(2a) Where a Judge who has attained the age of 60 years retires, on or after the commencement of the 1987 Act, after serving as a Judge for not less than 10 years, he is entitled to a pension at a rate equal to 60 per centum of the current judicial salary.

“State share of his pension” has the meaning given by the definition of that expression in section 80 (4)² of the *Superannuation and Family Benefits Act 1938*, references in that definition to a “pensioner” and “the pensioner” being construed as references to the person referred to in subsection (3) (c).

- (b) a pension under the *Superannuation and Family Benefits Act 1938*, by reason of her being a widow of a deceased Judge who was at some time a contributor under that Act,

then the first mentioned pension shall be reduced by such proportion of the pension under the *Superannuation and Family Benefits Act 1938*, as is verified by the Board under that Act to be equivalent to the amount paid or payable to the Fund under that Act by the State or a Department under that Act in respect of the last mentioned pension.

[*Section 8A inserted by No. 99 of 1970 s.5; amended by No. 108 of 1975 s.8.*]

Annual adjustment of pensions

8B. (1) Subject to this section, every pension payable under this Act shall be increased in each year, commencing with the year 1976, with effect on and from 1 January in that year by such percentage as is determined by the Treasurer to be the percentage by which the Index for the quarter ending on the immediately preceding 31 December is greater than the Index for the quarter ending on the penultimate preceding 31 December.

(2) The following provisions apply to and in relation to the first increase of a pension pursuant to this section if, on 1 January in the year in which the increase is to be made, or

s. 8B

$$P = A \times \frac{Q}{4}$$

where —

- P represents the annual amount referred to in that paragraph;
- A represents the amount by which, but for the operation of that subsection, the pension would have been increased; and
- Q represents the number of whole quarters (ending on 30 June, 30 September and 31 December) within the period commencing on the day on which the pension became payable and ending on the following 31 December, for which the pension was payable.

(4) Where, for the purposes of determining the increase to be made in pensions for any year, the Treasurer determines that the

Index for a quarter ending on the immediately preceding 31 December is less than the Index for the quarter ending on the penultimate preceding 31 December, no increase shall be made in pensions for that year, and the percentage by which the firstmentioned Index is less than the secondmentioned Index shall first be taken into account before any subsequent adjustments of pensions are made pursuant to this section.

(5) The provisions of this section apply with such modifications as are necessary to pensions payable to the widows of Judges or former Judges.

(6) This section does not apply to —
