[Heading inserted by No. 38 of 1933 s. 19.]

63. Recovery of cost of limited schemes from owners of premises served

- (1) Where the local government proposes to carry out any sewerage or drainage works which will be of special benefit to a particular portion only of its district, the local government may decide that the cost of constructing such works (in so far as it is not defrayed out of loan moneys) shall be recoverable by action in any court of competent jurisdiction from the owners of rateable lands situated within the aforesaid portion of the district, and such moneys shall be recoverable accordingly: Provided that the respective amounts to be recoverable from the various owners shall be proportionate to the values of the rateable lands owned by them respectively within such portion of the district. No direction or order given or made under this section shall be subject to appeal or review.
- (2) Any such sums shall be a charge, together with interest at such rate as may be prescribed (but not exceeded by more than 0.5% the rate of interest payable in respect of any loan moneys expended on such works) on the premises to which such sum or sums relate.

63A. Interpretation

Without limiting the generality of sections 63 and 64, it is hereby declared that any sewerage or drainage works, or any sewer, carried out or constructed at the expense of the local government, are sewerage or drainage works, or is a sewer, carried out by or constructed by the local government for the purposes of those sections, notwithstanding that those works or that sewer are or is connected to a sewer or drain vested in a licensee as defined in the *Water Services Act 2012* section 3(1) and notwithstanding that the

works or the sewer may not have been actually carried out or constructed by the local government.

[Section 63A inserted by No. 52 of 1968 s. 2; amended by No. 73 of 1995 s. 188; No. 14 of 1996 s. 4; No. 25 of 2012 s. 216.]

64. Agreements for recouping costs and paying maintenance in case of limited schemes

- (1) When it shall appear to any local government that the use of any sewer constructed or to be constructed by the local government will be confined to the owners or occupiers of a limited number of premises, and will not be general, then the local government may enter into agreements relating to the use of the sewer with the respective owners of such premises.
- (2) Any such agreement shall provide for the drainage into the sewer of sewage and liquid waste from the premises, and may provide for the local government constructing and providing any drain to connect the premises with the sewer.
- (3) In every such agreement there shall be contained an undertaking on the part of the owner to pay to the local government such annual sum as may in accordance with the agreement of the parties be necessary to cover —
 - (a) a reasonable instalment of a due proportion of the cost of making and providing the sewer and any incidental works;
 - (b) interest at such reasonable rate as may be stipulated on such proportion of the cost;
 - (c) the expenses of the local government for the year in maintaining and operating such sewer and works:

Provided that, in so far as the local government has expended loan moneys on the construction and provision of such sewer and works, the period over which such instalments shall be payable shall not extend beyond the period of the loan, and the rate of interest to be charged shall not exceed by more than 0.5% that payable on the loan.

- (4) In the event of any person subsequently availing himself of the use of the sewer under agreement with the local government, any person who has entered into a prior agreement may apply to the local government for a revision and adjustment of the amount to be paid by him thereunder, and, in the event of no agreement thereon being arrived at within 2 months, then the application, and all questions connected therewith, shall be deemed to have been referred by the parties to arbitration under the *Commercial Arbitration Act 2012*.
- (5) Whenever, in the opinion of the local government, the amount of any noxious or waste matter discharged into any sewer from any premises is greater than was estimated at the time any such agreement was entered into the local government may, by notice in writing served on the owner, increase the amount to be paid by the owner, pursuant to any agreement, and the remaining payments to fall due under the said agreement shall be adjusted accordingly; provided that if the owner concerned considers the increased amount excessive he may, within 2 months after the service on him of the notice, serve a notice on the local government requiring the question of what (if any) is a fair sum by way of increase, and all questions connected therewith to be submitted to arbitration, and the provisions of the *Commercial Arbitration Act 2012*, shall apply as if the parties had agreed to a reference of such question.

The provisions of this subsection shall apply retrospectively as well as prospectively, and in their retrospective operation shall include all agreements made under section 53B⁴ of the *Health Act 1911*, or made since 4 January 1934.

- (6) Any amount payable to the local government under any such agreement shall be and remain until paid a charge upon the premises to which the agreement refers, and on all the owner's estate and interest therein, as if the agreement had contained an express charge to that effect, and the personal obligation to make the payments stipulated for in the agreement, and to perform and observe the terms thereof, shall be binding not only on the original party but on every subsequent owner of the premises, but so that no

person shall be personally liable for the making of any payment or the discharge of any obligation which shall accrue due or arise after he has ceased to be owner of the premises.

- (7) The obligations of the local government under any such agreement shall be enforceable by the owner for the time being of the premises as if had been entered into with him.
- (8) Nothing in this section shall deprive the local government of any power of imposing any rate, except in so far as any such agreement as aforesaid may impose a restriction on such power for the benefit of any person liable under or entitled to the benefit of such agreement.
- (9) In the event of the ownership of any premises to which an agreement refers becoming divided between 2 or more persons, then the benefit and burden of the agreement may be so apportioned and adjusted between the owners as the Minister may determine, and the Minister's determination shall have effect as if embodied in an agreement under this section.

[Section 64 inserted by No. 38 of 1933 s. 21 and 42; amended by No. 16 of 1935 s. 4; No. 109 of 1985 s. 3(1); No. 14 of 1996 s. 4; No. 23 of 2012 s. 45.]

- (a) The local government may take and acquire any land it may from time to time deem necessary for any of the purposes of this Part. Any such land shall be taken under and subject to the provisions of Part 9 of the *Land Administration Act 1997*.
- (b) If a local government fails to serve an offer on any claimant against the local government for compensation under the said Act within the time limited for that purpose by that Act, the Minister may at any time thereafter serve an offer on behalf of the local government, and such offer shall be deemed to be an offer made by the local government for the purposes of the said Act.

The local government may open the ground, and change the level or otherwise amend or enlarge any sewer lying under any public or private street or place within the district for better communicating with the main sewer or stormwater drains: Provided that no person shall by means of any such alteration, amendment, or enlargement be deprived of the use and enjoyment of any private sewer or drain

which he shall be entitled to use, but the local government may at its own cost so construct and alter such private sewer or drain as to render the same as effectual for the purposes for which it was intended as any such sewer or drain may be at the time of such alteration.
