-term cost to the employer of that benefit.
- (4) The regulations may include provisions about how an actuary is to determine an amount under subsection (3).

[Section 9CD inserted by No. 15 of 2010 s. 7.]

Subdivision 4 — Shares and options

[Heading inserted by No. 15 of 2010 s. 7.]

Note: A grant of a share or an option to an employee by an employer that is not an ESS interest will be taxable as a fringe benefit under Subdivision 2.

- (2) A share or an option is granted to a person if —
 - (a) another person transfers the share or option to that person (other than, in the case of a share, by issuing the share to that person); or

 - (e) the person acquires a beneficial interest in the share or option from another person.
- (3A) To avoid doubt, if an employee acquires a right to be granted a share or an option, or some other material benefit, at the employer's election, the share or option is not granted until the employer elects to grant the share or option.
- (3) Wages constituted by the value of a share or an option are taken to be paid on the relevant day.
- (4) The *relevant day* is the day that the employer elects, in accordance with this Subdivision, to treat as the day on which the wages are paid.

- (2) The **vesting day** in respect of a share is the earlier of the following days —

 - (b) the day at the end of the period of 7 years from the day on which the share is granted to the employee.
- (3) The **vesting day** in respect of an option is the earlier of the following days —

- (1) If —
 - (a) an employer grants a share or an option to an employee; and

- (b) the value of the share or option is not specified as WA taxable wages in a return in the financial year in which the share or option was granted,

the employer is taken to have elected to treat the wages constituted by the value of that share or option as being paid on the vesting day.

- (2) If —
 - (a) an employer grants a share or an option to an employee; and
 - (b) either —
 - (i) the value of the share or option is nil; or
 - (ii) if the employer were to elect to treat the day on which the share or option was granted as the relevant day — the wages constituted by the value of the share or option would not be liable to pay-roll tax,

the employer is taken to have elected to treat the wages constituted by the value of the share or option as being paid or payable on the day on which the share or option was granted.

[Section 9DC⁸ inserted by No. 15 of 2010 s. 7; amended by No. 29 of 2012 s. 20.]

9DD. Value of shares and options

- (1) In this section —

Commonwealth income tax provisions means the *Income Tax Assessment Act 1997* (Commonwealth) section 83A-315 and the regulations made for the purposes of that section.

Note: See the *Income Tax Assessment Regulations 1997* (Commonwealth) Division 83A for the relevant regulations.
- (2) The value of a share or an option is the value of the share or option (expressed in Australian currency) on the relevant day, less the consideration (if any) paid or given by the employee in

respect of the share or option (other than consideration in the form of services performed).

- (3) The value of a share or an option is —
 - (a) the market value; or
 - (b) the amount determined as provided for by the Commonwealth income tax provisions.
- (4) The employer may elect the method by which the value of a share or an option is determined in any return lodged under this Act.
- (5) However, the Commissioner may determine the method by which the value of a share or an option is determined if the grant of the share or option is not included as wages in a return lodged by an employer as required by this Act.
- (6) In determining the market value of a share or an option, anything that would prevent or restrict conversion of the share or option to money is to be disregarded.
- (7) The Commonwealth income tax provisions apply with the following modifications, and any other necessary modifications —
 - (a) the value of an option is to be determined as if it were a right to acquire a beneficial interest in a share;
 - (b) a reference to the acquisition of a beneficial interest in a share or right is to be read as a reference to the grant of a share or an option.

Division 4 — Assessment generally

21. Tax-reducing arrangements

- (1) If a person is a party to a tax-reducing arrangement, the Commissioner may —
 - (a) disregard the arrangement; and

- (b) determine that any party to the arrangement is an employer for the purposes of this Act; and
 - (c) determine that any payment made under the arrangement is wages paid or payable for or in relation to the services performed by the worker for the purposes of this Act.
- (2) If the Commissioner makes a determination, he or she must —
 - (a) serve a notice to that effect on the person; and
 - (b) set out in the notice the grounds on which the Commissioner relies and his or her reasons for making the determination.

[Section 21 amended by No. 15 of 2010 s. 8.]

22. Adjustments for changes in annual threshold amount

- (1) If the Commissioner is satisfied that the total amount of pay-roll tax paid or payable by a non-group employer or a group for an assessment year exceeds by more than \$10 the total amount of pay-roll tax that would have been paid or payable for the year if the annual threshold amount had not been amended with respect to that year, the employer or group is eligible for a refund or rebate of the amount by which the first-mentioned total amount exceeds the second-mentioned total amount.
- (2) The non-group employer or the group's DGE may apply to the Commissioner for the rebate or refund.
- (3) An application may be made in the approved form before the end of the following financial year.
- (4) The Commissioner must reassess the amount of pay-roll tax payable by the employer or the group for the year on receiving an application, and may do so on his or her initiative.

22A. Effect of change in tax rate during 2004/5 year

- (1) The purpose of this section is to modify provisions of this Act that operate by reference to the pay-roll tax rate, and related

provisions, to the extent that they apply to the assessment year commencing on 1 July 2004 (the *2004/5 year*).

- (2) The modifications are required because the rate of pay-roll tax (the *old rate*) for the first 6 months of the 2004/5 year (the *first period*) differs from the rate of pay-roll tax (the *new rate*) for the last 6 months of that year (the *second period*).
- (3) When using a provision of this Act to calculate the amount of pay-roll tax payable for —
 - (a) the whole or part of a progressive return period that is during the 2004/5 year and before the second period commences, a reference to the pay-roll tax rate means the old rate;
 - (b) the whole or part of a progressive return period that is during the 2004/5 year and after the first period ends, a reference to the pay-roll tax rate means the new rate.
- (4) To calculate the amount of pay-roll tax payable by an employer or group for a period (the *tax period*) that is the whole or part of the 2004/5 year —
 - (a) separate amounts are to be calculated, as described in subsection (5), for —
 - (i) any part of the tax period that is before 1 January 2005 (the *first part of the tax period*); and
 - (ii) any part of the tax period that is after 31 December 2004 (the *second part of the tax period*);and
 - (b) the amount, if any, calculated for the second part of the tax period is to be added to the amount, if any, calculated for the first part of the tax period to give the total amount payable for the tax period.
- (5) To calculate the amount for the first part of the tax period or the second part of the tax period (the *relevant part period*), the

provision that applies for the calculation of the amount of pay-roll tax payable for the tax period is to be used, but in using that provision —

- (a) a reference to the tax period is to be taken to refer to the relevant part period, except in a reference to an annual threshold amount or an apportioned threshold amount; and
 - (b) a reference to the pay-roll tax rate means —
 - (i) if the relevant part period is the first part of the tax period, the old rate; and
 - (ii) if the relevant part period is the second part of the tax period, the new rate;and
 - (c) if the provision is section 10(1), the amount referred to in section 10(1)(b) is to be multiplied by the part period factor, as defined in subsection (6); and
 - (d) if the provision refers to an apportioned threshold amount, the calculation of the apportioned threshold amount for the tax period under section 12(1), 14, or 18, as the case requires, (the *calculation provision*) is modified by multiplying the amount that T represents in the formula in the calculation provision by the part period factor, as defined in subsection (6).
- (6) In subsection (5)(c) and (d) —

part period factor means the amount represented by *F* in the formula —

$$F = \frac{W_p}{W}$$

where —

W_p is the total amount of WA taxable wages paid or payable by the employer or group during the relevant part period;

W is the total amount of WA taxable wages paid or payable by the employer or group during the tax period.

[Section 22A inserted by No. 82 of 2004 s. 4.]

23. Taxable wages not paid throughout assessment year

- (1) This section applies to a non-group employer if —
 - (a) the employer pays or is liable to pay WA taxable wages or interstate taxable wages for part only of an assessment year; and
 - (b) the Commissioner is satisfied that, because of the nature of the employer's trade or business, the employer's liability to pay WA taxable wages or interstate taxable wages fluctuates with different periods of the assessment year.
- (2) If the employer conducted the trade or business in Australia during the whole of the assessment year, then the employer's liability to pay pay-roll tax is to be assessed as if the employer had paid or been liable to pay wages throughout the assessment year.
- (3) If the employer has conducted the trade or business in Australia during part only of the assessment year, then the employer's liability is to be assessed as if the employer had paid or been liable to pay wages only during that part of the assessment year.

[Section 23 amended by No. 40 of 2003 s. 23.]

Part 3 — Registration and returns

[Clause 1 inserted by No. 15 of 2010 s. 17.]

(1) If —

- (a) an employer granted a share or an option to a person —
 - (i) on or after 1 July 2009; and
 - (ii) before the *Pay-roll Tax Assessment Amendment Act 2010* received the Royal Assent;
- and
- (b) the amount equal to the value of the share or option was WA taxable wages; and
- (c) the value of the share or option is, under section 9DA or 9DG and clause 1, taken to be wages paid by the employer to the employee; and
- (d) the wages constituted by the value of that share or option are WA taxable wages under section 5(2) and clause 1,

the employer may, by notice given to the Commissioner, elect to treat those wages as being paid on the vesting day.

[Clause 3 inserted by No. 15 of 2010 s. 17.]

Division 2 — Provisions for the *Pay-roll Tax Assessment Amendment Act 2010* in relation to grouping of employers

[Heading inserted by No. 15 of 2010 s. 26.]

4. Exclusion, from a group, in force before 1 July 2012

If the Commissioner has excluded a person from a group under section 31(4) or 32(3) (as in force before 1 July 2012) and that exclusion was in force immediately before 1 July 2012, that exclusion has effect, according to its terms, on and after 1 July 2012, as if it had been granted under Part 4 (as in force on and after 1 July 2012).

[Clause 4 inserted by No. 15 of 2010 s. 26.]

5. Exclusion, from a group, granted on or after 1 July 2012

6. Exclusion, from a group, having effect before 1 July 2012

The Commissioner may, on and after 1 July 2012, exclude a person from a group for a period that is before 1 July 2012 but not on or after 1 July 2012, and may do so as if the *Pay-roll Tax Assessment Amendment Act 2010* Part 2 Division 3 had not come into operation.

[Clause 6 inserted by No. 15 of 2010 s. 26.]

Division 2 — Provisions consequent on enactment of Revenue Laws Amendment Act 2012 Part 5 Division 2

[Heading inserted by No. 29 of 2012 s. 25.]

4. Assessment and payment of pay-roll tax in relation to employee shares and options

Anything done or omitted to be done by an employer in connection with the assessment and payment of pay-roll tax, in respect of a month occurring after June 2009 and before July 2011, that would have been validly done or omitted to be done had the amendments made to this Act by the *Revenue Laws Amendment Act 2012* Part 5 Division 2 been in force, is taken to have been validly done or omitted.

Note: This provision validates a decision by an employer to treat the grant of a share or an option to an employee that is not an ESS interest as a fringe benefit under Part 2 Division 2A Subdivision 2 and to determine the value of those fringe benefits in accordance with those provisions, rather than by reference to Part 2 Division 2A Subdivision 4.

[Clause 4 inserted by No. 29 of 2012 s. 25.]

(1) In this clause —

relevant day has the meaning given in section 9DA(4).

-
- (2) Part 2 Division 2A Subdivision 4 continues to apply in respect of a share or an option granted before 1 July 2011 that constituted wages under old section 9DA, whether or not the grant of the share or option would constitute wages under new section 9DA, if the relevant day in relation to the grant of the share or option is not a day occurring before 1 July 2011.

Note: For example, a share granted before 1 July 2011 that is not an ESS interest continues to be treated as wages under Part 2 Division 2A Subdivision 4 if the vesting day for the share did not occur before 1 July 2011 and the employer did not elect to treat the day of the grant as the relevant day.

- (3) Sections 9DB and 9DD as amended by the assessment amendments apply in respect of any such share or option.
- (4) Accordingly, the vesting day and the value of the share or option are to be determined in accordance with those sections as amended by the assessment amendments.
- (5) This clause does not apply in respect of a share or an option granted before 1 July 2011 if the liability for pay-roll tax in respect of the grant is determined in accordance with Part 2 Division 2A Subdivision 2 (as permitted by clause 4).

[Clause 5 inserted by No. 29 of 2012 s. 25.]

6. Shares and options granted on or after 1 July 2011 and before Revenue Laws Amendment Act 2012 received the Royal Assent

Subject to the *Taxation Administration Act 2003* section 17(4), if an employer granted a share or an option to a person —

- (a) on or after 1 July 2011; and
- (b) before the *Revenue Laws Amendment Act 2012* received the Royal Assent,

the Commissioner must make any reassessment necessary to give effect to this Act as amended by the *Revenue Laws Amendment Act 2012* Part 5 Division 2.

[Clause 6 inserted by No. 29 of 2012 s. 25.]
