Electricity Industry Exemption Order 2005

1. Citation

This order is the *Electricity Industry Exemption Order 2005*.

2. Commencement

This order comes into operation on 1 January 2006.

3A. Terms used

In this order —

commercial premises means premises or any part of premises used, or intended to be used, for commercial or industrial purposes;

SWIS means the South West interconnected system.

[Clause 3A inserted in Gazette 9 Oct 2009 p. 3992; amended in Gazette 29 Jun 2012 p. 2933.]

3. Exemption for generating works under 30 MW

(1) In this clause —

connection point means a point at which the generating works are connected to a transmission system or a distribution system;

generation capacity, in relation to generating works under construction, means the total generation capacity in megawatts that the generating works will have after construction is completed.

cl. 4A

- (2) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if the generation capacity of the generating works concerned is less than 30 MW at each connection point.
- (3) The exemption provided for in subclause (2) is subject to the condition that, if the generating works are connected to a transmission system or distribution system of an electricity corporation that forms part of the SWIS, the metering of the supply of electricity from those works must be undertaken in accordance with the procedures and arrangements set out in the *Electricity Industry Metering Code 2005*.

[Clause 3 amended in Gazette 9 Oct 2009 p. 3992; 29 Jun 2012 p. 2934.]

4A. Exemptions for supply to commercial premises on which generating works are located

- (1A) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if the generating works concerned —
 - (a) are located or to be located on commercial premises; and
 - (b) are used or to be used solely for the generation of electricity for consumption by another person on those premises.
- (1) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned —
 - (a) is connected to generating works operated by the supplier; and
 - (b) is used or to be used solely for the transportation of electricity for consumption by another person on commercial premises on which the generating works are located.
- (2) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(4) if —
 - (a) the electricity is generated using generating works operated by the supplier; and

[(b) deleted]

- (c) the electricity is sold for consumption on commercial premises on which the generating works are located.

[Clause 4A inserted in Gazette 29 Jun 2012 p. 2934; amended in Gazette 14 Dec 2012 p. 6199.]

4. Exemptions for on-supply to commercial premises

- (1) In this clause —

scheme has the meaning given to that term in the *Strata Titles Act 1985* section 3(1);

strata company has the meaning given to that term in the *Strata Titles Act 1985* section 3(1).

- (2) A person (the *supplier*) is exempt from the *Electricity Industry Act 2004* section 7(2) if the transmission system concerned is used or to be used solely for the transportation of electricity for consumption on commercial premises under the control or management of the supplier.
- (3) A person (the *supplier*) is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is used or to be used solely for the transportation of electricity for consumption on commercial premises under the control or management of the supplier.
- (4) A person (the *supplier*) is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity is sold for consumption on commercial premises under the control or management of the supplier.
- (5) For the purposes of this clause commercial premises are under the control or management of a supplier if the supplier is —
 - (a) the owner or occupier of the premises; or
 - (b) in the case of premises on land to which a scheme relates, the strata company for the scheme.

cl. 5

- (6) The exemptions provided for in this clause do not apply to the Rottnest Island Authority established under the *Rottnest Island Authority Act 1987*.

[Clause 4 amended in Gazette 29 Jun 2012 p. 2934.]

5. Exemptions for on-supply to residential premises

- (1) In this clause —

administering body has the meaning given to that term in the *Retirement Villages Act 1992* section 3(1);

residential premises means premises or any part of premises used, or intended to be used, as a person's principal place of residence but does not include a site as defined in the *Caravan Parks and Camping Grounds Act 1995* section 5(1);

retirement village has the meaning given to that term in the *Retirement Villages Act 1992* section 3(1);

scheme has the meaning given to that term in the *Strata Titles Act 1985* section 3(1);

strata company has the meaning given to that term in the *Strata Titles Act 1985* section 3(1).

- (2) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is used or to be used solely for the transportation of electricity for consumption on residential premises under the control or management of the supplier.
- (3) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity is sold for consumption on residential premises under the control or management of the supplier.
- (4) For the purposes of this clause residential premises are under the control or management of a supplier if the supplier is —
- (a) the owner of the premises;
 - (b) in the case of premises on land to which a scheme relates, the strata company for the scheme; or

- (c) in the case of premises in a retirement village, the administering body of the retirement village.
- (5) The exemptions provided for in this clause are subject to the conditions set out in clause 6(4) to (9).
- (6) The exemptions provided for in this clause do not apply to the Rottnest Island Authority established under the *Rottnest Island Authority Act 1987*.

6. Conditions applying to exemptions under clause 5

- (1) In this clause —
 - electricity reticulation system* means any apparatus, plant or equipment that is used for, or in connection with, the transportation of electricity to the relevant premises;
 - relevant premises* means premises to which an exemption provided for in clause 5 applies;
 - resident*, in relation to the relevant premises, means a person who uses those premises as his or her permanent place of residence.
- (2) For the purposes of this clause, electricity services are services for, or in connection with, the supply of electricity.
- (3) Without limiting subclause (2), electricity services include —
 - (a) the provision and maintenance of an electricity reticulation system;
 - (b) the connection of the relevant premises to an electricity reticulation system;
 - (c) the provision, maintenance and reading of a meter to measure and record the quantity of electricity supplied to the relevant premises;
 - (d) the preparation and issue of accounts in relation to the supply of electricity to the relevant premises; and
 - (e) anything incidental to or associated with a matter referred to in paragraph (a), (b), (c) or (d).

cl. 6

- (4) If electricity supplied to the relevant premises by the supplier is supplied to the supplier by the Electricity Generation and Retail Corporation, any charge imposed by the supplier for the electricity must not exceed the charge for metered consumption —
- (a) to be paid under the *Energy Operators (Electricity Generation and Retail Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (b) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply.
- (5A) If electricity supplied to the relevant premises by the supplier is supplied to the supplier by the Regional Power Corporation, any charge imposed by the supplier for that electricity must not exceed the charge for metered consumption —
- (a) to be paid under the *Energy Operators (Regional Power Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (b) applying to electricity supplied by the Regional Power Corporation on the day of the supply.
- (5) If electricity supplied to the relevant premises is generated using generating works that are owned or operated by the supplier, any charge imposed by the supplier for that electricity must not exceed the amount necessary for the supplier to recover the costs of generation.
- (6) Any fees or charges imposed by the supplier for the provision of electricity services in relation to the relevant premises must not, in total —
- (a) in a licence area in which the Electricity Generation and Retail Corporation sells electricity to customers, exceed the fixed charge —
 - (i) to be paid under the *Energy Operators (Electricity Generation and Retail Corporation)*

- (Charges) By-laws 2006 by consumers for electricity supplied for residential use only; and
- (ii) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply;
- or
- (b) in a licence area in which the Regional Power Corporation sells electricity to customers, exceed the fixed charge —
 - (i) to be paid under the *Energy Operators (Regional Power Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (ii) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply.
- (7A) Subclause (6) applies even if the electricity is generated using generating works that are owned or operated by the supplier.
- (7) The supplier must make available to each resident of the relevant premises information that clearly sets out —
- (a) the quantity of electricity supplied to the resident; and
 - (b) the fees and charges payable by the resident —
 - (i) for electricity supplied; and
 - (ii) for the provision of electricity services.
- (8) Information referred to in subclause (7) must be made available in a manner that is easily accessible.
- (9) If information referred to in subclause (7) is not included in an account issued to a resident of the relevant premises, the supplier must inform the resident how to gain access to the information.

[Clause 6 amended in Gazette 8 May 2009 p. 1498-9;
27 Dec 2013 p. 6475.]

7. Exemptions for supply to Aboriginal communities

(1) In this clause —

Aboriginal community has the meaning given to that term in the *Aboriginal Communities Act 1979* section 3;

Aboriginal community premises means any premises that are —

- (a) owned, occupied or leased by an Aboriginal community or members of an Aboriginal community; or
- (b) used solely or principally for the purposes of an Aboriginal community.

(2) A person is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is used or to be used solely for the transportation of electricity for consumption on Aboriginal community premises.

(3) A person is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity is sold for consumption on Aboriginal community premises.

(4) The exemptions provided for in this clause do not apply to the Electricity Networks Corporation, the Electricity Generation and Retail Corporation or the Regional Power Corporation.

[Clause 7 amended in Gazette 31 Mar 2006 p. 1158; 27 Dec 2013 p. 6475.]

8. Exemptions for operations under Pilbara Energy Project Agreement

(1) In this clause —

PEP Agreement has the meaning given to “the Agreement” in the *Pilbara Energy Project Agreement Act 1994* section 3.

(2) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if the generating works concerned are constructed or operated pursuant to the PEP Agreement.

- (3) A person is exempt from the *Electricity Industry Act 2004* section 7(2) if the transmission system concerned is constructed or operated pursuant to the PEP Agreement.
- (4) A person is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is constructed or operated pursuant to the PEP Agreement.
- (5) A person is exempt from the *Electricity Industry Act 2004* section 7(4) if —
 - (a) the electricity is sold to customers pursuant to the PEP Agreement; and
 - (b) each of those customers consumes more than 160 MWh of electricity per annum.

9. Exemption for sale to certain customers under Iron Ore Beneficiation (BHP) Agreement

A person is exempt from the *Electricity Industry Act 2004* section 7(4) if —

- (a) the electricity is sold to customers pursuant to the Agreement as defined in the *Iron Ore Beneficiation (BHP) Agreement Act 1996* section 3; and
- (b) each of those customers consumes more than 160 MWh of electricity per annum.

10. Exemptions for operations under various government agreements

- (1) In this clause —

relevant agreement means —

- (a) the Agreement as defined in the *Iron Ore (Hamersley Range) Agreement Act 1963* section 2;
- (b) the Agreement as defined in the *Iron Ore (Mount Newman) Agreement Act 1964* section 2; and
- (c) the Agreement as defined in the *Iron Ore (Robe River) Agreement Act 1964* section 2.

cl. 11

- (2) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if the generating works concerned are constructed or operated pursuant to a relevant agreement.
- (3) A person is exempt from the *Electricity Industry Act 2004* section 7(2) if the transmission system concerned is constructed or operated pursuant to a relevant agreement.
- (4) A person is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is constructed or operated pursuant to a relevant agreement.
- (5) A person is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity is sold to customers pursuant to a relevant agreement.

11. Conditions applying to exemptions under clause 10

- (1) In this clause —
code provision means a provision of the code of conduct as defined in the *Electricity Industry Act 2004* section 78 other than —
