Petroleum Pipelines Act 1969

s. 13

(4) Where the Minister is satisfied that the licensee has acquired any such easement and is unable to register it, through circumstances beyond his control, the licensee, with the prior consent in writing of the Minister, may, pending the registration of the easement, commence or cause to be commenced the construction of the proposed pipeline over the land to which the easement relates, on such terms and conditions relating to the registration of the easement as the Minister thinks fit and specifies in the instrument of consent.

licence is granted or necessarily incidental to the operation of the pipeline, the Minister may, on the application of the licensee and at his expense in all things, take under the *Public Works Act 1902*, as if for a public work within the meaning of that Act, any land or any easement over any land whether for the time being subsisting or not.

(2) Subsection (1) does not apply unless the Minister is satisfied that the licensee, after making reasonable attempts to do so, has been unable to acquire the land or easement over the land by agreement with the owner thereof.

(3) For the purposes of giving effect to this section —

- (a) the word “**land**” in the *Public Works Act 1902* shall be construed as including an easement over land;
