- (4) Before varying a driver's licence in a way that would suspend or cancel any authorisation that the licence gives, the CEO must have regard to the principles in regulation 41 that apply to the cancellation or suspension of a driver's licence, and regulation 41(2) and (3) apply as modified for the purpose of helping the CEO to decide whether to make the variation.

- (4) If the holder of a driver's licence surrenders it under this regulation and complies with subregulation (3), the CEO may refund a part of the fee paid for the licence.
- (5) The amount of the fee paid that is refunded must be a proportion of any component the amount of which depended on the duration of the licence granted, and the proportion must be based on the number of whole days for which the licence initially granted is of no effect because of the surrender.

[Regulation 29 amended: Gazette 19 Aug 2016 p. 3573 and 3574-5.]

Division 4 — Driver's licence documents

- (2) The document must be in a form that the CEO considers suitable, and different forms may be used for different circumstances.
- (3) The document may consist of 2 or more components, which together constitute the licence document.

31. Replacing driver's licence document

- (1) If a driver's licence document is lost, stolen, destroyed or there is any other good reason for it to be replaced, the CEO must issue a replacement licence document to the licence holder, on the licence holder's request and payment of the fee payable under Part 7.
- (2) The CEO may require that the licence holder provide a photograph and signature for use on the replacement document before the document is issued.
- (3) If the driver's licence document to be replaced can be produced by the licence holder, the CEO may require that the licence holder return it to the CEO before the replacement document is issued.
- (4) If the driver's licence document to be replaced is not returned to the CEO before the replacement document is issued, the CEO may require that the licence holder return the document replaced if it subsequently comes into the licence holder's possession.
- (5) A person must comply with a requirement under subregulation (4).
Penalty for this subregulation: a fine of 6 PU.
Modified penalty for this subregulation: 2 PU.
- (6) A document issued under this regulation becomes the licence document.

[Regulation 31 amended: Gazette 19 Aug 2016 p. 3574-5.]

32. Return of driver's licence document to CEO

- (1) The CEO may, by written notice, require a person to return to the CEO within the period specified in the notice (the *specified period*) a driver's licence document issued to the person if —
 - (a) the person has been disqualified from holding or obtaining a driver's licence; or
 - (b) the person's driver's licence is suspended or cancelled; or
 - (c) the CEO needs the document in order to correct or replace it or to otherwise change it for any other reason.
- (2) A person must comply with a requirement under subregulation (1).

Penalty for this subregulation: a fine of 6 PU.
Modified penalty for this subregulation: 2 PU.

[Regulation 32 inserted: Gazette 19 Aug 2016 p. 3573.]

Division 5 — Other provisions about drivers' licences

33. Conditions on licences

- (1) If, when considering an application for the grant of a driver's licence, whether or not by way of renewal, the CEO thinks that the driver's licence should not be granted except on conditions, the CEO may grant the licence on conditions.
- (2) The CEO may at any time vary a driver's licence under regulation 28 so as to revoke or vary a condition of a driver's licence or impose a condition on a driver's licence.

34. Procedures about conditions

- (1) The imposition, variation or revocation of a condition is not effective until the CEO gives the licence holder written notice that the condition has been imposed, varied or revoked, giving full details of what has been done and explaining its effect.
- (2) When imposing a condition the CEO must record on the licence document either —
 - (a) the condition in full; or
 - (b) a notation in Schedule 7 column 1 to indicate that a condition described in column 2 applies to the licence; or
 - (c) the notation “V” to show that a condition applies to the licence to the effect that the licence holder must not drive a motor vehicle unless it is fitted with certain appliances as described in detail in a notice that has been given under subregulation (1) to the licence holder; or
 - (d) the notation “X” to show that a condition applies to the licence, not being —
 - (i) a condition that is recorded on the licence document in full; or
 - (ii) a condition because of which a notation is recorded under paragraph (b) or (c).
- (3) When referring to a condition described in Schedule 7 column 2 that condition may be identified by the designation that is the same as the notation in Schedule 7 column 1 for that condition.

For example:

Schedule 7 shows that the notation “A” indicates the condition that the holder of the driver’s licence may drive as authorised if and only if the motor vehicle driven is fitted with automatic transmission; so that condition may be referred to as condition A.

- (4) Notation “A” or “B” does not apply to a vehicle of class R or C unless the licence document indicates that the notation applies to that class of vehicle.

- (5) Notation “A” or “B” applies to each vehicle of any class other than class R or C that the licence authorises to be driven unless the document separately refers to that class of vehicle without indicating that the notation applies.

35. Effect of breaching condition

- (1) The authorisation that a driver’s licence gives to drive a motor vehicle does not apply while the vehicle is being driven in contravention of a condition of the licence described in Schedule 7 column 2 but continues to apply while the vehicle is being driven in contravention of any other condition.

- (2) The holder of a driver’s licence to which a condition applies must not contravene the condition.

Penalty for this subregulation:

- (a) for a first offence, a fine of 6 PU;
(b) for a subsequent offence, a fine of 12 PU.

Modified penalty for this subregulation: 1 PU.

- (3) Subregulation (2) does not apply to a condition described in Schedule 7 column 2.

26 May 2017 p. 2639.]*

36. Form and display of P plates

- (1) The holder of a provisional licence who drives a motor vehicle on a road must display on the vehicle 2 plates conforming with subregulations (3) and (4), one of which is readily visible from the front of the vehicle and the other of which is readily visible from the rear of the vehicle.

Penalty for this subregulation: a fine of 3 PU.

Modified penalty for this subregulation: 2 PU.

- (2) Subregulation (1) does not apply if the licence holder is a police officer driving in the course of duty.

- (3) Each plate must bear the letter “P” —
- (a) if the driver is a novice driver (type 1A), in white on a red background; or
 - (b) in any other case, in white on a green background.
- (4) Each plate and the letter “P” on it must be at least of the size described in the diagram below.

- (5) The CEO must issue, free of charge, plates conforming with subregulations (3) and (4).
- (6) A person who is not the holder of a provisional licence must not drive a motor vehicle on a road while a plate conforming with subregulations (3) and (4) is displayed on the vehicle.

Penalty for this subregulation: a fine of 2 PU.

Modified penalty for this subregulation: 1 PU.

[Regulation 36 amended: Gazette 19 Aug 2016 p. 3574-5.]

37. Duration of driver's licence

- (1) This regulation other than subregulation (4) applies to the grant of a driver's licence whether or not it is by way of renewal.
- (2) The period for which the CEO grants a driver's licence must be fixed in the licence and unless this regulation states otherwise it

must be one year or 5 years, as the applicant for the driver's licence chooses.

- (3) If the CEO grants a driver's licence as a provisional licence, the CEO must fix the period for which the driver's licence is granted as one year.
- (4) If the CEO grants a driver's licence to an applicant who relinquishes another jurisdiction's driving authorisation to obtain the driver's licence, unless a lesser period is fixed under subregulation (5) or (6) the CEO must fix the period for which the driver's licence is granted so that it would expire when the authorisation relinquished was due to expire except that, if to do so would result in a period of more than 5 years, the period must be 5 years.
- (5) If the CEO grants a driver's licence with a condition that is imposed on grounds having regard to which the licence should be for a period that is less than 5 years, the CEO must fix that period as the period for which the driver's licence is granted.
- (6) If the CEO grants a driver's licence to a person who has reached 79 years of age, the maximum period for which the licence may be granted is one year and, if the person has not reached that age but has reached 76 years of age, the CEO may fix a period of less than 5 years as the period for which the driver's licence is granted.
- (7) A driver's licence is current until the end of the period for which it is granted.
- (8) To the extent that it is practicable, a driver's licence document must show as the expiry day of the licence the last day of the period for which the driver's licence is current.

38. Grant of driver's licence by way of renewal

- (1) In this regulation —
expiry day means the last day of the period for which the driver's licence is current.
- (2) The holder of a driver's licence may, within the period of 6 months before the expiry day, apply for the CEO to grant to the holder a driver's licence for a further period commencing from the expiry day and otherwise to the same effect as the driver's licence that is about to expire.
- (3) The application must be made to the CEO in a form approved by the CEO.
- (4) The grant of a licence upon an application under this regulation may be referred to as a grant by way of renewal.

39. Renewal application made after driver's licence expires

- (1) This regulation applies if, within the period of 6 months after a driver's licence expires, the person who held the licence applies for the CEO to grant to the person a driver's licence substantially to the same effect as the driver's licence that expired but for a further period.
- (2) The application must be made to the CEO in a form approved by the CEO.
- (3) Regulations 24(2) and 64(2) apply as if the grant of the driver's licence were a grant by way of renewal.
- (4) Subregulations (5) and (6) apply unless the person whose driver's licence expires notifies the CEO in writing, within the period of 15 days after the expiry, that the person is aware of the expiry and does not require a further driver's licence substantially to the same effect as the driver's licence that expires.

- (5) If this subregulation applies and the CEO grants the driver's licence, the period for which it is granted must be fixed to end when, if the licence had been granted by way of renewal, the period for which it was granted would have ended.
- (6) Even though the period fixed under subregulation (5) does not commence until the licence is granted, the fee for the licence is the fee applicable to a licence for a period of the same length as the period from the day after the previous licence expired until the day on which the licence granted expires.

40. Change of personal details

- (1) In this regulation —
personal details, in relation to a person, means —
 - (a) the person's full name;
 - (b) the address of where the person is currently living.
- (2) A person who holds a driver's licence must, within 21 days after each change to any of the person's personal details that are specified in the licence document, give the CEO notice of the change and of the new personal details either in writing or in any other manner approved by the CEO.

Penalty for this subregulation:

- (a) for a first offence, a fine of 4 PU;
- (b) for a subsequent offence, a fine of 8 PU.

Modified penalty for this subregulation: 1 PU.

[Regulation 40 amended: Gazette 19 Aug 2016 p. 3575.]

41. CEO's powers for suspending or cancelling driver's licence

- (1) The CEO may, by notice in writing given to the licence holder —
 - (a) suspend a person's driver's licence if the CEO has reason to suspect that there are grounds on which the

CEO could, if then considering whether to grant the driver's licence, refuse under regulation 25 to grant it; or

- (b) suspend or cancel a person's driver's licence if —
 - (i) the CEO has reason to believe that there are grounds on which the CEO could, if then considering whether to grant the driver's licence, refuse under regulation 25 to grant it; or
 - (ii) the CEO is no longer satisfied of each of the matters referred to in regulation 24.
- (2) In order to decide whether there is a basis for suspending or cancelling a person's driver's licence under subregulation (1) the CEO may, by notice in writing given to the licence holder, require the person to satisfy the CEO within the period specified in the notice, being not less than 14 days, as to any matter relevant to that decision.
- (3) If the person fails to satisfy the CEO within that period or within any further period that the CEO allows, the CEO may —
 - (a) cancel the person's driver's licence; or
 - (b) impose or vary any condition on the licence; or
 - (c) suspend the licence until the CEO is satisfied as to the matter.
- (4) The CEO may, by notice in writing given to the licence holder, cancel or suspend a person's driver's licence if —
 - (a) the licence was granted contrary to a road law; or
 - (b) the person obtained the grant of the licence on the basis of incorrect or misleading information, whether or not fraud or misrepresentation was involved, by means of a form of payment that was subsequently dishonoured, or in a manner contrary to this Act; or
 - (c) the holder of the licence has failed to comply with any condition imposed on the licence.

Part 2 Driver licensing

Division 5 Other provisions about drivers' licences

r. 41

- (5) Cancellation or suspension of a driver's licence under subregulation (4) does not affect the liability of the licence holder to any penalty attributable to anything referred to in subregulation (4)(b) or (c).

Part 3 — Learner drivers

42. What a learner's permit authorises

- (1) A learner's permit may describe the driving that it authorises by referring to the classes of authorisation that a driver's licence may give.
- (2) A learner's permit giving a particular class of authorisation authorises the holder to drive on a road, solely for the purpose of learning to drive the vehicle —
 - (a) a motor vehicle the class of which has the same designation as the class of authorisation; or
 - (b) a motor vehicle of any other class shown in Schedule 2 column 2 for that class of authorisation, other than a motor vehicle that the permit holder is already authorised to drive.
- (3) The authorisation that a learner's permit gives the holder to drive on a road ceases if the holder is granted a driver's licence authorising the kind of driving that the holder was learning when driving under the permit.

43. Who may give driving instruction

- (1) Subregulation (2) describes who may, although not holding a licence under the *Motor Vehicle Drivers Instructors Act 1963*, give a person who holds a learner's permit driving instruction in the course of which the permit holder is authorised to drive a motor vehicle on a road in accordance with the permit.
- (2) The driving instruction may be given by —
 - (a) a person who is an instructor in a youth driver education course conducted or supervised by a body authorised by the CEO for that purpose; or
 - (b) a person who is authorised to perform any driving of a kind for which the driving instruction is to be given and

has had that authorisation for a period of, or periods adding up to —

- (i) in the case of the driving of a moped, at least 2 years; or
 - (ii) in any other case, at least 4 years.
- (3) In subregulation (2)(b) —
authorised means authorised by an Australian driver licence or a foreign driving authorisation.

44. Minimum age for learner’s permit

- (1) A person who has not reached 16 years of age cannot hold a learner’s permit unless —
 - (a) subregulation (2) applies; or
 - (b) under subregulation (3), the CEO waives the requirement to have reached that age.
- (2) A person who has reached 15 years and 6 months of age may hold a learner’s permit authorising the person, while learning, to drive only a moped.
- (3) The CEO may in a particular case waive the requirement to have reached 16 years of age if the CEO is satisfied that denial of the permit would occasion undue hardship.

[Regulation 44 amended: Gazette 19 Oct 2018 p. 4142.]

45. Demonstrating knowledge of traffic laws and safe driving techniques

Before a person can hold a learner’s permit the person must have satisfied the CEO that the person can demonstrate the knowledge of the traffic laws of the State and of safe driving techniques that is referred to in regulation 20 unless under regulation 22(5) the CEO has waived the requirement to be able to demonstrate that knowledge.

46. Driver's licence a prerequisite for learner's permit for particular vehicles

- (1) Before a person can hold a learner's permit the person must have satisfied the CEO that the person meets the relevant requirements of subregulations (2) and (3) other than a requirement that the CEO has waived under subregulation (6).
- (2) For a learner's permit authorising the person, while learning, to drive a motor vehicle of a particular class specified in Schedule 8 column 1, the person must have held —
 - (a) a driver's licence described for that class in column 2; or
 - (b) any Australian driver licence or foreign driving authorisation that was substantially equivalent to a driver's licence described for that class in column 2.
- (3) If Schedule 8 column 3 specifies a period of time, the person must have held a driver's licence as described, or a substantially equivalent authorisation, for a period of, or periods adding up to, at least the amount of time specified in column 3.
- (4) A reference in subregulation (2) or Schedule 8 column 2 to a driver's licence authorising a person to drive a vehicle does not include a driver's licence that authorises the person to drive the vehicle only when learning.
- (5) Subregulation (1) does not apply to the granting of a learner's permit authorising a person, while learning, to drive only a motor vehicle of class R that may be driven by the holder of a restricted motor cycle licence or moped licence.
- (6) The CEO may in a particular case waive a requirement of subregulation (2) or (3) if the CEO is satisfied that denial of the permit would occasion undue hardship.

- (2) This regulation specifies conditions that apply to every learner's permit and are in addition to any other condition.
- (3) Whenever the learner drives on a road a motor vehicle to which a learner's permit applies —

 - (b) the speed of the motor vehicle must not exceed 100 km/h at any time.

48. Effect of breaching condition

- (2) The holder of a learner's permit must not contravene the condition specified in regulation 47(3)(b) or any other condition.
- Penalty for this subregulation: a fine of 4 PU.

49. Form and display of L plates

- (1) A person who drives a motor vehicle on a road while learning to drive, whether as authorised by a learner's permit or because of regulation 56(1) or (2), must display on the vehicle 2 plates (**L plates**) conforming with subregulation (2), one of which is readily visible from the front of the vehicle and the other of which is readily visible from the rear of the vehicle.

Penalty for this subregulation: a fine of 2 PU.

Modified penalty for this subregulation: 1 PU.

[Regulation 49 amended: Gazette 19 Aug 2016 p. 3574-5.]

50. Applying for learner's permit

- (1) An application for a learner's permit may be made to the CEO in a form approved by the CEO.
- (2) The application must give details of the authorisation sought, the applicant's identity, and other matters that are relevant to dealing with the application.

51. Issue and form of learner's permit document

- (1) The CEO must issue a permit document to the holder of a learner's permit as evidence of the authorisation given by the permit.
- (2) The document must be in a form that the CEO considers suitable.
- (3) The document may consist of 2 or more components, which together constitute the permit document.

52. Replacing learner's permit document

- (1) If a learner's permit document is lost, stolen, destroyed or there is any other good reason for it to be replaced, the CEO must issue a replacement permit document to the permit holder, on the permit holder's request and payment of the fee payable under Part 7.
- (2) The CEO may require that, before the document is issued, the permit holder provide proof, to the CEO's satisfaction, of the permit holder's identity.

[Regulation 55 amended: SL 2021/199 r. 5.]

56. Australian driver licence may authorise learning to drive

- (1) An Australian driver licence that authorises certain driving on a road in this State on condition A, condition B or condition E also authorises that driving when the condition is not complied with but only to the extent that the driving would be authorised if the licence holder held the appropriate learner's permit.
- (2) A driver's licence described in Schedule 8 column 2, or a substantially equivalent Australian driver licence, also authorises the licence holder to drive a motor vehicle of the class specified for that kind of licence in Schedule 8 column 1 but only to the extent that the driving would be authorised if the licence holder held the appropriate learner's permit.

- (3) If Schedule 8 column 3 specifies a period of time, subregulation (2) does not apply unless the person has held the driver's licence, or a substantially equivalent authorisation, for a period of, or periods adding up to, at least the amount of time specified in column 3.
- (4) Without affecting any other limitation on the driving for the purposes of learning that is authorised because of subregulation (1) or (2) —
 - (a) the driving can only be in the course of instruction by a person referred to in section 10(2); and
 - (b) each condition in regulation 47 applies as if the licence were a learner's permit.

57. CEO may permit certain driving without licence

- (1) If, in a particular case, there are exceptional circumstances because of which it would be in the public interest for a person to drive a motor vehicle on a road even though not otherwise authorised by law to do so, the CEO may permit that driving and may make that permit subject to conditions.
- (2) The permit and the conditions are to be in writing given to the person permitted to drive.
- (3) Without limiting the other circumstances in which the CEO may give a permit under this regulation, the CEO may permit a person to drive a motor vehicle if —
 - (a) the person is a novice driver (type 1A) and is found driving a motor vehicle in circumstances in which the driving is unauthorised because it is between midnight and the following 5 a.m.; and
 - (b) having regard to all the relevant circumstances, including the location and the safety of the novice driver and any passengers, it is appropriate to give the permit.

58. Foreign driving authorisation may not prevent grant of driver's licence

The CEO may grant a driver's licence to a person who still holds a foreign driving authorisation if the person satisfies the CEO that the person reasonably expects to drive under that authorisation in a place that is governed by the law under which the authorisation was granted.

59. Recognising other Australian jurisdiction's driving authorisations

- (1) The CEO must recognise a licence or other authorisation granted to a person under the law of another jurisdiction authorising the person to drive a motor vehicle on a road whether or not solely for the purpose of learning to drive it (*another jurisdiction's driving authorisation*).
- (2) If the CEO recognises another jurisdiction's driving authorisation, the CEO must also recognise any condition to which the authorisation is subject that is capable of applying in this State.

60. Recognising foreign driving authorisation

- (1) The CEO must recognise an authorisation granted to a person under a foreign law authorising the person to drive a motor vehicle on a road (*foreign driving authorisation*).
- (2) In subregulation (1) —
foreign law means the law of an external Territory, as defined in the *Acts Interpretation Act 1901* (Commonwealth) section 2B, or the law of another country.
- (3) Subregulation (1) does not apply to an authorisation to drive a vehicle solely for the purpose of learning to drive it unless it is granted under a law of an external Territory referred to in subregulation (2) or of New Zealand.

- (4) If the CEO recognises a foreign driving authorisation, the CEO must also recognise any condition to which the authorisation is subject that is capable of applying in this State.

61. Effect of recognition under r. 59 or 60

- (1) A driving authorisation recognised under regulation 59 or 60 authorises the holder of that authorisation to drive in this State as if the holder held a driver's licence under this Act to a substantially corresponding effect.
- (2) However, the recognised driving authorisation does not authorise driving in this State —
- (a) to any greater extent than it would authorise driving in the other jurisdiction, external territory or country; or
 - (b) at any time when it is suspended or for any other reason ineffective under the law of the place where the authorisation was granted; or
 - (c) at any time when the person —
 - (i) holds a driver's licence; or
 - (ii) is disqualified from holding or obtaining a driver's licence; or
 - (iii) is excluded under regulation 62 from being authorised by this regulation to drive a motor vehicle.
- (3) A driving authorisation recognised under regulation 59 does not authorise the person who holds it to drive in this State if —
- (a) the person usually resides in this State; and
 - (b) the period for which the person has been usually resident in this State exceeds 3 months.
- (3A) Despite subregulation (3), a driving authorisation recognised under regulation 59 authorises the person who holds it to drive in this State if the person is the holder of a Defence Force member card or a Defence Force family member card.

r. 62

- (4) A driving authorisation recognised under regulation 60 does not authorise the person who holds it to drive in this State if —
 - (a) the person holds a permanent visa granted under the *Migration Act 1958* (Commonwealth); and
 - (b) the person usually resides in this State; and
 - (c) the period for which the person has been usually resident in this State since the granting of that visa exceeds 3 months.
- (5) The recognition of a condition of another jurisdiction's driving authorisation has the effect that a contravention of the condition may be taken to be a contravention of a condition of a driver's licence under this Act and is punishable accordingly.
- (6) Despite subregulations (2)(a) and (5), if the motor vehicles that a driving authorisation recognised under regulation 60 authorises the holder to drive are vehicles that have a GVM of 3.5 t or less, the authorisation under this regulation is for vehicles that have a GVM of 4.5 t or less.

[Regulation 61 amended: Gazette 19 Aug 2016 p. 3574.]

62. Excluding person from being authorised by r. 61

- (1) The CEO may, by notice in writing given to a person who holds a driving authorisation recognised under regulation 59 or 60, exclude the person from being authorised by regulation 61 to drive a motor vehicle on a road in this State.
- (2) The reasons for which the CEO may exclude a person under subregulation (1) are that —
 - (a) the CEO believes that any of paragraphs (a) to (d) of regulation 25 applies to the person; or
 - (b) the person is not sufficiently able to safely drive motor vehicles as regulation 61 would authorise.

63. Other jurisdiction's driving authorisation document, Defence Force card, to be carried and produced

A person whose authority to drive depends on another jurisdiction's driving authorisation must —

- (a) while driving a motor vehicle on a road, carry —
 - (i) the official document that is evidence of the authorisation; and
 - (ii) the Defence Force member card or Defence Force family member card held by the person if the card is required, under regulation 61(3A), for the authorisation to be recognised under regulation 59;
- and
- (b) produce that document or card for inspection if directed to do so by a police officer.

Penalty:

- (a) for a first offence, a fine of 8 PU;
- (b) for a subsequent offence, a fine of 16 PU.

Modified penalty: 3 PU.

[Regulation 63 amended: Gazette 19 Aug 2016 p. 3574.]

64. Duty to reveal things that might impair ability to drive

- (1) In this regulation —

driving impairment of the person means any permanent or long-term mental or physical condition (which may include a dependence on drugs or alcohol) that is likely to, or treatment for which is likely to, impair the person's ability to control a motor vehicle either —

- (a) in all circumstances; or
- (b) except under certain conditions or subject to certain limitations; or

- (c) unless measures are taken to overcome the impairment.
- (2) A person applying for the grant of a learner's permit or a driver's licence, other than by way of renewal must, when applying, inform the CEO of any driving impairment of the person.
Penalty for this subregulation: a fine of 10 PU.
Modified penalty for this subregulation: 1 PU.
- (3) If a person who holds a learner's permit or a driver's licence becomes affected by any driving impairment of the person of which the person has not already informed the CEO the person must, as soon as practicable, inform the CEO in writing of the impairment.
Penalty for this subregulation: a fine of 10 PU.
Modified penalty for this subregulation: 1 PU.
- (4) If a person who has informed the CEO of a driving impairment of the person becomes affected by an increase in the extent of the impairment to a degree that is substantially different from that of which the CEO was most recently informed the person must, as soon as practicable, inform the CEO in writing of the development.
Penalty for this subregulation: a fine of 10 PU.
Modified penalty for this subregulation: 1 PU.
- (5) If a person who has informed the CEO of a driving impairment of the person later informs the CEO that the person has ceased to be affected by the impairment but subsequently becomes again affected by it the person must, as soon as practicable, inform the CEO in writing of the development.
Penalty for this subregulation: a fine of 10 PU.
Modified penalty for this subregulation: 1 PU.

offence under the *Road Traffic Code 2000* for which a penalty is expressed as a number of points, and the number of demerit points applying to the offence is that number of points.

- (4) Despite subregulation (3), an offence that is committed by a person driving or using a motor vehicle that is a motorised scooter or electric rideable device is not a demerit point offence.

[Regulation 65 amended: SL 2020/150 r. 6; SL 2021/199 r. 6.]

66. Demerit point offences in WA and demerit points: *Road Traffic (Vehicles) Act 2012*

- (3) If a public holiday falls on a Friday, the period of 4 days beginning with the Thursday before that Friday and ending with the next Sunday after that Friday is a holiday period.
- (4) Despite subregulations (2) and (3), the period of 5 days beginning with the Thursday before Good Friday and ending with Easter Monday is a holiday period.
- (5) Despite subregulations (2) and (3), the period of 17 days beginning with the last Friday before Christmas Day is a holiday period.

68. Some consequences of removing demerit points from register

- (1) In this regulation —
removed means removed or required to be removed.
- (2) This regulation applies if under section 56(3) or (4) demerit points are removed from the demerit points register.
- (3) A notice under section 49(1) ceases to have effect if the giving of the notice required the cancellation of the demerit points that are subsequently removed but the notice has not resulted in —
 - (a) a period of disqualification commencing before the day on which the demerit points are removed; or
 - (b) a person making a section 51 election.
- (4) If the giving of a notice under section 49(1) required the cancellation of the demerit points that are subsequently removed and, when the demerit points are removed, the notice has not resulted in a period of disqualification commencing but has resulted in a person making a section 51 election, the notice and the election each cease to have effect.
- (5) In circumstances described in subregulation (3) or (4), any demerit points that were cancelled as a result of the notice, except any subsequently removed, have the effect, if any, that they would have if they had not been cancelled.
- (6) Subregulation (7) applies if —
 - (a) the giving of a notice under section 49(1) required the cancellation of any demerit point subsequently removed; and
 - (b) at the time of removal —
 - (i) the notice has resulted in a period of disqualification; or
 - (ii) the notice has resulted in a person making a section 51 election and a period of

disqualification under section 52 has resulted from a notice given under section 52(1) for an offence during the section 51 election period.

- (7) In circumstances described in subregulation (6) —
- (a) if a notice under section 49(1) would not have been given if each demerit point removed had never been recorded —
 - (i) the period of disqualification ceases at the time of removal if it has not already expired; and
 - (ii) any demerit points that were cancelled as a result of the notice, except any removed or under subregulation (8) credited as served, have the effect, if any, that they would have if they had not been cancelled;
- and
- (b) if a notice under section 49(1) would have been given even if each demerit point removed had never been recorded —
 - (i) the period of disqualification, whether or not it has already expired, is adjusted, if required, to what it would have been if the points removed had never been recorded; and
 - (ii) if a greater period of disqualification has already been served than the adjusted period (in which case the difference is called the *excess period served*), the number of current demerit points, if any, then recorded against the person must be reduced by cancelling one or more points according to subregulation (9).
- (8) In the circumstances in which subregulation (7)(a) applies, a whole number of demerit points are to be credited as served, the number being at least the same proportion of the number of points that were cancelled as the period of disqualification

r. 69

served represents of the full period of the disqualification under section 49 or 52, as the case requires.

- (9) In the circumstances in which subregulation (7)(b)(ii) applies, the number of points to be cancelled cannot be more than the number of current demerit points the person then has, but otherwise is the lowest whole number that is not less than N in this formula —

$$N = (4 * d) / 30$$

where —

d is the number of days in the excess period served.

- (10) Neither subregulation (3), (4) nor (7)(a)(i) prevents a further notice from being given under section 49(1).

69. Alternative to giving certain notices personally

A notice referred to in section 59 may be given to a person by a form of mail that involves the person taking personal delivery of the notice and acknowledging in writing having taken delivery of it.
