- (n) make provision in relation to any charge, whether by way of a rate or otherwise, and any amount payable under section 41L, for —
 - (i) the time when payment or, where by-laws provide for payment by instalments, each instalment, is due and the manner in which payment is to be made;
 - (ii) discounts to be allowed by the Corporation where payment is made before a time specified in the by-laws;
 - (iii) an additional amount by way of interest, as prescribed in the by-laws, to be included where payment is made by instalments;

- (iv) the amount payable to be increased as prescribed in the by-laws where payment is made in instalments or is not made in full by the time when it is due or such time thereafter as may be so prescribed;
 - (v) where in a particular case the Corporation is satisfied that there is proper cause, the making of special arrangements for payment, including such provision as to the payment of any additional charge and interest as the Corporation considers appropriate.
- (2) Pursuant to a determination under subsection (1)(b) land may be taken, for the purposes of this Act, to be land in respect of which drainage is provided notwithstanding that it is so determined by reason only that the land contributes to, or will contribute to, the need for drainage.
- (3) A by-law may prescribe a charge for a period, or for water or wastewater supplied or discharged during a period, that commences before the by-law is made, but not so as to affect the amount of any charge that has already become due and payable before the by-law is made.
- (4) The power to make charges relating to each of 2 or more matters includes the power to make one charge relating to both or all of those matters.

[Section 41 inserted by No. 24 of 1987 s. 8³; amended by No. 73 of 1995 s. 25 and 41; No. 25 of 2005 s. 57.]

[41B. Repealed by No. 25 of 2005 s. 59.]

41C. Certain valuations may be indexed

- (1) Except where a value was assigned to the land pursuant to a general valuation under the *Valuation of Land Act 1978* that was expressed by a notice under section 21 or 22 of that Act to come

into force, and came into force for the purposes of this Act, at the commencement of the period for which the charge is to be imposed, the by-laws may, subject to this Act, impose a charge by reference to the value assigned to the land under that Act increased by such factor as is prescribed in the by-laws.

- (2) No objection or appeal lies in respect of any increase under this section.

[Section 41C inserted by No. 24 of 1987 s. 8³.]

41D. Phasing-in of certain valuations

- (1) Where by reason only of a general valuation under the *Valuation of Land Act 1978* in respect of gross rental values the value assigned to land is increased, the by-laws may impose a charge in respect of the land —
- (a) for the first year after the general valuation came into force, by reference to the value so assigned reduced by two-thirds of the amount of the increase;
 - (b) for the second year after the general valuation came into force, by reference to the value so assigned reduced by one-third of the amount of the increase.
- (2) Where, for the purposes of this Act, the coming into force of a general valuation is postponed under section 41F in relation to any land, the value assigned to that land under that general valuation or under an interim valuation referred to in subsection (3) of that section shall be taken for the purposes of subsection (1) to have been assigned pursuant to a general valuation coming into force when the postponed general valuation comes into force in relation to that land for the purposes of this Act.

[Section 41D inserted by No. 24 of 1987 s. 8³; amended by No. 17 of 1993 s. 13⁶.]

41E. Interim valuations

- (1) Where the value assigned to land under the *Valuation of Land Act 1978* is increased or decreased pursuant to an interim

valuation under that Act, the Corporation may, in the case of an increase, and shall, in the case of a decrease, re-assess any charge in respect of the land made for a period during which the interim valuation comes into force that is based on the value that has been changed and make such additional charge, or give such rebate or refund, for the period as is appropriate by reason of the change in value.

- (2) Except to the extent expressly provided in subsection (1), that subsection does not limit the generality of section 41(1)(h).
- (3) Where, in accordance with subsection (1), a charge for a year may be reassessed by reason that an increased gross rental value has been assigned to land pursuant to an interim valuation under the *Valuation of Land Act 1978*, and the value assigned pursuant to the interim valuation exceeds the value (in this section referred to as “**the notional value**”) that would have been assigned to that land immediately before the last general valuation in respect of gross rental values if it had then been developed and used as it is at the time the value was in fact assigned pursuant to the interim valuation, the amount of the charge may be assessed —
 - (a) if the last general valuation affecting the gross rental value of that land came into force at the commencement of the year for which the charge is made, by reference to the value assigned pursuant to the interim valuation reduced by two-thirds of the amount of the notional increase in value as defined in subsection (4);
 - (b) if the last general valuation affecting the gross rental value of that land came into force one year before the commencement of the year for which the charge is made, by reference to the value assigned pursuant to the interim valuation reduced by one-third of the amount of the notional increase in value as defined in subsection (4).
- (4) For the purposes of subsection (3), the notional increase in value of land referred to in that subsection is the amount by which the

value assigned pursuant to the interim valuation exceeds the notional value.

- (5) Where, for the purposes of this Act, the coming into force of a general valuation is postponed under section 41F in relation to any land, the value assigned to that land under that general valuation or under an interim valuation referred to in subsection (3) of that section shall be taken for the purposes of subsections (3) and (4) to have been assigned pursuant to a general valuation coming into force when the postponed general valuation comes into force in relation to that land for the purposes of this Act.

[Section 41E inserted by No. 24 of 1987 s. 8³; amended by No. 17 of 1993 s. 13⁶; No. 73 of 1995 s. 41.]

41F. Postponement of effect of general valuation

- (1) Notwithstanding that a notice may have been published under section 21 of the *Valuation of Land Act 1978* requiring the Corporation to use the valuations included in a general valuation of land within a valuation district for assessing any charge by way of a rate, where the Corporation is of the opinion that the information contained in the valuation roll for the district, or a valuation roll for any other district in which the charge is to apply, available to the Corporation pursuant to section 28 of that Act as at 31 March in any year is insufficient for the purpose of enabling the Corporation to obtain the comprehensive information necessary to enable charges for the forthcoming year to be made on a basis of valuations different from those then shown in the records of the Corporation, the Minister, by notice published in the *Government Gazette*, may authorise the Corporation —
- (a) to refrain from adopting the valuations made pursuant to the general valuation in respect of any district in which the charge is to apply and instead to use for the forthcoming year the valuations shown in the records of the Corporation in respect of the then current year; and

(b) to calculate a rate on the basis of those valuations as if the general valuation had not been completed,

and for the purposes of making charges under this Act for the forthcoming year that general valuation shall be taken not to have come into force in relation to any such valuation district and the notice under section 21 of that Act shall not, in relation to any such district, apply in respect of the forthcoming year.

(2) Where, in relation to any district, a general valuation is not put into effect for a particular year by reason of an authorisation given by the Minister to the Corporation under subsection (1), the general valuation shall, subject to any further authorisation under this section, be taken for the purposes of this Act to come into force in relation to that district immediately after the end of that year and thereupon values shall be taken to have been assigned in accordance with that general valuation.

(3) Notwithstanding subsection (2), where, before a general valuation would, for the purposes of this Act, otherwise come into force under that subsection in relation to a district, land in the district is assigned a value pursuant to an interim valuation under the *Valuation of Land Act 1978*, the value assigned to the land pursuant to the interim valuation supersedes the value assigned pursuant to the general valuation notwithstanding that, in relation to that land, the general valuation is not yet in force for the purposes of this Act but until the general valuation so comes into force the value assigned pursuant to the interim valuation shall, for the purposes of this Act, be adjusted to the value that would have been assigned if the interim valuation had been made before the general valuation and the land had then been developed and used as it is at the time the interim valuation was in fact made.

[Section 41F inserted by No. 24 of 1987 s. 8³; amended by No. 73 of 1995 s. 41.]

41G. Incomplete general valuation

- (1) Where the Corporation is of the opinion that information in relation to any general valuation in respect of a valuation district as furnished to the Corporation is not complete, the Minister may direct the Corporation to adopt the valuations made in respect of that general valuation in so far as they are available to the Corporation, and where such a valuation is not so available in relation to any land —
- (a) to refrain from making a charge based on the value of that land until the valuation of that land made under that general valuation is furnished to the Corporation; or
 - (b) to use the valuation shown in relation to that land in the records of the Corporation in respect of the then current year and to make any charge upon that basis for the forthcoming year, but when a new valuation of that land under that general valuation is furnished to the Corporation to adopt the new valuation and make such additional charge, or give such rebate or refund, as may be appropriate by reason of the different valuation,

and the Corporation is authorised to give effect thereto.

- (2) Notwithstanding a direction under subsection (1), the Corporation may waive payment of an additional charge arising under that subsection where, having regard to the amount of the additional charge and the administrative and other costs that would otherwise be involved, the Corporation considers it appropriate to do so.

[Section 41G inserted by No. 24 of 1987 s. 8³; amended by No. 73 of 1995 s. 41.]

 - (b) it was created to be used solely or principally for residential purposes; and

- (3) For the purposes of this section a lot is serviced if it has a connection to a water service.

- (a) a proposal; or
 - (b) a change in, or a proposal to change, the use or nature of an existing development to which existing water services are provided,

the provision of works, or the use of water services provided by the Corporation, may or will be necessary in relation to the whole or any part of the land affected, the Corporation may, by notice served on the person submitting the proposal or on the owner of the land, require that the owner of the land, or a person authorised on his behalf, furnish information as to the proposal or change to the Corporation and negotiate and enter into an agreement under this section with the Corporation in relation to the provision of those works or the use of those water services.

- (2) Where a notice has been served by the Corporation on any person under subsection (1), the Corporation may, and if so directed by the Minister shall, serve another notice on that person varying or rescinding the earlier notice, and a reference to the requirements of the notice shall be read as a reference to the requirements of the notice as so varied.
- (3) Where the Corporation serves a notice under this section the Corporation may furnish a copy of that notice to the Western Australian Planning Commission or local government concerned advising that due to the proposal or change the Corporation is unwilling or unable to provide the required works or water services unless an agreement can be negotiated, and a planning condition requiring connection to, or the

s. 67

provision of, works or water services may be affixed by reference to that notice under the Act in pursuance of which the proposal was submitted, and any approval under the Act imposing the planning condition shall not be taken to be effective until —

- (a) the planning condition is removed under the provision of that Act;
 - (b) the notice served by the Corporation under this section is rescinded by the Corporation; or
 - (c) the Western Australian Planning Commission or that local government is satisfied that —
 - (i) the provisions of an agreement entered into with the Corporation under this section in relation to the works or water services referred to in that planning condition have been implemented or that such implementation has been ensured in a manner satisfactory to the Corporation; or
 - (ii) the requirements of the Corporation have been otherwise met.
- (4) Nothing in this section requires that, by reason only of a notice served under this section by the Corporation having been rescinded or complied with, an application under Part 10 of the *Planning and Development Act 2005* for the approval of a plan of subdivision or under Part XV of the *Local Government (Miscellaneous Provisions) Act 1960* for the grant of a building licence should be approved.
- (5) In the consideration of whether or not the provision of works, or the use of services provided by the Corporation, may or will be necessary in relation to any land, regard may be had to the existing and future requirements of that land and of other lands.
- (6) An agreement entered into under this section may make provision for —

- (a) works or water services which have been or are to be provided to or in relation to any land otherwise than by the Corporation; and
 - (b) any works which have been or are to be provided to connect with and form part of a system of works providing water services to that land and other lands.
- (7) An agreement entered into under this section may provide that the Corporation or a person shall be entitled to payment notwithstanding that works are or have been provided prior to a proposal being approved under the *Planning and Development Act 2005* or a building licence being issued or the subdivision or development being proceeded with, and that entitlement to payment shall not be affected by reason only that the approval is not given, the building licence not issued or the proposal not implemented.
- (8) An agreement entered into under this section may make provision for payment or an advance to be made in respect of the provision of works or water services, whether provided or to be provided by the Corporation or otherwise, or for security to be given for any payment or advance or in relation to any works under the agreement, or for the repayment of the whole or such part as may be agreed upon of any cost related to previous or existing works or water services incurred by any person, or in relation to any other relevant payment, advance or security.
- (9) The making of an advance to the Corporation towards the cost of the provision of works or water services specified in an agreement entered into under this section shall not be taken to be a borrowing entered into by the Corporation.
- (10) Unless the agreement otherwise requires, all works provided or in the course of being provided, whether or not by the Corporation, pursuant to an agreement entered into under this section vest in and are the property of the Corporation.
- (11) Where the Corporation is to provide works or water services pursuant to an agreement under this section it may,

s. 67A

notwithstanding the terms of the agreement, provide works or water services involving greater expenditure than those specified in the agreement if the additional cost is borne, or provided for, by the Corporation.

- (12) An agreement entered into under this section may impose charges by reference to the specific works contemplated by the agreement, or by reference to an apportioned amount which the Corporation determines as appropriate having regard to —
- (a) the nature of works and water services provided or to be provided;
 - (b) operating and maintenance costs; and
 - (c) the difficulty of ascertaining to what extent any particular land is thereby served.

[Section 67 inserted by No. 25 of 1985 s. 15; amended by No. 84 of 1994 s. 46; No. 73 of 1995 s. 41; No. 14 of 1996 s. 4; No. 38 of 2005 s. 15.]

67A. Deferring headworks payments for certain subdivisions

- (1) If, because of a requirement for water services as a result of a subdivision, a developer is required by the Corporation to pay any amount in respect of a particular lot as payment or an advance in respect of headworks and the developer requests in writing that the time for paying the amount be deferred in accordance with this section, the Corporation is required to agree in writing to defer payment of the amount as requested.
- (2) This section applies only if the lot —
- (a) is not serviced and is not a habitable lot;
 - (b) is created to be used solely or principally for residential purposes; and
 - (c) has an area of not more than 2 000 m² or, if its area is more than 2 000 m², is to be used for a building or group of buildings that —
 - (i) is solely for residential purposes; and

- (ii) contains a number of separate residential units.
- (3) For the purposes of this section a lot is serviced if it has a connection to a water service.
- (4) If a mortgage is registered against land, payment of an amount in respect of the land can be deferred under this section only if the mortgagee consents in writing.
- (5) Payment is deferred under this section until —
 - (a) the lot becomes serviced or becomes a habitable lot; or
 - (b) one year passes after the subdivisional plan or diagram is approved by the Western Australian Planning Commission,but payment may be made at an earlier time.
- (6) If full payment of the deferred amount is not made within one year after the subdivisional plan or diagram is approved by the Western Australian Planning Commission, interest calculated as referred to in section 41L accrues on any amount remaining unpaid.
- (7) Subsection (6) does not limit the ability of the Corporation to recover any amount outstanding under the agreement, and interest on the amount may be recovered as if it were a part of the amount.
- (8) In an agreement that provides for deferment under this section, if the Corporation so requires, the developer is to agree to pay to the Corporation the amount, as determined by the Corporation, of any costs or disbursements payable by the Corporation that are attributable to the deferment or to making section 67B apply or cease to apply.
- (9) If, with the consent of the Corporation, a lot is transferred while it is land to which section 67B applies, the transferor and transferee are jointly and severally liable for payment of the deferred amount but, subject to any agreement between them or any court order, the transferee may recover from the transferor

s. 67B

as a debt due any amount paid by the transferee that the transferee became liable to pay under this subsection.

71. Inspection

- (1) For the purposes of this Act and any relevant Act, the Commission or the Corporation —
- (a) may, subject to section 72(1), enter and re-enter at all reasonable times any land, premises or thing —
 - (i) to which water services are supplied by the Corporation; or
 - (ii) in, on, over or under which any works of the Commission or the Corporation are lawfully situate,
for the purpose of routine inspection, or routine maintenance and no notice under this Act is required unless an agreement in writing entered into by the owner or occupier of the land, premises or thing with the Commission or the Corporation in relation thereto otherwise provides; and
 - (b) may, without notice, enter at all reasonable times any land, premises or thing and take such measures as may be necessary to ascertain whether any offence against this Act or a relevant Act has been or is being committed.
- (2) Notwithstanding that the powers conferred by Subdivision 2 of Division 3, or Division 4, of Part 9 of the *Land Administration Act 1997* or section 82 or 83A of the *Public Works Act 1902* may in any particular case not be applicable, the Commission or the Corporation may enter upon any land if, in the opinion of

the Commission or the Corporation, entry upon that land is necessary for the purposes of inspecting or examining the land to determine the feasibility of the use of that land for the purposes of this Act or a relevant Act, or as preliminary to any prospective or intended acquisition of the land or any estate or interest in that land.

- (3) Whenever the Commission or the Corporation, by its officers or agents, enters or has entered on or into any land, premises or thing the officer of the Commission or the Corporation responsible for the conduct of the entry shall, on request, produce evidence of his appointment and give particulars of the power conferred on the Commission or the Corporation by virtue of which the Commission or the Corporation claims a right of entry.

72. Notice of entry

- (1) Notwithstanding that, by reason of section 71(1), a notice would not have been required to have been given where entry was required for the purpose of routine inspection or routine maintenance, where the Commission or the Corporation intends to exercise any of the powers conferred by this Part or section 83 and the purpose of entry is to carry out works that may affect the land, notice in writing of that intention shall, where practicable, be given by the Commission or the Corporation to the owner or occupier of the land, premises or thing to be affected not less than 48 hours before the power is to be exercised, save where this Act or a relevant Act otherwise provides.
- (2) Where the Commission or the Corporation enters onto any land, premises, or thing without prior notice, whether or not such notice was required under this or any other Act, for the purpose of exercising any power of the Commission or the Corporation to carry out works thereon then, wherever practicable, as soon

s. 72

as may be thereafter notice in writing of the entry and of the works carried out, and of any further intention of the Commission or the Corporation relating thereto, shall be given to the owner or occupier of the land affected.

- (3) Where the owner of any unoccupied land, premises or thing is not within the State, or for any other sufficient reason it is not possible to give to any person, body or authority the notice required by this Act, then for the purposes of this Act the notice shall be deemed to have been given if it has been affixed or displayed on or over a conspicuous part of the land, premises or thing concerned and left so affixed or displayed for at least 48 hours.
- (4) The Commission or the Corporation may without prior notice enter on any street under the control of a local government or department and there exercise the powers conferred by section 83, but, except where entry is effected pursuant to section 73, notice pursuant to section 100 shall be given by the Commission or the Corporation to the local government or department concerned where that section applies.
- (5) A notice served pursuant to this Act for the purpose only of the exercise of the power of entry shall not be taken to have effect as a notice in relation to the taking of any land under Part 9 of the *Land Administration Act 1997*.
- (6) Where it is shown to the satisfaction of a justice that entry on or into any land, premises or thing is reasonably required by the Commission or the Corporation for the purpose of the exercise of a power conferred by this Act or a relevant Act but that entry has been refused or the entry is opposed or prevented, or in any case where such land, premises or thing is unoccupied and access cannot be obtained or a notice required by this Act or a relevant Act cannot be served without undue delay or difficulty, the justice may, by warrant in the form prescribed by regulations made under this Act, authorise the Commission or the Corporation by its officers together with such other persons as are named in the warrant, or any police officer, to enter upon

the land, premises or thing, using such force as may be necessary, for the purpose therein specified and any such warrant shall continue to have effect until the purpose for which it was granted has been satisfied.

- (7) Where in the opinion of the Commission or the Corporation circumstances have arisen that may occasion undue delay in effecting entry on or into any land, premises or thing or in the carrying out of any works but the provisions of subsection (6) are not appropriate to the circumstances, the Commission or the Corporation may apply to the Supreme Court *ex parte* by notice of motion, notwithstanding that no cause or matter between the parties is before the Court or that no previous notice has been given to any party affected thereby, for the grant of an injunction prohibiting the persons therein specified from opposing or preventing the exercise by the Commission or the Corporation of its powers, or for an order directing the Commission or the Corporation as to the exercise of powers conferred by this Act or a relevant Act in the circumstances specified in that order, or for both such an injunction and such an order.

[Section 72 inserted by No. 25 of 1985 s. 17; amended by No. 73 of 1995 s. 42; No. 14 of 1996 s. 4; No. 31 of 1997 s. 137(5).]

73. Rights as to entry in emergency

- (1) Where it appears to the Commission or the Corporation an officer of the Commission or the Corporation or any other person who pursuant to section 3(3) is deemed to be authorised to act on behalf of the Commission or the Corporation, that by reason of —
- (a) actual or apprehended danger or health risk to any person or in relation to any property;
 - (b) the occurrence of injury, disease or damage attributable, or which might be attributable, to any defect in, or any malfunction, misuse or improper use of, the works of the

s. 73

Commission or the Corporation, any property sewer or any fixture or fitting;

- (c) an urgent necessity to restore or provide water services to any place or person;
- (d) damage to, or interference with, water services generally; or
- (e) any other matter,

the circumstances are such that an emergency situation exists which makes compliance with the normal requirements of this Act or a relevant Act impractical or unreasonable, then, while those circumstances subsist and for so long thereafter as is reasonably required in relation thereto, the Commission or the Corporation or that person may lawfully effect immediate entry on or into any land, premises or thing necessary to deal with the emergency situation, and there exercise all such powers as are by this Act or a relevant Act conferred on the Commission or the Corporation or that person and are reasonably required to deal with that situation, and may in so far as is necessary use reasonable force to effect entry, without any requirement for notice or warrant and by force of this subsection.

- (2) Notwithstanding that no notice is required under subsection (1), where it is practicable so to do notice of an entry effected under subsection (1) shall be given to all persons who are, or are the owners or occupiers of land which is, likely to be affected.
- (3) Any question as to what is a necessary entry may be determined by the officer of the Commission or the Corporation or other person authorised by this section to effect or direct the entry, and any question as to what powers are reasonably required to deal with a situation to which subsection (1) refers may be determined by the person responsible for the exercise of the power, and in any proceedings arising therefrom such a determination shall be presumed, in the absence of evidence to the contrary, to have been made in good faith.

- (4) The Commission or the Corporation or a person exercising powers pursuant to this section shall, as soon as may be, remove anything left on the land, premises or thing entered and shall make good any damage, or effect restoration, rehabilitation or restitution and section 62 has effect as though a reference in that section to the Commission or the Corporation included a reference to a person exercising powers pursuant to this section.

74. Estates and interest in land

For the purposes of this Part, and in the *Land Administration Act 1997* when construed for the purposes of this Part, a reference to “**land**” shall be read as extending to any land, or to any portion of any land, or to the subsoil, surface or airspace relating thereto, and to any legal or equitable estate, right, title, easement, lease, licence, privilege, or other interest, in, over, under, affecting, or in connection with that land or any portion, stratum or other specified sector of that land (whether or not that interest is an interest recognised by the Common Law) the extent of which is ascertainable by reference to the documents purporting to relate thereto.

[Section 74 inserted by No. 25 of 1985 s. 18; amended by No. 31 of 1997 s. 137(6).]

75. Partial interests in land

- (1) Where, whether by way of agreement or by way of a compulsory taking under Part 9 of the *Land Administration Act 1997*, the Commission or the Corporation seeks the acquisition of an estate or interest in or relating to any land that is less than is held by the person from whom the acquisition is sought, the lesser estate or interest may, subject to section 81(11), be acquired instead of acquiring the whole of the estate or interest held by that person.
- (2) Where an estate or interest of the Commission or the Corporation of the kind referred to in subsection (1) is recorded on, or by way of memorial in the register relating to, the title to the land —
 - (a) that estate or interest shall enure for the benefit of the Commission or the Corporation and run with the land

notwithstanding any sale, subdivision or other dealing with that land by the owner or occupier for the time being, but any such estate or interest may be relinquished by the Commission or the Corporation; and

- (b) the benefit of any right, restriction or covenant in relation to the use of land granted to or held by the Commission or the Corporation may be enforced by the Commission or the Corporation to the like extent as if the Commission or the Corporation were possessed of adjacent land for the benefit of which the same was to enure.

[Section 75 inserted by No. 25 of 1985 s. 18; amended by No. 73 of 1995 s. 34 and 42; No. 31 of 1997 s. 137(7); No. 25 of 2005 s. 61.]

- (2) Where the fee simple of, or any other estate or interest in, any land is vested in the Commission or the Corporation and the Commission or the Corporation at the time of the acquisition or subsequently does not require the exclusive use and occupation of that land, then the Commission or the Corporation may in writing grant —
 - (a) a lease or licence to occupy the land or any part of the land, either exclusively or concurrently with the Commission or the Corporation; or

s. 78

- (b) any interest in or right to use that land or any part of the land,

to any other person (subject to the provisions of subsection (3) and of Division 5 of Part 9 of the *Land Administration Act 1997*), and where the lease, licence or other interest or right so granted is stated in that grant as being given by way of consideration for the acquisition of the land by the Commission or the Corporation then that lease, licence, interest or right shall not be revoked without compensation unless the parties otherwise agree.

- (3) Where the Commission or the Corporation exercises the powers conferred by subsection (2), then unless an agreement entered into between the Commission or the Corporation and the person to whom the lease, licence, interest or right is granted otherwise provides, the grant —
- (a) shall be deemed to be subject to a condition that the Commission or the Corporation shall be indemnified against any costs, damages, claims, or expenses arising therefrom; and
- (b) subject to subsection (2), may be terminated without any liability for compensation thereby arising, on not less than 21 days prior written notice.

[Section 77 inserted by No. 25 of 1985 s. 18; amended by No. 73 of 1995 s. 42; No. 31 of 1997 s. 137(8).]

- (2) Where any such land, estate or interest acquired by a former Minister, a statutory authority or the Commission or the Corporation was not acquired under this Act or any other Act by way of compulsory taking for any public work, sections 187, 188, 189, 190, and 191 of the *Land Administration Act 1997* shall not have effect in relation thereto.

[Section 78 inserted by No. 25 of 1985 s. 18; amended by No. 73 of 1995 s. 42; No. 31 of 1997 s. 137(9) and 142.]

79. Planning approval

For the purposes of section 135 of the *Planning and Development Act 2005*, the Commission or the Corporation may submit to the Western Australian Planning Commission plans of a subdivision of land acquired, or to be acquired, by the Commission or the Corporation notwithstanding that the Commission or the Corporation is not the owner of the land, and approval under that Act may be given thereto.

[80. Repealed by No. 73 of 1995 s. 35.]

81. Claims against the Commission or the Corporation for the use of land and the application of the *Public Works Act 1902*

- (1) Subject to subsection (3), the Commission or the Corporation shall not be liable to pay compensation for, or in respect of any damage attributable to, the placing of any works or other things to which subsection (1) of section 84 applies or by virtue of the grant of the right of access deemed by subsection (2) of that section to be vested in the Commission or the Corporation.
- (2) No claim lies against the Commission or the Corporation by reason only of any loss of enjoyment or amenity value, or by reason of any change in the aesthetic environment, alleged to be

s. 81

occasioned by the placing of works of the Commission or the Corporation on any land.

- (3) No claim lies against the Commission or the Corporation by reason only of the placing of any works of the Commission or the Corporation upon, in, over or under any land, other than a claim —
- (a) pursuant to section 62; or
 - (b) under Part 10 of the *Land Administration Act 1997*, as read with this Act, where the Commission or the Corporation —
 - (i) is by this or any other Act required; or
 - (ii) by reason of the nature of the works there placed, the nature of the locality in which the works are placed, the safeguarding of particular works, public safety, future development proposals, or otherwise, elects,

to acquire the land or an estate or interest in the land,

but this subsection does not affect any liability of the Commission or the Corporation where negligence is established for the purposes of section 63.

- (4) Notwithstanding the powers conferred on the Commission by Part VI, the Commission is required to acquire, where practicable by agreement but otherwise pursuant to Part 9 of the *Land Administration Act 1997* as read with this Act, such land, estate, or interest as may in the opinion of the Commission be appropriate to its needs in respect of —
- (a) major works, other than works in relation to which the Minister has directed the Commission that this subsection is not to have effect; and
 - (b) such other works as may be prescribed by regulation under this Act as works to which this subsection shall apply,

and regulations made under this Act may make provision for such restriction of any use of the land thereby affected by other persons as may in the opinion of the Commission be necessary.

- (5) Where for the purposes of this Act or a relevant Act the Commission determines that any land, or any estate or interest in land, is required to be acquired by the Commission otherwise than by agreement the power to do so shall be exercised under and in accordance with, and any compensation payable by the Commission in pursuance of such powers shall be assessed, determined and recovered under, Parts 9 and 10 of the *Land Administration Act 1997* as read with this Act.
- (6) A claim for compensation made under this section may only be made once, and where any land, estate, or interest is acquired by the Commission no further claim in respect thereof shall lie against the Commission notwithstanding any subsequent works of the Commission affecting that land, estate or interest unless it is shown that the original claim paid did not take into account the nature of the damage subsequently occurring.
- (7) Any entry upon, or acquisition of, land authorised by or under this Act or a relevant Act and any works carried out pursuant to this Act or a relevant Act shall be deemed to be for the purposes of a public work within the meaning of the *Public Works Act 1902*, and the Commission shall be deemed to be a local authority within the meaning of that Act authorised to effect that acquisition or undertake that public work.
- (8) For the purposes of this Act or a relevant Act, where the Commission so requires the Commission may exercise any power that is by the *Public Works Act 1902* or Parts 9 and 10 of the *Land Administration Act 1997* vested in the relevant Minister and in so far as that Act applies, or those Parts apply, to or in relation to the compulsory taking of any land, or the entry on, occupation or use of any land, pursuant to this Act or a relevant Act any reference in that Act or those Parts to the relevant Minister, or to the department of the Public Service principally assisting the relevant Minister in the administration

s. 81

of that Act or those Parts, may be read for the purposes of this Act or a relevant Act as a reference to the Commission and that Act or those Parts may be construed accordingly.

- (9) Subsection (8) does not prevent the relevant Minister from exercising the relevant Minister's powers under the *Public Works Act 1902* or Parts 9 and 10 of the *Land Administration Act 1997* on behalf of the Commission when requested by the Commission to do so.
- (10) Where the Commission fails to serve an offer on a claimant against the Commission for compensation under Part 10 of the *Land Administration Act 1997* within the time limited for that purpose by that Act, then the Minister administering that Act may serve an offer on behalf of the Commission, and such offer shall be deemed to be an offer duly made by the Commission for the purposes of that Act.
- (11) A written objection served pursuant to section 175 of the *Land Administration Act 1997* in relation to any proposed taking for the purposes of the Commission may request —
- (a) that instead of the whole estate or interest in the land being acquired, such a lesser estate or interest as is sufficient for the purposes of the Commission be acquired; or
 - (b) that instead of an estate or interest less than the whole being acquired, the whole estate or interest in the land be acquired,

and the Minister, after consultation with the Commission, may direct that the proposed taking be varied accordingly.

- (12) Where any land is compulsorily acquired under Part 9 of the *Land Administration Act 1997* for the purposes of the Commission under this Act or any other Act that land shall, on the registration of the relevant taking order made under section 177 of that Act, be vested in the Commission for the purpose of the public work for which the land is acquired, by force of section 179 of that Act as read with this subsection,

save that the Minister administering that Act may, by that taking order, declare that any specified estate, interest, right or privilege of any person to the use, occupation or enjoyment of the land so acquired by the Commission, or any specified part of that land, may continue for the period therein specified or until terminated by that Minister by a subsequent order under that Act, and may provide that such continued use, occupation or enjoyment shall not be taken to be in satisfaction or part satisfaction of the compensation claimed, and effect shall be given thereto.
