
LAND ADMINISTRATION

LA301*

Land Administration Act 1997

**Land Administration Amendment
Regulations (No. 3) 2000**

Made by the Governor in Executive Council.

1. Citation

These regulations may be cited as the *Land Administration Amendment Regulations (No. 3) 2000*.

2. Commencement

These regulations come into operation on the day on which section 4 of the *Acts Amendment (Australian Datum) Act 2000* comes into operation.

3. Regulation 17A inserted

After regulation 17 of the *Land Administration Regulations 1998** the following regulation is inserted in Part 2 —

“

17A. Prescribed Australian datum for determining Divisions of State

- (1) The position on the surface of the Earth of the Divisions referred to in section 6 of the Act are determined by reference to the Australian Geodetic Datum (“**the AGD**”).
- (2) For the purposes of subregulation (1), the AGD is defined by an ellipsoid having a semi-major axis (equatorial radius) of 6 378 160 metres and a flattening of 1/298.25 and fixed by the position of the origin being the Johnston Geodetic Station in the Northern Territory of Australia.
- (3) The Johnston Geodetic Station is taken to be situated at —
 - (a) 25° 56' 54.5515" south latitude and 133° 12' 30.0771" east longitude; or

- (b) where decimal reckoning is used, $25^{\circ} 56.90919'$ south latitude and $133^{\circ} 12.50129'$ east longitude,

and to have a ground level elevation of 571.2 metres above the ellipsoid referred to in subregulation (2).

”.
