Fish Resources Management Act 1994

Fish Resources Management Regulations 1995

Part 1 — Preliminary

1. Citation

These regulations may be cited as the *Fish Resources Management Regulations 1995*¹.

2. Commencement

These regulations come into operation on the day on which the *Fish Resources Management Act 1994* comes into operation¹.

3. Interpretation

- (1) In these regulations, unless the contrary intention appears —
- “**bag limit**” means the maximum quantity of fish of a specified class that a person may take, or bring onto land or into WA waters, in one day and in relation to particular fish is the bag limit prescribed under Part 4;
- “**carrier boat licence**” means a licence referred to in regulation 119;
- “**commercial fishing licence**” means a licence referred to in regulation 121;
- “**disease**” means any disease of fish;

“fish processor’s licence” means a licence granted under section 83 of the Act;

“fishing boat licence” means a licence referred to in regulation 117;

“fishing net” means any fishing net other than —

- (a) a hand scoop or hand dip net;
- (b) a prawn hand trawl net; or
- (c) a drop net which has a diameter not exceeding 1.5 metres;

“form” followed by a number means the form of that number in Schedule 14;

“gear identification number” of a person means —

- (a) any letters and numbers allocated under regulation 124(2)(b) in respect of a recreational fishing licence held by the person; or
- (b) where the person is an Aboriginal person who does not hold a recreational fishing licence, the letter “A” followed by the day, month and year of the birth of the person in numbers (ie. A 29/3/59);

“licensed carrier boat” means a boat in respect of which a carrier boat licence is held;

“licensed carrier boat number” in respect of a licensed carrier boat means the number allocated under regulation 120(3) in respect of the boat;

“licensed fishing boat” means a boat in respect of which a fishing boat licence is held;

“licensed fishing boat number” in respect of a licensed fishing boat means the letter and number allocated under regulation 118(3) in respect of the boat;

“mollusc” does not include pearl oyster, as defined in the *Pearling Act 1990*;

“**one day**” means a period of 24 hours commencing at midnight, other than in relation to fishing for marron or prawns or fishing by means of a fishing net, where it means a period of 24 hours commencing at midday;

“**oyster fishing licence**” means a licence referred to in regulation 127;

“**pull**” in relation to a rock lobster pot, means to bring the pot from the seabed to the surface of the sea;

“**recreational fishing licence**” means a licence referred to in regulation 123;

“**rock lobster pot**” means any fishing gear, other than a hand held instrument, that is capable of being used to fish for rock lobster;

“**rock lobster pot licence**” means a licence referred to in regulation 125;

“**rock lobster tail**” means the whole or part of the abdomen of a rock lobster at any time after that abdomen or part of that abdomen has been severed from the carapace;

“**sunrise**” and “**sunset**” mean the times provided by the Perth Astronomical Observatory for sunrise and sunset on the relevant day.

- (2) Where in these regulations fish is referred to by only a common name set out in column 1 of Schedule 7 the fish referred to is the fish described by the scientific classification set out in column 2 of that Schedule opposite that common name.

4. Peak industry body

The Western Australian Fishing Industry Council (Inc.) is the body prescribed for the purposes of the definition of “peak industry body” in section 4(1) of the Act.

5. Process — prescribed class

Rock lobster and marron are fish of a prescribed class for the purpose of the definition of “process” in section 4(1) of the Act.

6. Exemptions

The fee that is to accompany an application for an exemption under section 7(4) of the Act is as set out in item 1 of Part 1 of Schedule 1.

7. Return of exemption

- (1) The Executive Director may, by notice in writing given to the holder of an exemption, require the person to return the exemption to the Executive Director within a period specified in the notice if —
 - (a) the exemption has expired or has been revoked; or
 - (b) the Minister or the Executive Director has exercised a power under section 7(6)(b) of the Act to delete, vary or add to any conditions imposed in relation to the exemption.
- (2) A person must not, without reasonable excuse, refuse or fail to comply with a requirement made under subregulation (1).

Penalty: In the case of an individual, \$5 000 or, in the case of a body corporate, \$10 000.

Part 2 — Administration

8. Use and custody of common seal

The common seal of the Minister for Fisheries is to be kept in safe custody by the Executive Director, and is not to be affixed to any document except by the Minister in the presence of the Executive Director, or a person appointed by the Executive Director for that purpose, who is to —

- (a) sign their name as witness to the affixing of the seal; and
- (b) print on the document their name and the date on which, and the place where, the seal was affixed to the document.

Part 3 — Advisory committees

9. Procedure for certain persons to be appointed by Minister

The prescribed procedure in respect of the appointment of persons by the Minister for the purposes of sections 29(2)(c), 33(2)(b) and 37(2)(b) of the Act is that the Minister is to —

- (a) arrange for there to be published in a newspaper circulating daily in the State a notice to the effect that a person is, or persons are, required under the relevant section of the Act and that interested persons may, within the time specified in the notice, apply to the Minister with details of relevant qualifications and experience for appointment under the relevant section of the Act;
- (b) after the expiry of the time specified in the notice, consider all of the applications and the qualifications and experience of each applicant and of such other persons as the Minister thinks fit; and
- (c) appoint the required number of persons in accordance with the relevant section of the Act.

Part 4 — General regulation of fishing

Division 1 — Protected fish

10. Protected fish — sections 46 and 47

For the purposes of the Act, the classes of fish listed —

- (a) in Part 1 of Schedule 2 are commercially protected fish;
and
- (b) in Part 2 of Schedule 2 are totally protected fish.

11. Defences

- (1) For the purposes of section 48(b) of the Act all fish the subject of an aquaculture licence are fish of a prescribed class.
- (2) For the purposes of section 48(c) of the Act the following defences are prescribed —
 - (a) that the fish were taken by a person acting under an authority to fish for fish for scientific purposes issued under regulation 178;
 - (b) that the person is a person to whom section 90 of the Act does not apply to, or in relation to, due to the operation of section 91 of the Act.

12. Totally protected rock lobsters and crabs to be released to the sea

- (1) Any person who takes from the sea any totally protected fish that is a rock lobster must ensure that the rock lobster is —
 - (a) released to the sea within 5 minutes of being taken; and
 - (b) if taken by means of a rock lobster pot, is released to the sea before any other rock lobster pot is pulled.
- (2) The master of a boat must ensure that any totally protected fish that is a rock lobster taken from the sea and brought on board the boat —
 - (a) is released to the sea within 5 minutes of being taken; and

15. Bag limits — taking of fish

- (1) For the purposes of section 50 of the Act, the bag limit appearing directly opposite an item in Part 1 of Schedule 3 is the bag limit in respect of fish of the species referred to in that item.
- (2) Where the fish taken consist of a species or a combination of the species of fish listed or referred to in Part 2 of Schedule 3, for the purposes of section 50 of the Act, the bag limit appearing directly opposite the names of those fish is the bag limit in respect of the taking of a fish or any combination of the species of fish listed or referred to.

16. Possession limit — barramundi

- (1) Despite regulation 15, for the purposes of section 51(1) of the Act the maximum quantity of barramundi that a person may be in possession of, other than at the person's principal place of residence, is 5 barramundi.
- (2) For the purpose of determining the number of barramundi in a person's possession 2 single-sided fillets of barramundi are to be taken to be equivalent to one whole barramundi.

- (3) In subregulation (2) —

“single-sided fillet” means a fillet that is taken from one side only of a barramundi.

17. Possession limit — abalone

- (1) Despite regulation 15, for the purposes of section 51(1) of the Act the maximum quantity of abalone that a person may be in possession of, other than at the person’s principal place of residence, is —
- (a) 20 abalone that are other than prescribed abalone; and
 - (b) 10 prescribed abalone.

- (2) In this regulation —

“prescribed abalone” means brownlip abalone, greenlip abalone or any combination of those 2 species of abalone.

18. Possession limit — commercial fishing

- (1) The maximum quantity of fish of a type specified in an item of the Table to this regulation that a master of a fishing boat may be in possession of on that boat is as set out opposite that item in column 2 of that Table.
- (2) For the purposes of subregulation (1), the master of the fishing boat on which the fish are held or transported is to be taken to be in possession of the fish.
- (3) This regulation does not apply —
- (a) to fish taken in accordance with a Fishing Permit or Statutory Fishing Right granted under the Commonwealth Act; or
 - (b) where all the fish held or transported on the fishing boat were taken solely for a non-commercial purpose.

Penalty: In the case of an individual, \$5 000 or, in the case of a body corporate, \$10 000.

21. Presumption of possession

If a fisheries officer finds any fish that the officer reasonably suspects is the subject of an offence under section 51(2) of the Act and the officer is unable at the time of finding to determine who is in possession of the fish, any person using or having control of a —

- (a) vehicle in which the fish is found; or
- (b) refrigerator, freezer, icebox, or other storage device in which the fish is found,

is to be taken to be in possession of the fish.

Division 3 — Bag and possession limits at Exmouth and Ningaloo

22. Interpretation

In this Division —

“**Exmouth Gulf Land Zone**” means all land between 22° 35' south latitude and 21° 53' south latitude, east of the Minglya-Learmonth and Murat Roads and west of 114° 19' east longitude;

“**Exmouth townsite**” means the area of land described in the notice under section 10 of the *Land Act 1933*² published in the *Gazette* of 18 October 1988, pp. 3116-17, as amended by notices in the *Gazette* of 24 December 1971, p. 5384, 26 August 1977, p. 2984, 11 May 1979, p. 1227, and 15 February 1991, p. 691;

“**Ningaloo Marine Park**” means all waters of the Indian Ocean and Exmouth Gulf within the boundaries of the Ningaloo Marine Park Reserve No. 2 shown on Plan No. 1735;

“**Ningaloo Marine Park Land Zone**” means all land —

- (a) between 23° 34' south latitude (Amherst Point) and 21° 53' south latitude and west of the Minglya-Learmonth and Murat Roads, but excluding the townsite of Exmouth; and
- (b) on North West Cape, north of 21° 53' south latitude;

“**Plan No. 1735**” means the Department of Conservation and Land Management Plan No. 1735 held for public inspection by the Fisheries Department³.

23. Possession of fish within Ningaloo Marine Park

- (1) In Ningaloo Marine Park, a person must not be in possession of, or have in a boat, any fish other than whole fish.

Penalty: \$3 000.

- (2) Despite subregulation (1), a person in Ningaloo Marine Park may be in possession of —
 - (a) gilled and gutted fish; and
 - (b) filleted mackerel of the Family Scombridae.
- (3) Subregulation (2)(b) does not apply unless a fish is filleted so that —
 - (a) each fillet is taken from one side only of the fish; and
 - (b) the skin and pectoral fin are intact and attached to each fillet.

24. Fish brought ashore into Exmouth Gulf Land Zone

- (1) A person must not bring ashore into Exmouth Gulf Land Zone any fish other than whole fish.
Penalty: \$3 000.
- (2) Despite subregulation (1), a person may bring ashore into Exmouth Gulf Land Zone —
 - (a) gilled and gutted fish; and
 - (b) filleted mackerel of the Family Scombridae.
- (3) Subregulation (2)(b) does not apply unless a fish is filleted so that —
 - (a) each fillet is taken from one side only of the fish; and
 - (b) the skin and pectoral fin are intact and attached to each fillet.

25. Bag limits within Ningaloo Marine Park, Ningaloo Marine Park Land Zone and Exmouth Gulf Land Zone

- (1) The bag limits prescribed by this regulation apply in respect of Ningaloo Marine Park, Ningaloo Marine Park Land Zone and Exmouth Gulf Land Zone.
- (2) For the purposes of section 50 of the Act, the bag limit appearing directly opposite an item in Division 1 or 2 of Part 3 of Schedule 3 is the bag limit in respect of fish of the species referred to in that item.

Fish Resources Management Regulations 1995

Part 4 General regulation of fishing

Division 3 Bag and possession limits at Exmouth and Ningaloo

r. 26

- (3) If an item in Division 1 or 2 of Part 3 of Schedule 3 refers to 2 or more species of fish, for the purposes of section 50 of the Act the bag limit applies in respect of fish that consist of one of those species or any combination of those species.
- (4) If fish consist of any species, or any combination of species, other than the species referred to in Division 2 of Part 3 of Schedule 3, for the purposes of section 50 of the Act the bag limit in respect of that species, or combination of species, is 7 fish, but this does not authorise the bag limit prescribed opposite any particular item in Division 1 of Part 3 of Schedule 3 to be exceeded.

26. Boats used for fishing for rock lobsters within Ningaloo Marine Park

- (1) Despite the bag limit prescribed under regulation 25, a boat used within Ningaloo Marine Park to fish for rock lobsters must not be used to hold or transport more than 8 rock lobsters in any one day unless —
 - (a) the boat is a licensed fishing boat; and
 - (b) the rock lobsters are taken in accordance with an authorisation granted under section 66 of the Act or a rock lobster pot licence.
- (2) The master of a boat that is used contrary to subregulation (1) commits an offence.

Penalty: \$5 000.

*[Regulation 26 amended in Gazette 12 September 1997
p. 5152.]*

27. Possession limit and labelling of fish and rock lobsters at Exmouth and Ningaloo

- (1) In this regulation —
“**fish**” means whole fish, portion of fish or package of fish, but excludes rock lobster;

“other fish” means, in the definition of “prescribed quantity of fish”, whole fish or portion of fish, but excludes rock lobster;

“package” means any type of wrapping, package, or container;

“prescribed quantity of fish” means the greater amount by weight of either —

- (a) 10 kg of fish and 7 other fish; or
- (b) 17 kg of fish.

“rock lobster” means whole rock lobster or part of a rock lobster;

“stores” includes, in relation to fish or rock lobsters, the act of placing in a refrigerator, freezer, icebox, or other means of storage.

- (2) Despite regulation 25, for the purposes of section 51(1) of the Act the maximum quantity of fish that a person may be in possession of within Ningaloo Marine Park, Exmouth townsite or Ningaloo Marine Park Land Zone is the prescribed quantity of fish and 8 rock lobsters.
- (3) A person who, within Ningaloo Marine Park, Exmouth townsite or Ningaloo Marine Park Land Zone, packages or stores any rock lobster or fish (other than squid, octopus or cuttlefish) must securely attach a label as described in subregulation (4) to each rock lobster or fish.
- (4) For the purposes of subregulation (3) a label must —
 - (a) be not less than 75 millimetres in length and 25 millimetres in width;
 - (b) have legibly written on it the full name of the owner of the fish or rock lobster to which it is attached; and
 - (c) be attached externally to the fish or rock lobster in such a manner that it is clearly visible to a fisheries officer.

Part 4 General regulation of fishing

Division 3 Bag and possession limits at Exmouth and Ningaloo

r. 28

- (5) The person referred to in subregulation (3) must ensure that a label, which conforms to this regulation, remains attached to each fish or rock lobster while the fish or rock lobster is within Ningaloo Marine Park, Exmouth townsite or Ningaloo Marine Park Land Zone.
- (6) A person who contravenes subregulation (3), (4) or (5) commits an offence.

Penalty: In the case of an offence relating to rock lobster, \$5 000 or, in the case of any other offence, \$3 000.

28. Presumption of possession or storing

- (1) If a fisheries officer finds any fish or rock lobster that the officer reasonably suspects is the subject of an offence under regulation 27(6), and the officer is unable at the time of finding to determine who is in possession of, or stored those fish or rock lobster, any person using or having the control of a —
- (a) vehicle in which the fish or rock lobster is found; or
 - (b) refrigerator, freezer, icebox, or other storage device in which the fish or rock lobster is found,

is to be taken to be in possession of, or to have stored, the fish or rock lobster, as the case may be.

- (2) In this regulation —
- “fish”** and **“rock lobster”** have the same meanings as in regulation 27.

29. Exemptions from this Division

This Division does not apply to or in relation to —

- (a) a person taking fish for a commercial purpose in accordance with an authorisation;
- (b) a person operating a business involving the storage, sale, or transportation of fish, if the person is operating in accordance with the written approval of the Executive Director;

(c) bait fish of the Family *Clupeidae* or *Engraulidae*.

Division 3A — Bag limits in Dampier Archipelago (rock lobster)

[Heading inserted in Gazette 12 September 1997 p. 5153.]

29A. Interpretation

In this Division —

“**Dampier Archipelago land area**” means the land adjacent to the Dampier Archipelago waters;

“**Dampier Archipelago waters**” means the waters of the Indian Ocean bounded by a line commencing at the high water mark at the northernmost point of Cape Preston, from there north to the intersection of the 200 metre isobath, from there generally north-easterly along the 200 metre isobath to the intersection of 117° 10' east longitude, from there south to the intersection of the high water mark on the mainland (Cape Lambert), and from there in a generally south-westerly direction along the high water mark on the mainland back to the commencement point;

“**rock lobster**” means whole rock lobster or part of a rock lobster.

[Regulation 29A inserted in Gazette 12 September 1997 p. 5153.]

29B. Bag limits for rock lobsters within Dampier Archipelago

For the purposes of section 50 of the Act, the bag limit in respect of rock lobsters taken from Dampier Archipelago waters or brought onto land in the Dampier Archipelago land area is 4 rock lobsters.

[Regulation 29B inserted in Gazette 12 September 1997 p. 5153.]

29C. Boats used for fishing for rock lobsters within Dampier Archipelago waters

- (1) Despite the bag limit prescribed under regulation 29B, a boat used within the Dampier Archipelago waters to fish for rock lobsters must not be used to hold or transport more than 8 rock lobsters in any one day unless —
 - (a) the boat is a licensed fishing boat; and
 - (b) the rock lobsters are taken in accordance with an authorisation granted under section 66 of the Act or a rock lobster pot licence.
- (2) The master of a boat that is used contrary to subregulation (1) commits an offence.

Division 5 — Requirements regarding rock lobsters

31. Fishing for rock lobster

- (1) A person, other than the holder of a commercial fishing licence, must not fish for rock lobster other than —
 - (a) by hand —
 - (i) without the use of an instrument; or
 - (ii) using an instrument which is not capable of piercing a rock lobster,
and without piercing or damaging the rock lobster; or
 - (b) by means of using or submerging at any one time not more than 2 rock lobster pots which —
 - (i) are attached to a surface float which conforms to the requirements of regulation 32; and
 - (ii) are pulled from the water by the holder of the licence personally.
- (2) A person, other than the holder of a commercial fishing licence, who takes and keeps any rock lobster must tail clip or tail punch the rock lobster —
 - (a) where a boat is used in connection with the taking of the rock lobster, within 5 minutes of bringing the rock lobster to the boat; or
 - (b) where no boat is used in connection with the taking of the rock lobster, within 5 minutes of bringing the rock lobster ashore.
- (3) In this regulation —

“tail clip” means the removal of the bottom half of the central segment (telson) of the tail fan of a rock lobster by horizontal cut, so that only the upper portion of the telson

remains attached to the last (6th) segment of the rock lobster tail;

“tail punch” means the punching of a circular hole of no less than 10 millimetres in diameter in the central segment of the tail fan (telson) of a rock lobster by any means.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

32. Identification of rock lobster pots by floats

(1) A person must not use a rock lobster pot to fish for rock lobster unless the rock lobster pot is attached to a surface float that —

- (a) has a diameter of not less than 150 millimetres if the float is spherical and, in any other case, has a length of not less than 200 millimetres and a width of not less than 100 millimetres; and
- (b) is marked by branding or stamping with legible characters not less than 60 millimetres high and not less than 10 millimetres wide showing —
 - (i) in the case of a pot used by a person who is the holder of a commercial fishing licence, the licensed fishing boat number of the boat that is used to set or pull the pot; or
 - (ii) in the case of a pot used by a person who is not the holder of a commercial fishing licence, the gear identification number of that person setting or pulling the pot;

and

- (c) is marked with only one of the numbers referred to in paragraph (b).

Penalty: \$5 000.

(2) A fisheries officer may seize a rock lobster pot and all floats and ropes if —

- (a) the pot is not attached to a surface float; or

- (b) the surface float to which the pot is attached does not comply with subregulation (1).

33. Fishing for rock lobster in the waters surrounding Rottnest Island

A person who is the holder of a commercial fishing licence must not fish for rock lobsters —

- (a) at any time in either of the areas described in Table 1 and Table 2 to this regulation; or
- (b) during the period commencing on 16 January and ending on 14 November in any year, in the area described in Table 3 to this regulation.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

Table 1

All that portion of the Indian Ocean within 1600 metres of the high water mark of Rottnest Island, clockwise of a line extending 225° True from Cape Vlaming to another line extending 180° True from Parker Point.

Table 2

All that portion of the Indian Ocean within 800 metres of the high water mark of Rottnest Island, clockwise of a line extending 180° True from Parker Point to another line extending 225° True from Cape Vlaming.

Table 3

All that portion of the Indian Ocean beyond 800 metres, but within 1600 metres, of the high water mark of Rottnest Island, clockwise of a line extending 180° True from Parker Point to another line extending 225° True from Cape Vlaming.

[Regulation 33 amended in Gazette 25 September 1998 p. 5298.]

34. Fishing for rock lobster in the waters surrounding Quobba Point

A person who is the holder of a commercial fishing licence must not fish for rock lobsters at any time in the area described in the Table to this regulation.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

Table

All that portion of the Indian Ocean bounded by a line starting from a point on the high water mark situate at the southwestern-most extremity of Quobba Point and extending south to south latitude 24° 34'; thence east to a point on the high water mark; and thence generally northwesterly along the high water mark aforesaid to the starting point.

35. Possession of rock lobster flesh

A person must not possess or sell a part only of a rock lobster unless —

- (a) authorised to do so under a fish processor's licence and the part is a part of a whole rock lobster which was processed at the place specified in the licence as the place at which fish are to be processed;
- (b) the part was purchased from the place specified in a fish processor's licence as the place at which rock lobster is to be processed and the person has a receipt detailing that purchase; or
- (c) the part is being prepared for immediate consumption.

Penalty: In the case of an individual, \$5 000 or, in the case of a body corporate, \$10 000 and in either case, the penalty provided in section 222 of the Act.

36. Use of boats for fishing for rock lobsters

- (1) The master of a boat, other than a fishing boat, must not cause or permit —
 - (a) more than 4 rock lobster pots to be carried on the boat at any time;
 - (b) a person on board the boat to pull a rock lobster pot unless that person is the holder of a recreational fishing licence specifying that the holder may fish for rock lobsters; or
 - (c) more than 4 rock lobster pots to be pulled by persons on board the boat in any one day.
- (2) The master of a fishing boat must not cause or permit any person on board the boat to pull a rock lobster pot unless —
 - (a) the use of that pot is authorised under an authorisation granted under section 66 of the Act; or
 - (b) the use of that pot is authorised under a rock lobster pot licence.

Penalty: \$5 000.

37. Defences to alleged offence under regulation 36

In any proceedings for an offence referred to in paragraph (a) or (b), it is a defence for the person charged to prove that the person did not know and could not reasonably have known that —

- (a) in the case of an alleged offence against regulation 36(1)(b), the person who pulled the rock lobster pot did not hold a recreational fishing licence specifying that the holder may fish for rock lobsters; or
- (b) in the case of an alleged offence against regulation 36(1)(c), 4 rock lobster pots had already been pulled by persons on board the boat in the relevant period.

38. Specifications for rock lobster pots

A person must not use a rock lobster pot to fish for rock lobster —

- (a) in the waters north of 21° 44' south latitude, unless the pot conforms to the specifications set out in Part 1 of Schedule 13;
- (b) in the waters between 21° 44' south latitude and 34° 24' south latitude, but excluding the waters off the south coast east of 115° 08' east longitude, unless the pot conforms to the specifications set out in Part 2 of Schedule 13; and
- (c) in all waters other than those referred to in paragraphs (a) and (b), unless the pot conforms to the specifications set out in Part 3 of Schedule 13.

Penalty: \$5 000.

[Heading inserted in Gazette 29 December 2000 p. 7968.]

Subdivision 1 — Interpretation

[Heading inserted in Gazette 29 December 2000 p. 7968.]

38G. Interpretation

In this Division —

“closed season” means the period that begins at midday on the last day of February in each year and ends at midday on the first Saturday after the following 3 January;

“marron drop net” means a net that —

- (a) has a base ring and top ring that have a diameter of not less than 400 mm and not more than 650 mm;
- (b) has within the base ring an internal rigid rectangular mesh —
 - (i) constructed of material that has a diameter of not more than 5 mm; and
 - (ii) with spaces that have a width of not less than 32 mm and a length of not less than 80 mm;

and

- (c) does not have anything attached to it or placed in it that —
 - (i) restricts the movement of marron through the mesh; or
 - (ii) reduces the size of the spaces of the mesh;

“marron pole snare” means a snare that —

- (a) is constructed of a pole to one end of which is attached a noose that, when the pole is used to take a marron, operates by closing under the weight of the marron; and
- (b) does not have anything attached to the pole that enables a person to open or close the noose;

“marron scoop net” means a net that —

- (a) is generally hemispherical and has a mesh —
 - (i) constructed of wire with a diameter of not more than 5 mm;
 - (ii) that does not have more than 75 spaces; and
 - (iii) that does not have more than 6 support wires radiating from the centre of the base to the top rim;
- (b) has a circular top ring with an internal diameter that does not exceed 375 mm;
- (c) has an internal depth that, measured from the plane of the rim, is not more than 210 mm;
- (d) does not have anything attached to it or placed in it that restricts the movement of marron through the mesh; and
- (e) is fitted with a handle that is not more than 1 400 mm in length.

[Regulation 38K inserted in Gazette 29 December 2000 p. 7971.]

38L. Use of boats to transport marron nets

A person must not use a boat in WA waters to transport a marron drop net or marron scoop net.

Penalty: For a first offence \$5 000 or, for a second or subsequent offence, \$10 000.

[Regulation 38L inserted in Gazette 29 December 2000 p. 7971.]

Subdivision 3 — Closed season restrictions relating to marron

[Heading inserted in Gazette 29 December 2000 p. 7972.]

38M. Closed season for fishing for marron

A person must not fish for marron during the closed season.

Penalty: For a first offence \$5 000 or, for a second or subsequent offence, \$10 000 and, for any offence, the penalty provided in section 222 of the Act.

[Regulation 38M inserted in Gazette 29 December 2000 p. 7972.]

38N. Removal of marron during closed season from private land

(1) A person must not —

- (a) remove any marron; or
- (b) cause or permit any marron to be removed,

during the closed season from private land owned or occupied by the person.

Penalty: For a first offence \$5 000 or, for a second or subsequent offence, \$10 000 and, for any offence, the penalty provided in section 222 of the Act.

(2) It is a defence in proceedings for an offence against subregulation (1) for the person charged to prove that the

marron removed from private land owned or occupied by the person —

- (a) had been sold by retail to the public; or
- (b) had been kept, bred, hatched or cultured in accordance with an aquaculture licence.

[Regulation 38N inserted in Gazette 29 December 2000 p. 7972.]

38O. Possession of marron during closed season

- (1) A person must not be in possession of any marron during the closed season except on private land owned or occupied by the person.

Penalty: For a first offence \$5 000 or, for a second or subsequent offence, \$10 000 and, for any offence, the penalty provided in section 222 of the Act.

- (2) It is a defence in proceedings for an offence against subregulation (1) for the person charged to prove that the marron in his or her possession —
 - (a) had been sold by retail to the public, or were at any place for the purpose of being sold by retail to the public, or served as meals to the public, in, on or from the place;
 - (b) were being, or had been, kept, bred, hatched or cultured in accordance with an aquaculture licence; or
 - (c) were at a place specified in a fish processor's licence under section 83(2) of the Act for the purpose of being processed in accordance with the licence.

Division 6 — Requirements relating to the taking of certain fish

39. Fishing for prawns by a person other than the holder of a commercial fishing licence

A person, other than a person who is the holder of a commercial fishing licence, must not fish for prawns by means of using any fishing gear other than —

- (a) a single hand dip net;
- (b) a single prawn hand trawl net;
- (c) a single hand scoop net,

at any one time.

Penalty: \$3 000.

40. Fishing for cherabin

A person must not fish for cherabin by means of using any fishing gear other than —

- (a) not more than 6 drop nets;
- (b) a single pole snare; or
- (c) a single hand scoop net,

at any one time.

Penalty: \$2 000.

41. Shucking of abalone by a person other than the holder of a commercial fishing licence

- (1) Subject to subregulation (2), a person, other than the holder of a commercial fishing licence, must not —

- (a) on the seaward side of the high water mark, or within 200 metres of, and on the landward side of, the high water mark —
 - (i) remove the shell, or cause or permit the shell to be removed, from an abalone; or

(ii) be in possession of an abalone from which the shell has been removed;

or

(b) bring ashore, or attempt to bring ashore, an abalone from which the shell has been removed.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

- (2) Subregulation (1)(a) does not apply to a person if that person —
- (a) removes an abalone from its shell, or permits an abalone to be removed from its shell, within an area described in the Table to this regulation; and
 - (b) immediately takes the abalone from which the shell has been removed from that area to an area which is more than 200 metres on the landward side of the high water mark.

- (ii) be in possession of a cockle (ark shell), venus clam or other species of edible mollusc from which the shell has been removed;
 - or
 - (b) bring ashore, or attempt to bring ashore, a cockle (ark shell), a venus clam or any other edible mollusc from which the shell has been removed.
- (2) Subregulation (1)(a) does not apply to a person who removes the shell, or causes or permits the shell to be removed, from a cockle (ark shell), venus clam or any other edible mollusc for the purpose of immediately consuming the mollusc or using it as bait.
- (3) This regulation does not apply in respect of abalone or oyster.
Penalty: \$2 000.

43. Obstruction or interference with trout

Unless authorised to do so under an authorisation, a person must not —

- (a) obstruct or attempt to obstruct the free movement of trout in any waters by means of any fixed implement or device; or
- (b) interfere with or disturb trout when spawning or when on or near their spawning beds.

Penalty: \$2 000.

44. Fishing for barramundi, brown or rainbow trout, freshwater cobbler or redfin perch

Unless the person is authorised to do so under an authorisation, a person must not fish for —

- (a) barramundi;
- (b) brown trout;
- (c) freshwater cobbler;

(d) rainbow trout; or

(e) redbfin perch,

otherwise than by means of a single rod, reel and line or a single line held in the hand.

Penalty: \$2 000.

Division 7 — Requirements regarding nets

45. Determining the length, depth or mesh of nets

- (1) For the purposes of these regulations —
 - (a) the length of a fishing net is determined by measuring the net along the cork line on which the net is hung;
 - (b) the depth of a fishing net is determined by counting the number of meshes between opposite points on the cork and lead lines; and
 - (c) subject to subregulation (3), the size of the mesh of a fishing net is determined by measuring from knot to knot on the inside of the mesh when lightly stretched so that the opposite knots on the alternate corners are in contact.
- (2) If there is any dispute in relation to the determination of the size of the mesh of a fishing net, a 225 gram weight is to be attached to one knot of the mesh to be measured and the space between that and the opposite knot measured.
- (3) If the fishing net is dry and is not constructed of single monofilament material, it is to be soaked in water for at least 10 minutes before the size of the mesh is determined in accordance with this regulation.

46. Persons authorised to use fishing nets

- (1) A person must not fish by means of using a fishing net, unless the person uses only one net at any one time and —
- (a) where the net is a throw net, it —
 - (i) has a length not exceeding 3 metres measured from the centre retrieval line to the lead line; and
 - (ii) has a mesh of not more than 25 millimetres;or
 - (b) where the fishing net is not a throw net, it —
 - (i) has a length not exceeding 60 metres;
 - (ii) is not more than 25 meshes in depth;
 - (iii) does not have a bag or pocket;
 - (iv) has end floats with a diameter of not less than 150 millimetres on each of which is marked, in legible characters not less than 60 millimetres high and 10 millimetres wide, the gear identification number of that person;
 - (v) has a mesh in accordance with subregulation (2);
 - (vi) where the fishing net is a haul net —
 - (I) does not have attached to it a rope exceeding 25 metres in length; and
 - (II) is not hauled other than by hand;
 - (vii) where the fishing net is a set net, has at all times one edge floating on the surface of the water in which it is set; and
 - (viii) is made of a material which is not less than 0.35 millimetres in diameter.
- (2) The mesh of a fishing net referred to in subregulation (1)(b)(v) is to be not less than —
- (a) 63 millimetres or more than 87 millimetres, where the net is used in the waters of any estuary, river or inlet, or in the entrance of any of those waters;

- (b) 51 millimetres or more than 114 millimetres, where the net is not set in any waters other than those referred to in paragraph (a); or
 - (c) 75 millimetres or more than 114 millimetres, where the net is set in any waters other than those referred to in paragraph (a).
- (3) This regulation does not apply —
- (a) to a person using a fishing net under the authority of a commercial fishing licence or an aquaculture licence; or
 - (b) to the taking of cherabin, crab, marron, freshwater crayfish or prawn.

Penalty: \$2 000.

[Regulation 46 amended in Gazette 24 December 1996 p. 7115.]

47. Minimum distance between set fishing nets

A person must not in any waters fix or set a fishing net within 50 metres of any other fishing net that is fixed or set.

Penalty: \$1 000.

48. Fishing nets to be drawn so as to protect protected fish

A person must not in any waters draw a fishing net on shore or on board a boat in such a manner that any protected fish in the net are, or may be, killed.

Penalty: \$1 000.

49. Priority rights for commercial net fishing

- (1) Priority between holders of commercial fishing licences engaged in fishing by the use of fishing nets in the same area is to be determined in accordance with this regulation.
- (2) In this regulation —
“bona fide fishing boat” means a licensed fishing boat marked with its licensed fishing boat number, with a fishing crew who hold commercial fishing licences;

Fish Resources Management Regulations 1995

Part 4 General regulation of fishing

Division 7 Requirements regarding nets

r. 49

“ground” means —

- (a) any portion of a beach not longer than 800 metres and the waters adjacent to that beach to a distance of 800 metres measured rectangularly from that beach;
- (b) any area of water that is 400 metres square; or
- (c) in subregulation (4), a rectangular area of water measuring 50 metres out from, and at right angles to, both sides of a set net, along the length of the net;

“set” means to fix, stake or place a fishing net in the water so that fish may swim into the net and may be meshed by the gills.

(3) The priority rights for using fishing nets, other than set fishing nets are —

- (a) the first turn belongs to the master of the first bona fide fishing boat to arrive on the ground with a net, which complies with the requirements of this Act, ready for shooting and hauling;
- (b) the next turns belong, in order of arrival on the ground, to the masters of the next bona fide fishing boats to arrive on the ground with nets, which comply with the requirements of this Act, ready for shooting and hauling;
- (c) during a particular master’s turn, the master has —
 - (i) exclusive right to fish the ground as long as a fishing net is ready to be shot; and
 - (ii) the right to use more than one fishing net where a school of fish is being shot;
- (d) a turn ends when —
 - (i) the net, or nets, have been shot and hauled or, in the case of a ground that includes a beach, hauled ashore;
 - (ii) the master whose turn it was leaves the ground; or

- (iii) 12 hours have elapsed since the time the master next in turn arrived on the ground, or where the ground includes a beach, 24 hours have elapsed since the time the master next in turn arrived on the ground;
 - and
 - (e) a master is not to have a second turn until all other masters on the ground have had a first turn.
- (4) The priority rights for using set fishing nets are —
- (a) the first turn belongs to the master of the first bona fide fishing boat to arrive on the ground with a net which complies with the requirements of this Act, ready to set;
 - (b) the next turns belong, in order of arrival on the ground, to the masters of the next bona fide fishing boats to arrive on the ground with nets which comply with the requirements of this Act, ready to set;
 - (c) during a particular master's turn, the master has —
 - (i) exclusive right to fish the ground as long as a fishing net is ready to be set; and
 - (ii) the right to use more than one set fishing net;
 - (d) a turn ends when —
 - (i) the net, or nets, have been set and hauled;
 - (ii) the master whose turn it was leaves the ground without setting a fishing net; or
 - (iii) 24 hours have elapsed since the time the master next in turn arrived on the ground;
 - and
 - (e) a master is not to have a second turn until all other masters on the ground have had a first turn.

Division 7 Requirements regarding nets

r. 50

- (5) While a person is having a turn under this regulation, another person must not —
- (a) wilfully disturb or frighten fish on, or in the vicinity of, the ground;
 - (b) obstruct the person having a turn; or
 - (c) set or place fishing nets so as to prevent fish getting to the ground.

Penalty: \$2 000.

- (6) The holder of a commercial fishing licence who suffers loss due to a contravention of this regulation may, with the written approval of the Minister, take legal proceedings at that person's own expense.

50. Restrictions on the use of fishing nets

A person, other than the holder of a commercial fishing licence, must not —

- (a) set a fishing net in any ocean waters outside 800 metres of the low water mark of any part of the State or any island within WA waters;
- (b) use a metal stake in connection with the setting of a fishing net;
- (c) leave a stake which was used in connection with the setting of a fishing net after the net is retrieved; or
- (d) in the waters of Shark Bay lying south of a line drawn from Cape Inscription on Dirk Hartog Island due east to the mainland —
 - (i) use any stake in connection with the setting of a fishing net; or
 - (ii) set or leave a set fishing net within the period beginning 1½ hours after sunrise and ending 1½ hours before sunset on any one day.

Division 7A — Requirements relating to automatic location communicators

[Heading inserted in Gazette 2 January 1998 p. 25.]

55A. Interpretation

In this Division —

“approved” means approved by the Executive Director;

“approved person” includes a person who is a member of an approved class of persons;

“automatic location communicator” means —

- (a) a device the make and model of which identify it as one of the following —
 - (i) Trimble Navigation TNL 7001;
 - (ii) Thrane & Thrane TT 3020B Capsat Maritime Inmarsat — C/GPS; or
 - (iii) Thrane & Thrane TT 3022D Inmarsat — C/GPS Fishery Capsat;
- and
- (b) a computer (including software) conforming to approved specifications that is capable of facilitating the operation of that device;

“licence holder” means the holder of a fishing boat licence.

[Regulation 55A inserted in Gazette 2 January 1998 pp. 25-6.]

55B. Automatic location communicator to be installed and serviced

- (1) The Executive Director may, by notice in writing given to a licence holder, require the licence holder —
 - (a) to have installed in the fishing boat in respect of which the licence is held —
 - (i) in accordance with approved procedures; and
 - (ii) by an approved person,
an automatic location communicator that is capable of transmitting to the Executive Director at any time accurate information as to the geographical position, course and speed of the fishing boat; and
 - (b) to have the automatic location communicator serviced —
 - (i) in accordance with approved procedures;
 - (ii) by an approved person; and
 - (iii) at intervals specified by the Executive Director in the notice or any further notice in writing given to the licence holder.
- (2) If notice is given to a licence holder under subregulation (1), it is a condition of the fishing boat licence that the licence holder must comply with the notice.

[Regulation 55B inserted in Gazette 2 January 1998 p. 26.]

55C. Master of fishing boat to ensure effective operation, etc., of automatic location communicator

- (1) In this regulation —
“an ALC fishing boat” means a fishing boat in which an automatic location communicator has been installed in accordance with regulation 55B or a management plan.

Fish Resources Management Regulations 1995

Part 4 General regulation of fishing

Division 7A Requirements relating to automatic location communicators

r. 55C

- (2) The master of an ALC fishing boat must ensure that the automatic location communicator is operating effectively at all times or, if the automatic location communicator stops operating effectively, must ensure that —
- (a) the Executive Director is notified accordingly;
 - (b) all fishing undertaken from the fishing boat stops and all fishing gear is stowed until the Executive Director authorises fishing to continue; and
 - (c) any directions given by the Executive Director (such as a direction that the fishing boat go to a port specified in the direction) are complied with.

Penalty: \$10 000.

- (3) The master of an ALC fishing boat must ensure that the automatic location communicator is tested in the manner and at the times specified by the Executive Director by notice in writing given to the master.

Penalty: \$10 000.

- (4) The master of an ALC fishing boat must ensure —
- (a) that there is on board the fishing boat a means of communication that is capable of providing communication between the master of the fishing boat and the Executive Director at all times; and
 - (b) that the Executive Director is notified of the appropriate form of identification (such as a radio call sign) that enables the master of the fishing boat to be contacted by that means of communication.

Penalty: \$10 000.

[Regulation 55C inserted in Gazette 2 January 1998 pp. 26-7.]

55D. Interfering, etc., with automatic location communicator or approved seal

- (1) Subject to subregulation (2), a person must not wilfully interfere with, damage, destroy or remove —
 - (a) an automatic location communicator installed in accordance with regulation 55B or a management plan; or
 - (b) a seal of the Department that has been attached in an approved manner to the automatic location communicator.

Penalty: \$10 000.

- (2) Subregulation (1) does not apply to an approved person installing or servicing an automatic location communicator in accordance with approved procedures for the purposes of regulation 55B.

Division 8 — Miscellaneous requirements

56. Documents to be carried on board

- (1) The master of a licensed fishing boat must cause to be kept on board the boat the following documents, or legible copies of those documents —
- (a) the fishing boat licence;
 - (b) the commercial fishing licence of each member of the crew required to hold that licence; and
 - (c) any other authorisation relating to the boat or crew required to be held under the Act.

Penalty: \$1 000.

- (2) Where the Executive Director considers that it would be impractical to require a person to comply with subregulation (1), the Executive Director may exempt that person in relation to a boat or class of boats from that subregulation.

57. Restrictions on fishing and transportation of fish in Shark Bay region

- (1) A person, other than a person who is the holder of a commercial fishing licence, must not, in the waters between 23° 30' south latitude and 26° 30' south latitude or in the waters of Shark Bay south of 26° 30' south latitude fish for snapper of the genus *Pagrus* by means of any fishing gear other than —
 - (a) one line to which not more than 3 hooks or gangs of hooks are attached; or
 - (b) one pointed instrument.
- (2) A person, other than the holder of a commercial fishing licence, must not, in the waters between 25° 17' south latitude and 26° 30' south latitude or in the waters of Shark Bay south of 26° 30' south latitude, transport at sea any fish other than whole fish.
- (3) Despite subregulation (2) —
 - (a) fish may be gilled and gutted at sea; and
 - (b) mackerel of the Family *Scombridae* may be processed at sea by cutting up if the skin is left attached to the fish so as to permit identification of the fish.
- (4) In this regulation —

“the waters of Shark Bay” means the waters of Shark Bay lying south of a line drawn from Cape Inscription on Dirk Hartog Island due east to the mainland.

Penalty: \$3 000.

58. Fish in a boat or brought ashore not to have the skin or scales removed

- (1) Subject to subregulation (2), a person must not have on board a boat, or bring ashore from a boat, any fish that have had the skin or scales removed.

- (2) Subregulation (1) does not apply if the person is the holder of a commercial fishing licence and the boat is a licensed fishing boat.

Penalty: \$5 000.

59. Authorised trade names

- (1) The authorised trade name of a species of fish set out in column 1 of Schedule 11 is the name set out opposite that species in column 2 of that Schedule.
- (2) A person must not sell fish of any species under an authorised trade name unless the fish is of the species to which the authorised trade name applies.

Penalty: \$5 000.

60. Packaging and carrying of rock lobster

- (1) A person responsible for packaging rock lobster must ensure that no package, container or receptacle which contains rock lobster exceeds 45 kilograms in weight.
- (2) A person must not possess a bag which contains live rock lobsters if the bag measures more than one metre in depth and 600 millimetres in width when empty.

Penalty: \$1 000.

61. Labelling of packages of fish

- (1) A person who sells any fish to another person, other than on a retail basis, must ensure that a label, as specified in this regulation, is attached in respect of that fish.
- (2) The master of a licensed fishing boat which has been used to take rock lobster must ensure that a label, as specified in this regulation and in the form approved by the Executive Director, is attached in respect of that rock lobster before it is removed from the boat or sold to another person.

- (3) The label referred to in subregulations (1) and (2) must be —
- (a) durable and made of plastic, wood or metal;
 - (b) securely attached to the fish or the exterior of any package, container or receptacle containing the fish; and
 - (c) rectangular in shape and not less than 75 millimetres in length and not less than 55 millimetres in width.
- (3a) In relation to rock lobster, the reference in subregulation (3)(b) to the exterior of any package, container or receptacle (“**the package**”) is a reference to an exterior side surface of the package and does not include a reference to the exterior upper or lower surface of the package.
- (4) The label referred to in subregulation (1) must specify the name and principal place of residence of the person selling the fish.
- (5) The label referred to in subregulation (2) must clearly identify —
- (a) the name and principal place of residence of the master of any licensed fishing boat which was used to fish for the fish;
 - (b) the licensed fishing boat number of any licensed fishing boat which was used to fish for the fish; and
 - (c) the fishery, and if applicable the area or zone of the fishery, from which the fish were taken.
- (6) A person must not purchase any fish unless the fish is labelled in accordance with this regulation.
- (7) A person must not remove rock lobster from a package, container or receptacle labelled in accordance with this regulation before it is received by the purchaser of the rock lobster or until the rock lobster consigned for processing at a place specified in a fish processor’s licence is received at that place.

Penalty: \$3 000.

*[Regulation 61 amended in Gazette 8 September 2000
pp. 5186-7.]*

62. Deposit of refuse or waste in certain waters prohibited

Subject to Part 9, a person must not deposit, or cause or permit to be deposited, any refuse or waste —

- (a) in any waters; or
- (b) in any place that might result in the pollution of any waters,

where fish are or are likely to be.

Penalty: \$10 000.

63. Persons not to have certain fishing gear

- (1) Where, under the Act, it is prohibited for a person to use any fishing gear in any waters the person must not —

- (a) possess that gear on, or in, those waters or any land adjacent to those waters; or
- (b) carry that gear on any boat of which the person is master,

unless in accordance with the written approval of a fisheries officer.

Penalty: \$5 000.

- (2) If the fishing gear was securely stowed and did not contain any fish, it is a defence in proceedings for an offence against subregulation (1) for the person charged to prove that —

- (a) in respect of all boats —
 - (i) the person had no reasonable alternative than to carry the fishing gear through the waters; and
 - (ii) the boat was being used solely for the purpose of travelling by the shortest practicable and most direct route through the waters to, or from, the nearest boat launching facility to waters where the fishing gear could be lawfully used;

- (b) the person was the master of a licensed fishing boat and had a reasonable excuse —
 - (i) to be alongside a service jetty or wharf, or on a mooring in a recognised anchorage within the waters; or
 - (ii) to travel to, or from, a service jetty, wharf or anchorage within the waters by the shortest practicable and most direct route, to waters where the fishing gear could lawfully be used;or
- (c) due to the person's particular circumstances, the person had no reasonable alternative but to be on the land adjacent to the waters with the fishing gear.

64. Certain records to be kept and returns submitted to the Department

- (1) A person engaged for a commercial purpose in any activity referred to in subregulation (2) must keep records relevant to that activity relating to the following matters and must retain those records for a period of not less than 7 years —

 - (b) all fish, excluding marron, in respect of display or ornamental hobby purposes;
 - (c) all fish in respect of display or ornamental purposes in retail establishments; and

- (d) all fish in respect of displaying the fish in a public aquarium or oceanarium.
- (2) The following are prescribed for the purposes of section 91(d) of the Act in relation to a dam or lake on private land —
 - (a) in the area described in Schedule 6: yabbie (common and white), koonac and gilgie; and
 - (b) in any area of the State: black bream.

[Regulation 68 amended in Gazette 25 September 1998 p. 5299.]

69. Conditions of aquaculture licence

An aquaculture licence is subject to the following conditions —

- (a) the holder of the licence must ensure that fish is not sold under the authority of the licence unless it is packed in the manner specified by the Executive Director;
- (b) where marron is sold on a retail basis, the holder of the licence who is selling the marron, must provide to the purchaser a receipt specifying —
 - (i) the names of the holder of the licence and the purchaser;
 - (ii) the number and type of fish; and
 - (iii) the value and date of the sale;
- (c) where marron is sold on other than a retail basis, the holder of the licence who is selling the marron, must prepare a consignment note in triplicate in a form approved by the Executive Director and must —
 - (i) securely attach the original of the consignment note to the marron or to the receptacle, container or package containing the fish;

- (ii) send the duplicate copy of the consignment note —
 - (I) to the head office of the Department at Perth; or
 - (II) if another office of the Department is specified in the approved form of the consignment note, to that office,to arrive —
 - (III) within 7 days after the sale; or
 - (IV) if a greater period is specified in the approved form, within that period;and
- (iii) retain the triplicate copy at the place where aquaculture is carried out under the licence;
- (d) the holder of the licence must notify the Executive Director in writing within 24 hours of becoming aware, or suspecting, that any fish at the place where aquaculture is carried on under the licence is or may be affected by —
 - (i) any disease specified in Schedule 1 of the *Enzootic Diseases Regulations 1970*; or
 - (ii) any disease or condition that the person cannot identify;
- (e) the holder of the licence must notify the Executive Director in writing within 14 days of becoming aware, or suspecting, that any fish at the place where aquaculture is carried on under the licence is or may be affected by any disease or condition other than one referred to in paragraph (d) if, within those 14 days, the holder of the licence has not eradicated the disease or condition by taking all reasonable steps to do so;
- (f) the holder of the licence must take all reasonable precautions to prevent the spread of any disease or

condition in fish at the place where aquaculture is carried on under the licence;

- (g) where the holder of the licence is aware or suspects that fish at the place where aquaculture is carried on under the licence are affected by any disease or condition, that person must ensure that no water is discharged from the place to a natural waterway without the prior written approval of the Executive Director; and
- (h) the holder of the licence must ensure that fish at the place where aquaculture is carried on under the licence which the holder of the licence is aware, or suspects, is diseased or contaminated is not removed from the place without the prior written permission of the Executive Director.

[Regulation 69 amended in Gazette 13 August 1999 p. 3826.]

Part 7 — Noxious fish

70. Noxious fish

The species of fish listed in Schedule 5 are prescribed under section 103 of the Act to be noxious fish for the purposes of the Act.

Part 8 — Designated fishing zones

71. Notice given by fisheries officer

- (1) A fisheries officer may, by notice in writing given to a person, prohibit the person from —
 - (a) being in a designated fishing zone for a specified period of time, or at all;
 - (b) engaging in a specified activity in a designated fishing zone; or
 - (c) having a specified thing or class of things in a designated fishing zone.
- (2) A fisheries officer may by further notice in writing given to a person vary or revoke a notice given under subregulation (1).
- (3) A person who contravenes a notice in writing given by a fisheries officer under this regulation commits an offence.
Penalty: \$10 000.

Part 9 — Abrolhos Islands reserve

Division 1 — Interpretation and application of Part

72. Interpretation

In this Part, unless the contrary intention appears —

“**approved**” means approved by the Executive Director;

“**associated camp**” means a camp, including any associated jetty, in the reserve which is allocated to an operator by virtue of a rock lobster licence;

“**camp**” includes all structures on or adjoining any island or on a jetty in the reserve which are associated with a rock lobster licence;

“**jetty**” means a jetty which is attached to and leads onto land within the reserve or is situated within waters adjacent to the reserve;

“**licensed boat**” means a boat operated under a rock lobster licence;

“**mooring**” means any gear (including an anchor or stake) set out on the seabed in a permanent manner to which a boat or other floating structure may be secured by a chain, cable, wire or rope;

“**operator**” means the master of a licensed boat;

“**reserve**” means the Abrolhos Islands reserve;

“**rock lobster licence**” means a managed fishery licence granted in respect of the West Coast Rock Lobster Managed Fishery, declared under the *West Coast Rock Lobster Management Plan 1993*, to fish for rock lobster from Zone A of that fishery;

“**share arrangement**” means a valid written agreement to share facilities under regulation 92.

73. Application

This Part applies to and in respect to all land and waters within and adjacent to the reserve.

Division 2 — Jetties

74. Construction and modification of jetties and moorings

- (1) A person who wishes to construct or modify a jetty or mooring must first apply to the Executive Director in the approved form.
- (2) If the Executive Director gives approval following an application under subregulation (1), that approval may be subject to such conditions as the Executive Director considers are necessary in the particular case and endorses on the approval.
- (3) A person referred to in subregulation (1) must not commence construction or modification of a jetty or mooring unless the written approval of the Executive Director has been obtained.
- (4) A person must comply with a condition endorsed on an approval given under this regulation.
Penalty for an offence under subregulation (3) or (4): Not less than \$500 or more than \$2 000.
- (5) A fisheries officer may, by notice in writing given to a person to whom approval was granted under this regulation, order that work specified in the notice be carried out within the time specified in the notice on a jetty or mooring that the fisheries officer believes is insecure or unsafe.
- (6) A person must comply with an order given under subregulation (5) within the time specified in the order.
Penalty: \$1 000.

75. Unauthorised use of jetties and moorings

- (1) A person, other than —
- (a) the owner of;
 - (b) a person who is a party to a share arrangement in relation to; or
 - (c) the person responsible for,

a jetty or mooring, must not use that jetty or mooring without the written permission, in the approved manner, of a person set out in paragraph (a), (b) or (c).

Penalty: Not less than \$100 or more than \$1 000.

- (2) Where written permission has been obtained in accordance with subregulation (1) —
- (a) a copy of the written permission must be filed with the Geraldton or Dongara office of the Department before the jetty or mooring is used by the person obtaining that permission; and
 - (b) a copy of the written permission must be retained on board the appropriate boat and presented to a fisheries officer on demand.

- (3) Subject to subregulations (1) and (2), a person must not cause a boat, other than a licensed boat or an approved boat, to tie up to a jetty or mooring overnight.

Penalty: Not less than \$100 or more than \$1 000.

- (4) This regulation does not apply to —
- (a) an emergency situation; or
 - (b) a jetty which is an approved public use jetty.

Division 3 — Buildings and facilities

76. Executive Director may waive requirements

- (1) The Executive Director may waive or vary any of the requirements in this Division, on a case-by-case basis, if the circumstances are considered to be exceptional, or of sufficient public or heritage interest to do so.
- (2) Any waiver or variation must be in writing, and must specify to whom or what it applies, and under what circumstances.

77. Transfer of facilities

- (1) The holder of a rock lobster licence who applies to —
 - (a) transfer that licence;
 - (b) redistribute a total pot entitlement on that licence; or
 - (c) acquire a further rock lobster licence and amalgamate that licence with another rock lobster licence,

must, at the same time, apply in the approved manner to either transfer or remove the associated camp (as the case requires).

- (2) If the Executive Director considers it appropriate, the Executive Director may approve an application, made under subregulation (1), to transfer or remove an associated camp, and the Executive Director may make that approval subject to conditions which must be endorsed on the approval.
- (3) A person who does not comply with the conditions endorsed on an approval to transfer or remove an associated camp commits an offence.

Penalty: Not less than \$100 or more than \$1 000.

- (4) A rock lobster licence holder may apply, in the approved manner, to relocate from a former camp to another associated camp.

- (5) If the Executive Director considers it appropriate, the Executive Director may approve an application, made under subregulation (4), to relocate, and the Executive Director may make that approval subject to conditions which must be endorsed on the approval.
- (6) A person must comply with the conditions endorsed on an approval to relocate.
Penalty: Not less than \$100 or more than \$1 000.
- (7) An operator must not operate from more than one camp at any one time during any single rock lobster season, but the crew may live aboard the boat during any period away from the camp.
Penalty: Not less than \$100 or more than \$1 000.

78. Camp may become unauthorised structure

- (1) Where a person —
 - (a) does not comply with the conditions endorsed on an approval under regulation 77(2); or
 - (b) purports to transfer a camp without the approval of the Executive Director,the camp is an unauthorised structure for the purposes of Division 5.
- (2) An amount determined by the Executive Director from time to time must be paid by the owner of the camp prior to an application for —
 - (a) a transfer, a redistribution of pot entitlement or a further acquisition referred to in regulation 77(1); or
 - (b) a relocation referred to in regulation 77(4),

being approved and that amount must —

- (c) be returned to the owner (at the time of the application) of the camp upon compliance with the conditions of any approval issued by the Executive Director; or
- (d) be used to defray the actual costs, including the administrative costs, involved in removing part or all of a camp that becomes an unauthorised structure under subregulation (1).

79. Buildings — general

- (1) The owner of a building which is to be constructed in the reserve must ensure that all work to be undertaken on that building complies with the written laws of the State relating to the control of building works.
- (2) Where, in the opinion of a fisheries officer, the owner of a building in the reserve fails to adequately maintain that building to an acceptable standard (other than a standard relating to structural soundness), the officer may order the owner to undertake, or cause to be undertaken, remedial work which —
 - (a) is sufficient to bring the building up to an acceptable standard; and
 - (b) must be completed within the time period set out in the order.
- (3) Where a fisheries officer suspects that a building in the reserve does not meet the appropriate standard relating to structural soundness, a fisheries officer may order the owner to obtain, and produce to a fisheries officer, a report from a registered builder stating whether or not that building complies with the written laws of the State relating to the minimum structural requirements for that type of building.
- (4) If a report obtained under subregulation (3) states that a building does not meet the minimum structural requirements for that type

of building, a fisheries officer may order the owner to undertake, or cause to be undertaken, remedial work which —

- (a) is sufficient in the opinion of a registered builder to bring the building up to the minimum standards; and
 - (b) must be completed within the time period set out in the order.
- (5) A person who does not comply with an order under subregulation (2), (3) or (4) commits an offence.
Penalty: Not less than \$100 or more than \$1 000.

80. Buildings — minor changes

- (1) The owner of a building in the reserve who wishes to make any minor structural change to the building —
- (a) must, if required by a fisheries officer, obtain and produce a written report of a registered builder stating that the changes will be safe and structurally sound;
 - (b) must file plans of the change, together with the report obtained under paragraph (a), with the Department; and
 - (c) must not allow work to commence until the Executive Director has given approval.
- Penalty: Not less than \$100 or more than \$1 000.
- (2) For the purposes of this regulation, a minor structural change is a modification or alteration to the building which does not increase or modify the floor space or height of the building (including the addition of shade-cloth, pergolas, verandahs and similar weather protection), but does not include —
- (a) re-roofing that involves re-pitching that roof;
 - (b) internal work that involves the installation of split-level living areas or the like; or
 - (c) re-cladding of walls that increases the external dimensions or floorspace of the building.

81. Buildings — major changes and new buildings

- (1) The owner of an existing building or the person proposing to construct a new building in the reserve must, prior to commencing any major change to an existing building or commencing the construction of a new building, as the case requires —
 - (a) obtain and provide full structural plans approved by a registered builder;
 - (b) endeavour to obtain the written opinions of the operators with associated camps adjacent to the building or proposed building for the consideration of the Executive Director prior to the Executive Director giving or withholding approval; and
 - (c) obtain the written approval of the Executive Director.
- (2) Approval under subregulation (1) is subject to such conditions that the Executive Director considers are necessary in the particular case.
- (3) For the purposes of subregulation (1), the requisite opinions must be obtained after each relevant operator, referred to in subregulation (1)(b), is informed of (as a minimum) the proposed common access areas, pathways, drains, power plants and other like infrastructure.
- (4) For the purposes of this regulation a major change is any modification or alteration to a building which increases or modifies the floor space or height of that building.
- (5) A new camp or a camp being set up through the transfer of camp facilities under regulation 77 made up of more than —
 - (a) 3 living dwellings;
 - (b) one store shed;
 - (c) one ablution block;
 - (d) the approved number of generator sheds for that camp;or

- (e) the approved number of jetties for that camp,
(not including on-jetty storage facilities) will not be approved.
- (6) A building which is, or is being, constructed without complying with this regulation is an unauthorised structure for the purposes of Division 5, unless the Executive Director exempts the building, in writing, from compliance with the specific building provisions with which it does not comply.
- (7) A person must comply with the approval of the Executive Director obtained under subregulation (1).

Penalty: Not less than \$500 or more than \$2 000.

[Regulation 81 amended in Gazette 15 January 1999 p. 113.]

Division 4 — Power and maintenance

82. Electrical power and wiring

- (1) This regulation does not apply to 12 volt wiring.
- (2) An operator must ensure that any power facilities in the operator's associated camp conform to the Standards Association of Australia (SAA)⁴ wiring rules for 240 volts.
- (3) A person who installs or replaces any electrical wiring must comply with such safe working standards as are prescribed for electrical wiring work under the *Electricity Act 1945*.
- (4) A person must, before installing wiring for a new camp site, present a circuit diagram (single line diagram) to the Electricity Corporation and obtain the Corporation's approval for the wiring in that diagram, and must file a copy of the diagram and the approval with the Department.
- (5) A person must not undertake any electrical wiring work unless that person is authorised to carry out that type of work under the *Electricity Act 1945*.

(6) In this regulation —

“Electricity Corporation” means the Electricity Corporation established under section 4 of the *Electricity Corporation Act 1994*.

Penalty: \$1 000.

83. Gas

- (1) An operator must ensure that all gas cylinders, tanks, regulators and fittings in that operator’s associated camp comply with the relevant provisions of the *Gas Standards Regulations 1983*⁵.
- (2) In addition to complying with subregulation (1), an operator must ensure that any gas cylinders are installed on flat and level ground, or on flat, level concrete or concrete slabs, and secured in an approved manner.
- (3) A person must not undertake gas fitting work unless —
 - (a) the person holds a certificate of competency or a permit endorsed for class C and class D work in gas fitting under the *Gas Standards Regulations 1983*⁵; and
 - (b) the work is done in accordance with the requirements of the *Gas Standards Regulations 1983*⁵.

Penalty: \$1 000.

84. Water tank maintenance

Where the water supply to any premises which is intended for human consumption is drawn, or partly drawn, from a water tank, the occupier of the premises must —

- (a) maintain the roof forming the catchment for the tank, together with the spouting and downpipes appurtenant to the roof in a clean and functional state;
- (b) at least once a year, during the months of April and May thoroughly check any water tank, the water from which is used for human consumption for any sludge or detritus buildup, and, where necessary, clean the tank;

- (c) ensure that every water tank on the premises containing water for human consumption is fitted with a tight fitting, light-proof, water-proof and secure cover; and
- (d) when ordered to do so by a fisheries officer, empty, cleanse and disinfect any water tank on the premises.

Penalty: \$500.

85. Generators

- (1) A person must, before installing a generator —
 - (a) obtain the opinion in writing of the majority of operators likely to be affected by the noise emitted by that generator for the consideration of the Executive Director prior to the Executive Director giving or withholding approval; and
 - (b) obtain the written approval of the Executive Director.

Penalty: \$500.

- (2) Subject to regulation 86, a person who installs a generator must ensure that the generator is sound-proofed and silenced to ensure that noise emissions do not exceed those set out in regulation 104.

Penalty: \$500.

86. Machinery noise

- (1) Where undue noise is being emitted by any machinery, a fisheries officer may, in writing, order the owner of, or person in charge of, the machinery to undertake work to ensure that the machinery noise level is reduced so that noise emissions do not exceed those set out in regulation 104.
- (2) A person to whom an order is given under subregulation (1) must comply with that order within the time specified in that order.

Penalty: \$500.

Division 5 — Unauthorised structures and termination of tenancy

87. Interpretation

In this Division —

“**structure**” means any building, jetty, mooring, power plant, or any other like facility;

“**unauthorised structure**” means a structure that —

- (a) has been erected without approval, abandoned, or is unsafe or is not secure, or in respect of which an order under regulation 74(5) has not been complied with within the time specified in the order, or does not conform with this Division, or becomes an unauthorised structure as a result of the operation of regulation 78 or 81(6); and
- (b) has not been claimed by the Crown for its use or for specific community purpose use.

88. Notice by Executive Director

- (1) The Executive Director may, by written notice served in accordance with regulation 89 and identifying the unauthorised structure to which it relates, direct a person in occupation or control of an unauthorised structure to remove it, together with its contents.
- (2) A copy of the notice referred to in subregulation (1) must be affixed (where practicable) to the unauthorised structure, and must be published —
 - (a) in the *Gazette*; and
 - (b) in one or more newspapers circulating daily in Geraldton and the Mid-West area.

89. Service of notice

- (1) A notice under regulation 88(1) may be served on the owner of, the occupier of or the person in control of, an unauthorised structure (or all of them, as the case may be) —

- (a) in person; or
- (b) by post,

in accordance with sections 75 and 76 of the *Interpretation Act 1984*.

- (2) Despite subregulation (1), where the owner, occupier or person in control of an unauthorised structure is unknown, or known to be absent from the State, the notice may be served by using the procedure in regulation 88(2), and, when the person to whom it is to be addressed is unknown, the notice may be addressed to “the person in or in control of” the unauthorised structure (identifying it) to which the notice refers, without further name or description.
- (3) If more than one person is in apparent occupation or control of an unauthorised structure, it is sufficient to serve the notice on one of them and address it to that one with the addition of the words “and others” or “and another” as the case requires.
- (4) Non-service on the person in apparent control of the unauthorised structure does not affect the validity of service on the person in apparent occupation of the unauthorised structure, and non-service on the person in apparent occupation of the unauthorised structure does not affect the validity of service on the person in apparent control of the unauthorised structure.

90. Non-compliance with notice

Where a person fails to comply with a notice under regulation 88 within a period of 2 months from the time of service, and the Executive Director is satisfied —

- (a) that the structure is an unauthorised structure;

- (b) that the notice has been properly served; and
- (c) that the person has not complied with the notice within the period,

the Executive Director may, in writing —

- (d) authorise a fisheries officer to arrange for the removal of the unauthorised structure and its contents;
- (e) authorise the destruction or sale of the unauthorised structure, or part of that structure, or its contents, or both the structure and its contents;
- (f) authorise the sale of the unauthorised structure or its contents or both on condition that it or they are removed upon sale;
- (g) authorise the recovery of costs, incurred in the removal, destruction or sale of the unauthorised structure, from the owner, occupier or person in control of that structure; or
- (h) where the unauthorised structure or its contents are offered for sale under paragraph (e) or (f) and —
 - (i) have not been sold; or
 - (ii) do not raise a sufficient amount at sale to defray the cost of removal, destruction or sale of that unauthorised structure or its contents,authorise the recovery of costs, or of the unsatisfied balance of the costs, from the person, or occupier, in control of the unauthorised structure or the owner, or both.

91. Site of unauthorised structure to be cleared completely

A person who is directed to remove an unauthorised structure under regulation 88(1) must clear the site of residual materials and rubbish.

Penalty: \$2 000.

Division 6 — Share arrangements and dispute procedure

92. Documentation of share arrangement

- (1) Where it is agreed between 2 or more parties to share camp facilities, jetties, moorings, power outlets or lighting plants, the parties to that agreement must sign a written agreement in the approved form, together with illustrative diagrams relating to that agreement (if appropriate).
- (2) A written agreement under subregulation (1) is not valid unless a copy of the signed, written agreement is filed with the Department.
- (3) A written agreement cannot be amended without the written approval of the Executive Director.

93. Dispute over use of shared buildings, facilities, etc.

- (1) If a dispute arises which relates to the use of a building, structure or facility in the reserve, and which is the subject of a share arrangement, the following procedure may be used to resolve the dispute —
 - (a) a party to the dispute may write to the Minister advising of the existence of the dispute and may seek invocation of the dispute procedure set out in this Division; and
 - (b) where the Minister is of the opinion that it is justified, the Minister may invoke this dispute procedure and appoint an independent arbitrator to deal with the dispute.
- (2) The Executive Director may appoint an independent arbitrator to deal with disputes that have been running for longer than 6 months without signs of resolution.

94. Duties of independent arbitrator

- (1) An independent arbitrator must —
 - (a) write to the parties known to be involved in the dispute seeking, from each of them, a written statement of the grounds of the dispute; and
 - (b) upon receipt of the grounds requested in paragraph (a), or after a reasonable time if either or both do not reply, inform each party of the known grounds of dispute.
- (2) After obtaining advice, if required, from the Executive Director or other relevant person, and allowing sufficient time to enable each party to put their side of the dispute, and following due consideration, the independent arbitrator must make a determination.

95. Determination to be referred to Minister

- (1) A determination under regulation 94(2) must be referred by the independent arbitrator to the Minister who may decide to accept or reject the determination, and who must inform the parties of the decision.
- (2) The decision of the Minister is binding upon the parties.

Division 7 — Disposal of waste

96. General prohibition of waste disposal

- (1) A person must not dump or dispose of any waste, other than in accordance with this Division.
Penalty: \$2 000.
- (2) A person who contravenes subregulation (1) is liable for any cost incurred if the waste is removed at the request of the Executive Director, in addition to the penalty specified for contravention of that subregulation.

97. Food waste

- (1) A person must dispose of food waste —
 - (a) by dumping that waste at sea; or
 - (b) by incinerating the waste in an incinerator.
- (2) Where any unburnt residue remains after incineration of waste under subregulation (1), the person incinerating the waste must ensure that the residue is returned to the mainland for disposal, or disposed of at an approved dumping site.
Penalty: \$1 000.

98. Paper, plastic, cardboard, bait bags, etc.

- (1) A person must not dispose of paper, plastic, cardboard, bait bags, or other combustible materials by dumping them at sea.
Penalty: \$1 000.
- (2) A person must dispose of paper, plastic, cardboard, bait bags and other combustible items of a like nature —
 - (a) by returning these items to the mainland for recycling or disposal; or
 - (b) by incinerating these items in an incinerator.
- (3) Where any unburnt residue remains after incineration under subregulation (2), the person incinerating the items must ensure that the residue is disposed of by —
 - (a) returning it to the mainland for disposal; or
 - (b) by bagging, or otherwise containing, it in non-hazardous natural and non-combustible material and dumping it at an approved refuse dumping site.
Penalty: \$1 000.

99. Non-hazardous and non-combustible waste

- (1) A person may dispose of non-hazardous and non-combustible materials, including cray-pots, water tanks, household and building materials —
 - (a) by returning those materials to the mainland for recycling or disposal; or
 - (b) by dumping those materials at an approved refuse dumping site.
- (2) A person who disposes of the material referred to in subregulation (1) by dumping them in an area other than the mainland or an approved refuse disposal site commits an offence.

Penalty: \$1 000.

100. Hazardous waste including oil, fuel, filters, batteries etc.

A person must not dispose of any oil, fuel, engine filter or battery other than by returning it to the mainland.

Penalty: \$2 000.

101. Campsite waste

- (1) The operator must provide an associated camp with fly-proof and vermin-proof waste receptacles which may be used for the disposal of putrescible material.
- (2) An operator who establishes, or is in control of an associated camp is responsible for keeping that camp, and any associated jetty or foreshore areas, free from waste.
- (3) A fisheries officer may, in writing, order the operator of a camp to remove waste from any part of a camp or adjacent foreshore areas.
- (4) An operator who does not comply with an order under subregulation (3) commits an offence and in addition to any penalty to which that operator is liable, will be liable for any

cost incurred if the waste is removed at the request of the Executive Director.

Penalty: \$500, and a daily penalty of \$50.

102. Sewage

A person must not dispose of sewage in any manner other than —

- (a) where practicable, by use of a saltwater flushing outfall pipe feeding directly into the sea;
- (b) through a septic tank disposal system; or
- (c) by use of an approved sewage disposal system at an approved site.

Penalty: \$500.

103. Incinerators

(1) An incinerator for the disposal of waste —

- (a) must be constructed in a manner which allows combustion to occur in an efficient manner;
- (b) if constructed wholly or partly of mesh, must be made using a mesh of not more than 50 millimetres; and
- (c) must be sited —
 - (i) in an area approved in writing by a fisheries officer; and
 - (ii) so that correct use does not cause smoke to become a nuisance.

(2) An operator who uses an incinerator must ensure —

- (a) that the incinerator is cleaned after use to avoid leaving unburnt residues to remain or smoulder; and
- (b) that the incinerator is not used before noon, or such other time as is determined by a fisheries officer.

Penalty: \$500.

Division 8 — Miscellaneous

104. Control of noise

- (1) A resident or visitor must ensure that the noise emissions from premises or motors in the reserve (other than boats), under the person's control, do not exceed the following levels —
 - (a) 50dB(A), between the hours of 6.00 a.m. and 7.00 p.m., on any day; or
 - (b) 40dB(A), between the hours of 7.00 p.m. on any day and 6.00 a.m. on the following day,

and must ensure that tonal noise or impulses of noise which are unreasonably loud are not emitted.

- (2) If a fisheries officer receives a complaint alleging that a person is responsible for noise in excess of the levels set out in subregulation (1), a fisheries officer may investigate that complaint and, if appropriate, request the person to undertake reasonable measures to lower the level of noise to comply with subregulation (1).
- (3) A person must not, without a lawful excuse, refuse to carry out a request under subregulation (2).
Penalty: \$500.
- (4) For the purposes of this regulation, “**dB(A)**” means the reading in decibels on a sound level meter or other sound level measuring equipment using the A-weighting network specified for sound level meters in Part I or Part II, whichever is applicable to the measuring equipment in question, of Australian Standard AS 1259 of 1976.

105. Vehicles

- (1) A person must not bring a vehicle into the reserve unless the Executive Director has given written approval in which it is

specified the conditions under which the vehicle may be in the reserve.

Penalty: \$1 000.

- (2) Conditions under subregulation (1) may include, but are not limited to, restrictions on —
- (a) the time of day that the specified vehicle may be used;
 - (b) the person or persons that are allowed to use that vehicle;
 - (c) the period for which the approval is valid; and
 - (d) the purposes for which that vehicle can be used.
- (3) A person must not use a vehicle in the reserve in contravention of a condition imposed under this regulation.

Penalty: \$500.

Part 11 — Authorisations

117. Fishing boat licence

- (1) A person having the day to day control of any boat used or intended to be used for or in connection with commercial fishing, must ensure that a current fishing boat licence is in force in respect of the boat.
Penalty: \$10 000.
- (2) The holder of a fishing boat licence must ensure that the name of the boat in respect of which the licence is in force is not changed without the written approval of the Executive Director.
Penalty: \$5 000.
- (3) Subregulation (2) applies whether or not there has been a change in the ownership of the boat or in the licensed fishing boat number of the boat.
- (4) The holder of a fishing boat licence must ensure that there is legibly painted on both sides of the hull at the turn of the bow of the boat in respect of which that licence is held, the letters “L.F.B.” followed by the licensed fishing boat number of the boat.
Penalty: \$1 000.
- (5) The letters and figures to be painted under subregulation (4) are to be painted in black on a yellow background and are to be not less than 300 millimetres in height and not less than 50 millimetres in width, except where the boat is one propelled solely by oars in which case those letters and figures may be less than 150 millimetres but not less than 120 millimetres in height.
- (6) A person must not —
 - (a) use a boat bearing a licensed fishing boat number, or a number that purports to be such a number; or

- (b) permit or suffer a person to use a boat bearing a licensed fishing boat number, or a number which purports to be such a number,

unless a current fishing boat licence is in force in respect of that boat and the number painted on the boat is the number allocated in respect of the boat.

Penalty: \$5 000.

- (7) The master of a fishing boat must not permit or suffer any person aboard the boat in respect of which the licence is held to engage in fishing unless that person holds a commercial fishing licence.

Penalty: \$1 000.

118. Grant of fishing boat licence

- (1) If a person applies to the Executive Director for the grant of a fishing boat licence authorising a person to use a boat for commercial fishing and the Executive Director is satisfied that —
 - (a) the person is a fit and proper person to hold the licence;
 - (b) it is in the better interests of the fishing industry to grant the licence;
 - (c) a Certificate of Survey has been issued in respect of that boat in accordance with the *W.A. Marine (Surveys and Certificates of Survey) Regulations 1983*; and
 - (d) the boat does not have the same name as any other licensed fishing boat,

the Executive Director may grant to the person a fishing boat licence.

- (2) Nothing in subregulation (1) prevents the Executive Director from granting another fishing boat licence to a person who held a fishing boat licence which was cancelled under section 143, 223 or 224 of the Act.

r. 118A

- (3) A fishing boat licence is to specify a distinguishing letter and number (licensed fishing boat number) allocated in respect of the boat.

118A. Authority conferred by fishing boat licence of no effect if managed fishery licence authorises use of same boat

At any time when a managed fishery licence —

- (a) has been granted in respect of the West Coast Rock Lobster Managed Fishery declared under the *West Coast Rock Lobster Management Plan 1993*;
- (b) authorises the use in that fishery of the same boat in respect of which a fishing boat licence is in force; and
- (c) confers a total pot entitlement of less than 63 units,

the authority conferred by the fishing boat licence referred to in paragraph (b) is of no effect.

[Regulation 118A inserted in Gazette 8 September 2000 p. 5187.]

119. Carrier boat licence

- (1) In this regulation and regulation 120 —
- “carrier boat”** means a boat used or intended to be used for transporting fish for commercial purposes that have been taken with the use of another boat but does not include a tender dinghy to a licensed fishing boat which —
- (a) does not exceed 6 metres in length; and
 - (b) is used for carrying fish taken by that boat.
- (2) The person having the day to day control of a carrier boat must ensure that a current carrier boat licence is in force in respect of the boat.
- Penalty: \$10 000.
- (3) The holder of a carrier boat licence must ensure that there is legibly painted on both sides of the hull at the turn of the bow of

the boat in respect of which the licence is in force, the letters "L.C.B." followed by the licensed carrier boat number of the boat.

Penalty: \$1 000.

- (4) The letters and figures to be painted under subregulation (3) are to be painted in black on a yellow background and are to be not less than 300 millimetres in height and not less than 50 millimetres in width.
- (5) Where a boat is licensed under both this regulation and regulation 117, subregulation (3) need not be complied with.
- (6) A person must not —
 - (a) use a boat bearing a licensed carrier boat number, or a number which purports to be such a number; or
 - (b) permit or suffer a person to use a boat bearing a licensed carrier boat number, or a number which purports to be such a number,

unless a current carrier boat licence is in force in respect of that boat and the number painted on the boat is the number allocated in respect of the boat.

Penalty: \$5 000.

[Regulation 119 amended in Gazette 15 January 1999 p. 113.]

120. Grant of carrier boat licence

- (1) If a person applies to the Executive Director for the grant of a carrier boat licence authorising that person to use a boat as a carrier boat and the Executive Director is satisfied that —
 - (a) the person is a fit and proper person to hold the licence; and
 - (b) it is in the better interests of the fishing industry to grant the licence,

r. 121

the Executive Director may grant to the person a carrier boat licence.

- (2) Nothing in subregulation (1) prevents the Executive Director from granting another carrier boat licence to a person who held a carrier boat licence which was cancelled under section 143, 223 or 224 of the Act.
- (3) A carrier boat licence is to specify a distinguishing number (licensed carrier boat number) allocated in respect of the boat.

121. Commercial fishing licence

- (1) A person, other than a person referred to in section 91(d) of the Act, who engages in commercial fishing must hold a commercial fishing licence.
- (2) A person, other than a person referred to in section 91(d) of the Act, who takes fish or assists in taking fish must not directly or indirectly sell that fish unless it is taken under a commercial fishing licence by the holder of that licence.

Penalty: \$5 000 and the penalty provided in section 222 of the Act.

122. Grant of commercial fishing licence

If a person applies to the Executive Director for the grant of a commercial fishing licence authorising that person to engage in commercial fishing and the Executive Director is satisfied that it is in the better interests of the fishing industry to grant the licence the Executive Director may do so.

123. Recreational fishing licence

- (1) Subject to subregulation (3), a person who carries out any activity set out in the Table to regulation 124 must hold a recreational fishing licence specifying that the person may engage in the activity unless —
 - (a) the activity is carried out for a commercial purpose; or

- (b) the person is an Aboriginal person not required to hold a recreational fishing licence under section 6 of the Act.

Penalty: \$2 000.

- (2) The holder of a commercial fishing licence must not hold a recreational fishing licence for any activity other than the activities set out in items 2 and 4 of the Table to regulation 124 and a recreational fishing licence granted to the holder of a commercial fishing licence specifying that the holder may engage in any other activity is not valid insofar as it relates to that other activity.

Penalty: \$1 000.

- (3) A person who is under the age of 16 years is not required to hold a recreational fishing licence to carry out the activity set out in item 4 of the Table to regulation 124.

124. Grant of recreational fishing licence

- (1) If a person applies to the Executive Director for the grant of a recreational fishing licence authorising that person to engage in an activity by way of recreational fishing the Executive Director may grant to the person a recreational fishing licence to engage in the activity.
- (2) A recreational fishing licence is to —
 - (a) specify that the person who holds the licence may engage in one or more of the activities set out in the Table to this regulation; and
 - (b) specify any letters and numbers (gear identification number) allocated in respect of the licence, where the licence specifies that the licence holder may fish for rock lobster or fish by means of a fishing net.

Table

<u>Item</u>	<u>Activities</u>
1.	Fishing for rock lobster
2.	Fishing for marron
3.	Fishing for abalone
4.	Fishing for all freshwater fish (other than crustaceans) in waters south of 29° south latitude above the tidal influence including all lakes, dams, rivers and their tributaries

125. Rock lobster pot licence

- (1) A person who uses one or more rock lobster pots to engage in the commercial fishing of rock lobster must hold a rock lobster pot licence.
Penalty: \$5 000.
- (2) A person who holds a rock lobster pot licence must not use any rock lobster pots in excess of the number specified in that licence as being the number authorised to be used under the licence.
Penalty: \$5 000.
- (3) This regulation does not apply to a person using a rock lobster pot in a managed fishery in accordance with an authorisation granted in respect of that fishery.

126. Grant of rock lobster pot licence

If a person applies to the Executive Director for the grant of a rock lobster pot licence authorising that person to engage in the commercial fishing of rock lobster and the Executive Director is satisfied that —

- (a) the person is a fit and proper person to hold the licence;
and

- (b) it is in the better interests of the fishing industry to grant the licence,

the Executive Director may grant to the person a rock lobster pot licence.

127. Oyster fishing licence

- (1) Subject to subregulation (2), a person who fishes for oysters in public waters must hold an oyster fishing licence.

Penalty: \$1 000.

- (2) Subregulation (1) does not apply to a person who takes oysters for the purpose of personal consumption.

- (3) In this regulation and in regulation 128 —

“oyster” means all oysters other than any pearl oyster, as defined in the *Pearling Act 1990*;

“public waters” means all WA waters other than —

- (a) waters on private land;
- (b) waters where aquaculture is carried on under an aquaculture licence; or
- (c) waters specified as a pearl oyster farm in a farm lease under the *Pearling Act 1990*.

128. Grant of oyster fishing licence

If a person applies to the Executive Director for the grant of an oyster fishing licence authorising that person to engage in fishing for oysters in public waters and the Executive Director is satisfied that it is in the better interests of the fishing industry to grant the licence the Executive Director may grant to the person an oyster fishing licence.

129. Replacement for lost, damaged or destroyed authorisation

- (1) The holder of an authorisation that has been lost, damaged or destroyed may apply to the Executive Director for a replacement for the authorisation.
- (2) An application —
 - (a) must be made as if it were an application to which section 135 of the Act applies; and
 - (b) must be accompanied by the fee set out in item 5 of Part 1 of Schedule 1.

130. Conditions of licences

- (1) A licence granted under this Part is subject to any conditions imposed in writing by the Executive Director.
- (2) A licence may be granted or renewed under this Part or transferred subject to such conditions as the Executive Director thinks fit and specifies in the licence.
- (3) The Executive Director may at any time, by notice in writing given to the licence holder, delete or vary any condition on a licence imposed under this regulation or add a new condition to the licence.
- (4) A person must not contravene a condition of a licence granted under this Part.
Penalty: \$5 000 and the penalty provided in section 222 of the Act.

131. Transfers

The Executive Director may, under section 140(2)(b) of the Act, refuse to transfer an authorisation or part of an entitlement under an authorisation on the grounds that —

- (a) the proposed transferor or transferee has not provided information, or further information, required by the Executive Director for a proper consideration of the

- application, or has refused to verify such information by statutory declaration;
- (b) where the authorisation is held in respect of a boat, the boat is unseaworthy, lost or destroyed;
 - (c) the holder has not used the authorisation in the previous 2 years;
 - (d) the holder has been convicted of an offence against —
 - (i) the Act or these regulations;
 - (ii) a written law other than this Act if the offence relates to the fishing industry; or
 - (iii) a law of the Commonwealth, or of another State or Territory, relating to the management or regulation of fish resources;
 - (e) in the opinion of the Executive Director, a condition of the authorisation has been contravened;
 - (f) the authorisation was obtained by fraud or misrepresentation;
 - (g) the holder has —
 - (i) failed to keep any record, or submit any return, that is required to be kept or submitted under this Act; or
 - (ii) made an entry or statement in such a record or return that is false or misleading in a material particular;
 - (h) a fee, charge or levy payable in respect of the authorisation has not been paid when it became due; or
 - (i) the transfer would contravene a condition of the authorisation or be contrary to a provision of a management plan.

132. Short term use of a boat other than the boat in respect of which a fishing boat licence is held

- (1) Despite regulations 117 and 119, where a fishing boat or a carrier boat licence has been granted in respect of a boat and —
- (a) the boat is unseaworthy, lost or destroyed; or
 - (b) the Certificate of Survey, as required under regulation 118(1)(c), for the boat has expired or is cancelled,

the Executive Director may, on application by the holder of the licence, authorise by notice in writing, the holder to use a boat other than the boat in respect of which the licence was granted.

- (2) An application for an authority under subregulation (1) —
- (a) is to be made to the Executive Director in a form approved for that purpose by the Executive Director; and
 - (b) is to be accompanied by the fee set out in item 6 of Part 2 of Schedule 1.
- (3) An authority under this regulation —
- (a) must specify the boat to which the authority relates and the period for which the boat may be used under the licence, being a period not exceeding 28 days; and
 - (b) is subject to any conditions specified in the authority by the Executive Director.
- (4) The Executive Director may vary or cancel a condition imposed on an authority under this regulation by notice in writing given to the holder of the authority.
- (5) The Executive Director may vary or cancel an authority under this regulation by notice in writing given to the holder of the authority.
- (6) A person to whom an authority has been granted under this regulation must not contravene that authority while it is in force.
- Penalty: \$5 000.

133. Duration of licences

Except as otherwise provided in the Act or in the licence, a licence granted under this Part remains in force for a period of 12 months from the day on which it is granted or renewed.

134. Renewal of licences

If a person applies to the Executive Director for the renewal of a licence granted under this Part, the Executive Director is, subject to section 143 of the Act, to renew the licence.

135. Application fees

A fee set out in Part 2 of Schedule 1 opposite a particular type of application is the fee to be paid to make that application.

136. Some people may pay only half the applicable fee

Where a recreational fishing licence is applied for by —

- (a) a person under the age of 16 years;
- (b) a person receiving —
 - (i) under the *Social Security Act 1991* of the Commonwealth, an age, disability support or widows pension or allowance;

- (d) a person who is the holder of a Seniors' Card issued by the Office of Seniors Interests,

only one half of the fee otherwise applicable is payable.

137. Fees for grant or renewal of authorisation

- (1) A fee set out in Part 3 of Schedule 1 opposite a particular type of authorisation is the fee to be paid in respect of the grant or renewal of the authorisation.
- (2) If the relevant management plan provides for the payment by instalments of a fee set out in item 3 of Part 3 of Schedule 1, the fee may be paid in 2 or 3 instalments in accordance with the relevant management plan.
- (3) If a fee referred to in subregulation (2) is to be paid by instalments, a surcharge of —
 - (a) 10% of that fee; or
 - (b) any lesser percentage of that fee, if such a percentage is specified in the relevant management plan,is payable with the first instalment.
- (4) If an instalment of a fee, including the surcharge if payable with that instalment, is not paid on or before the day specified in the relevant management plan (“**the due date**”) —
 - (a) the full amount outstanding of the fee becomes immediately payable; and
 - (b) the authority conferred by the authorisation to which the fee applies is of no effect during the period from the due date until the day on which the full amount outstanding of the fee is paid.
- (5) In subregulation (4) —

“**the full amount outstanding of the fee**” includes the surcharge payable under subregulation (3).

*[Regulation 137 amended in Gazette 24 December 1996
p. 7114.]*

138. Temporary transfer of entitlements

Part of an entitlement under an authorisation may not be transferred under section 141 of the Act for a period ending on a day after the authorisation would expire, if it were not renewed.

139. Executive Director to be notified of change of name or address

If a person who holds an exemption, authorisation, aquaculture lease or exclusive licence changes name or address, the person must within 7 days after the change notify the Executive Director in writing of the person's new name or address and provide details of each exemption, authorisation, aquaculture lease or exclusive licence held by the person.

Penalty: \$200.

Part 12 — Objections

140. Fee for objection to proposal under section 149

- (1) A fee as set out in item 4 of Part 1 of Schedule 1 is payable on lodging an objection to a proposal under section 149 of the Act.
- (2) Subject to any order the tribunal may make for costs under section 156 of the Act, if an objection under Division 1 of Part 14 of the Act is successful one half of the fee referred to in subregulation (1) is to be refunded to the applicant.

*[Regulation 140 amended in Gazette 12 September 1997
p. 5153.]*

166. Exclusive licences

- (1) An application for the grant or renewal of an exclusive licence must be —
 - (a) made to the Minister in a form approved for that purpose by the Executive Director;
 - (b) accompanied by the fee set out in item 14 of Part 2 of Schedule 1; and
 - (c) accompanied by any information that the Minister reasonably requires for a proper consideration of the application.
- (2) An applicant must provide the Minister with any further information that the Minister by notice in writing requires the applicant to provide in respect of an application.

- (3) An applicant must, if required to do so by the Minister, verify by statutory declaration any information contained in, or given in connection with, an application.
- (4) The Minister may refuse to consider an application if the application does not conform to a provision of this regulation or if the applicant has failed to comply with a provision of this regulation.

167. Effect of exclusive licence

- (1) An exclusive licence is granted and has effect subject to the Act and does not authorise the doing of anything in contravention of the Act.
- (2) The authority conferred by an exclusive licence is of no effect at any time when any of its conditions are being contravened.

168. Form of exclusive licence

An exclusive licence is to be in a form approved by the Executive Director.

169. Renewal after expiry

Section 139 of the Act applies in respect of the renewal of an exclusive licence as if that licence were an authorisation referred to in that section, except that the application is to be made to the Minister.

170. Some draft exclusive licences to go before Parliament

An exclusive licence is not to be granted in respect of an area that has a foreshore with a length greater than 120 kilometres until 14 sitting days after a draft of the licence has been laid before each House of Parliament.

171. Conditions of exclusive licence

Subject to any terms or conditions to which an exclusive licence is subject under section 251(3) of the Act, every exclusive licence is subject to the following conditions —

- (a) that the fees or royalties (if any) that the licence holder is required to pay in relation to the licence are paid at the head office of the Department in Perth in the manner provided in the licence;
- (b) that if —
 - (i) any fees or royalties that the licence holder is required to pay in relation to the licence remain unpaid for 21 days after they become due;
 - (ii) the licence holder fails to comply with any of these conditions or with any other terms or conditions relating to the licence to which the licence holder is subject; or
 - (iii) the Minister considers that it is in the public interest to do so,

the Minister may revoke the licence and, on the licence being revoked, all the interest of the licence holder, or any person claiming under the licence holder, in the licence terminates.

172. Only authorised persons to fish in area the subject of exclusive licence

- (1) Subject to subregulation (2), a person must not engage in fishing in an area that is the subject of an exclusive licence unless the person is authorised by the licence to do so.

- (3) An approval or authority under subregulation (1) is subject to any conditions specified in the approval or authority by the Executive Director.
- (4) The Executive Director may vary or cancel a condition specified in an approval or authority under subregulation (1) by notice in writing given to the holder of the approval or authority.
- (5) The Executive Director may vary or cancel an approval or authority under subregulation (1) at any time by notice in writing given to the holder of the approval or authority.
- (6) A person must not contravene an approval or authority issued under subregulation (1).
- (7) A person who is in possession of a fish of any species of fish not endemic to the State, or the area of the State where the person is in possession of the fish, must destroy the fish if the fish is found to be infected with any disease, unless otherwise approved in writing by the Executive Director.
- (8) The species of fish listed in Schedule 10 are to be taken to be not endemic to the State for the purposes of the Act, but Schedule 10 is not a conclusive list of species of fish which are not endemic to the State for the purposes of the Act.
Penalty: \$10 000.

177. Disease control

- (1) A fisheries officer who has reasonable grounds to suspect that any fish at a place where fish processing or aquaculture is being carried on are diseased may, by notice in writing given to the holder of the relevant licence, require that person to carry out the treatment specified in the notice within the time specified in the notice.
- (2) A fisheries officer who has reasonable grounds to suspect that fish at a place where aquaculture is being carried on are affected by —
 - (a) a disease specified in Schedule 1 of the *Enzootic Diseases Regulations 1970*;
 - (b) any disease which cannot be effectively treated at the place where the fish are; or
 - (c) a disease of such a nature that the officer's urgent action is required to prevent the spread of the disease,may take, or require the holder of the relevant licence to take, such action as the officer thinks fit to destroy the fish affected and to eradicate the disease from the place.
- (3) Any costs incurred as a result of action taken by a fisheries officer under subsection (2) may be recovered by the Executive Director from the holder of the licence as a debt due.
- (4) The Executive Director may, by notice in writing given to the holder of an aquaculture licence, require that person to carry out such action as is specified in the notice for the prevention of any disease in fish at the place where aquaculture is carried out under the licence within the time specified in the notice.
- (5) A person must —
 - (a) comply with a notice given to the person under subregulation (1);
 - (b) carry out any action required by a fisheries officer to be carried out by that person under subregulation (2); and

- (c) comply with a notice given by the Executive Director under subregulation (4).

Penalty: \$10 000.

178. Taking of fish for scientific purposes

- (1) Despite anything else in these regulations, a person may fish for fish for scientific purposes if that person has a written authority to do so issued by the Executive Director.
- (2) An application for an authority under subregulation (1) —
 - (a) is to be made to the Executive Director in a form approved for that purpose by the Executive Director; and
 - (b) is to be accompanied by the fee set out in item 15 of Part 2 of Schedule 1.
- (3) An authority under subregulation (1) is subject to any conditions specified in the authority by the Executive Director.
- (4) The Executive Director may vary or cancel a condition specified in an authority under subregulation (1) by notice in writing given to the holder of the authority.

Determination of characteristics of fish

Part 1 — Length

Column 1	Column 2
Name of fish	Method of determining length
1. Cobbler (estuary catfish) and Freshwater Cobbler	By measuring in a direct line — (a) for partial length, from the base of the anterior edge of the caudo dorsal fin to the tip of the tail; and (b) for total length, from the point of the snout, excluding the barbels, to the tip of the tail.
2. Crab (other than Giant (King) or Spiny)	By measuring from tip to tip of the posterior carapace spikes.
2a. Crab (Giant (King) or Spiny)	By measuring from the inside of the frontal groove midway between the eyes on the anterior margin of the carapace along the mid-ventral line of the carapace to the posterior margin where it joins the abdomen.
3. Garfish	By measuring from the tip of the upper jaw to the tip of the upper half of the tail.
4. Marron	By measuring from the tip of the rostrum to the posterior margin of the carapace along the mid-dorsal line.
5. Prawn	By measuring along the body from the eye to the tip of the tail.
6. Southern Rock Lobster	By measuring from the anterior surface of the median suture of the frontal tubercle to the mid point of the posterior edge of the dorsal region of the carapace.
7. Western and Tropical Rock Lobster	By measuring along the mid-dorsal line from the anterior edge of the pronounced ridge which joins the front edges of the rostral horns (immediately posterior to the eye stalks) to the posterior margin of the carapace.
8. Abalone	By measuring the shell from edge to edge across the longest diameter.
9. Trochus	By measuring the base from edge to edge across the longest diameter.
10. Any other fish	By measuring from the point of the snout to the tip of the tail.

Part 2 — Method of determining the volume of fish

The volume of space which is filled by whole, undamaged fish without compressing those fish.

Schedule 13

[reg. 38]

Specifications for rock lobster pots

Part 1 — Waters north of 21° 44' south latitude

1. Entrance or neck of pot

Every rock lobster pot must —

- (a) have only one entrance or neck; and
- (b) not contain any device capable of restricting the egress of fish.

Part 2 — Waters between 21° 44' south latitude and 34° 24' south latitude (excluding some waters off the South Coast)

2. Entrance or neck of pot

A rock lobster pot is to have only one entrance or neck which is to be positioned on the upper surface of the pot with the entrance or neck parallel to the base of the pot and is to be constructed wholly of a rigid material and with an opening throughout of not less than —

- (a) where the entrance or neck is circular, 160 millimetres diameter; or
- (b) where the entrance or neck is rectangular, 160 millimetres by 160 millimetres,

and must not contain any device capable of restricting the egress of fish.

3. Beehive pots

- (1) This clause applies to beehive rock lobster pots.
- (2) Every beehive rock lobster pot —
 - (a) is to have inserted in it a device or devices to create 3 escape gaps that are as nearly as practicable rectangular in shape and

Schedule 13

- when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table);
- (b) is not to exceed, when measured internally —
 - (i) 925 millimetres in diameter; and
 - (ii) 420 millimetres in height,unless approved by the Executive Director; and
 - (c) is not to have any obstruction positioned so as to restrict the movement of rock lobsters through the escape gaps or to reduce the internal measurement of the escape gaps, other than in the case of a pot constructed of cane or sticks, where one wire may pass vertically across each escape gap.
- (3) The escape gaps in a beehive rock lobster pot are to be —
- (a) positioned on the side of the pot so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are not more than 110 millimetres from the base of the pot and are to be positioned in accordance with Diagram 2(a) in the Table;
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points; and
 - (c) of —
 - (i) steel flat-bar and constructed to the specifications set out in clause 4(7)(a); or
 - (ii) pressed steel or aluminium and constructed to the specifications set out in clause 4(7)(d).

4. Batten pots

- (1) This clause applies to batten rock lobster pots.
- (2) Subject to this clause, every batten rock lobster pot is to have inserted in it a device or devices to create a minimum of 3 escape gaps that are as nearly as practicable rectangular in shape, and when measured internally each measures not less than 305 millimetres in length and not less than 54 millimetres in height.

(3) Where —

- (a) escape gaps are fitted to 3 sides of the rock lobster pot in accordance with this clause, the combined length of those gaps is to be not less than 915 millimetres, unless otherwise permitted under this clause; or
- (b) escape gaps are fitted to only 2 sides of the rock lobster pot the combined length of those gaps is to be not less than 1220 millimetres, except as otherwise permitted under this clause.

(4) Where —

- (a) 3 escape gaps are fitted, those gaps are to be positioned one on each side of the rock lobster pot, other than the base of the pot, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points and are to be positioned in accordance with Diagram 3 in the Table; or
- (b) 3 escape gaps are fitted, and the length of the rock lobster pot does not exceed 770 millimetres, those gaps are to be positioned one on each side of the pot, other than the base of the pot, and one at the end of the pot opposite the hauling rope attachment point or points.

(5) Where —

- (a) 4 or more escape gaps are fitted, those gaps are to be positioned 2 on each side, other than the base of the pot or the end of the pot to which the hauling rope is attached, and the length of one of the gaps fitted to each side of the pot may be less than 305 millimetres provided that —
 - (i) the combined length of the 2 escape gaps on each side of the pot is not less than 610 millimetres; and
 - (ii) the smallest gap on each side of the pot is not less than 200 millimetres;or
- (b) 4 or more escape gaps are fitted and 2 of those gaps are positioned across the entire width of the end of the rock lobster pot opposite the hauling rope attachment point or

Schedule 13

points, then the combined length of those gaps may be less than 610 millimetres provided that —

- (i) the centre support of the end of the pot to which the escape gap is attached does not exceed 50 millimetres in width; and
 - (ii) the smallest gap is not less than 250 millimetres.
- (6) When fitted to the rock lobster pot, the longer sides of the escape gaps are to be generally parallel to the base of the pot and the lower internal edges of the escape gaps are to be not more than 110 millimetres from the base of the pot.
- (7) Escape gaps are to be of —
- (a) steel flat-bar with a width of not less than 20 millimetres and a thickness of not less than 3 millimetres and not more than 6 millimetres and are to be constructed in accordance with Diagram 4 in the Table;
 - (b) aluminium with a width of not less than 20 millimetres and a thickness of not less than 4 millimetres and not more than 6 millimetres and are to be constructed in accordance with Diagram 5 in the Table;
 - (c) fibreglass with a thickness of not less than 3 millimetres and not more than 6 millimetres with reinforcing on the lip of the gap with a thickness of not less than 5 millimetres and not more than 8 millimetres and the widest measurement of the lip of the gap is not to exceed 12 millimetres and are to be constructed in accordance with Diagram 6 in the Table; or
 - (d) pressed steel or aluminium with a width of not less than 20 millimetres and a thickness of not less than 2 millimetres and not more than 3 millimetres, when incorporating an internal pressed lip of a depth not less than 6 millimetres or more than 10 millimetres and are to be constructed in accordance with Diagram 7 in the Table.
- (8) The material to which an escape gap is attached in the horizontal plane is not to be —
- (a) constructed of a material thicker than 13 millimetres;

- (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap; or
 - (c) provided that the escape gap is attached internally to the framework running horizontally along the bottom of the pot and the bottom internal edge of the escape gap is not within 10 millimetres of the attachment material, then the material to which the gap is attached may be greater than 13 millimetres but not more than 25 millimetres in thickness.
- (9) A batten rock lobster pot, unless otherwise approved by the Executive Director, is not to exceed, when measured internally —
- (a) 915 millimetres in length;
 - (b) 420 millimetres in height;
 - (c) 800 millimetres base width; or
 - (d) 540 millimetres top width,

except that where the height of the pot is less than 420 millimetres, the top width of the pot may be increased by 5 millimetres for every 10 millimetres by which the height is reduced.

- (10) When determining the internal dimensions of a batten pot, the measuring points are those specified in Diagram 9 in the Table and if the end frames have been modified by cutting the corners of the frame to the pot or modified in some other way, the measuring points are to be projected points as if the end and side frames were not cut or modified and were in accordance with those of Diagram 9.

5. Plastic pots

- (1) This clause applies to plastic rock lobster pots.
- (2) A plastic rock lobster pot is to have inserted in it a device or devices that creates 3 escape gaps that are as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) The escape gaps are to be positioned —
 - (a) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points; and

Schedule 13

- (b) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot as specified in Diagram 8 in the Table.
- (4) Escape gaps are to be constructed —
 - (a) of the materials and to the specifications set out in clause 4(7); or
 - (b) of plastic with a thickness of not less than 3 millimetres and not more than 6 millimetres.
- (5) The material to which the escape gaps is attached in the horizontal plane is not to be —
 - (a) constructed of material thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.
- (6) A plastic rock lobster pot formed by an injection moulding process is not to exceed, when measured internally —
 - (a) 782 millimetres in length;
 - (b) 565 millimetres in width; or
 - (c) 470 millimetres in height.

6. Other pots

- (1) This clause applies to all rock lobster pots, other than beehive pots, batten pots or plastic pots.
- (2) A rock lobster pot is to have inserted in it a device or devices to create 3 escape gaps that are as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table).
- (3) The escape gaps are to be positioned —
 - (a) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points; and

- (b) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot.
- (4) Escape gaps are to be constructed of the materials and to the specifications set out in clause 4(7).
- (5) The material to which the escape gaps are attached in the horizontal plane is not to be —
 - (a) constructed of material thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gaps.

7. Specifications applicable to all pots

- (1) This clause applies to all rock lobster pots.
- (2) A rock lobster pot is not to have any form of chamber or partition in the pot which is capable of containing rock lobster other than that formed by the external frame of the pot.
- (3) A rock lobster pot is not to have an internal volume, including that of any object enclosed in a pot such as a bait basket and neck and ballast in the frame of the pot, which is greater than 0.257 cubic metres.
- (4) An escape gap is not to have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurements of the escape gap, except as provided in clause 3(2)(c).

Part 3 — All other waters

8. Entrance or neck of pot

Unless otherwise approved by the Executive Director, a rock lobster pot is to have only one entrance or neck which is to be positioned on the upper surface of the pot with the entrance or neck parallel to the base of the pot and is to be constructed wholly of a rigid material and must not contain any device capable of restricting the egress of fish.

Schedule 13

9. Beehive pots

- (1) This clause applies to beehive rock lobster pots.
- (2) Every beehive rock lobster pot —
 - (a) is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally is not less than 305 millimetres in length and not less than 54 millimetres in height (see Diagram 1 in the Table); and
 - (b) is not to have any obstruction positioned so as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurement of the escape gap, other than in the case of a pot constructed of cane or sticks, where one wire may pass vertically across the escape gap.
- (3) The escape gap in a beehive rock lobster pot is to be —
 - (a) positioned on the side of the pot so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is not more than 110 millimetres from the base of the pot and is to be positioned in accordance with Diagram 2(b) in the Table;
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points; and
 - (c) of —
 - (i) steel flat-bar and constructed to the specifications set out in clause 4(7)(a); or
 - (ii) pressed steel or aluminium and constructed to the specifications set out in clause 4(7)(d).

10. Batten pots

- (1) This clause applies to batten rock lobster pots.
- (2) Subject to this clause, every batten rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape, and when measured internally, is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.

- (3) The escape gap in a batten rock lobster pot is to be —
 - (a) positioned on a side of the pot, other than the base, in the rear half of the pot or at the end opposite the hauling rope attachment point or points and is to be positioned in accordance with Diagram 3 in the Table; and
 - (b) located at least 150 millimetres away from the attachment point or points of the hauling rope and, where there are 2 attachment points, not between those points.
- (4) When fitted to the rock lobster pot, the longer sides of the escape gap are to be generally parallel to the base of the pot and the lower internal edge of the escape gap is to be not more than 110 millimetres from the base of the pot.
- (5) An escape gap is to be constructed of the materials and to the specifications set out in clause 4(7).
- (6) The material to which an escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of a material thicker than 13 millimetres;
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap; or
 - (c) provided that the escape gap is attached internally to the framework running horizontally along the bottom of the pot and the bottom internal edge of the escape gap is not within 10 millimetres of the attachment material, then the material to which the gap is attached may be greater than 13 millimetres but not more than 25 millimetres in thickness.

11. Plastic pots

- (1) This clause applies to plastic rock lobster pots.
- (2) A plastic rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.

Schedule 13

- (3) The escape gap in a plastic rock lobster pot is to be positioned —
 - (a) on a side, other than the base, in the rear half of the pot opposite the hauling rope attachment point or points;
 - (b) so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is no more than 110 millimetres from the base of the pot as specified in Diagram 8 in the Table; and
 - (c) at least 150 millimetres away from the attachment point or points of the hauling rope and where there are 2 attachment points, not between those points.
- (4) An escape gap is to be constructed —
 - (a) of the materials and to the specifications set out in clause 4(7); or
 - (b) of plastic with a thickness of not less than 3 millimetres and not more than 6 millimetres.
- (5) The material to which an escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of material which is thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.

12. Other pots

- (1) This clause applies to all rock lobster pots, other than beehive pots, batten pots or plastic pots.
- (2) Every rock lobster pot is to have inserted in it a device to create an escape gap that is as nearly as practicable rectangular in shape and when measured internally each is to measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (3) An escape gap is to be positioned —
 - (a) on a side, other than the base, in the rear half of the pot or at the end of the pot opposite the hauling rope attachment point or points;

- (b) so that the longer sides of the gap are generally parallel to the base of the pot and the lower internal edge of the escape gap is no more than 110 millimetres from the base of the pot; and
 - (c) at least 150 millimetres away from the attachment point or points of the hauling rope and where there are 2 attachment points, not between those points.
- (4) An escape gap is to be constructed of the materials and to the specifications set out in clause 4(7).
- (5) The material to which the escape gap is attached in the horizontal plane is not to be —
 - (a) constructed of material which is thicker than 13 millimetres; or
 - (b) in the horizontal plane, within 5 millimetres of the internal edge of the escape gap.

13. Specifications applicable to all pots

- (1) This clause applies to all rock lobster pots.
- (2) A rock lobster pot is not to have any form of chamber or partition in the pot which is capable of containing rock lobster other than that formed by the external frame of the pot.
- (3) An escape gap is not to have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gap or to reduce the internal measurements of the escape gap, except as provided in clause 9(2)(b).
