Part 1 — General

3. Proportionate charges for part of year

(1) Subject to sub-bylaw (3), where —

()	
(a)	a charge, other than—
 	(i)a quantity charge ; or
 	(ii) a charge prescribed under Schedule 3 item 6 or 7,

(b) part of the way through that year, land becomes, or ceases to be, land in respect of which that charge applies,

the amount of the charge in respect of that land applicable for the part of the year concerned shall be an amount that bears to the charge prescribed for a full year the same ratio as the part of the year for which the charge applies bears to the full year.

- (2) Subject to sub-bylaw (1), a charge prescribed in respect of land for a year applies for the whole year notwithstanding that the charge may not have been prescribed until after the commencement of the year.
- (3) Sub-bylaw (1) does not apply in respect of land used, at any time during the year for which a charge is to be assessed, for the purpose of providing holiday accommodation unless
 - (a) the ownership or occupation of that land changes; and
 - (b) the Corporation is of the opinion that the land ceases to be land used in whole or in part for the purpose of providing holiday accommodation.
- (4) Where, part of the way through a year, a property is provided with a new meter and, as a result, there is a change in a meter-based charge applicable to the property, the amount of the meter-based charge for that year is to be calculated on a pro rata basis.

8BA. Annual charges to Government trading organisations that supply water to lessees or ships

- (1) Where a Government trading organisation
 - (a) holds land that is provided with a water supply by the Corporation; and
 - (b) supplies through a meter any of the water provided to it by the Corporation
 - (i) to one or more lessees of any of that land; or
 - (ii) to a ship in port,

the annual charge payable by the Government trading organisation shall be, instead of the charge that would otherwise apply under Schedule 8 item 1, that charge less the charge that would apply under that item for a meter of the size that would be required to supply, in aggregate, water as described in paragraph (b).

- (2) Sub-bylaw (1) does not apply where the meter required by the Government trading organisation for its water supply would be the same for size whether or not it supplied water as described in sub-bylaw (1)(b).
- (3) Where a body
 - (a) holds non-commercial Government property that is provided with a water supply by the Corporation; and
 - (b) supplies through a meter any of the water provided to it by the Corporation
 - (i) to one or more lessees of any of that property; or
 - (ii) to a ship in port,

the annual charge payable by the body shall be, instead of the charge that would otherwise apply under Schedule 8 item 1, that charge less the charge that would apply under that item for a meter of the size that would be required to supply, in aggregate, water as described in paragraph (b).

13. Classification of land

- (1) For the purposes of this Division, land may, irrespective of any other classification under these by-laws, be classified by the Corporation as follows
 - (a) residential, if the land
 - (i) is used wholly or primarily for the purpose of providing the owner or occupier of the land with a residence for himself, his family or servants, or any of them; and
 - (ii) in the opinion of the Corporation, is not used in whole or in part for the purpose of providing holiday accommodation;
 - (b) commercial residential, if the land, although not used wholly or primarily for the purpose mentioned in paragraph (a), is used for the purpose while also being used for the purpose of a shop, workshop, office, bakery, surgery or another business purpose;
 - (c) semi-rural residential, if the land is in the metropolitan area and
 - (i) although not used primarily for the purpose mentioned in paragraph (a), is used for that purpose; and

 (ii) is also used for the purpose of primary production (which includes use for the purpose of a farm, market garden, kennel, plant nursery, orchard, stable, vineyard or other similar purpose),

and water is used on the land wholly or primarily for the purpose mentioned in paragraph (a);

- (d) non-residential, if the land is used for business, professional, holiday accommodation, manufacturing, processing or other commercial processes that are not the subject of another class prescribed in this by-law;
- (e) vacant land, if there is no building on the land and it is not appropriate to otherwise classify the land under this by-law;
- (f) farmland, if the land comes within the definition of "farm land" in the *Country Areas Water Supply Act 1947* section 5(1) and is within 2.5 kilometres of a main or other pipe from which the Corporation is prepared to supply water to the land;
- (g) metropolitan farmland, if the land is in the metropolitan area and was immediately before 1 July 1989 classified as farmland;
- (h) government, if the land is not in the metropolitan area and is used by the State or a local government for business, professional, commercial or office purposes, or as a power station, and the classification of the land is not otherwise specifically provided for in this by-law;
- (i) mining, if the land is not in the metropolitan area and is used for the purposes of mining;
- (j) institutional public, if the land is not in the metropolitan area and is used for such club, institutional or public purpose as the Corporation approves, not being a purpose otherwise specifically provided for in this by-law;

- (k) community residential, if the land is occupied as a communal property on which several family units dwell at the same time and is managed by the persons dwelling on the land or a committee of them;
- (l) charitable purposes, if, in the opinion of the Corporation, the land is used for the purpose of
 - (i) providing relief or assistance to sick, aged, disadvantaged, unemployed or young persons; or
 - (ii) conducting other activities for the benefit of the public or in the interests of social welfare,

by a private organisation that is not operated for the purpose of profit or gain to individual members, shareholders or owners.

- (2) If land satisfies the criteria set out in sub-bylaw (1)(a), the land may be classified as residential, notwithstanding that it may also satisfy the criteria set out in sub-bylaw (1)(l).
- (3) For the purposes of this Division, land may, irrespective of any other classification under sub-bylaw (1), be classified by the Corporation as capital infrastructure if
 - (a) the Corporation determines that the land is in an area specified in Column 1 of the Table to Schedule 1 item 33; and
 - (b) the Corporation provides or is to provide works to ensure the supply of water to the land.

- (2) Subject to sub-bylaw (3), the charges for water supply to a commercial caravan park are calculated in the same manner as for other commercial properties, i.e.
 - (a) for bays in the metropolitan area, the metropolitan non-residential meter-based charge set out in Schedule 1 item 17, together with the metropolitan non-residential quantity charge calculated under by-law 17 and Schedule 1 item 24(a);
 - (b) for bays in the non-metropolitan area (according to the classification of the town/area set out in Schedule 10), the non-metropolitan non-residential meter-based charge set out in Schedule 1 item-10(bc), together with the non-metropolitan non-residential quantity charge calculated under by-law 17 and Schedule 1 item 27(b) (according to the non-residential classification of the town/area set out in Schedule 10).

(3) The operator of a commercial caravan park may, at his or her option, nominate a number of bays as long term residential caravan bays, and as a consequence —

- (a) those bays will be treated as if they were strata-titled bays for the purposes of annual charges, with the charges for the commercial park being adjusted accordingly and proportionally to the number of long term residential caravan bays in that commercial caravan park; and
- (b) the quantity charges apply for the property as a whole in accordance with sub-bylaws (1)(a) and (1)(b), except that the respective rates for residential quantity charges only apply for the first 150 kL per nominated long term residential caravan bay.

- (1) For the purposes of this Part, land described in by-law 4 that is in a country sewerage area and is connected with a sewer may, irrespective of any other classification under these by-laws, be classified by the Corporation as follows —
 - (a) institutional public, if the land is used for such club, institutional or public purpose as the Corporation approves, not being a purpose mentioned in paragraph (b);
 - (b) charitable purposes, if, in the opinion of the Corporation, the land is used for the purpose of
 - (i) providing relief or assistance to sick, aged, disadvantaged, unemployed or young persons; or
 - conducting other activities for the benefit of the public or in the interests of social welfare,

by a private organisation that is not operated for the purpose of profit or gain to individual members, shareholders or owners;

(c) community residential, if the land is occupied as a communal property on which several family units dwell at the same time and is managed by the persons dwelling on the land or a committee of them,

and, where it is not classified under paragraph (a), (b) or (c), shall be taken to have been classified as general exempt.

25A. Metered metropolitan non-residential property sewerage charges

Subject to sub-bylaws (3), (5) and (6) and notwithstanding any other provision of these by-laws, the minimum charge payable for the current year for the provision of sewerage to metropolitan non-residential property that has metered water supply is —

- (a) the charge calculated in accordance with the formula; or
- (b) the minimum charge payable for relevant number of major fixtures in the current year, as set out in the Table,

whichever is the greater.

- (2) Where land classified as metropolitan non-residential property for the whole or part of the current year was not so classified for the whole of the previous year, the Corporation may estimate a notional charge for the previous year, being a charge that would have been payable for that year if —
 - (a) the land had been classified as metropolitan non-residential; and
 - (b) the matters and circumstances currently prevailing had prevailed,

for the whole of the previous year, and that notional charge shall be regarded as the charge payable in the previous year as set out for the purposes of variable "A" of the formula.

- (3) Where part of the way through the current year land ceases to be, or becomes, metropolitan non-residential property, the charge payable in respect of that land shall be payable in the same ratio as the part of the year for which the charge applies bears to the full year.
- (4) Where, for a portion of the current year, in respect of metropolitan non-residential property, there is
 - (a) a change in the amount of the charges for the current year as a result of an alteration in the method in which the discharge charge is calculated for that property;

page 44

- (b) a change in the amount of the charges for the current year as a result of a change in the number of major fixtures relevant to that property; or
- (c) an interim valuation under the *Valuation of Land Act 1978* reflecting any development or change of use of that land,

the Corporation may, for the purposes of sub-bylaw (5), estimate a notional charge for the previous year in respect of that property, being the charge that would have been payable for that year if —

- (d) the matters and circumstances currently prevailing had prevailed;
- (e) the method of calculation of the discharge charge currently prevailing had been used;
- (f) any changed number of major fixtures referred to in paragraph (b) had been provided; and
- (g) any interim valuation reflecting any development or change in use referred to in paragraph (c) had been made and in force,

for the whole of that year.

- (5) A charge payable for the portion of the current year referred to in sub-bylaw (4) is payable in the same ratio as the portion bears to the full year.
- (6) If a charge calculated under this by-law for the current year is more than $\frac{14.813.4}{9}$ greater than the charge calculated for the same service (and under the same circumstances) in the previous year, the charge is only payable up to that $\frac{14.813.4}{14.813.4}$ increase.

- (2) A customer is to select whether the charges for the supply to the land of water for irrigation purpose are to be made in accordance with
 - (a) Schedule 5 clause 1(1)(a) ("option A"); or
 - (b) Schedule 5 clause 1(1)(b) ("option B").
- (3) Until a customer selects otherwise, the customer is taken to have selected option A.
- (4) A customer may change the customer's selection by giving notice in writing to the Corporation.
- (5) If notice of a change of selection is received by the Corporation before 1 June in a calendar year, the change has effect with respect to water supplied on or after 1 July in that year.
- (6) If notice of a change of selection is received by the Corporation on or after 1 June in a calendar year, the change has effect with respect to water supplied on or after 1 July in the next year.
- (7) If there is a change in the person who is the customer in respect of land, then until the new customer selects otherwise, the new customer is taken to have selected the option that applied in relation to the old customer immediately before the change.

Schedule 6 — Formula for calculating AGRV

[bl. 14(2) and 24(2)]

[Heading inserted in Gazette 29 Jun 2001 p. 3224.]

1. Term used in this Schedule

In this Schedule ----

"*relevant general valuation", in relation to a charge in respect of land, means the last general valuation under the *Valuation of Land Act 1978* pursuant to which a value was assigned to that land and that —

- (a) was expressed by a notice under section 21 or 22 of that Act to come into force; and
- (b) came into force for the purposes of this Act,

before the commencement of the period for which the charge is to be imposed.

2. Formula for calculating AGRV

If the relevant general valuation was conducted in the previous year, then —

 $AGRV = GRV \times A$

or if the relevant general valuation was conducted in any earlier year —

$\mathbf{AGRV} = \mathbf{GRV} \times \mathbf{A} \times \mathbf{B}$

where —

- A = 1.00; and
- \mathbf{B} = the product of the values of "A" prescribed for each year after the year in which the relevant general valuation was conducted, up to but not including the previous year as defined in by-law 2(1).
