20. Terms used

In this Part —

associated fittings, in respect of a meter connected to the water service works of a licensee, includes anything attached by the licensee to the meter for the purpose of, or to assist in, any of the following —

- (a) reading the information registered by the meter;
- (b) generating, storing or sending information registered by the meter;
- (c) recording information registered by the meter;

information means information in the form of data, text, images or sound.

6. Part 4 Division 2 heading amended

In the heading to Part 4 Division 2 after “**Meters**” insert:

and associated fittings

7. Regulation 21 replaced

Delete regulation 21 and insert:

20A. This Division does not apply to all licensees

This Division, other than regulation 26, applies to, and in respect of, the following licensees only —

- (a) a water corporation licensee;

Water Services Legislation Amendment Regulations 2016**Part 2** Water Services Regulations 2013 amended**r. 8**

- (b) Hamersley Iron Pty Ltd
(ABN 49 004 558 276);
- (c) Robe River Mining Company Pty Ltd
(ABN 71 008 694 246).

21. Licensee may determine size of meter and, if required, type of associated fittings

A licensee may, from time to time according to operational requirements, determine either or both of the following —

- (a) the size of the meter to be connected to water service works with which the licensee provides a water service;
- (b) whether or not any associated fittings are required for the meter, and if so, the type of fittings.

8. Regulation 23 replaced

Delete regulation 23 and insert:

23. Meters in multi-unit developments

- (1) If a water supply service is, or is to be, provided by a licensee in respect of a multi-unit development, the licensee may install a meter to measure the quantity or flow of water passing through a pipe supplying water to a unit in the development (the *unit*), at the request of —
 - (a) the owner of the land; or
 - (b) if the multi-unit development is a strata scheme or a survey-strata scheme — the strata company for the scheme.

Water Services Legislation Amendment Regulations 2016

r. 8

- (2) A person who made a request under subregulation (1) in relation to a unit in a multi-unit development, or an owner of such a unit, may request the licensee to assess whether a meter installed for the unit is satisfactory for the purpose of measuring the quantity or flow of water passing through a pipe supplying water to the unit.
- (3) If, as a result of a request under subregulation (2), the licensee determines that the meter is satisfactory, the person who made the request is liable to pay —
 - (a) if the licensee is the Bunbury Water Corporation — the charge set out in the *Water Services (Water Corporations Charges) Regulations 2014* Schedule 1 item 8; and
 - (b) if the licensee is the Water Corporation — the charge set out in the *Water Services (Water Corporations Charges) Regulations 2014* Schedule 7 item 2.
- (4) If the licensee determines that the meter is not satisfactory, the licensee may remove that meter and install another meter to measure the quantity or flow of water passing through a pipe supplying water to the unit.
- (5) If a meter is installed under subregulation (1) or (4), the person who requested the meter, or requested that the meter be assessed, as is relevant, is liable to pay —
 - (a) if the licensee is the Bunbury Water Corporation — the charge set out in the *Water Services (Water Corporations Charges) Regulations 2014* Schedule 1 item 7; and
 - (b) if the licensee is the Water Corporation — the charge set out in the *Water Services (Water Corporations Charges) Regulations 2014* Schedule 7 item 1.

80B. Terms used

In this Division —

approved plan, in relation to a consumer, means a water efficiency management plan for a non-residential lot —

- (a) to which a water supply service is provided by a licensee; and
- (b) in respect of which an approval is in effect under regulation 80I;

consumer, in relation to a licensee that provides a water supply service to a non-residential lot, means any of the following —

- (a) an owner of the lot;
- (b) an occupier of the lot;
- (c) another person who —
 - (i) is liable under the Act, or under an agreement with the owner of the lot, to pay the whole or a part of the water service charges for, or in relation to, the provision of that service; or
 - (ii) is authorised by an owner of the lot to receive bills for water service charges for, or in relation to, the provision of that service;

consumption year, in relation to a non-residential lot —

- (a) in relation to a licensee that is a water corporation — has the meaning given in respect of that water corporation under the *Water Services (Water Corporations Charges) Regulations 2014*; or
- (b) in relation to other licensees — means a financial year;

Water Services Legislation Amendment Regulations 2016**Part 2** Water Services Regulations 2013 amended**r. 38**

non-residential lot has the meaning given in the *Water Services (Water Corporations Charges) Regulations 2014* regulation 6;

revised plan means a water efficiency management plan revised under regulation 80F, 80G(3) or 80H(3)(b);

water efficiency management plan or *plan* means a plan described in regulation 80C.

80C. What is a water efficiency management plan

- (1) A water efficiency management plan is a plan for ensuring that water supplied by a licensee to a non-residential lot is used as efficiently as practicable.
- (2) A water efficiency management plan submitted by a consumer must —
 - (a) be in a form approved by the licensee; and
 - (b) be in compliance with any notice given to the consumer under regulation 80E(1), 80G(1) or 80H(1)(c); and
 - (c) contain the following —
 - (i) the full name and address of each owner and occupier of the non-residential lot the subject of the plan;
 - (ii) a description of the nature of any business or other work being conducted on that lot;
 - (iii) details of the measures comprising the plan, including proposed timeframes for implementing each of those measures;
 - (iv) the estimated savings in water use under the plan;

Water Services Legislation Amendment Regulations 2016
Water Services Regulations 2013 amended **Part 2**

r. 38

- (v) the substance of the most recent report (if any) prepared under regulation 80L or 80M in relation to the lot.

80D. Extension of time to comply with certain provisions

- (1) This regulation applies where —
 - (a) it is an offence under regulation 80E(2), 80G(3), 80H(3), 80L(1) or (4) or 80M(2) (the *offence*) for a consumer to fail to submit a plan or report or to provide further information to a licensee, within a specified period (the *period*); and
 - (b) in a particular case it is not practicable for the consumer to submit the plan or report or to provide the further information within the period.
- (2) A consumer may, before the end of the period, make a written application to a licensee to extend a period.
- (3) The licensee may, on an application under this regulation, extend the period.
- (4) The consumer does not commit the offence if the consumer provides the plan, report or information, as is relevant, to the licensee within the extended period.

Subdivision 2 — Requirements to provide water efficiency management plans

80E. Licensee may require a water efficiency management plan

- (1) A licensee may, by written notice given to a consumer, require the consumer to prepare and submit to the licensee for approval a water efficiency management plan for a consumption year (the *plan year*) for a

Water Services Legislation Amendment Regulations 2016**Part 2** Water Services Regulations 2013 amended**r. 38**

non-residential lot to which the licensee provides a water supply service unless —

- (a) the lot was supplied by the licensee with less than 20 mL of water in the consumption year immediately before the plan year; or
 - (b) there is currently an approved plan for the non-residential lot.
- (2) A consumer given notice under subregulation (1) must prepare a water efficiency management plan in accordance with the notice and submit it to the licensee for approval within 90 days after the day the notice is given to the consumer.

Penalty for this subregulation: a fine of \$2 000.

80F. Revised plans

A consumer who has submitted a water efficiency management plan for a non-residential lot to a licensee may prepare a revised plan for the lot and submit it to the licensee for approval at any time, whether or not there is currently an approved plan for the lot.

80G. Licensee may require revised plan in some circumstances

- (1) A licensee may, by written notice given to a consumer who has an approved plan, require the consumer to prepare and submit to the licensee for approval a revised water efficiency management plan in respect of a non-residential lot if —
- (a) since the approval of the current approved plan for the lot there has been a significant change in —
 - (i) the use of water supplied to the lot; or
 - (ii) the quantity of water available for supply to the lot;

Water Services Legislation Amendment Regulations 2016
Water Services Regulations 2013 amended **Part 2**

r. 38

or

- (b) the licensee is of the opinion that it is necessary or desirable to revise the approved water efficiency management plan —
 - (i) on the basis of a report under regulation 80L(1) or 80M(1); or
 - (ii) for any other reason.
- (2) Notice given under subregulation (1) may specify measures that are to be included in the revised plan, including timeframes for implementing each specified measure.
- (3) A consumer given notice under subregulation (1) must prepare a revised plan in accordance with the notice and submit it to the licensee within 60 days after the day the notice is given to the consumer.

Penalty for this subregulation: a fine of \$2 000.

Subdivision 3 — Approval of water efficiency management plans

80H. Approval of water efficiency management plan

- (1) Within 60 days after a water efficiency management plan, or a revised plan, is submitted by a consumer the licensee must, by written notice given to the consumer —
 - (a) approve the plan in the form submitted; or
 - (b) request further information from the consumer relating to the plan, including the consumer's comments on any specific amendments to the plan the licensee considers might be necessary and specifies in the notice; or
 - (c) request a revised plan in accordance with any instructions specified in the notice.

Water Services Legislation Amendment Regulations 2016**Part 2** Water Services Regulations 2013 amended**r. 38**

- (2) If a consumer submits to a licensee a revised plan in respect of a non-residential lot while the licensee is considering a plan already submitted by the consumer in respect of the lot (the *earlier plan*) then the licensee is not required to comply with subregulation (1) in respect of the earlier plan.
- (3) Within 30 days after receiving a notice under subregulation (1)(b) or (c), the consumer must comply with the notice.

Penalty for this subregulation: a fine of \$2 000.

80I. Period for which approval has effect

The approval of a water efficiency management plan for a non-residential lot has effect for a period commencing on and from the day on which the plan is approved under regulation 80H(1)(a) until whichever of the following occurs first —

- (a) the consumer that submitted the plan for approval to the licensee ceases to be a consumer of the licensee in respect of the lot;
- (b) the approval is revoked under regulation 80J;
- (c) a revised plan is approved under regulation 80H(1)(a);
- (d) a period of 5 years elapses after the approval was given.

80J. Revocation of approval of plan

- (1) A consumer may, in a form approved by the licensee, make an application for the licensee to revoke the approval of a water efficiency management plan.

Water Services Legislation Amendment Regulations 2016
Water Services Regulations 2013 amended **Part 2**

r. 38

-
- (2) On an application under subregulation (1), the licensee may revoke an approval if satisfied that —
- (a) the lot was supplied with less than 20 mL of water in the consumption year immediately before the consumption year in which the application was made; and
 - (b) the consumer intends to use less than 20 mL of water in the consumption year in which the application is made.

Subdivision 4 — Consumer to comply with approved plan and to report to licensee

80K. Consumer must comply with approved plan

A consumer that has an approved plan for a non-residential lot must comply with the plan.

Penalty: a fine of \$2 000.

80L. Annual report on approved plan

- (1) A consumer is to prepare and submit to the licensee a report (the *annual report*) on the efficacy of an approved plan for a non-residential lot for every year that the plan has effect under regulation 80I, within 60 days of the anniversary of the day on which the consumer received notice under regulation 80E(1), to prepare and submit a plan for the lot.
- Penalty for this subregulation: a fine of \$2 000.
- (2) An annual report is to be in a form approved by the licensee and is to —
- (a) compare the use of water supplied to the lot during the period to which the report relates against the estimated savings in water use under the plan for that period; and

Water Services Legislation Amendment Regulations 2016**Part 2** Water Services Regulations 2013 amended**r. 38**

- (b) contain any other information relating to the efficacy of the plan that the licensee reasonably requires, as specified in —
 - (i) any notice given to the consumer under regulation 80E(1), 80G(1) or 80H(1)(b) or (c); or
 - (ii) any other written notice served on the consumer for the purposes of this paragraph.
- (3) Within 90 days after an annual report is submitted to a licensee, the licensee may, by written notice given to the consumer, request any further information from the consumer relating to the efficacy of the plan that the licensee reasonably requires.
- (4) Within 30 days after receiving a notice under subregulation (3), the consumer must comply with the notice.

Penalty for this subregulation: a fine of \$2 000.

80M. Other reports on approved plan may be required by licensee

- (1) If a licensee suspects, on reasonable grounds, that a consumer has not complied, or is not complying, with an approved plan, the licensee may, by written notice given to the consumer, require the consumer to prepare and submit to the licensee a written report on the implementation of the plan.
- (2) Within 30 days after receiving a notice under subregulation (1), the consumer must comply with the notice.

Penalty for this subregulation: a fine of \$2 000.
