(2)	To avoid doubt, a compensation reduction amount may arise in relation to each amount of compensation fixed or foregone in

	respect of injury, including amounts to which different paragraphs of regulation 31(1) apply — in this case, more than one compensation reduction amount may apply for the purposes of subregulation (1).

<u>35.</u>	Commission may advise person as to likely compensation reduction amount (NDIS rule 3.8)		
	If requested to do so by a person who has suffered an injury and is considering a settlement or other agreement that might result in the application of this Part, the Commission may advise the person in relation to the likely compensation reduction amount, or elements of the likely compensation reduction amount, that would apply in relation to the settlement or agreement.
