Guide for using this reprint

What the reprint includes

Endnotes, Compilation table, and Table of provisions that have not come into operation

1. Details about the original regulations and legislation that has amended its text are shown in the Compilation table in endnote 1, at the back of the reprint. The table also shows any previous reprint.
2. Transitional, savings, or other provisions identified in the Compilation table may be important. The table may refer to another endnote setting out the text of these provisions in full.
3. A table of provisions that have not come into operation, to be found in endnote 1a if it is needed, lists any provisions of the regulations being reprinted that have not come into operation and any amendments that have not come into operation. The full text is set out in another endnote that is referred to in the table.

Notes amongst text (italicised and within square brackets)

1. If the reprint includes a regulation that was inserted, or has been amended, since the regulations being reprinted were made, editorial notes at the foot of the regulation give some history of how the regulation came to be as it is. If the regulation replaced an earlier regulation, no history of the earlier regulation is given (the full history of the regulations is in the Compilation table).

Notes of this kind may also be at the foot of Schedules or headings.

2. The other kind of editorial note shows something has been —
 - removed (because it was repealed or deleted from the law); or
 - omitted under the *Reprints Act 1984* s. 7(4) (because, although still technically part of the text, it no longer has any effect).

The text of anything removed or omitted can be found in an earlier reprint (if there is one) or one of the written laws identified in the Compilation table.

Motor Vehicle Drivers Instructors Regulations 1964

1. Citation

These regulations may be cited as the *Motor Vehicle Drivers Instructors Regulations 1964*¹.

2. Interpretation

In these regulations, unless the contrary intention appears —

“**axle**” means the axis of rotation of any of the wheels on which a vehicle is or may be driven, regardless of whether the wheel is power driven or freely rotating and regardless of the number of wheels rotating on that axis, and if 2 or more wheels have substantially the same axis of rotation, or intersecting axes of rotation, when the vehicle is being driven in a straight line those wheels are to be regarded as being on the same axle;

“**GVM**” (which stands for “gross vehicle mass”) means the maximum loaded mass of a vehicle —

- (a) as specified by the manufacturer; or
- (b) as specified by the relevant authority if —
 - (i) the manufacturer has not specified a maximum loaded mass;
 - (ii) the manufacturer cannot be identified; or

- (iii) the vehicle has been modified to the extent that the manufacturer's specification is no longer appropriate;

“motor carrier” has the meaning given by the First Schedule to the *Road Traffic Act 1974*;

“motor cycle” has the meaning given by the First Schedule to the *Road Traffic Act 1974*;

“motor vehicle” means a self-propelled vehicle that is not operated on rails but does not include a power assisted pedal cycle, and the expression does not include a trailer attached to the vehicle;

“relevant authority”, in relation to a vehicle, means —

- (a) if the vehicle has never been licensed or registered but the vehicle is used or is intended to be used in this State — the Director General;
- (b) if the vehicle was last licensed in this State — the Director General; or
- (c) if the vehicle was last licensed or registered in another State or a Territory — the authority in that State or Territory whose functions most nearly correspond to those of the Director General;

“semi-trailer” means a trailer (including a pole-type trailer) that has —

- (a) one axle group or single axle to the rear; and
- (b) a means of attachment to a motor vehicle built to tow the trailer that results in some of the load being imposed on the motor vehicle;

“trailer” means a vehicle that is built to be towed, or is towed, by a motor vehicle, whether by attachment to the motor vehicle directly or to another trailer towed by the motor vehicle, but does not include a motor vehicle that is being towed.

Schedule 1 — Transitional and saving

[r. 9]

1. Interpretation

In this Schedule —

“**commencement day**” means the day on which these regulations come into operation;

“**continuing licence or permit**” means a licence or permit granted before the commencement day that would have continued after the beginning of that day had these regulations not come into operation.

2. Transition of licences and permits

- (1) A continuing licence or a permit that, immediately before the commencement day, was granted in respect of a motor vehicle of a class specified in Schedule 2 column 1 continues as if these regulations had not come into operation, but as a licence or permit for a motor vehicle of a class specified in column 2 opposite the class specified in column 1.
- (2) If what is authorised by a continuing licence or permit is, as a result of subclause (1), more restricted than it would have been if these regulations had not come into operation, the licence or permit also authorises anything that the licence authorised before the commencement day, but that authorisation is limited to the transitional period.
- (3) The transitional period for a licence or permit is the period during the year commencing on the commencement day while the licence or permit, or the licence as renewed, continues in force.

3. Applications to vary continuing licences

- (1) A person whose licence authorises something additional under clause 2(2) may, at any time while the additional thing is authorised, apply to the Director General for the licence to be varied as necessary to authorise the additional thing without the limitation referred to in clause 2(2).
- (2) An application under subclause (1) is to be —
 - (a) in a form approved by the Director General; and

- (b) accompanied by such proof of the applicant's driving and instruction experience as the Director General may require, verified by statutory declaration.
- (3) On an application under subclause (1) the Director General is to grant the variation if the Director General is satisfied that the applicant —
 - (a) has attained the age of 21 years;
 - (b) is a person of good character;
 - (c) is a fit and proper person to act as a driving instructor;
 - (d) is competent to teach persons to drive motor vehicles of the class in respect of which the application is made; and
 - (e) is the holder of a current and valid licence under the *Road Traffic Act 1974*, to drive motor vehicles of the class in respect of which the application is made, whether in this State or elsewhere, for a continuous period of not less than three years or such other period as the Director General may approve in a particular case, before the application was made.
