- (1) Unless that Agreement otherwise provides, entry into a Heritage Agreement does not affect a right of action for damages or payment of money where the right of action arose before a memorial as to the Heritage Agreement was entered on, or notice of the Agreement was otherwise given in relation to, the title to the land.
- (2) Damages for contravention of that Agreement may be awarded to the Council on behalf of the Crown, or a party to the Agreement or other person aggrieved who has thereby suffered loss, against the owner or occupier of land or a place to which a Heritage Agreement relates unless the person shows that the contravention occurred without the consent or connivance of that person and that the person exercised all reasonable care to prevent it.

 - (a) any detriment to the public interest resulting from the contravention; and
 - (b) any financial or other benefit that the person sought to gain by the contravention,

 - (b) in the case of any other place — at the request of, or with the consent of, the owner,

47. Criteria for entry in the Register

- (1) Subject to this Part, where the Minister is of the opinion, having regard to any advice given by the Council in relation to that place and to any report of the Council as to submissions made to the Council under subsection (3) —

- (2) Without prejudice to the generality of subsection (1) and with the intent that there should be compiled a comprehensive register of the heritage rather than merely an index of examples, in considering the significance which any place may have to the cultural heritage of the State regard may be had to —
 - (a) any distinctive features or scarcity value, the character of the environs of the place, its landscape or townscape value and, in the case of a building, its beauty and proportions, the degree of unity of its materials, design and scale, and any contribution it makes to the significance of any area, precinct, group of buildings, or amenity of which it forms part, or to its setting or the setting of any other place or feature;

 - (ii) held in high public esteem or sentiment;
- and

- (c) in the case of places of particular scientific or other special interest, the extent to which the place has contributed, or may be likely to contribute, to knowledge or research,

[Section 47 amended by No. 14 of 1996 s. 4.]

48. Historic precincts

Where the Minister is of the opinion that a group of places together form a precinct which is of cultural heritage significance notwithstanding that each place within the precinct does not itself have cultural heritage significance, he may, in accordance with section 47, direct the Council to enter that group of places in the Register as an historic precinct.

49. Procedure prior to entry in the Register

- (1) A place shall not be entered in the Register under section 51, except pursuant to an interim registration under section 50 or where subsection (2) applies, unless —

- (4) Where a proposed entry relates to a place that comprises land in the ownership of or occupied by a number of persons and it is not reasonably practicable for the Council to serve a separate explanatory memorandum on every such owner and occupier of land comprised within that place, in addition to complying so far as is practicable with the requirements of subsection (3) the Council shall cause a general explanatory memorandum to be served —

- (a) by way of a notice contained in the advertisement referred to in subsection (1), ensuring that the advertisement —

- (2) Where an interim registration is made under subsection (1)(c) in relation to a place the Council shall forthwith take such steps in accordance with the procedures required by section 49 as may be necessary to determine whether or not that entry should remain in the Register on a permanent basis, save that —

 - (a) the Minister has reasonable cause to believe —
 - (i) that a building has been deliberately allowed to fall into disrepair for the purpose of justifying its demolition and redevelopment or the redevelopment of the site together with any adjoining land; or
 - (ii) that the land, having been acquired by the claimant within the preceding period of 3 years (being a period commencing after the coming

into operation of this section) ¹, was acquired with the intention of demolishing a building;

and

- (b) that the land or any such building is of cultural heritage significance,

the value to be attributed to the land may be assessed having regard to the actual state of the place and of any such building, any compensation that would otherwise be payable being reduced accordingly and no account being taken of the potential use of the land or of any adjacent land, it being assumed that consent would not be granted under any written law for the demolition of the building or for any development other than its restoration and conservation, and any amount which a particular purchaser might be prepared to offer by reason of the special needs of that purchaser shall be disregarded.

- (3) Nothing in this section precludes the Minister or the Council from taking any land under Part 9 of the *Land Administration Act 1997* for the purposes of this Act but for reasons other than those described in the public advertisement published pursuant to subsection (1).
- (4) A person aggrieved by a decision of the Minister under this section may, subject to subsection (7), require the Minister to refer to the State Administrative Tribunal the question as to whether that decision should be confirmed or revoked, the State Administrative Tribunal may determine any such question, and the Minister and the Minister administering Part 9 of the *Land Administration Act 1997* shall cause effect to be given to any such determination.
- (5) Subject to any finding by the State Administrative Tribunal made under subsection (4), where it appears to the Minister on the advice of the Council that any land or any interest in land is associated with, or is contiguous or adjacent to, or is land the use of which is likely to be prejudicially affected by the

s. 73

acquisition of, land to which this section applies, being land or an interest —

- (a) required for conserving or presenting the place of cultural heritage significance proposed to be acquired or its amenities or for affording access to it;
- (b) appropriate and desirable for its proper control or management; or
- (c) which for the purposes of this Act otherwise ought to be acquired,

and the Minister agrees to that acquisition under this subsection, that land or interest may be compulsorily acquired by the Council under Part 9 of the *Land Administration Act 1997* as being land or an interest in land required for, or in connection with, the acquisition of a place to be acquired pursuant to this section.

- (6) Any land, building or other thing compulsorily acquired, whether by the Minister or by the Council, on behalf of the Crown pursuant to this Act may be disposed of on such terms and conditions as the Governor may approve.
- (7) For the purposes of subsection (4) the questions that may be referred to the State Administrative Tribunal shall be taken to be —
 - (a) under subsection (1) —
 - (i) as to whether the land described in the advertisement, and any land to which subsection (5) applies, is necessarily required to be acquired for purposes referred to in this section by reason that the continued existence of the place in question in a condition suitable to effect conservation of its heritage value would otherwise be in jeopardy; and
 - (ii) as to whether the conservation works described in the advertisement are necessary for the

reasons described in the advertisement and are in the public interest;

- (b) under subsection (2), as to the reasonableness of the cause of the belief held by the Minister and the effect that belief should have on the assessment of the value to be attributed to the land; and
- (c) under subsection (5), as to whether the acquisition of the land or interest should have been agreed to by the Minister having regard to the advice, and the appropriateness of the advice, given by the Council and the public interest,

but the nature or degree of cultural heritage significance that should have been attributed in relation to any place by the Council or the Minister shall not be a question to be determined by the State Administrative Tribunal although regard may be had to community representations as to that significance.

[Section 73 amended by No. 31 of 1997 s. 33(2)-(5) and 142; No. 55 of 2004 s. 507 and 508.]

74. Acquisition by consent

- (1) Subject to this Act —
 - (a) the Council;
 - (b) a public authority; or
 - (c) a body corporate approved for the specific purpose by the Minister,

may on behalf of the Crown purchase or otherwise acquire by consent any property or interest in property, and deal with that property or interest, where in the opinion of the Minister that is necessary or desirable for the proper discharge of the duties imposed by this Act.

- (2) Any property or interest to which subsection (1) applies which is to be held otherwise than by a temporary custodian shall be made the subject of a Heritage Agreement, if that is practicable.

s. 75

75. The assessment of compensation

- (1) Where compensation is sought under subsection (2) —
- (a) the monetary value of that compensation shall be assessed having regard to any measures of the kind referred to in section 29(13)(g) which are agreed and are to be taken into account; and
 - (b) it need not be a condition of the payment of compensation that a Heritage Agreement be entered into by the parties.
- (2) Where the operation of section 78, or the making of a Stop Work Order in respect of a place whether or not entered in the Register, has as a consequence the revocation, modification, or suspension of, or a delay in the implementation of, a permission or authorisation granted under any relevant Act and a person interested in the land to which the order relates has reasonably incurred expenditure in carrying out work rendered abortive and thereby sustained loss directly attributable to the revocation, modification, suspension or delay, being a loss which —
- (a) is capable of being assessed by way of a liquidated amount;
 - (b) arises out of a contractual or statutory obligation incurred prior to the making of the Order;
 - (c) except in so far as subsection (3) provides, does not include any element of capital costs or capital depreciation;
 - (d) takes into account any opportunity for recovery of taxes or diminution of tax liabilities; and
 - (e) is not capable of recovery or mitigation, or further recovery or mitigation,

the person may, within the time and in the manner prescribed, make a claim for compensation in respect of that loss, and the Minister shall thereupon cause inquiry to be made and make recommendations to the Treasurer as to whether any, or what

amount of, compensation should be payable to that person by the Treasurer.

- (3) For the purposes of subsection (2) —
- (a) **“relevant Act”** means —
 - (i) the *Local Government (Miscellaneous Provisions) Act 1960*;
 - (ii) the *Planning and Development Act 2005*;
 - [(iii) *deleted*]
 - (iv) the *Strata Titles Act 1985*; or
 - (v) any other Act relating to planning or the development of land which is prescribed for the purposes of this section;
 - (b) any expenditure incurred in the preparation of plans for the purposes of any work, or upon other necessary matters preparatory to the work, shall be taken to be included in the expenditure incurred in carrying out that work;
 - (c) the assessment may take into account the cost of, and the circumstances relating to, the acquisition of the land by the claimant;
 - (d) loss or damage in respect of which compensation is payable may include a sum payable in respect of a breach of contract caused by the necessity of discontinuing or countermanding any works on account of the revocation, modification or delay;
 - (e) no account shall be taken of any prospective use of the land, other than the restoration and conservation of a place of cultural heritage significance;
 - (f) where permission or authorisation for the development of some other land is made possible or is beneficially affected by a Heritage Agreement, an Order under section 38, or otherwise by the operation of, or in consideration of the attainment of the objects of, this Act

s. 75

and the claimant benefits thereby, account shall be taken of that benefit in mitigation of the loss or damage sustained; and

- (g) in considering whether any expenditure was or was not reasonably incurred, where —
 - (i) any land affected was included in a publicly available list of places that for historic or other reasons should be protected; or
 - (ii) the person concerned had received, or ought to have taken, notice of the cultural heritage significance attributable to the place,

regard shall be had to that fact and to the consequential possibility that legislation was likely to be enacted to effect that protection or to conserve that heritage, whereby a reasonable person intending to incur expenditure would have been likely to proceed with caution and in consultation with relevant authorities and interested bodies.

- (4) The Minister shall make known to the Treasurer any recommendations required by subsection (2) within 60 days of receipt by the Minister of any claim, and in default the claimant may require that the Treasurer determine the matter forthwith, and the claim may be thereupon refused by the Treasurer but if it is not so refused the Treasurer shall be liable to pay to that person such amount as —
 - (a) is agreed between the Treasurer and that person; or
 - (b) in default of agreement, is determined by —
 - (i) a valuer appointed by agreement between the Treasurer and that person; or

- (ii) in default of agreement on that appointment, under and in accordance with the *Commercial Arbitration Act 1985*,

unless the parties agree on some other method of determination,

taking into account the factors referred to in subsection (3) and otherwise required under this Act.

[Section 75 amended by No. 14 of 1996 s. 4; No. 38 of 2005 s. 15.]

76. Requests for acquisition

- (1) An owner of any estate or interest in land who claims that by reason of the operation of this Act the land has become incapable of reasonably beneficial use, and that the carrying out of any reasonable development could not render the land capable of reasonably beneficial use, may by notice in writing request the Council to acquire that estate or interest, or cause it to be acquired, on behalf of the Crown under section 74, but if the Council refuses or the owner is not satisfied that such an acquisition will take place on terms which are acceptable the owner may request the Minister to refer to the State Administrative Tribunal the question of the effect of the operation of this Act upon that estate or interest, and in particular as to whether it would be appropriate for the land to be acquired by the Council as though for conservation works to conserve its heritage value, and the State Administrative Tribunal may determine that question and in so doing —
 - (a) shall have the powers and give effect to the requirements referred to in section 30; and
 - (b) if the State Administrative Tribunal finds the claim to be proved, may require the Council so to take the land under section 73 as though directed by the Minister,

and effect shall then be given to that requirement by the public advertisement of the determination of the State Administrative Tribunal by the Council with the approval of the executive

s. 77

officer of the State Administrative Tribunal as though it were an advertisement of the kind referred to in section 73(1)(a).

- (2) No compensation shall be payable in respect of a claim made under section 75(2) where the land to which the claim relates is also the subject of a claim made under subsection (1) which takes effect.
- (3) No claim shall be made under subsection (1) in respect of any estate or interest where the question of the determination of the compensation payable in respect of a loss arising by reason of the operation of this Act in respect of that land has been referred under section 75(4) to arbitration under the *Commercial Arbitration Act 1985*, without leave of the Treasurer.

[Section 76 amended by No. 55 of 2004 s. 506 and 507.]

77. Claims, and compensation for unreasonable delay, arising from the administration of this Act

- (1) Without prejudice to the operation of Part 4, no action lies, and no claim for compensation other than such as is provided in this Part arises, by reason only of —
 - (a) the entry of a place in the Register; or
 - (b) the operation of this Act, otherwise.
- (2) Where in proceedings in the Supreme Court the Court determines that a person (being a person who or which would have been entitled to make a claim under section 203 of the *Land Administration Act 1997* had the land concerned been lawfully entered upon with a view to acquisition pursuant to Division 4 of Part 9 of that Act) has as a result of unreasonable delay in the administration of this Act occasioned by a public authority been subjected to loss and no compensation is otherwise afforded by this Act, the Court may thereupon order that compensation be payable under subsection (4) to that person, as though section 203 of the *Land Administration Act 1997* applied to and in relation to the land affected by reason of the land having been notionally entered upon under

Division 4 of Part 9 of that Act as at a date determined by the Court, but any compensation payable shall be limited to such actual loss as may have been so occasioned and may be limited in such other manner as the Court thinks fit.

- (3) For the purposes of subsection (2), a reference in Division 4 of Part 9 of the *Land Administration Act 1997* to “the Minister” shall be construed as a reference to the Minister of the Crown to whom the administration of this Act is committed.
- (4) Where the Supreme Court attributes responsibility for loss to a public authority, the compensation payable under subsection (2) shall be paid by that public authority.

[Section 77 amended by No. 31 of 1997 s. 33(6) and (7).]

Part 8 — Effect on development proposals

78. Effect on certain applications, approvals and licences, and conditions applicable

- (1) Where any land is entered in the Register all —
- (a) applications for approval of development in a planning control area made under Part 7 of the *Planning and Development Act 2005*;
 - (b) applications for approval under section 135, 136 or 162, or approvals for the purposes of section 147, of the *Planning and Development Act 2005*;
 - (c) licence applications under section 374 or 374A of the *Local Government (Miscellaneous Provisions) Act 1960*;
 - (d) applications for a certificate of approval under section 25 of the *Strata Titles Act 1985*; and
 - (e) other prescribed applications,

then before a decision-making authority in respect of that land shall, except in so far as the Council may otherwise in writing agree with the decision-making authority, not be further proceeded with until the application in question has been referred by the decision-making authority to the Council and the advice of the Council received.

- (2) Upon any land being entered in the Register as an interim registration, if an approval or licence in respect of that land is of a kind in respect of which a pending application would have been referred to the Council under subsection (1) or is an instrument of a prescribed kind which is in force, the operation of that approval, licence or instrument —
- (a) shall be taken to be thereby suspended but may, if the Council gives notice in writing of its consent to the holder, be acted upon in such manner as the Council may authorise in that notice;

- (b) shall not be given effect to, except in so far as paragraph (a) may authorise, until the interim registration ceases; and
 - (c) is subject thereafter to any condition imposed by the Council when giving its consent.
- (3) Upon any place being entered in the Register on a permanent basis, all applications, approvals, licences and instruments of a kind referred to in subsection (1) or subsection (2) are deemed to be thereby revoked and shall not be given effect to, but the operation of this subsection does not prejudice the right of a person in whose name such an application had been made or who was the holder of such an approval, licence or instrument to make a fresh application.
- (4) Where a decision-making authority grants an application under any written law in relation to any land, or any works or thing, to which a permit granted subject to conditions imposed by the Minister or the Council under this Act applies, any conditions imposed by the decision-making authority in relation to a like matter shall not be inconsistent with the conditions imposed under this Act.
- (5) Nothing in this Act shall be construed as requiring an application to be made for approval to any alteration to a registered place (being a church or land within the precinct of a church) for purposes which are of a liturgical nature where the Council has been given 28 days notice of the proposed alterations by the owner and the notice includes a declaration by an officer of the church authorised by the church for that purpose that the alteration is required for liturgical purposes.

[Section 78 amended by No. 14 of 1996 s. 4; No. 38 of 2005 s. 15.]

s. 79

79. Effect of registration, where no Order under Part 6 otherwise applies

- (1) Subject to subsection (2), where any place is entered in the Register, a person who —
- (a) damages or despoils that place or any part of, or thing in, that place; or
 - (b) removes any thing from that place,
- or who authorises, causes or permits any other person to do any of those things, otherwise than in the course of works of the kind referred to in section 63 or which are authorised by a decision-making authority pursuant to this Act, commits an offence.
- Penalty: \$5 000.
Daily penalty: \$500.
- (2) A person may, on payment of the prescribed fee, make application to the Council in writing for a permit authorising the doing of any thing that might otherwise contravene subsection (1) but would not contravene any applicable Conservation Order.
- (3) The Council shall within 60 days of the receipt of the application, or such longer period as the Minister may authorise, grant the permit, either unconditionally or subject to specified conditions, or, after giving the applicant reasonable opportunity to show cause to the contrary, refuse the application.
- (4) Without prejudice to the generality of subsection (3), the conditions imposed shall be referred to or set out in the permit and may include conditions of the kind referred to in section 64(4) or may require that prior to the carrying out of any works or the doing of any thing to which the application relates the applicant shall —
- (a) cause a notice setting out details of the proposal to be —
 - (i) served on the local government of the district in which the land is situate;

- (ii) continuously displayed in a conspicuous position on the land or building concerned;
 - (iii) given to any person; or
 - (iv) published in a newspaper, or otherwise as the Council may determine;
 - (b) invite persons by that notice to lodge submissions with the Council or with a person approved by the Council; and
 - (c) furnish a report by a person approved by the Council on any such proposal and submissions, and as to the extent to which the application, if refused, would affect the reasonable or economic use of the land or any building, or any other land, or would cause undue financial hardship to the owner, or any other person, or as to any of those or other matters.
- (5) Where the Council does not notify the applicant within 60 days of the receipt of the application —
- (a) of its decision; or
 - (b) of the longer period authorised by the Minister as that within which the decision is to be made,
- or does not notify the applicant of its decision prior to the expiry of that longer period, the applicant may warn the Council that the applicant is being adversely affected by the delay and if the Council does not then notify the applicant of its decision within 14 days of that warning the Council shall be deemed to have granted a permit in respect of the application.
- (6) Where any condition imposed is not acceptable to the applicant, the applicant may refer the matter to the Minister who shall determine the matter and give directions accordingly.

[Section 79 amended by No. 14 of 1996 s. 4.]

s. 80

80. Moratorium on development

- (1) Where a person is convicted of an offence which constitutes a contravention of an Order under Part 6 in relation to any place then, unless the court before which that person is so convicted recommends otherwise, the Governor on the advice of the Minister may by Order in Council published in the *Gazette* declare that —
- (a) that place or a particular portion of the land comprising that place;
 - (b) any building on the land; or
 - (c) both that land and any such building,
- shall not be developed, or used, or shall be neither developed nor used, or shall be developed or used only in accordance with conditions specified in the Order, during such period not exceeding 10 years as is specified in the Order.
- (2) An Order in Council made under subsection (1) may be revoked or varied by a subsequent such Order.
- (3) Where an Order under subsection (1) is in force in relation to any land or building —
- (a) a person who carries out works on, or any development of, the land or building, or who uses any land or building, contrary to the provisions of the Order, or who causes or permits any other person so to do, commits an offence; and
 - (b) any permit, authorisation, licence or other instrument under any written law purporting to relate to any development or use of the land or building contrary to the terms of the Order —
 - (i) has no force and shall not be given effect; and
 - (ii) does not provide a defence to any person contravening paragraph (a).

Penalty: \$10 000 and imprisonment for 2 years.

Daily penalty: \$1 000.

- (4) Where an Order under subsection (1) is made in relation to any place, the Council —
- (a) shall cause the Executive Director of the Department of Land Administration ⁴, the Registrar of Titles or the Registrar of Deeds and Transfers, as the case may require, to be advised by way of memorial of the effect of that Order;
 - (b) may thereupon lodge such caveat or cause such other steps to be taken as may be necessary or proper to give effect to the terms of that Order;
 - (c) publish notice by way of public advertisement for general information of a summary of the terms of the Order, setting out a sufficient description to identify the place to which it refers; and
 - (d) shall cause a copy of the Order to be served, where practicable, on the owner and each occupier of the place concerned.

81. Notice of intention to sell land, etc.

- (b) any agreement whereby the person ceases to be responsible for the day to day maintenance of the cultural heritage characteristics of that place,

the person shall, within 28 days thereafter, notify the Council in writing of the parties to that contract or agreement and furnish to the Council such other information relating to the transaction as the Council may require.

Penalty: \$200.

Part 9 — General provisions

82. Notices, and evidentiary matters

- (1) Notwithstanding any requirement of this Act as to the service of notice or other document on any person, where it appears to a Judge in Chambers, on an application made by the Council, that —
 - (a) it is impracticable to serve the document in any manner permitted by section 76 of the *Interpretation Act 1984*; and
 - (b) the Council has endeavoured to effect service in such a manner as would be likely to ensure that the requirement for the giving of notification has been met, but has been unable so to do,

the Judge may by order provide for service by a substituted means or may dispense with the requirement for service.

- (2) Where by this Act any notice or other document is required to be served on a mortgagee (including the holder of any charge) and, after diligent inquiry, the address for service of that mortgagee can not be ascertained, such service may in lieu be effected by serving a copy of that notice or other document addressed to the mortgagee upon an owner of the interest in the land affected by that mortgage.
- (3) The validity of any notice or other document or of its service is not affected by any error, misdescription, or irregularity which is not calculated to mislead, or which in fact does not mislead.
- (4) In all proceedings in which the giving of any notice or other document required or authorised under this Act to a party to the proceedings has to be proved, the party is deemed to have received notice to produce that document, and, until the contrary is shown, the giving of the notice or the due service of the document may be sufficiently proved by the production of what purports to be a copy, bearing what purports to be a certificate under the hand of the person giving that notice or authorised to

issue the original document, or the Chairperson, as the case may be, that the copy is a true copy of the original and that the original notice was given or document served on the date specified in the certificate.

- (5) In all courts and before all persons authorised to receive evidence —
- (a) a signature purporting to be that of the Minister, the Chairperson, or other authorised officer of the Council shall be taken to be the signature of the person whose signature it purports to be until the contrary is proved;
 - (b) a statement signed by the Chairperson that a notice or other document of the description mentioned in the statement has or has not been given to or served on a person by the Council under this Act or as to the date of and the particulars contained in any notice so given or any document so served is evidence of the matter specified in the statement; and
 - (c) a notification in the *Gazette* as to the exercise by the Council of any power conferred under this Act, or as to any order made under this Act, is evidence of the facts therein stated.
- (6) Where proceedings are taken in the name of the Council by an authorised officer no proof shall be required of the appointment of that officer as an officer of the Council or of the authority of that officer to take those proceedings, and the averment on the process that the officer is so authorised shall be deemed to be proof of the fact, in the absence of evidence to the contrary.

[Section 82 amended by No. 84 of 2004 s. 80.]
