The application, when made by more than one owner, shall state the aliquot part of the cost which is to be borne by each owner.
- (2) The Corporation may, at the request of the owner or owners, make the branch drain and do all incidental work for him or them, on such terms as may be agreed upon between him or them and the Corporation, and the cost thereof or an aliquot part thereof (determined by the agreement) shall be a debt due by the owner or each of the owners to the Corporation.
- (3) The Corporation may, with the approval of the Minister, advance to any owner or owners such sum of money as may be necessary to complete the aforesaid branch drain and work or his or their share or shares thereof, on such terms as may be agreed upon, and the amount of such advance, together with interest thereon, or on so much thereof as may remain unpaid for the time being, shall be a debt due from such owner or owners to the Corporation.

s. 64

- (4) Whenever the Corporation shall be of opinion that the construction of a branch drain is necessary in order to drain any piece or parcel of land, or 2 or more adjoining pieces or parcels of land, in the vicinity of a main drain, the Corporation may, by notice served on the owner or the several owners thereof, require him or them to construct such drain to the satisfaction of the Corporation, and if the drain be not constructed within one month thereafter or such longer time as may be specified in the notice, the Corporation may construct or complete the branch drain and recover the cost thereof from the owner or an aliquot part (to be determined by the Corporation with the approval of the Minister) from each of the several owners in any court of competent jurisdiction. Such notice shall specify the nature and direction of the branch drain required.
- (5) For the purpose of exercising any authority conferred or complying with any requisition made under this section, the person on whom the authority is conferred or the requisition made shall (so far as necessary) have and be subject to the powers and liabilities of the Corporation set forth in section 83 of the *Water Agencies (Powers) Act 1984*.

- (7) All moneys due by any person to a former Minister or the Corporation shall carry interest at the prescribed rate, and such moneys and interest shall, unless otherwise provided by

agreement, be payable on demand, and shall be a charge on the land as if they were drainage rates imposed under this Act.

- (8) Every owner of land or the several owners of 2 or more adjoining pieces or parcels of land in respect of which a branch drain has been constructed hereunder shall be liable or jointly and severally liable to keep such drain cleansed and maintained to the satisfaction of the Corporation and in the case of several owners the burden shall as between themselves be apportioned in the same way as the original liability for the cost of the drain. The burden imposed by this subsection shall run with the land and shall be binding on the owner for the time being thereof and of every portion thereof.

- (10) Any sum of money due by any person to a former Minister or the Corporation under this section shall be recoverable by the like proceedings and with the like remedies as if it were a drainage rate imposed on such person as rateable owner of the land in respect of which the sum is due, and the provisions of Division 5 of Part VII shall, subject as hereinafter provided, apply thereto in all respects.

For the purposes of apportionment, interest and the cost of maintenance or cleansing shall be deemed to be the amount of a rate imposed for the financial year in which the interest accrued due or the maintenance or cleansing was done, as the case may be. Other moneys shall be apportionable as if they were the amount of rates for 6 years calculated from the commencement of the making of the drain or the doing of the work for which they are owing.

s. 65A

- (11) Any occupier of land who is not the owner may, with the approval of the Corporation, make or concur in or enter into any application or agreement under this section, or construct or take part in the construction of any branch drain or work hereunder or obtain any advance or do any other act hereunder as if he were the owner, and for the purposes of this subsection he shall in so acting be deemed to be the owner, and his acts shall be binding on such owner accordingly: Provided that any liability (including the liability to cleanse and maintain) which would, subject to any necessary apportionment being made, have to be borne and discharged by the occupier by reason of any such act, matter, or thing as aforesaid, if he were in fact the owner of the land during the term of his occupancy, shall be borne and discharged by such occupier, who shall indemnify any such owner in respect thereof; but nothing in this subsection shall prevent the liability being a charge on the land.
- (12) If in the performance of any duty or the exercise of any right or authority imposed on or given to him by or under this section the owner of any land is in any way obstructed or hindered by the occupier or the occupier by the owner, the one who obstructs or hinders the other shall be guilty of an offence against this Act.
