**8. Heating standard of gas to be approved**

- (1) Subject to the provisions of subsection (5), an undertaker shall not, after the coming into operation of this Act, distribute gas unless he has first obtained the written approval of the Minister of the minimum standard of heating value of the gas to be distributed by that undertaker.

## **10. Testing of gas**

enforcement of this Act, and shall furnish the undertaker with the result of any test carried out under this subsection.

- (2) The Director may from time to time by notice in writing served on an undertaker, direct the undertaker to keep a continuous record of the heating value of all or any of the gas supplied by that undertaker, and the Director may, for that purpose, from time to time require the undertaker to install, operate and maintain such measuring and recording devices or apparatus as are specified in a notice in writing served by the Director on the undertaker.

In any proceedings instituted against an undertaker for an offence against section 8(6) or (8), it is a defence for the undertaker to prove that —

- (18) Where the operation of a certificate of competency, permit or authorisation is suspended generally during the period for which the suspension subsists the holder is not authorised to do any act that, if done by a person who was not such a holder, would constitute a contravention of the regulations made under this section, but if the operation of such a document is suspended only to a specified extent during the period for which the partial suspension subsists the holder is authorised to do any other act authorised by that document and in respect of which the document is not so suspended.
