8. Contributions in respect of Income exempt from Taxation, Section 7

If any contributor, other than a salary or wage earner, is not required to furnish an income tax return to the Commissioner of Taxation for the purpose of assessment under "*The Land and Income Tax Assessment Act 1907*," of his income for the year ended the thirtieth day of June, 1930, or any subsequent year, on the ground that his income is of such amount, or is derived from such a source as to be exempt from income tax, or for any other reason, such contributor shall furnish a return of his income for 30th June, 1930, on Form H.F.A., No. 1, to the Commissioner of Taxation not later than the thirtieth of June, 1931, or for any subsequent year on or before the thirty-first day of August.

A return of income by any contributor, except where the return has been lodged for the purpose of assessment under "*The Land and Income Tax Assessment Act 1907*," shall be on the Form H.F.A., No. 1, in the Schedule, and shall be furnished at the time and place prescribed in the notice given in accordance with Regulations 7 and 8.

10. Special Returns

The Commissioner may at any time accept a return or notice in a form substantially similar to the prescribed form.

11. Contributors to take necessary steps for Lodgment of Returns

Whenever a contributor is required by the Act, the Regulations, or the Commissioner to furnish a return to the Commissioner, it shall be the duty of that contributor to make the required return, and to take all steps necessary to ensure that the return is received by the Commissioner at the place where under these Regulations the return is to be furnished.

12. Addresses of Contributors

- (a) Every contributor shall, upon every return, give an address in Western Australia for service of Notice of Assessment, and shall from time to time give notice to the Commissioner of any change in his address within one calendar month after such change, and in default shall not be permitted to avail himself of the fact of such change of address in defence in any proceedings which may be instituted against him for any breach of the Act or Regulations.
- (b) For the purpose of any notice under the Act or these Regulations, where not otherwise provided, the address given by any contributor in accordance with the Regulation shall be deemed to be his last known place of business or abode, as the case may be.

Provided that, in respect of the assessment and payment of contribution under the preceding paragraph the Commissioner shall, on receipt from the contributor of the return for the year ended the thirtieth day of June, 1931, reassess such contributor under the preceding paragraph; and, should such reassessment reveal an overpayment on the part of the contributor, such overpayment shall be credited against contributions due by him under this Act, for subsequent periods.

17. Default Assessments, Section 6

If an assessment is made by the Commissioner of Taxation under Section 43 of “*The Land and Income Tax Assessment Act 1907*” (assessment in case of default), contribution to the Fund in respect of the income of any person so assessed shall be due to the Department and payable to the Commissioner of Taxation on behalf of the Department, and Section 5 of the Act shall apply.

18. Minimum Assessments — Method of Issue — Due date of Payment

No assessment of less than one shilling shall issue, and no assessment under two shillings shall issue where the person is not assessed for State income tax. All assessments under the Act shall issue at the same time as assessments for income tax under “*The Land and Income Tax Assessment Act 1907*,” or dividend duty under “*The Dividend Duties Act 1902*.” All assessments under the Act shall be due and payable on the date shown on the notice of assessment.

19. Postage to be Prepaid

Postage on every return, statement, communication, remittance, or other matter sent by post addressed to the Commissioner shall be fully prepaid by the sender.

20. Copies of Returns

A copy of or extract from a hospital contribution return of any contributor may, subject to the approval of the Commissioner, and upon payment of the prescribed fee (1s.), be supplied only to the contributor himself, or to some person authorised by the contributor in writing in that behalf.

21. Payment of Hospital Contributions

An employer may pay the hospital contribution, where deducted other than by means of adhesive stamps, in any of the following ways: —

- (a) By delivery of cash, bank notes, or cheques to the commissioner, at the Taxation Department, G.P.O. Buildings, Forrest Place, Perth.
- (b) By remitting the contributions to the Commissioner by bank draft or cheque, or postal money order or postal note, payable in the city to which the remittance is sent.
- (c) By depositing the net amount of the contribution to the credit of the State Commissioner of Taxation at any branch of the Commonwealth Bank in Western Australia.

All contributions in respect of salaries and wages paid must be remitted to the Commissioner of Taxation within seven days of such payment, or within seven days of the end of each month in those cases where the Commissioner has approved of monthly remittances.

22. Post Office to be Agent of Remitter

When a remittance is posted by a contributor addressed to the state Commissioner, the Post Office shall be deemed to be the agent of the remitter, and payment shall not be deemed to have been made until the remittance has been received by the addressee. All remittances must be accompanied by a memorandum signed by the employer or his authorised agent, giving the period of payment of wages, number of contributors (employees), and total amount of wages paid, and upon which the contribution is levied.

23. Payment by Cheque

When a cheque has been delivered or remitted to the Commissioner in payment of hospital contribution, the

contribution shall (notwithstanding any receipt given therefor) not be deemed to have been paid until the amount of the cheque has been collected.

24. Receipts to be Issued

Receipts for hospital contribution shall be issued by such person as the Commissioner may authorise, and shall be in the form prescribed.

25. Part Payment not to be Accepted

Except with the express consent of the Commissioner, no money shall be accepted on account or in part payment of hospital contributions.

26. Insufficient Postage

When any sum is received as payment of hospital contribution the Commissioner shall first deduct therefrom the amount of postage and surcharge (if any) paid upon any unstamped or insufficiently stamped matter received through the post from the contributor, and shall credit in payment of contribution only the net amount then remaining.

27. Contributions in respect of Salary and Wages

For the purpose of paragraph (c) (i) and (ii) of Section 9 of the Act, any person paying salary or wages may select the method of collection, either by means of adhesive stamps of the requisite value attached to the pay-sheet or by deducting from the salary or wages payable by him contributions to the Fund and paying as prescribed to the Commissioner, and once the method of collection has been selected or adopted, no departure from the said method can be allowed without the express permission of the Commissioner.

28. Drawings by Principals and Partners not Liable

Drawings by the principal or partners in any business, either as salary or wages, or in anticipation of profits, shall not be liable for contribution under Section 9 of the Act, but will be assessed by the Commissioner under Section 5, in conjunction with the other income of the business.

29. Adhesive Stamps

The adhesive stamps to be used in connection with deductions of contributions to the Hospital Fund shall be of the form and size as prescribed in Schedule 3; such stamps shall only be printed by the Government Printer.

30. State Treasurer to issue Stamps

The State Under Treasurer for the time being shall be the only person authorised to control and issue on the part of the Minister Hospital Contribution stamps for sale to persons authorised to sell stamps by the Minister or the State Commissioner of Taxation.

All advances for stamps shall be properly recorded and shall be balanced monthly. A remittance of the value of the stamps sold shall accompany every application for fresh supply or recoup of the stamps sold.

31. Collection of Contributions from Casual Employees

Every employer of a casual employee shall see that payment of contribution is made by means of adhesive stamps of the requisite value to be affixed to a casual employee wages book where any payment amounts to fifteen shillings or over (inclusive of any remuneration by way of sustenance), and is either at a daily rate or in the nature of a contract.

Such wages book in the Form H.F.A./B., Schedule 4, will be supplied by the Department on the application of any casual employee, and non-production thereof on the demand of an

employer renders the employee liable to a penalty of Twenty pounds.

Alternatively to the affixing of adhesive stamps where any payment amounts to fifteen shillings or over (inclusive of any remuneration by way of sustenance), adhesive stamps of the requisite value of the aggregate of any casual labour during any one week may be attached at the termination thereof, and the last employer of the aggregate week shall be responsible for the affixing and the cancellation of the required stamps, for example, where an employee such as a gardener or charwoman is employed by several employers, and where the weekly or periodical payment for wages totals one pound per week or more, such employee shall keep a book, as prescribed, in which all payments for wages received shall be entered, and the employer making the last payment of wages in each week or period shall deduct the amount of the hospital contribution payable on the total weekly or periodical wages received, and shall attach a Hospital Contribution Fund stamp of the value of the total payments received, and shall cancel such stamp by initialing and dating the face thereof.

32. Cancellation of adhesive Stamps

All adhesive stamps attached to wages sheets, wages books, receipts, or other documents, and used in payment of contributions, shall be cancelled by the employer, employee, or paying officer by writing his name or initials and correct date of writing across the face of the stamps. Any person authorised by the Minister or the Commissioner may cancel stamps used in respect to the payment of hospital contributions.

Failure to cancel involves a penalty of Twenty pounds.

Overlapping of Stamps

When attaching adhesive stamps to wages sheets, wages books, receipts or other documents, they shall be so attached that one stamp does not overlap another for more than half the length of the stamp.

33. Fractional Contributions

Where the contribution payable by a contributor amounts to 1½d., 4½d., 7½d., and so on, the employer or paying officer shall deduct the next highest penny in such cases, *viz.*, 2d., 5d., 8d., and so on, and from the next following payment the employer shall deduct 1d., 4d., 7d., and so on, or subject to special arrangement, with approval of the Commissioner, the odd half-pennies due in respect to any contribution may be deducted at the end of each month or quarter.

34. Stamping of Salary and Wages Sheets, Wages Books, etc.

Where two or more employees are engaged by an employer, and each employee is subject to a deduction from his salary or wage for a contribution, it shall not be necessary for the employer to attach to the salary or wages sheet, receipt, or salary or wages book signed by each employee a stamp for the amount of each employee's contribution, but stamps to the aggregate value of the total contributions of all the employees may be attached to the salary or wages sheets, receipt, or salary or wages book (for example see Schedule 5).

35. Application for Hospital Benefits, Section 11

Where a contributor is subject to a deduction for contributions from his salary or wages by means of adhesive stamps, and is also liable for a further contribution to the amount of income from other resources for which he may be assessed by the Taxation Department, he shall, for the purpose of obtaining hospital benefit, make application on the Form H.F.A/C prescribed in Schedule 6.

36. Proof of Contribution, Section 12

Upon receipt of Form H.F.A/C., and subject to the correctness thereof, the Commissioner shall then issue a certificate in proof of the applicant's contribution in the Form H.F.A./D. prescribed in Schedule 7.

37. Payments in respect of Contracts, Section 9, Subsection (3)

All payments in respect to any contract for work done or labour performed, including clearing, shearing, droving, and carting made by any person shall be deemed to be wages within the meaning of the Act. Every person making such payments shall deduct the amount of the hospital contribution due thereon, and shall pay the amount of such contribution to the Commissioner of Taxation in the manner prescribed, or he may purchase hospital contribution stamps to the value of such contribution and attach the stamps to the receipts, wages sheets, wages book, or other document in use, and shall cancel the stamps in the manner prescribed. In respect to contracts for shearing, the following deductions shall be allowed from each payment made by the employer or other person making such payments to: —
Shearers, 2s. in the £; shed hands, 1s. 6d. in the £ (adults); shed hands, 2s. 6d. in the £ (18 to 21 years); shed hands, 2s. 6d. in the £ (under 18 years); pressers, 1s. 6d. in the £; cooks, 1s. 6d. in the £.

Where a lump sum is paid by a pastoralist, farmer, or any other person to a contractor who employs a number of shearers and other men in the shearing of sheep, and that contractor is unable to produce evidence from the Commissioner that he has furnished an income tax return, deductions must be made by the pastoralists, etc., but no deduction for expenses is to be allowed to the contractor beyond the deductions mentioned in the previous paragraph.

In respect to contracts for carting of super., wheat, oats, and other farm produce by a contractor using motor transport, a deduction of 50 per cent. of the contract payment shall be allowed to cover cost of transport, unless the contractor produces evidence from the Commissioner that he has furnished an income tax return, and in such case no deduction is necessary when payments are made to the contractor.

Hospital fund contributions must, however, be deducted by the Contractor when paying wages, etc., to any of his employees.

Any contractor claiming deduction for expenses beyond those covered by these Regulations, and allowable as a deduction from payments made, must make application to the Commissioner of Taxation at the time of furnishing his income tax return or a return of income under the Act.

In the case of contractors receiving progress and final payments on account of contracts who are also returners for income tax purposes under "*The Land and Income Tax Assessment Act 1907*," or for hospital contributions under the Act, no deduction by means of adhesive stamps or otherwise shall be made therefrom on account of hospital contribution, conditionally that a certificate is given by the Commissioner to the effect that the contractor is a returner under "*The Land and Income Tax Assessment Act 1907*."

38. Contributions by Companies, Section 8

Every company subject to "*The Dividend Duties Act 1902*," and amendments thereto, shall, as and when every payment of duty under "*The Dividend Duties Act 1902*," and amendments thereto, is payable to the Commissioner of Taxation, in addition to the duty payable under that Act, make a contribution to the Fund at the rate in the pound fixed by Parliament in respect to every pound of its profits as assessed under the Act.

In the case of a life assurance company, it shall be assessed at the rate in the pound fixed by Parliament on the amount of interest received from its investments.

Other insurance companies shall be assessed at the rate fixed by Parliament in respect of every three pounds two shillings and sixpence of the premiums received by the company after any allowance for reinsurances paid away.

Provided that the first contribution to the Fund shall be payable in respect of a proportionate part of the amount of the first assessment under "*The Dividend Duties Act 1902*," and amendments thereto, after the commencement of the Act of the profits or income of every such contributor as shall bear the

same ratio to the whole as the length of the period between the commencement of the Act and the first day of July, 1931, bears to a year:

Provided also, that income (in the nature of dividends) received by any person in respect of shares in any company that has duly contributed to the Fund shall be exempt from contribution to the Fund, but this exemption shall not apply to persons resident in Western Australia and receiving dividends from companies incorporated and carrying on business in the other States of the Commonwealth or from ex-Australian companies. All such dividends are liable to contribution under the Act.

This section shall not apply to shipping companies.

39. Exemptions under “*The Land and Income Tax Assessment Act 1907*”

The following incomes, revenues, and funds exempt under the *Land and Income Tax Assessment Act* shall be exempt from contribution under this Act: —

- (1) The revenue of municipal corporations, road boards, or other statutory public bodies;

41. Appointment of Prescribed Deputy

The Governor may by notice published in the *Government Gazette* appoint any person to be a prescribed deputy of the Commissioner for the purposes of the *Hospital Fund Act* and these Regulations.

42. Onus of Proof

In any proceedings against the contributor for failing or neglecting to duly furnish a return, a certificate in writing signed by the Commissioner, or the prescribed deputy of the Commissioner, certifying that no return has been received from the contributor by any officer authorised by the Commissioner to receive returns at the place where under the Regulations the return should have been furnished, shall be *prima facie* evidence that the defendant failed or neglected to duly furnish a return.

43. Spoiled Stamps

If any stamp after having been issued in the manner prescribed in the Regulations shall have become damaged, spoiled, or unfit for use other than in the ordinary course of affixing to wages and salary sheets, the State Treasurer shall, upon application being made to him and upon delivery to him of the stamps damaged, spoiled or rendered unfit for use, cause a similar stamp or stamps of equal value to be delivered to the owner of such stamps so damaged or spoiled or rendered unfit for use, or to his representative.

44. Payment of Wages or Salaries in Lump Sums at various periods, Section 9

Where an employer (such as a pastoralist or farmer) makes payments of salaries or wages to his employees in lump sums at different periods the following provisions shall apply: —

- (a) where a lump sum is paid to an employee after the 31st December, 1930, but covering a period prior to such date, no contribution is due on such payment;
- (b) where a salary or wage is paid in a lump sum, or in instalments, and covers a period subsequent to the 31st December, 1930, a deduction shall be made by the employer of the amount of hospital contribution due on such payment; and

Retiring allowances, furlough, or any allowance for past services, when paid in a lump sum after the 31st December, 1930, shall be assessed for hospital contribution to the extent of 5 per cent. of the amount of the total allowance paid, but where such allowances, furlough, etc., are paid fortnightly or monthly after the 31st December, 1930, such periodical payments shall be subject to hospital contribution and must be deducted by the employer at the time of payment.
