What the reprint includes

Endnotes, Compilation table, and Table of provisions that have not come into operation

1. Details about the original Act and legislation that has amended its text are shown in the Compilation table in endnote 1, at the back of the reprint. The table also shows any previous reprint.
2. Validation, transitional, savings, or other provisions identified in the Compilation table may be important. The table may refer to another endnote setting out the text of these provisions in full.
3. A table of provisions that have not come into operation, to be found in endnote 1a if it is needed, lists any provisions of the Act being reprinted that have not come into operation and any amendments that have not come into operation. The full text is set out in another endnote that is referred to in the table.

Notes amongst text (italicised and within square brackets)

1. If the reprint includes a section that was inserted, or has been amended, since the Act being reprinted was passed, editorial notes at the foot of the section give some history of how the section came to be as it is. If the section replaced an earlier section, no history of the earlier section is given (the full history of the Act is in the Compilation table).

Notes of this kind may also be at the foot of Schedules or headings.

2. The other kind of editorial note shows something has been —
 - removed (because it was repealed or deleted from the law); or
 - omitted under the *Reprints Act 1984* s. 7(4) (because, although still technically part of the text, it no longer has any effect).

The text of anything removed or omitted can be found in an earlier reprint (if there is one) or one of the written laws identified in the Compilation table.

Street Alignment Act 1844

An Act to provide for the alignment of streets in the several towns in the Colony of Western Australia.

Preamble

Whereas by the first section of an Act of Council passed in the fourth and fifth year of the reign of Her present Majesty Queen Victoria, intituled “An Act to provide for the improvement of Towns in the Colony of Western Australia,”² the right of property in all streets, paths, canals, towing-paths, ferries, bridges and other thoroughfares within the limits of any townsite is vested in the respective trustees of each such town; and whereas in several instances a difficulty has been experienced in recognising the exact lines of the streets, because many of the surveyors’ marks by which such lines were originally defined have been either removed, destroyed or obliterated in the course of time; and whereas it is highly expedient to ascertain the precise limits of the streets so vested in each Town Trust respectively and to define the same by conspicuous and permanent marks, so as to enable the said Trustees to preserve the regularity of the streets and to prevent any encroachment thereon:

1. Governor may direct surveys to be made of towns

Be it therefore enacted by His Excellency the Governor of Western Australia, by and with the advice and consent of the Legislative Council thereof, that immediately after the passing of this Act it shall be lawful for the Governor to direct an authorised land officer at his earliest convenience to cause a survey to be made of every town laid out by the Government of this Colony as

nearly as possible in accordance with the survey originally made of such town, except in any case where a deviation therefrom may have been previously directed and sanctioned by any Governor of this Colony, or may during the progress of such survey be found necessary for the rectification of any street so as not to interfere with any substantial brick or stone building already erected, and which deviation may be sanctioned by the Governor in Executive Council, in which case the survey is to be made in accordance with such sanctioned alteration, which the Governor is hereby authorised to make: Provided nevertheless that no such alteration shall be so made as to lessen the quantity of land contained in any allotment granted in fee-simple by the Crown without compensation being given for the portion so taken away.

[Section 1 amended by No. 126 of 1987 s. 11.]

[2. *Repealed by No. 8 of 1924 s. 8.]*

3. Authorised land officer may enter allotments etc.

And be it enacted that it shall be lawful for an authorised land officer or any person or persons assisting him from time to time, to enter upon any allotment for the purposes of this Act, and to erect such post or posts or construct such other mark or marks, as may be deemed necessary, and for that purpose to dig holes or to remove such parts of fences, walls or other erections as may be in the way, and any person who shall wilfully obstruct or hinder him or them in the execution of such duty shall forfeit and pay a sum not exceeding \$20.

[Section 3 amended by No. 113 of 1965 s. 8(1); No. 126 of 1987 s. 12.]

[4. *Repealed by No. 8 of 1924 s. 8.]*

5. Structures in the way of boundary posts may be marked instead

Provided always and be it enacted that if it shall so happen that any house, wall or other substantial erection shall be found to be

correctly placed at the corner of any block of allotments so that it is impracticable to erect in that position one of such posts as aforesaid, then in that case it shall be sufficient to mark or otherwise affix the said letters in such permanent manner as may be deemed advisable in their proper places in the manner aforesaid upon such house, wall or other substantial erection.

6. Boundary posts, ownership and effect of

And be it enacted that the said boundary posts and marks so placed as aforesaid, shall be deemed and taken to be the property of the Town Trust, and shall indicate and define the position, direction and breadth of the several streets and lines of communication vested in the Trustees of each town respectively.

7. Survey to be given to Governor

And be it enacted that whensoever and so soon as the several streets and lines of communication within any townsite shall have been ascertained and marked as aforesaid, the permanent head of the Department within the meaning of the *Land Administration Act 1997* shall report the same and lay before the Governor in Executive Council a map or plan of such town in duplicate, having the streets and lines of communication delineated accordingly thereon, both of which plans shall be signed by the Governor in Executive Council, and one shall be retained in that Department or some other convenient place and the other shall be delivered to the Chairman or Acting-Chairman of the Town Trust, either of which plans so signed by the Governor or any copy thereof duly certified by the permanent head of that Department, shall and may be given in evidence of such streets or lines of communication in any cause or suit regarding the same.

[Section 7 amended by No. 126 of 1987 s. 13; No. 31 of 1997 s. 141.]

8. Streets may be aligned in accordance with the survey

And be it enacted that immediately after such plan shall have been delivered to the Chairman or Acting-Chairman of the Town Trust aforesaid, it shall be lawful for such Chairman or Acting-Chairman, and he is hereby authorised and required, to proceed forthwith to adjust and regulate the lines of streets between the posts or marks as aforesaid according to such plan, and for that purpose to remove any material or erection whatsoever which may project into the lines of streets so defined as aforesaid, and to place the same upon the immediately adjacent land, and any person who shall wilfully obstruct or hinder him or any one employed by him in the execution of such duty, shall forfeit and pay a sum not exceeding \$20.

[Section 8 amended by No. 113 of 195 s. 8(1).]

9. Nothing to be fastened to the boundary posts

And be it enacted that it shall not be lawful to mortice into or nail or fasten in any other way to the said boundary posts or marks so placed as aforesaid, any rail, post, paling or other material whatsoever, and any person convicted before any 2 Justices of the Peace of this Colony of having done so, or of having wilfully injured, defaced or disturbed any such boundary post or mark as aforesaid, shall forfeit a sum not exceeding \$40.

[Section 9 amended by No. 113 of 195 s. 8(1).]

10. Boundary posts not to be removed or destroyed

And be it enacted that any person who shall be convicted before the Court of Quarter Sessions of this Colony of wilfully removing or destroying any such boundary posts so placed as aforesaid shall be liable at the discretion of the Court to be imprisoned for any term not exceeding 3 years.

[Section 10 amended by No. 51 of 1992 s. 16(1).]

11. Boundary posts to be inspected annually

And be it enacted that the Chairman or Acting-Chairman of the Town Trust shall in the month of December of each year examine and inspect the said posts and marks, and make a written report of their state and condition to the Governor, and if it shall appear from the said report, or if at any time it shall be discovered in any other manner that any of the said posts or marks require to be renewed, repaired or adjusted, it shall be lawful for the Governor to direct the same to be renewed, repaired or adjusted, in the same way as they were originally made, but at the cost and expense of the said Town Trust.

12. Plans of new streets and allotments

And be it enacted that when and so often as any fresh blocks of allotments are required to be laid out, by which any new lines of communication shall be formed, an authorised land officer shall lay before the Governor in Executive Council duplicate maps or plans of the same, both of which plans shall be signed by the Governor in Council, and one shall be retained in the Department within the meaning of the *Land Administration Act 1997*, or some other convenient place, and the other shall be delivered to the Chairman or Acting-Chairman of the Town Trust, either of which plans, so signed by the Governor, or any copy thereof duly certified by an authorised land officer, shall and may be given in evidence of such streets in any cause or suit regarding the same, and such additional lines of communication and blocks of allotments may be added to or delineated upon the original maps or plans, and the additional part authenticated in the same manner as the original maps or plans by the signature of the Governor in Council, and such part so authenticated may also be given in evidence as aforesaid.

[Section 12 amended by No. 126 of 1987 s. 14; No. 31 of 1997 s. 141.]
