Defined terms

Water Services (Water Corporations Charges) Regulations 2014

Part 1 — Preliminary

1. Citation

These regulations are the *Water Services (Water Corporations Charges) Regulations 2014*.

2. Commencement

These regulations come into operation as follows —

- (a) regulations 1 and 2 — on the day on which these regulations are published in the *Gazette*;
- (b) the rest of the regulations — on 1 July 2014.

3. Terms used

- (1) In these regulations —

charge period, in relation to a water service charge, means the period to which an invoice for the charge, or a portion of the charge, relates;

Commonwealth seniors health card has the meaning given in the *Rates and Charges (Rebates and Deferments) Act 1992* section 3(1);

eligible pensioner means a person to whom the *Rates and Charges (Rebates and Deferments) Act 1992* section 23(1), (2), (3), (4A) or (5) or 24 applies;

garden service connection means a water supply connection through which water is, or is to be, supplied exclusively for the purposes of watering a lawn and garden —

- (a) on land on which a dwelling is located, or is proposed to be located; and
- (b) in a street or road adjoining that land;

registered pensioner, in relation to land, means an eligible pensioner whose entitlement as regards the land is registered under the *Rates and Charges (Rebates and Deferments) Act 1992* section 32;

registered senior, in relation to land, means an eligible senior, as defined in the *Rates and Charges (Rebates and Deferments) Act 1992* section 3(1), whose entitlement as regards the land is registered under section 32 of that Act;

vacant land means land that is wholly unimproved apart from having merged improvements, as defined in the *Valuation of Land Act 1978* section 4(1).

- (2) If a term is given a meaning in the *Water Services Regulations 2013*, it has the same meaning in these regulations unless the contrary intention appears in these regulations.

[Regulation 3 amended: Gazette 13 Dec 2016 p. 5689-90.]

Part 2 — General provisions

4. Annual charges and pro rata annual charges

- (1) A water service charge, other than a quality/quantity charge, that applies in respect of land for a financial year applies for the whole year, even if the charge is prescribed after the commencement of the year.
- (2) However, subregulation (1) does not apply so as to affect the amount of any charge that has already become payable for the year.
- (3) If, part of the way through a financial year, there is a change of circumstances in relation to land that means that there is a change in the water service charges that apply in respect of the land, the charges for the year are to be calculated on a pro rata basis.

5. Amendment of consumption or discharge charges during charge period

- (1) This regulation applies in relation to a water service charge set out in Schedule 1 Division 2, Schedule 2 Division 2, Schedule 3 Division 2 or Schedule 4 Division 2 or 3.
- (2) If the Division is amended during a charge period, the amount of the charge payable under the Division for the period is to be worked out as if the amendment had not occurred.

Part 3 — Charges for Bunbury Water Corporation

6. Terms used

In this Part —

consumption year, for land, means the period determined by the Bunbury Water Corporation for the land, commencing on a day that is between 1 July and 31 October (inclusive) and ending on a day that is within 10 days of the expiration of one year after the commencement of the period;

financial year, preceded by a reference to 2 calendar years (for example, 2014/15), means the financial year ending on 30 June in the second of those years;

lot has the meaning given in the *Planning and Development Act 2005* section 4(1), and includes a lot in relation to a strata scheme, a lot in relation to a survey-strata scheme and a lot shown as common property on a survey-strata plan, as those terms are defined in the *Strata Titles Act 1985* section 3(1);

non-residential lot means a lot that is not a residential lot;

residential lot means a lot used wholly or primarily for the purpose of providing residential accommodation for the owner or occupier of the lot.

7. Water supply charges

The water service charges set out in Schedule 1 Divisions 1 and 2 apply, in accordance with the Schedule, in respect of land in respect of which a water supply service is provided by the Bunbury Water Corporation.

[8. Deleted: Gazette 23 Jun 2017 p. 3324.]

9. Concessions

- (1) The following concessions on charges set out in Schedule 1 apply —
- (a) for a person who is a registered senior in relation to land and who does not hold a Commonwealth seniors health card —
 - (i) for a charge set out in Schedule 1 item 2 — a 25% discount on the charge; and
 - (ii) for a charge set out in Schedule 1 item 5 — a 50% discount on the charge for the first 150 kL of water supplied to the land in the current consumption year;
 - (b) for a person who is a registered senior in relation to land and who holds a Commonwealth seniors health card —
 - (i) for a charge set out in Schedule 1 item 2 — a 50% discount on the charge; and
 - (ii) for a charge set out in Schedule 1 item 5 — a 50% discount on the charge for the first 150 kL of water supplied to the land in the current consumption year;
 - (c) for a person who is a registered pensioner in relation to land —
 - (i) for a charge set out in Schedule 1 item 2 — a 50% discount on the charge; and
 - (ii) for a charge set out in Schedule 1 item 5 — a 50% discount on the charge for the first 350 kL of water supplied to the land in the current consumption year.
- (2) If, for a charge period, a person to whom subregulation (1) applies is not covered by just one paragraph of that subregulation for the whole of the period then concessions are to be determined pro rata.

10. Interest accruing on overdue amounts

If an amount payable under this Part is overdue, interest accrues daily on any part of that amount unpaid after the day on which the amount was due, at the rate of 11.71% per annum.

[Regulation 10 amended: Gazette 30 Jun 2015 p. 2363; 27 Jun 2016 p. 2538; 23 Jun 2017 p. 3324.]

Part 4 — Charges for Busselton Water Corporation

11. Terms used

In this Part —

consumption year, in relation to land, means the period determined by the Busselton Water Corporation for the land, commencing on a day that is between 1 July and 31 October (inclusive) and ending on a day that is within 10 days of the expiration of one year after the commencement of the period;

financial year, preceded by a reference to 2 calendar years (for example, 2014/15), means the financial year ending on 30 June in the second of those years;

lot has the meaning given in the *Planning and Development Act 2005* section 4(1), and includes a lot in relation to a strata scheme, a lot in relation to a survey-strata scheme and a lot shown as common property on a survey-strata plan, as those terms are defined in the *Strata Titles Act 1985* section 3(1);

non-residential lot means a lot that is neither a residential lot nor vacant land;

residential lot means a lot used wholly or primarily for the purpose of providing residential accommodation for the owner or occupier of the lot.

[Regulation 11 amended: Gazette 13 Dec 2016 p. 5690.]

12. Water supply charges

- (1) The water service charges set out in Schedule 2 Divisions 1 and 2 apply, in accordance with the Schedule, in respect of land in respect of which a water supply service is provided by the Busselton Water Corporation.
- (2) If the Busselton Water Corporation is satisfied that it is practicable for water supply works of the Busselton Water Corporation to be connected to a water supply outlet on land then, for the purposes of subregulation (1), a water supply service is to be taken to be provided in respect of the land by the

Busselton Water Corporation, despite those works not being connected to a water supply outlet on the land.

[13. Deleted: Gazette 30 Jun 2015 p. 2363.]

14. Concessions

- (1) The following concessions on charges set out in Schedule 2 apply —
 - (a) for a person who is a registered senior in relation to land and who does not hold a Commonwealth seniors health card, for a charge set out in Schedule 2 item 2 — a 25% discount on the charge;
 - (b) for a person who is a registered senior in relation to land and who holds a Commonwealth seniors health card —
 - (i) for a charge set out in Schedule 2 item 2 — a 50% discount on the charge; and
 - (ii) for a charge set out in Schedule 2 item 7 — a 50% discount on the charge for the first 350 kL of water supplied to the land in the current consumption year;
 - (c) for a person who is a registered pensioner in relation to land —
 - (i) for a charge set out in Schedule 2 item 2 — a 50% discount on the charge; and
 - (ii) for a charge set out in Schedule 2 item 7 — a 50% discount on the charge for the first 350 kL of water supplied to the land in the current consumption year.
- (2) If, for a charge period, a person to whom subregulation (1) applies is not covered by just one paragraph of that subregulation for the whole of the period then concessions are to be determined pro rata.

15A. Permitted surcharge for using credit card or debit card

- (1) In this regulation —

permitted surcharge has the meaning given in RBA Standard No. 3 of 2016;

RBA Standard No. 3 of 2016 means the standard titled Standard No. 3 of 2016: Scheme Rules Relating to Merchant Pricing for Credit, Debit and Prepaid Card Transactions determined by the Reserve Bank of Australia under the *Payment Systems (Regulation) Act 1998* (Commonwealth) section 18, as in force from time to time.

- (2) An invoice for a statutory water service charge, or a portion of a statutory water service charge, may include a permitted surcharge for payments made using a credit card or debit card.
- (3) The permitted surcharge is payable if the amount in the invoice is paid, in whole or in part, using a credit card or debit card.

[Regulation 15A inserted: Gazette 22 Jun 2018 p. 2212.]

15. Interest accruing on overdue amounts

If an amount payable under this Part is overdue, interest accrues daily on any part of that amount unpaid after the day on which the amount was due, at the rate of 11.71% per annum.

[Regulation 15 amended: Gazette 27 Jun 2016 p. 2538; 23 Jun 2017 p. 3324.]

Part 5 — Charges for the Water Corporation

Division 1 — Preliminary

16. Terms used

(1) In this Part, unless the contrary intention appears —

aged home means a facility that, in the opinion of the Water Corporation —

- (a) is used to provide accommodation for aged persons; and
- (b) is not operated for the purpose of profit or gain;

alienated land has the meaning given in the *Land Administration Act 1997* section 3(1);

boundary volume means the first or last volume in a volumetric range;

caravan bay means site as defined in the *Caravan Parks and Camping Grounds Act 1995* section 5(1);

central business districts means the districts described in Schedule 9;

change of circumstances includes —

- (a) land becoming or ceasing to be land in respect of which a water service charge applies;
- (b) a change in the classification of land;
- (c) the installation of a meter or a change in the size of a meter;
- (d) a change in the number of major fixtures for land;

charitable purposes means purposes that, in the opinion of the Water Corporation, involve —

- (a) the provision of relief or assistance to sick, aged, disadvantaged, unemployed or young persons; or
- (b) the conduct of other similar activities for the benefit of the public or in the interests of social welfare,

by a non-profit private organisation;

concession card holder means a person who holds a pensioner concession card, as defined in the *Rates and Charges (Rebates and Deferments) Act 1992* section 3(1), or a State concession card, as defined in section 3(1) of that Act;

concessional land has the meaning given in regulation 17;

consumption year, for quality/quantity charges for water supplied to land, means —

- (a) for land in the metropolitan area — a period determined by the Water Corporation for the land, commencing on a day that is between 1 January and 30 June (inclusive) and ending on a day that is within 20 days of the expiration of one year after the commencement of the period; and
- (b) for land in the non-metropolitan area — a period determined by the Water Corporation for the land, commencing on a day that is between 1 July and 31 August (inclusive) and ending on a day that is within 20 days of the expiration of one year after the commencement of the period;

desalinated water means water that has been treated to reduce or remove salts;

discharge factor, for working out the volume of wastewater discharged from land into a sewer of the Water Corporation during a period, means the following percentage of the water supplied to the land in the period —

- (a) the percentage agreed between the Water Corporation and the customer; or
- (b) in the absence of an agreement — 95%;

discharge volume, for land and a discharge year, means the approximate volume of wastewater (in kL) discharged from the land into a sewer of the Water Corporation during the course of the year —

- (a) if the volume of water supplied to the land is known — calculated by multiplying the volume of water supplied

to the land in the year by the discharge factor applicable to the land for the year; or

- (b) if the volume of water supplied to the land is not known — calculated by multiplying the estimated volume of water supplied to the land in the year by the discharge factor applicable to the land for the year; or
- (c) if neither paragraph (a) nor (b) are appropriate — estimated by the Water Corporation;

discharge year, means —

- (a) for quality/quantity charges for wastewater, other than trade waste, discharged from land — a period determined by the Water Corporation for the land for the purposes of the definition of **consumption year**; and
- (b) for quality/quantity charges for trade waste discharged from land — a period determined by the Water Corporation for the land, commencing on a day between 1 July and 31 December (inclusive) in a year and ending on a day that is within 20 days of the expiration of one year after the commencement of the period;

drainage area means an area designated by the Minister as a drainage area under regulation 45;

drainage charge means a water service charge set out in Schedule 5;

financial year, preceded by a reference to 2 calendar years (for example, 2014/15) means the financial year ending on 30 June in the second of those years;

government trading organisation means an organisation listed in Schedule 8;

GRV, of land, means the gross rental value of the land under the *Valuation of Land Act 1978*;

holiday accommodation means accommodation which —

- (a) is held out by the owner or occupier of the land on which the accommodation is situated as being available

for occupation for holiday purposes by persons other than the owner or occupier; or

- (b) is made available by that owner or occupier for those purposes,

unless, in the opinion of the Water Corporation, the accommodation is not held out or made available for the purpose of trade or business;

hydrant standpipe means a standpipe that can be attached to a hydrant;

irrigation district means an irrigation district constituted under the *Rights in Water and Irrigation Act 1914* Part IV;

irrigation works, of a person, include a dam, reservoir or other non-reticulated works of the person used in the provision of an irrigation service;

local government standpipe means a standpipe access to which is controlled by a local government;

long-term residential caravan bay means a caravan bay that is rented by a person as the person's principal place of residence;

lot means a lot in a strata scheme or a lot in a survey-strata scheme as those terms are defined in the *Strata Titles Act 1985* section 3(1);

major fixture means —

- (a) a water closet; and
- (b) each urinal outlet contained within a floor mounted urinal; and
- (c) each stand of wall hung urinals contained within a separate ablution area; and
- (d) a bedpan washer;

non-commercial government property means land held by a public authority other than —

- (a) land held by a government trading organisation; or
- (b) public land; or

(c) vacant land;

non-profit private organisation means a private organisation that is not operated for the purpose of profit or gain to individual members, shareholders or owners;

nursing home means a facility licensed by the Commonwealth to provide nursing home facilities;

park home means a park home as defined in the *Caravan Parks and Camping Grounds Act 1995* section 5(1);

public land means land used wholly or primarily for the provision of public facilities (for example, a park or land on which there is located public recreation facilities or a block of toilets or change rooms);

residential property, in relation to a water service charge, means land that —

- (a) is or could be classified as residential for the purposes of the Division under which the charge applies; and
- (b) is used as a dwelling;

retirement village means a number of units, the residents of which have a right to life tenancy under a lease arrangement and are predominantly —

- (a) over 55 years old and not in full-time employment; or
- (b) retired;

semi-rural residential property, in relation to a water service charge, means land that —

- (a) is classified as semi-rural residential for the purposes of the Division under which the charge applies; and
- (b) is used as a dwelling;

sewerage area means an area designated as a sewerage area under regulation 38;

sewerage charge means a water service charge set out in Schedule 4;

single capital infrastructure charge means a water service charge set out in Schedule 3 item 18(3);

special meter reading means a meter reading that is not a routine meter reading;

strata-titled caravan bay means a caravan bay that is a lot and a residential property;

water supply charge means a water service charge set out in Schedule 3.

- (2) If land is provided to a person for residential use as part of the provision of relief or assistance to sick, aged, disadvantaged, unemployed or young persons by a non-profit private organisation, then the use of that land by that person and any of his or her family for residential purposes is for charitable purposes.
- (3) In the definition of ***residential property***, the reference to land that could be classified as residential is a reference to land that meets the criteria for classification as residential land but is classified according to a more specific classification.
- (4) In this Part, a reference to land vested in a person or body includes a reference to land the care, control and management of which has been placed with the person or body under the *Land Administration Act 1997*.

*[Regulation 16 amended: Gazette 13 Dec 2016 p. 5690;
14 Jun 2019 p. 1930; 31 Dec 2019 p. 4665.]*

17. Concessional land

- (1) For the purposes of this Part, the following land is concessional land —
 - (a) land held by the State;
 - (b) land held by a government trading organisation;
 - (c) land vested in, held by or used or occupied by, a local government, other than —
 - (i) alienated land held by the local government as a tenant or otherwise used or occupied by the local

- government with the authority of the owner of the land; or
- (ii) land used for business purposes; or
 - (iii) land held or occupied by a tenant of the local government;
- (d) land belonging to or leased by a religious body and used or held exclusively for public worship, as a dwelling for a priest, minister, monk, nun or similar person, or for monastic purposes;
- (e) land used or held exclusively as a public hospital, public or private school, public library, public museum or public art gallery or for a similar purpose;
- (f) land used or held exclusively for charitable purposes;
- (g) land vested in any of the following —
- (i) a board under the *Parks and Reserves Act 1895*;
 - (ii) the Authority under the *Botanic Gardens and Parks Authority Act 1998*;
 - (iii) the Authority under the *Zoological Parks Authority Act 2001*;
 - (iv) the Royal Agricultural Society of Western Australia Inc.;
 - (v) an agricultural society registered under the *Royal Agricultural Society Act 1926*;
- (h) land used, occupied or held exclusively for the purposes of a society, club, association or other body that —
- (i) conducts sporting, hobby or like activities as its sole or principal activities; and
 - (ii) in the opinion of the Water Corporation, is not operated for the purpose of profit or gain to individual members, shareholders or owners; and
 - (iii) is not listed in subregulation (2);

- (i) land used on occasion for horse or greyhound racing if the land is used principally by societies, clubs, associations and other bodies described in paragraph (h);
 - (j) land used, occupied or held exclusively for the purposes of a club or association listed in subregulation (2) if —
 - (i) the land is used principally for horse or greyhound racing; and
 - (ii) no off-course betting facilities are provided by Racing and Wagering Western Australia (established by the *Racing and Wagering Western Australia Act 2003*) for any of the race meetings conducted on the land;
 - (k) land used or held as a cemetery;
 - (l) land that the Water Corporation declares, under this paragraph, to be concessional land for the purposes of this Part.
- (2) For the purposes of subregulation (1)(h) and (j), the following bodies are listed —
- (a) The Western Australian Turf Club and any club or association formed for the conduct or promotion of galloping horse races in Western Australia;
 - (b) the Western Australian Trotting Association constituted by the *Western Australian Trotting Association Act 1946* and any trotting club or association formed for the conduct or promotion of trotting or pacing horse races in Western Australia;
 - (c) the Western Australian Greyhound Racing Association established by the *Western Australian Greyhound Racing Association Act 1981* and any greyhound club or association formed for the conduct or promotion of greyhound racing in Western Australia.
- (3) Despite subregulation (1), land described in subregulation (1)(d), (e), (f), (g), (h), (i), (j) or (k) is not concessional land to the extent to which it is leased or otherwise

occupied for a purpose not related to a purpose described in the paragraph.

- (4) Land does not cease to be used, occupied or held exclusively for a purpose mentioned in subregulation (1) merely because it is used for fundraising for, or as a meeting place for, a religious or charitable purpose, or as a polling place for any parliamentary or other election.

Division 2 — Provisions of general application

18. Application of this Division

This Division applies to water service charges applicable under Divisions 3, 4, 5 and 6.

19. Payment of charges

- (1) In this regulation —
trade waste charge means a water service charge set out in Schedule 4 item 7, 8, 9 or 30 or Schedule 7 item 12, 13 or 14.
- (2) A water service charge, or a portion of a water service charge, that is payable is due for payment to the Water Corporation on the day specified in an invoice for the charge or the portion.
- (3) The day specified must be —
- (a) for a trade waste charge or a single capital infrastructure charge — at least 28 days after the day on which the invoice is issued; or
 - (b) for all other charges — at least 14 days after the day on which the invoice is issued.
- (4) A water service charge, other than a quality/quantity charge, may be due for payment, in whole or in part, in advance, but not before the beginning of the year for which the charge applies.

- (5) This regulation —
- (a) is subject to a special payment arrangement under regulation 21; and
 - (b) does not apply to a charge set out in Schedule 7 other than in item 12, 13 or 14.

20. Permitted surcharge for using credit card or debit card

- (1) In this regulation —
- permitted surcharge* has the meaning given in RBA Standard No. 3 of 2016;
- RBA Standard No. 3 of 2016* means the standard titled Standard No. 3 of 2016: Scheme Rules Relating to Merchant Pricing for Credit, Debit and Prepaid Card Transactions determined by the Reserve Bank of Australia under the *Payment Systems (Regulation) Act 1998* (Commonwealth) section 18, as in force from time to time.
- (2) An invoice for a statutory water service charge, or a portion of a statutory water service charge, may include a permitted surcharge for payments made using a credit card or debit card.
- (3) The permitted surcharge is payable if the amount in the invoice is paid, in whole or in part, using a credit card or debit card.
- [Regulation 20 inserted: Gazette 22 Jun 2018 p. 2213.]*

21. Special payment arrangements

- (1) This regulation does not apply to a single capital infrastructure charge.
- (2) The Water Corporation may enter into a special payment arrangement with a person for the payment of water service charges payable under this Part.
- (3) A special payment arrangement is on the terms and conditions, including as to the payment of additional charges and interest, that the Water Corporation considers appropriate, having regard to the person's circumstances.

- (4) However —
- (a) the arrangement must provide for payment by regular instalments; and
 - (b) if additional charges are payable under the arrangement — the amount of each additional charge cannot exceed \$3.00; and
 - (c) if interest is payable under the arrangement — the rate at which the interest is calculated cannot exceed the rate in regulation 29.

22. Estimating quantity of water or wastewater supplied, discharged or drained

- (1) Subregulation (2) applies to the extent to which the quantity of water or wastewater supplied to or discharged or drained from land is not accurately measured by a meter because of one of the following circumstances or a similar circumstance —
- (a) the meter is not functioning properly;
 - (b) the meter has been removed, for whatever reason;
 - (c) the meter cannot be read because a physical obstruction, adverse weather or other unforeseen circumstance prevents access to the meter.
- (2) For the purposes of calculating a water service charge for the supply of water to land or the discharge or drainage of water or wastewater from land, the Water Corporation may estimate the quantity of water or wastewater supplied, discharged or drained in accordance with one or more of the following paragraphs —
- (a) by adjusting the quantity registered by the meter to take account of an error found on testing the meter;
 - (b) by deducting from the volume of water supplied to the land, or a particular part of the land, an allowance for the volume of water supplied that was not discharged;
 - (c) in the case of water supplied for irrigation — by reference to the rate of flow and the period of supply;

- (d) by reference to historical data relating to the quantity of water supplied to the land;
 - (e) by reference to historical data relating to the discharge of wastewater from the land;
 - (f) by reference to typical quantities of water or wastewater supplied to, or discharged or drained from, land of that type.
- (3) Subregulations (1) and (2) also apply to a supply of water made other than in respect of land, to the extent to which they are relevant.
- (4) If water supplied for irrigation is not supplied through a meter then, for the purposes of calculating a water service charge for the supply of the water, the Water Corporation may estimate the quantity of water supplied by reference to the rate of flow and the period of supply.
- (5) This regulation does not apply in relation to the calculation of water service charges for the discharge of trade waste.

23. Determining quality and quantity of trade waste discharged

- (1) In this regulation —
approved meter means a meter approved by the Water Corporation.
- (2) Subregulation (3) applies to the extent to which the quantity of trade waste discharged from land into a sewer of the Water Corporation is not accurately measured by an approved meter.
- (3) For the purposes of calculating a water service charge for the discharge of trade waste from land into a sewer of the Water Corporation, the Water Corporation may determine the quantity of trade waste discharged in accordance with one or more of the following paragraphs —
- (a) if the quantity of wastewater discharged from the land, or a particular part of the land, into the sewer is accurately measured by an approved meter — by

- deducting from that quantity an allowance for wastewater discharged that was not trade waste;
- (b) by deducting from the quantity of water supplied to the land, or a particular part of the land, an allowance for the quantity of water supplied that was not discharged and an allowance for wastewater discharged that was not trade waste;
- (c) by reference to a waste discharge profile determined by the Water Corporation to be applicable to the type of trade, industry, business or calling from which the trade waste is discharged;
- (d) by reference to historical data relating to the discharge of wastewater or trade waste from the land;
- (e) by reference to information given to the Water Corporation in relation to —
- (i) the discharge of industrial waste under a permit under the *Country Towns Sewerage By-laws 1952*¹ or the *Metropolitan Water Supply, Sewerage and Drainage By-laws 1981*; or
 - (ii) the discharge of trade waste under an approval of the Water Corporation (referred to in the *Water Services Act 2012* Part 5 Division 6).
- (4) Subregulation (5) applies to the extent to which the quality of trade waste discharged from land into a sewer of the Water Corporation is not accurately measured.
- (5) For the purposes of calculating a water service charge for the discharge of trade waste from land into a sewer of the Water Corporation, the Water Corporation may determine the quality of trade waste discharged in accordance with one or more of the following paragraphs —
- (a) by reference to a waste discharge profile determined by the Water Corporation to be applicable to the type of

trade, industry, business or calling from which the trade waste is discharged;

- (b) by reference to historical data relating to the discharge of wastewater or trade waste from the land;
- (c) by reference to information given to the Water Corporation in relation to —
 - (i) the discharge of industrial waste under a permit under the *Country Towns Sewerage By-laws 1952*¹ or the *Metropolitan Water Supply, Sewerage and Drainage By-laws 1981*; or
 - (ii) the discharge of trade waste under an approval of the Water Corporation (referred to in the *Water Services Act 2012* Part 5 Division 6).

24. Vacant land: minimum charges before revaluation

- (1) If —
 - (a) land becomes vacant; and
 - (b) the Water Corporation is satisfied that the land is intended for residential purposes; and
 - (c) the area of land does not exceed 1 200 m²,

the water service charges applicable under Divisions 3, 4 and 5 are, until the commencement of the next financial year, the minimum charges for vacant land.

- (2) The minimum charges for vacant land are —
 - (a) for a water supply service — the charge set out in Schedule 3 item 14;
 - (b) for a sewerage service — the applicable charge set out in Schedule 4 item 3 or 11(3)(b);
 - (c) for a drainage service — the charge set out in Schedule 5 item 5.

25. Classification of land

- (1) The classification of land for a financial year is that of the land immediately before the beginning of the year unless the Water Corporation re-classifies the land during the year or classifies the land for the first time.
- (2) In the case of the 2014/15 financial year, the classification of land immediately before the beginning of the year is the classification under the *Water Agencies (Charges) By-laws 1987*².
- (3) This regulation does not apply in relation to the residential or non-residential class of a town or area as set out in Schedule 10 or 11.

26. Classification of land: holiday accommodation

If land is classified at any time during a financial year on the basis that it is used in whole or in part for the purpose of providing holiday accommodation, the land is to be classified for the remainder of the year on that basis unless —

- (a) the ownership or occupation of the land changes; and
- (b) the Water Corporation is satisfied that the land has ceased to be land used in whole or in part for the purpose of providing holiday accommodation.

27. Commercial caravan parks

- (1) Subject to subregulation (2), the water service charges for water supplied to, or wastewater discharged from, a commercial caravan park are calculated in the same manner as for other land classified as non-residential.
- (2) The operator of a commercial caravan park may nominate one or more caravan bays as long-term residential caravan bays, in which case —
 - (a) the nominated caravan bays are long-term residential caravan bays for the purposes of Schedules 3 and 4; and

- (b) the water supply charges set out in Schedule 3 Division 1 apply to the caravan park as a whole, except that the amount payable is to be reduced by multiplying it by the following proportion —

$$\frac{N}{T}$$

where —

N is the number of long-term residential caravan bays in the caravan park;

T is the total number of caravan bays in the caravan park;

and

- (c) the water supply charges set out in Schedule 3 Division 2 apply to the caravan park as a whole, except that the residential rate applies to the first V kL of water supplied, where —

V is 150 kL × the number of long-term residential caravan bays in the caravan park.

Note for this subregulation:

See Schedule 4 items 15 and 22 for sewerage charges for caravan parks with long-term residential caravan bays.

- (3) In subregulation (2)(c) —
residential rate means the rate for the supply of up to 150 kL of water to a residential property according to the location of the caravan park.
- (4) Water service charges that apply because of subregulation (2)(a) are in addition to the water service charges that apply to the caravan park as a whole.

28. Maximum increases for various GRV based charges

- (1) If, for a financial year, a water service charge calculated in respect of land under Schedule 4 item 2, 3 or 11 or Schedule 5

item 6 is more than 12% greater than the charge payable in respect of the land for the same service under the same circumstances in the previous financial year, the charge payable for the financial year cannot be more than 12% more than the charge payable for the previous financial year.

- (2) If, for a financial year, a water service charge calculated in respect of land under Schedule 5 item 4 or 5 is more than \$25.00 greater than the charge payable in respect of the land for the same service under the same circumstances in the previous financial year, the charge payable for the financial year cannot be more than \$25.00 more than the charge payable for the previous financial year.
- (3) If, because of a change of circumstances in a financial year, a water service charge set out in Schedule 4 item 2, 3 or 11 or Schedule 5 item 4, 5 or 6 commences to apply in respect of land, the charge payable for the remainder of the year is to be calculated as follows —
 - (a) the charge is to be calculated for the whole of the year on the basis of the new circumstances;
 - (b) the Water Corporation is to estimate a notional charge for the previous financial year in respect of the land, that is, the charge that would have been payable for that year if the new circumstances had applied to the land for the whole of that year;
 - (c) the charge calculated in accordance with paragraph (a) is to be limited in accordance with subregulation (1) or (2) (where relevant), using the notional charge estimated in accordance with paragraph (b);
 - (d) the charge calculated in accordance with paragraph (a), as limited in accordance with paragraph (c) (where relevant), is to be reduced pro rata.
- (4) If, in a financial year, there is a change of circumstances in relation to which subregulation (3) applies and a subsequent change of circumstances in relation to which the subregulation

applies, the reference in the subregulation to the remainder of the year is, for the purposes of the first mentioned application of the subregulation, to be read as a reference to that part of the year commencing on the day on which the change of circumstances occurs and ending on the day before the day on which the subsequent change of circumstances occurs.

[Regulation 28 amended: Gazette 30 Jun 2015 p. 2364; 27 Jun 2016 p. 2538; 15 Sep 2017 p. 4796; 22 Jun 2018 p. 2213; 14 Jun 2019 p. 1930.]

29. Interest accruing on overdue amounts

If an amount payable under this Part is overdue, interest accrues daily on any part of that amount unpaid after the day on which the amount was due, at the rate set out in the *Water Services Regulations 2013* regulation 82.

[Regulation 29 amended: Gazette 27 Jun 2016 p. 2538; 13 Dec 2016 p. 5690.]

Division 3 — Water supply charges

30. Land connected to water supply works

In this Division, a reference to land connected to water supply works of the Water Corporation is a reference to land on which there is a water supply outlet that is connected to water supply works of the Water Corporation.

31. Water supply charges

- (1) The water service charges set out in Schedule 3, other than in Division 1 Subdivision 3 and Division 2 Subdivision 3, apply, in accordance with the Schedule, in respect of land in respect of which a water supply service is provided by the Water Corporation.
- (2) If the Water Corporation is satisfied that it is practicable for water supply works of the Water Corporation to be connected to a water supply outlet on land then, for the purposes of

subregulation (1), a water supply service is to be taken to be provided in respect of the land by the Water Corporation, despite those works not being connected to a water supply outlet on the land.

- (3) A water service charge set out in Schedule 3 Division 1 Subdivision 3 or Division 2 Subdivision 3 applies, in accordance with the Schedule, in respect of the service described.
- (4) If the service referred to in subregulation (3) —
 - (a) is provided in respect of land — the charge applies in respect of the land; or
 - (b) is not provided in respect of land — the recipient of the service is liable for the charge.
- (5) A water supply charge is not payable if land in respect of which it applies —
 - (a) is not connected to water supply works of the Water Corporation; and
 - (b) is either —
 - (i) concessional land; or
 - (ii) land that is not classified capital infrastructure but is reasonably capable of being supplied by the Water Corporation with water from works provided in relation to land that is so classified.

32. Classification of land

- (1) For the purposes of this Division, land may be classified by the Water Corporation as follows —
 - (a) residential — if the Water Corporation is satisfied that the land —
 - (i) is used, or is capable of being used, wholly or primarily for the purpose of providing residential accommodation to the owner or occupier of the land; and

- (ii) is not used in whole or in part for the purpose of providing holiday accommodation;
- (b) commercial residential — if the Water Corporation is satisfied that —
 - (i) the land is used as described in paragraph (a); and
 - (ii) the land is also used for the purpose of a shop, workshop, office, bakery, surgery or another similar business purpose;
- (c) semi-rural residential — if the land is in the metropolitan area and the Water Corporation is satisfied that —
 - (i) the land is used as described in paragraph (a); and
 - (ii) the land is also used for the purpose of primary production, which includes use for the purpose of a farm, market garden, kennel, plant nursery, orchard, stable, vineyard or another similar purpose; and
 - (iii) water supplied to the land by the Water Corporation is used wholly or primarily for the purposes of the use referred to in subparagraph (i);
- (d) non-residential — if the Water Corporation is satisfied that the land is used for business or professional purposes, holiday accommodation, manufacturing, processing or other commercial processes;
- (e) farmland — if the Water Corporation is satisfied that the land is farmland and supplies water to the land;
- (f) mining — if the land is in the non-metropolitan area and the Water Corporation is satisfied that it is used for the purposes of mining;
- (g) institutional public — if the land is in the non-metropolitan area and the Water Corporation is

satisfied that it is used by a club or association, or for some other public purpose, approved by the Water Corporation;

- (h) charitable purposes — if the Water Corporation is satisfied that the land is used for charitable purposes;
 - (i) community residential — if the Water Corporation is satisfied that the land is occupied as a communal property on which several families dwell at the same time and is managed by the persons dwelling on the land or a committee of them;
 - (j) local government — if the land is in the non-metropolitan area and the Water Corporation is satisfied that it is used by a local government for business, professional, commercial or office purposes;
 - (k) aged home — if the land is in the metropolitan area and the Water Corporation is satisfied that it is used as an aged home;
 - (l) vacant land — if the Water Corporation is satisfied that —
 - (i) there is no building on the land; or
 - (ii) if there is, the building is not fit for its intended purpose and there is no other appropriate classification for the land under this regulation.
- (2) Subject to subregulations (3), (4) and (5), if land can be given more than one classification under subregulation (1), the more specific classification applies to the land to the exclusion of any other.
- (3) If land satisfies the criteria set out in subregulation (1)(a) and (h), the Water Corporation may classify the land as residential for the purposes of Schedule 3 Division 2.
- (4) For the purposes of this Division, land may be classified by the Water Corporation as capital infrastructure, irrespective of any

other classification under this regulation (other than under subregulation (5)), if —

- (a) the land is in the locality of Nilgen; and
 - (b) the Water Corporation provides or is to provide water service works to supply water to the land.
- (5) For the purposes of this Division, concessional land may be classified as community purpose, irrespective of any other classification under this regulation, if the Water Corporation is satisfied that the land is primarily used for non-commercial purposes that benefit the community.

[Regulation 32 amended: Gazette 14 Jun 2019 p. 1930.]

33. Change of occupancy during year

- (1) If —
- (a) there is a change in the occupation of a land to which a water service charge set out in Schedule 3 item 26 or 30 applies; and
 - (b) within 10 days before or after the change in occupation the new occupier obtains a special meter reading from the Water Corporation,

the charge payable for the supply of water to the land from the day on which the meter was read until the end of the current consumption year is worked out as if the volumetric ranges in the item were reduced by multiplying each boundary volume for the first 2 volumetric ranges by the following fraction —

$$\frac{N}{12}$$

where —

N is the number of whole or part months before the end of the current consumption year.

- (2) If there is a subsequent change in occupation before the end of the current consumption year, the references in subregulation (1) to the end of the current consumption year are to be read as references to the subsequent change of occupation.

[Regulation 33 amended: Gazette 27 Jun 2016 p. 2539.]

34. Concessions: consumption charges

- (1) A person who is liable to pay a water supply charge set out in Schedule 3 item 26, 30 or 33 for water supplied to land in a charge period is entitled to a discount of 50% of the charge if —
- (a) the person satisfies the Water Corporation that he or she was an eligible pensioner at any time during the charge period; and
 - (b) the land was occupied by the person during the whole of the charge period, whether or not the land was also occupied by any other person; and
 - (c) no water supply charges set out in Schedule 3 Division 2 for which the person was liable are in arrears; and
 - (d) the person has not been allowed a concession under this regulation in respect of water supplied to any other land in the charge period.
- (2) However, if the person commences or ceases to occupy the land during the charge period —
- (a) subregulation (1)(b) does not apply to any part of the period before the person commenced to occupy the land, or after the person ceased to occupy the land, whichever is relevant; and
 - (b) if the person has been allowed a concession under this regulation in respect of water supplied to any other land in the charge period — subregulation (1)(d) is to be taken to have been satisfied if the portions of the periods to which the respective concessions relate do not, to any extent, coincide.

- (3) Despite subregulation (1), the discount for charges payable for water supplied to land during the current consumption year cannot exceed 50% of the charge —
- (a) for land in the metropolitan area — for the first 150 kL of water supplied to the land in the consumption year;
 - (b) for land in the town of Cue, Laverton, Leonora, Meekatharra, Menzies, Mount Magnet, Mullewa, Sandstone, Wiluna or Yalgoo — for the first 600 kL of water supplied to the land in the consumption year;
 - (c) for land south of 26° South Latitude, other than land covered by paragraph (a) or (b) — for the first 400 kL of water supplied to the land in the consumption year;
 - (d) for land north of 26° South Latitude — for the first 600 kL of water supplied to the land in the consumption year.
- (4) In relation to land in the non-metropolitan area, the Water Corporation may, having regard to the circumstances of a particular person, disregard the requirement in subregulation (1)(b) in relation to the person.
- (5) This regulation does not apply to a person entitled to a rebate under regulation 35.

35. Concessions: certain occupiers of multi-unit developments

- (1) A person who is liable to pay a water supply charge set out in Schedule 3 Division 2 for water supplied in a charge period to a residential unit in a multi-unit development is entitled to the rebate on the charge set out in subregulation (2) if —
- (a) the person is —
 - (i) an eligible pensioner who is a registered person, as defined in the *Rates and Charges (Rebates and Deferrals) Act 1992* section 3(1), and who was registered immediately before the charge period; or

- (ii) a concession card holder who is registered with the Water Corporation for the purposes of this regulation on the basis that the person is a tenant in the multi-unit development and who was registered immediately before the charge period;
 - and
 - (b) in respect of the water supply to the multi-unit development, the units are not individually metered; and
 - (c) the unit was occupied by the person during the whole of the charge period, whether or not the land was also occupied by any other person.
- (2) The rebate is 50% of the charge for the average unit consumption for the charge period.
- (3) Despite subregulation (2), the discount for charges payable for water supplied to a multi-unit development during the current consumption year cannot exceed 50% of the charge —
- (a) for a unit in the metropolitan area — for the first 150 kL of water supplied to the multi-unit development in the consumption year;
 - (b) for a unit in the town of Cue, Laverton, Leonora, Meekatharra, Menzies, Mount Magnet, Mullewa, Sandstone, Wiluna or Yalgoo — for the first 600 kL of water supplied to the multi-unit development in the consumption year;
 - (c) for a unit south of 26° South Latitude, other than land covered by paragraph (a) or (b) — for the first 400 kL of water supplied to the multi-unit development in the consumption year;
 - (d) for a unit north of 26° South Latitude — for the first 600 kL of water supplied to the multi-unit development in the consumption year.
- (4) In subregulation (1), a reference to a multi-unit residential development includes a reference to a caravan park.

- (5) In subregulation (2), the average unit consumption for a charge period is the total volume of water supplied to the multi-unit development in the charge period divided by the number of units in the development.
- (6) The Water Corporation may, having regard to the circumstances of a particular person, disregard the requirement in subregulation (1)(a) that the person have been a registered person or registered with the Water Corporation before the charge period.
- (7) A rebate must be —
 - (a) paid to the person entitled to it; or
 - (b) credited against any other liability the person may have to pay water service charges to the Water Corporation.
- (8) A person registered with the Water Corporation for the purposes of this regulation must, within 21 days, advise the Water Corporation in writing of the person —
 - (a) ceasing to be an eligible pensioner; or
 - (b) ceasing to occupy the unit the subject of the registration with the Water Corporation.

36. Concessions: certain retirement village residents

- (1) If a person was, immediately before 1 July 2005, liable to pay the charge set out in the *Water Agencies (Charges) By-laws 1987*² Schedule 1 item 1 in respect of a unit in a retirement village and the person is liable on or after 1 July 2014 to pay the charge set out in Schedule 3 item 3 in respect of the unit, the person is entitled to a discount on the charge of the lesser of —
 - (a) 25% of the charge; and
 - (b) \$18.14.

- (2) Subregulation (1) does not apply if a person registers an entitlement as to land under the *Rates and Charges (Rebates and Deferments) Act 1992* in respect of the unit.

[Regulation 36 amended: Gazette 30 Jun 2015 p. 2364; 27 Jun 2016 p. 2539; 23 Jun 2017 p. 3324.]

Division 4 — Sewerage charges

37. Land connected to sewerage works

In this Division, a reference to land connected to sewerage works of the Water Corporation is a reference to land on which there is a wastewater inlet that is connected to sewerage works of the Water Corporation.

38. Sewerage areas

- (1) The Water Corporation may designate an area as a sewerage area.
- (2) An area cannot be designated as a sewerage area unless it is within the operating area of the Water Corporation's licence for sewerage services.
- (3) The Water Corporation may amend or revoke a designation.
- (4) The Water Corporation must publish, and keep up-to-date, each designation on a website of the Water Corporation.
- (5) A sewerage area under the *Country Towns Sewerage Act 1948*³ section 4 in effect immediately before the day on which the *Water Services Legislation Amendment and Repeal Act 2012* section 200(a) came into operation is to be taken to have been designated as a sewerage area under subregulation (1) and the designation may be revoked, but not amended, under subregulation (3).
- (6) Subregulation (4) does not apply in relation to a sewerage area taken to have been designated as a sewerage area under subregulation (5) until 1 July 2015.

- (7) To comply with subregulation (4) in relation to sewerage areas taken to have been designated as sewerage areas under subregulation (5) the Water Corporation may publish copies of Orders in Council made under the *Country Towns Sewerage Act 1948*³ section 4.

39. Sewerage charges

- (1) The water service charges set out in Schedule 4, other than in Division 3, apply, in accordance with the Schedule, in respect of land in respect of which a sewerage service is provided by the Water Corporation.
- (2) If the Water Corporation is satisfied that it is practicable for sewerage works of the Water Corporation to be connected to a wastewater inlet on land then, for the purposes of subregulation (1), a sewerage service is to be taken to be provided in respect of the land by the Water Corporation, despite those works not being connected to a wastewater inlet on the land.
- (3) A water service charge set out in Schedule 4 Division 3 applies, in accordance with the Schedule, in respect of the discharge described and the holder of the approval under which the discharge takes place is liable for the charge.
- (4) A sewerage charge is not payable if land in respect of which it applies is —
- (a) concessional land; and
 - (b) not connected to sewerage works of the Water Corporation.

40. Classification of land

- (1) For the purposes of this Division, land that is not concessional land may be classified by the Water Corporation as follows —
 - (a) residential — if the Water Corporation is satisfied that the land —
 - (i) is used, or is capable of being used, wholly or primarily for the purpose of providing residential accommodation to the owner or occupier of the land; and
 - (ii) is not used in whole or in part for the purpose of providing holiday accommodation;
 - (b) semi-rural residential — if the land is in the metropolitan area and the Water Corporation is satisfied that —
 - (i) the land is used as described in paragraph (a); and
 - (ii) the land is also used for the purpose of primary production, which includes use for the purpose of a farm, market garden, kennel, plant nursery, orchard, stable, vineyard or another similar purpose; and
 - (iii) water supplied to the land by the Water Corporation is used wholly or primarily for the purposes of the use referred to in subparagraph (i);
 - (c) non-residential — if the Water Corporation is satisfied that the land is used for business or professional purposes, holiday accommodation, manufacturing, processing or other commercial processes;
 - (d) vacant land — if the Water Corporation is satisfied that —
 - (i) there is no building on the land; or

- (ii) if there is, the building is not fit for its intended purpose and there is no other appropriate classification for the land under this regulation.
- (2) For the purposes of this Division, concessional land may be classified by the Water Corporation as follows —
 - (a) charitable purposes — if the Water Corporation is satisfied that the land is used for charitable purposes;
 - (b) institutional public — if the Water Corporation is satisfied that the land is used by a club or association, or for some other public purpose, approved by the Water Corporation;
 - (c) community residential — if the Water Corporation is satisfied that the land is occupied as a communal property on which several families dwell at the same time and is managed by the persons dwelling on the land or a committee of them;
 - (d) local government — if the land is in the non-metropolitan area and the Water Corporation is satisfied that it is used by the local government for business, professional, commercial or office purposes;
 - (e) aged home — if the Water Corporation is satisfied that the land is used as an aged home;
 - (f) community purpose — if the Water Corporation is satisfied that the land cannot be classified under another paragraph of this subregulation.
- (3) If land can be given more than one classification under subregulation (1) or (2), the more specific classification within the subregulation applies to the land to the exclusion of any other.

41. Minimum charges: Schedule 4 Division 2

- (1) The minimum charge, under Schedule 4 Division 2, in respect of land that has a metered supply of water is the greater of —
 - (a) the service charge for the land calculated in accordance with Schedule 4 item 18 or 25 (whichever is relevant); and
 - (b) the charge according to the number of major fixtures for the land, that is, “C” in Schedule 4 item 18 or 25 (whichever is relevant).
- (2) The minimum charge, under Schedule 4 Division 2, in respect of land that has a supply of water that is not metered is the applicable charge under that Division calculated on the basis of a discharge charge of zero.
- (3) The minimum charge, under Schedule 4 Division 2, in respect of land in respect of which a sewerage service is taken to be provided under regulation 39(2) is the applicable charge under that Division calculated on the basis of a discharge charge of zero.

42. Estimating charge, or volume discharged, for previous year: Schedule 4 Division 2

- (1) In this regulation —

combined charge means a water service charge set out in Schedule 4 Division 2.
- (2) If, in calculating a combined charge in respect of land, the Water Corporation is required to take into account a charge payable for the previous financial year in respect of the land but no such charge was payable, the Water Corporation must estimate a notional charge for the previous financial year for the land, that is, the charge that would have been payable for the year if the circumstances currently prevailing had applied to the land for the whole of the year.

- (3) If, in calculating a combined charge in respect of land, the Water Corporation is required to take into account a discharge volume for a discharge year for the land, other than the current discharge year, but no such volume can be determined because water was not supplied by the Water Corporation to the land for the whole of the year, the Water Corporation must estimate a notional discharge volume for the year for the land, that is, the volume that would most likely have been discharged for the year if the circumstances currently prevailing had applied to the land for the whole of the year.
- (4) If —
- (a) because of a change of circumstances during a financial year there is a change in the amount of a combined charge that applies to land; and
 - (b) the Water Corporation, in calculating the charge in respect of the land, is required to take into account a charge payable for the previous financial year for the land,

the Water Corporation is to estimate a notional charge for the previous financial year for the land, that is, the charge that would have been payable for the year if the circumstances currently prevailing had applied to the land for the whole of the year.

**43. Determining number of major fixtures: Schedule 4
Division 2**

- (1) For the purposes of Schedule 4 Division 2, the number of major fixtures for land in respect of which a sewerage service is provided by the Water Corporation is to be determined in accordance with this regulation.
- (2) If the land does not have the benefit of any major fixtures that are shared with other land, the number of major fixtures for the land is the number on the land.

- (3) If the land has the benefit of one or more major fixtures that are shared with other land, the number of major fixtures for the land is —
- (a) the number of major fixtures on the land that are not shared with other land (if any); plus
 - (b) the number of major fixtures shared with other land divided by the number of properties sharing those fixtures, rounded down to the nearest whole number.
- (4) The minimum number of major fixtures for the land is, or is to be taken to be, one, whether or not there are any major fixtures on the land or the land has the benefit of any major fixtures shared with other land.

44. Concessions: certain retirement village residents

- (1) If a person was, immediately before 1 July 2005, liable to pay the charge set out in the *Water Agencies (Charges) By-laws 1987*² Schedule 3 item 8 or 10(a) in respect of a unit in a retirement village and the person is liable on or after 1 July 2014 to pay the charge set out in Schedule 4 item 2 or 11 in respect of the unit, the person is entitled to a discount on the charge of the lesser of —
- (a) 25% of the charge; and
 - (b) \$72.69.
- (2) Subregulation (1) does not apply if a person registers an entitlement as to land under the *Rates and Charges (Rebates and Deferments) Act 1992* in respect of the unit.

[Regulation 44 amended: Gazette 30 Jun 2015 p. 2364; 27 Jun 2016 p. 2539; 23 Jun 2017 p. 3325.]

Division 5 — Drainage charges

45. Drainage areas

- (1) The Minister may, by instrument published in the *Gazette*, designate an area as a drainage area if satisfied that the area

benefits or will benefit from, or contributes or will contribute to, the need for the drainage provided or to be provided by a drainage asset of the Water Corporation.

- (2) An area cannot be designated as a drainage area unless it is within the operating area of the Water Corporation's licence for drainage services.
- (3) The Minister may, by instrument published in the *Gazette*, revoke the designation of an area as a drainage area if satisfied that the area no longer benefits from or contributes to the need for the drainage provided by a drainage asset of the Water Corporation.
- (4) A designation under subregulation (1) may create a new drainage area or extend an existing drainage area, and a revocation under subregulation (3) may revoke the designation of the whole of or a part of an existing drainage area.
- (5) A designation that extends an existing drainage area, and a revocation of a part of an existing drainage area, maybe by way of amendment to the current designation of the drainage area.
- (6) The Water Corporation must publish, and keep up-to-date, each designation on a website of the Water Corporation.
- (7) A drainage area under the *Metropolitan Water Authority Act 1982*⁴ section 104 in effect immediately before the day on which the *Water Services Legislation Amendment and Repeal Act 2012* section 20 came into operation is to be taken to have been designated as a drainage area under subregulation (1), and the designation may be revoked, in whole, under subregulation (3).
- (8) Subregulation (6) does not apply in relation to a drainage area taken to have been designated as a drainage area under subregulation (7) until 1 July 2015.
- (9) To comply with subregulation (6) in relation to drainage areas taken to have been designated as drainage areas under subregulation (7) the Water Corporation may publish copies of

declarations made under the *Metropolitan Water Authority Act 1982*⁴ section 104 as in effect before the day on which the *Water Services Legislation Amendment and Repeal Act 2012* section 20 came into operation.

46. Drainage areas: notice of and objections to proposed designation

- (1) Before the Minister designates an area as a drainage area, the Minister must —
 - (a) give 2 months' notice of the proposed designation; and
 - (b) take into account any objections made under subregulation (3).
- (2) Notice of a proposal to designate an area as a drainage area must —
 - (a) be published in the *Gazette* and on the Department's website; and
 - (b) include —
 - (i) the date on or after which the Minister proposes to make the designation; and
 - (ii) a description of the area sufficient to identify its location; and
 - (iii) details of the plan on which the proposed drainage area is set out and how the plan can be inspected.
- (3) A person with a material interest in a proposal to designate an area as a drainage area may object to the proposal in writing to the Minister within one month after the day on which notice of the proposal is published in the *Gazette*.

[Regulation 46 amended: Gazette 13 Dec 2016 p. 5691.]

47. Drainage charges

- (1) The water service charges set out in Schedule 5 apply, in accordance with the Schedule, in respect of land in a drainage area.
- (2) A drainage charge is not payable if land in respect of which the charge applies is concessional land.
- (3) A drainage charge is not payable if land in respect of which it applies is —
 - (a) greater than one hectare in area; and
 - (b) comprised wholly of —
 - (i) rural land; or
 - (ii) land that has not been the subject of development.

- (4) In subregulation (3) —

development has the meaning given in the *Planning and Development Act 2005* section 4(1);

rural land means land zoned for agricultural or rural use under a local planning scheme made under the *Planning and Development Act 2005*.

48. Classification of land

For the purposes of this Division, land may be classified by the Water Corporation as follows —

- (a) residential — if the Water Corporation is satisfied that the land —
 - (i) is used, or is capable of being used, wholly or primarily for the purpose of providing residential accommodation to the owner or occupier of the land; and
 - (ii) is not used in whole or in part for the purpose of providing holiday accommodation;

- (b) semi-rural residential — if the land is in the metropolitan area and the Water Corporation is satisfied that —
 - (i) the land is used as described in paragraph (a); and
 - (ii) the land is also used for the purpose of primary production, which includes use for the purpose of a farm, market garden, kennel, plant nursery, orchard, stable, vineyard or another similar purpose; and
 - (iii) water supplied to the land by the Water Corporation is used wholly or primarily for the purposes of the use referred to in subparagraph (i);
- (c) non-residential — if the Water Corporation is satisfied that the land is used for business or professional purposes, holiday accommodation, manufacturing, processing or other commercial processes;
- (d) vacant land — if the Water Corporation is satisfied that —
 - (i) there is no building on the land; or
 - (ii) if there is, the building is not fit for its intended purpose and there is no other appropriate classification for the land under this regulation.

49. Concessions: certain retirement village residents

- (1) If a person was, immediately before 1 July 2005, liable to pay the charge set out in the *Water Agencies (Charges) By-laws 1987*² Schedule 4 item 3 in respect of a unit in a retirement village and the person is liable on or after 1 July 2014 to pay the charge set out in Schedule 5 item 4 in respect of the unit, the person is entitled to a discount on the charge of the lesser of —
 - (a) 25% of the charge; and

(b) \$9.17.

- (2) Subregulation (1) does not apply if a person registers an entitlement as to land under the *Rates and Charges (Rebates and Deferments) Act 1992* in respect of the unit.

[Regulation 49 amended: Gazette 30 Jun 2015 p. 2365; 27 Jun 2016 p. 2539; 23 Jun 2017 p. 3325.]

Division 6 — Irrigation charges

50. Charges for water supplied from certain irrigation works

- (1) The water service charges set out in Schedule 6 apply in respect of land that is supplied with water from irrigation works of the Water Corporation in the Ord Irrigation District.
- (2) For the purposes of this regulation —
- (a) the supply of water from irrigation works includes authorising a person to take water from the works; and
 - (b) the Ord River is to be taken to be irrigation works of the Water Corporation to the extent to which the river is used by the Water Corporation to, in effect, deliver water to persons who are to be supplied with water by the Water Corporation.
- (3) The water service charge set out in Schedule 6 item 2 is not payable if land in respect of which the charge applies is concessional land.

Division 7 — Miscellaneous charges

51. Miscellaneous charges

- (1) Schedule 7 sets out charges for certain things done, or goods and services provided, by the Water Corporation as part of or incidental to the provision of a water service.

- (2) The Water Corporation may —
- (a) require payment of a charge, set out in Schedule 7, in advance; and
 - (b) reduce or waive a charge in a particular case, or generally, if it considers that to be appropriate.

Part 6 — Repeal of regulations and transitional provisions

Division 1 — *Water Services (Water Corporations Charges) Regulations 2013* repealed

52. *Water Services (Water Corporations Charges) Regulations 2013* repealed

The *Water Services (Water Corporations Charges) Regulations 2013* are repealed.

Division 2 — Transitional provisions: *Water Services (Water Corporations Charges) Regulations 2014*

[Heading amended: Gazette 15 Oct 2014 p. 3943.]

Subdivision 1 — General provisions

53. Application of the *Interpretation Act 1984*

This Division does not limit the operation of the *Interpretation Act 1984*.

54. Liability to water service charges

These regulations are to be read and construed so that a person's liability to water service charges under these regulations is, to the extent not inconsistent with these regulations, as nearly as possible the same as if these regulations had not been enacted and the *Water Agencies (Charges) By-laws 1987*² had instead been amended to provide for water service charges in the terms in which they are provided for by these regulations.

55. Continuing effect of things done before 1 July 2014

- (1) This regulation applies to an act, matter or thing done or omitted to be done under or for the purposes of a provision of the *Water Agencies (Charges) By-laws 1987*² (the ***old provision***) before

1 July 2014 by a person, to the extent to which that act, matter or thing has any force or significance on and after 1 July 2014.

- (2) The act, matter or thing is, if there is a provision of these regulations that corresponds to the old provision in relation to that act, matter or thing, to be taken, on and after 1 July 2014, to have been done or omitted by the person under or for the purposes of the corresponding provision of these regulations.

56. Relationship between Subdivision 1 and Subdivision 2

The generality of the provisions in this Subdivision is not limited by the specificity of the provisions in Subdivision 2.

Subdivision 2 — Specific provisions

57. Commencement of these regulations during charge period

- (1) This regulation applies in relation to —
- (a) a water service charge set out in Schedule 1 Division 2, Schedule 2 Division 2, Schedule 3 Division 2 or Schedule 4 Division 2 or 3; and
 - (b) a charge period that commences before 1 July 2014 and ends on or after 1 July 2014.
- (2) The amount of the charge payable under the Division for the part of the charge period that commences on 1 July 2014 is to be worked out as if the rate or amount of the charge were the rate or amount for the corresponding charge under the *Water Agencies (Charges) By-laws 1987*² as in effect immediately before 1 July 2014.

58. Special payment arrangements

A special payment arrangement for the payment of charges entered into under the *Water Agencies (Charges) By-laws 1987*² by-law 8, has effect —

- (a) for the purposes of these regulations as if entered into under regulation 21; and

- (b) in relation to the corresponding charge or charges under these regulations.

59. Commercial caravan parks

The nomination by the operator of a commercial caravan park of caravan bays as long-term residential caravan bays, under the *Water Agencies (Charges) By-laws 1987²* by-law 17A, has effect for the purposes of these regulations as if made under regulation 27.

60. Certain charges and discharge volumes before 1 July 2014

- (1) For the purposes of the application of these regulations in the 2014/15 financial year, a reference to a charge payable for the previous financial year under a provision of these regulations is a reference to the charge payable under the corresponding provision of the *Water Agencies (Charges) By-laws 1987²* as in effect for the 2013/14 financial year.
- (2) If the Water Corporation is required to estimate a notional charge for the 2013/14 financial year under regulation 28 or 42, the Water Corporation is to do so in accordance with the *Water Agencies (Charges) By-laws 1987²* as in effect for that year.
- (3) For the purposes of the application of Schedule 4 Division 2 in the 2014/15 and 2015/16 financial years and the determination of a discharge volume for a discharge year that commenced before 1 July 2014, the discharge factors applicable under the *Water Agencies (Charges) By-laws 1987²*, as in effect at the relevant time, are to be used.

61. Concessions: r. 34 and 35

- (1) The reference in regulation 34(1)(c) to water service charges set out in Schedule 3 Division 2 being in arrears includes a reference to charges under the corresponding provisions of the *Water Agencies (Charges) By-laws 1987²* being in arrears.

Water Services (Water Corporations Charges) Regulations 2014

Part 6 Repeal of regulations and transitional provisions

Division 3 Transitional provisions: Water Services (Water Corporations Charges) Amendment Regulations (No. 2) 2014

r. 62

- (2) The reference in regulation 34(2)(b) to a concession under the regulations includes a reference to a concession under the corresponding provision of the *Water Agencies (Charges) By-laws 1987*².
- (3) A person who was, immediately before 1 July 2014, registered with the Water Corporation for the purposes of the *Water Agencies (Charges) By-laws 1987*² by-law 18B becomes, on 1 July 2014, a person registered with the Water Corporation for the purposes of regulation 35.

Division 3 — Transitional provisions: Water Services (Water Corporations Charges) Amendment Regulations (No. 2) 2014

[Heading inserted: Gazette 15 Oct 2014 p. 3944.]

62. Application of r. 5

Regulation 5 does not apply in relation to the amendments effected by the *Water Services (Water Corporations Charges) Amendment Regulations (No. 2) 2014*.

[Regulation 62 inserted: Gazette 15 Oct 2014 p. 3944.]

63. Reduction, waiver or refund of certain charges

- (1) This regulation applies in relation to a water service charge paid or payable, under regulation 7 or 12, for water supply services provided in respect of land, or water supplied to land, during the period commencing on 1 July 2014 and ending on 31 October 2014.
- (2) The Bunbury Water Corporation or the Busselton Water Corporation (whichever is relevant) may reduce, waive or refund an amount of a charge.
- (3) The amount of a reduction, waiver or refund is limited to the amount necessary to place a person in the same position that they would have been in had the amendments in the *Water Services (Water Corporations Charges) Amendment Regulations (No. 2) 2014* come into operation on 1 July 2014.

-
- (4) A refund may be provided in the form of a credit against future water service charges.

[Regulation 63 inserted: Gazette 15 Oct 2014 p. 3944.]

Schedule 1 — Charges for Bunbury Water Corporation

[r. 7]

[Heading inserted: Gazette 14 Jun 2019 p. 1931.]

Division 1 — Service charges

[Heading inserted: Gazette 14 Jun 2019 p. 1931.]

1. Service charges for 2019/20 year and subsequent years

The charges set out in this Division apply for water supply services provided in the 2019/20 financial year and each subsequent year.

2. Residential lots

For a residential lot, the charge is \$251.89

3. Non-residential lots

For a non-residential lot, the charge, according to the size of the meter, is —

20 mm	\$251.89
25 mm	\$393.00
40 mm	\$1 007.60
50 mm	\$1 574.40
80 mm	\$4 030.40
100 mm	\$6 297.50
150 mm	\$14 169.40

4. Fire service connections

For a fire service connection, the charge, according to the size of the meter, is —

25 mm	\$143.30
40 mm	\$229.30
50 mm	\$286.60

100 mm	\$573.20
150 mm	\$859.80
200 mm	\$1 146.40

[Division 1 inserted: Gazette 14 Jun 2019 p. 1931-2.]

Division 2 — Consumption charges

[Heading inserted: Gazette 14 Jun 2019 p. 1932.]

5. Consumption charges for 2019/20 year and subsequent years

The charges set out in this Division apply for water supplied in the 2019/20 financial year and each subsequent year.

6. Residential lots

(1) For each kilolitre of water supplied to a residential lot, the charge is —

up to 150 kL	\$1.05
over 150 but not over 350 kL	\$1.94
over 350 but not over 500 kL	\$2.77
over 500 kL	\$3.43

(2) The volumetric ranges in this item have effect by reference to the volume of water supplied in the current consumption year.

7. Non-residential lots

For each kilolitre of water supplied to a non-residential lot, the charge is

.....	\$2.77
-------	--------

[Division 2 inserted: Gazette 14 Jun 2019 p. 1932.]

Schedule 2 — Charges for Busselton Water Corporation

[r. 12]

[Heading inserted: Gazette 14 Jun 2019 p. 1933.]

Division 1 — Service charges

[Heading inserted: Gazette 14 Jun 2019 p. 1933.]

1. Service charges for 2019/20 year and subsequent years

The charges set out in this Division apply for water supply services provided in the 2019/20 financial year and each subsequent year.

2. Residential lots

For a residential lot, the charge is \$219.35

3. Non-residential lots

For a non-residential lot, the charge, according to the size of the meter, is —

20 mm	\$219.35
25 mm	\$342.73
40 mm	\$877.40
50 mm	\$1 370.93
80 mm	\$3 509.60
100 mm	\$5 483.73
150 mm	\$12 338.40

4. Vacant land

For vacant land, the charge is \$219.35

5. Fire service connections

For a fire service connection, the charge is \$219.35

[Division 1 inserted: Gazette 14 Jun 2019 p. 1933.]

Division 2 — Consumption charges

[Heading inserted: Gazette 14 Jun 2019 p. 1934.]

6. Consumption charges for 2019/20 year and subsequent years

The charges set out in this Division apply for water supplied in the 2019/20 financial year and each subsequent year.

7. Residential lots

- (1) For each kilolitre of water supplied to a residential lot, the charge is —
- | | |
|--------------------------------------|--------|
| up to 150 kL | \$1.09 |
| over 150 but not over 350 kL | \$1.52 |
| over 350 but not over 500 kL | \$1.74 |
| over 500 but not over 700 kL | \$2.30 |
| over 700 but not over 1 000 kL | \$3.22 |
| over 1 000 kL | \$3.30 |
- (2) The volumetric ranges in this item have effect by reference to the volume of water supplied in the current consumption year.

8. Non-residential lots

For each kilolitre of water supplied to a non-residential lot, the charge is \$1.74

9. Water supply service (fire)

For each kilolitre of water supplied through a fire service connection, the charge is \$2.13

[Division 2 inserted: Gazette 14 Jun 2019 p. 1934.]

Schedule 3 — Water supply charges for the Water Corporation

[r. 31]

[Heading inserted: Gazette 14 Jun 2019 p. 1935.]

Division 1 — Service charges

[Heading inserted: Gazette 14 Jun 2019 p. 1935.]

Subdivision 1 — Preliminary

[Heading inserted: Gazette 14 Jun 2019 p. 1935.]

1. Service charges for 2019/20 year and subsequent years

The charges set out in this Division apply for water supply services provided in the 2019/20 financial year and each subsequent year.

2. Table of meter-based charges

For the purposes of this Division, meter-based charges are set out in the Table.

Table of meter-based charges

Meter size mm	Charge \$
15, 20	272.05
25	425.11
30	612.11
35, 38, 40	1 088.27
50	1 700.40
70, 75, 80	4 353.02
100	6 801.60
140, 150	15 303.60
200	27 206.39

Meter size mm	Charge \$
250	42 509.98
300	61 214.39
350	83 319.62

Subdivision 2 — Service charges that apply for land

[Heading inserted: Gazette 14 Jun 2019 p. 1936.]

3. Residential

For a residential property not covered by item 4, 5, 8, 9 or 10, the charge is \$264.35

4. Metropolitan concessional

- (1) For land in the metropolitan area that is classified as aged home, community purpose or charitable purposes, the charge, per water supply connection, is the charge set out in the Table in item 2, according to the relevant meter size, less a discount of 100%.
- (2) Sub-item (1) does not apply to a connection covered by item 21.

5. Strata-titled or long-term residential caravan bays

For a strata-titled caravan bay, a long-term residential caravan bay or a park home, the charge is \$191.20

6. Strata-titled storage units or parking bays

For a lot that is used for storage purposes or as a parking bay, the charge is \$95.76

7. Non-residential strata-titled units that share a service

For land that —

- (a) is contained in a lot; and
- (b) is classified as non-residential; and
- (c) is not covered by item 5 or 6; and
- (d) shares a water supply connection with other such land,

the charge is \$272.05

8. Community residential

- (1) For land that is classified as community residential, the charge is, for each residential unit equivalent \$155.49
- (2) The Water Corporation must determine, by reference to the anticipated water supply requirements of the communal property, the number of residential unit equivalents to which the communal property equates.

9. Semi-rural residential

For a semi-rural residential property not covered by item 4, the charge is \$264.35

10. Non-metropolitan concessional

- (1) For land in the non-metropolitan area that —
 - (a) is concessional land contained in a residential property; or

- (b) is classified as charitable purposes, institutional public or local government and not contained in a residential property,

the charge, per water supply connection, is the charge set out in the Table in item 2, according to the relevant meter size, less a discount of 100%.

- (2) Sub-item (1) does not apply to a connection covered by item 21.

11. Non-residential or commercial residential (except certain strata-titled units)

- (1) For land that —
 - (a) is classified as non-residential or commercial residential; and
 - (b) is not contained in a residential property; and
 - (c) is not covered by item 5, 6 or 7,

the charge is the charge set out in the Table in item 2, according to the relevant meter size.

- (2) Sub-item (1) does not apply to a connection covered by item 21.
- (3) If land covered by sub-item (1) is connected to the water supply works of the Water Corporation but not metered, the charge is to be calculated as if the connection were metered through a meter of the same diameter as the pipe with which the connection is made.
- (4) If land covered by sub-item (1) is not connected to the water supply works of the Water Corporation, the charge is to be calculated as if the land were connected and the connection metered through a 20 mm meter.

12. Additional connections

- (1) For land supplied water through more than one water supply connection, the charge, for each additional connection, is —
 - (a) for land that is classified as non-residential or commercial residential, the charge set out in the Table in item 2, according to the relevant meter size; and
 - (b) for land to which paragraph (a) does not apply \$264.35
- (2) Sub-item (1) does not apply to —
 - (a) land covered by item 4 or 10; and
 - (b) a garden service connection; and
 - (c) a connection covered by item 13 or 21.
- (3) The charge under sub-item (1) is in addition to any other charge applicable to the land under this Schedule.
- (4) If a connection to which sub-item (1)(a) applies is not metered, the charge is to be calculated as if the connection were metered through a meter of a size equal to the diameter of the pipe making the connection.

13. Farmland

For land that is classified as farmland,
the charge per connection is \$272.05

14. Vacant land

For land that is classified as vacant
land, the charge is \$264.35

15. Garden service connections

- (1) For a garden service connection for water supplied to land —
- (a) in the suburb of Butler in the metropolitan area —
- (i) for land with an area of less than 400 m², the charge is \$82.34
- (ii) for land with an area equal to or greater than 400 m², the charge is \$164.69
- and
- (b) in the suburb of Mulataga in the town of Karratha, the charge is \$53.59
- (2) The charge under sub-item (1) is in addition to any other charge applicable to the land under this Schedule.

16. Government trading organisations and non-commercial government property

- (1) This item applies to land held by a government trading organisation, or a public authority that holds non-commercial government property, in respect of which a water service charge set out in item 4 or 10 would, but for this item, apply.
- (2) This item does not apply to public land.
- (3) For land to which this item applies —
- (a) the charge referred to in sub-item (1) that would otherwise apply, does not; and
- (b) the charge, per water supply connection, is the charge set out in the Table in item 2 according to the relevant meter size.
- (4) If a connection to which sub-item (3)(b) applies is not metered, the charge is to be calculated as if the connection were metered through a 20 mm meter.

17. Government trading organisations and non-commercial government property: on-supply to lessees or ships

- (1) This item applies to land held by a government trading organisation, or a public authority that holds non-commercial government property, if —
- (a) the land is connected to the water supply works of the Water Corporation; and
 - (b) a meter is connected to the property water supply connection with which the Water Corporation supplies water to the land; and
 - (c) at least some of the water supplied through the meter referred to in paragraph (b) is supplied, through a meter, to one or more lessees of any of the land or to ships in port.
- (2) For land to which this item applies, the charge for the supply of water referred to in sub-item (1)(b) is reduced by the charge set out in the Table in item 2 for a meter of the size that would be required to supply, in aggregate, water as described in sub-item (1)(c).
- (3) This item does not apply if the meter referred to in sub-item (1)(b) would be the same size whether or not the organisation or authority supplied water as described in sub-item (1)(c).

Subdivision 3 — Other service charges

[Heading inserted: Gazette 14 Jun 2019 p. 1941.]

18. Stock

For each water supply connection provided for the purpose of watering stock on land that is not covered by item 13, the charge is \$272.05

19. Shipping

For each water supply connection provided for the purpose of water being taken on board any ship in a port, the charge is the charge set out in the Table in item 2 according to the relevant meter size.

20. Local government standpipes

For each local government standpipe, the charge is \$272.05

21. Fire service connections

For a fire service connection, the charge is \$272.05

[Division 1 inserted: Gazette 14 Jun 2019 p. 1935-42.]

Division 2 — Consumption charges

[Heading inserted: Gazette 14 Jun 2019 p. 1942.]

Subdivision 1 — Preliminary

[Heading inserted: Gazette 14 Jun 2019 p. 1942.]

22. Consumption charges for 2019/20 year and subsequent years

- (1) The charges set out in this Division apply for water supplied in the 2019/20 financial year and each subsequent year.
- (2) Volumetric ranges in an item of this Division have effect by reference to the volume of water supplied in the current consumption year.

23. Residential or non-residential class of town or area

In this Schedule a reference to the residential or non-residential class of a town or area is a reference to the residential or non-residential class of the town or area as set out in Schedule 10 for the current consumption year and Schedule 11 for the previous consumption year.

24. Table of class-based charges

For the purposes of this Division, class-based charges are set out in the Table.

Table of class-based charges	
Class	Charge (cents)
1	259.7
2	283.0
3	307.8
4	335.4
5	365.3
6	397.7
7	433.2
8	471.6
9	513.6
10	559.3
11	608.9
12	663.1
13	722.1
14	786.4
15	856.2

Subdivision 2 — Consumption charges that apply to land

[Heading inserted: Gazette 14 Jun 2019 p. 1943.]

25. Metropolitan residential and semi-rural residential

- (1) For each kilolitre of water supplied to land in the metropolitan area that is —
 - (a) a residential property; or

- (b) classified as vacant land but held for residential purposes; or
- (c) a semi-rural residential property,

the charge is —

up to 150 kL	182.7 cents
over 150 but not over 500 kL	243.4 cents
over 500 kL	455.3 cents

- (2) The charge under sub-item (1) does not apply to the supply of water for which a more specific charge is provided in this Subdivision or the supply of water through a garden service connection.

26. Metropolitan non-residential

- (1) For each kilolitre of water supplied to land in the metropolitan area that is neither classified as residential nor classified as vacant land but held for residential purposes, the charge is —
 - (a) if the land is classified as commercial residential —

up to 150 kL	182.7 cents
over 150 kL	251.8 cents
 - (b) if paragraph (a) does not apply 251.8 cents
- (2) A charge under sub-item (1) does not apply to the supply of water for which a more specific charge is provided in this Subdivision.

27. Metropolitan non-residential concessional

- (1) For each kilolitre of water supplied to concessional land that is in the metropolitan area and is not classified as residential, the charge is 251.8 cents
- (2) Sub-item (1) does not apply if the supply of water is covered by item 38.

28. Community residential

(1) This item has effect in relation to land as if the volumetric ranges were increased by the number of residential unit equivalents determined for the land for the purposes of item 8, that is, as if the boundary volumes for the volumetric ranges were multiplied by the number of residential unit equivalents.

(2) For each kilolitre of water supplied to land in the metropolitan area that is classified as community residential, the charge is —

up to 150 kL 91.4 cents

over 150 kL but not over 500 kL 243.4 cents

over 500 kL 455.3 cents

(3) For each kilolitre of water supplied to land in the non-metropolitan area that is classified as community residential, the charge, according to the residential class of the town or area in which the land is located, is —

Consumption (kL)	Class 1 (cents)	Class 2 (cents)	Class 3 (cents)	Class 4 (cents)	Class 5 (cents)
Up to 150	69.8	91.4	91.4	91.4	91.4
Over 150 but not over 300	92.9	121.7	121.7	121.7	121.7
Over 300 but not over 400	106.6	146.6	195.3	229.6	270.1
Over 400 but not over 550	213.1	293.2	390.6	459.2	540.2
Over 550	248.8	374.0	497.9	688.7	928.9

- (4) Sub-item (3) applies unless the land is located —
- (a) in the town of Cue, Laverton, Leonora, Meekatharra, Menzies, Mount Magnet, Mullewa, Sandstone, Wiluna or Yalgoo; or
 - (b) north of 26°S Latitude,

in which case the charge, according to the residential class of the town or area in which the land is located, is —

Consumption (kL)	Class 1 (cents)	Class 2 (cents)	Class 3 (cents)	Class 4 (cents)	Class 5 (cents)
Up to 350	69.8	91.4	91.4	91.4	91.4
Over 350 but not over 500	92.9	121.7	121.7	121.7	121.7
Over 500 but not over 600	106.6	146.6	195.3	229.6	270.1
Over 600 but not over 750	213.1	293.2	390.6	459.2	540.2
Over 750	248.8	374.0	497.9	688.7	928.9

29. Non-metropolitan residential

- (1) For each kilolitre of water supplied to land in the non-metropolitan area that is —
- (a) a residential property; or
 - (b) classified as vacant land but held for residential purposes,

Water Services (Water Corporations Charges) Regulations 2014

Schedule 3 Water supply charges for the Water Corporation

Division 2 Consumption charges

cl. 29

the charge, according to the residential class of the town or area in which the land is located, is —

Consumption (kL)	Class 1 (cents)	Class 2 (cents)	Class 3 (cents)	Class 4 (cents)	Class 5 (cents)
Up to 150	139.5	182.7	182.7	182.7	182.7
Over 150 but not over 300	185.7	243.4	243.4	243.4	243.4
Over 300 but not over 550	213.1	293.2	390.6	459.2	540.2
Over 550	248.8	374.0	497.9	688.7	928.9

(2) Sub-item (1) applies unless the land is located —

- (a) in the town of Cue, Laverton, Leonora, Meekatharra, Menzies, Mount Magnet, Mullewa, Sandstone, Wiluna or Yalgoo; or
- (b) north of 26°S Latitude,

in which case the charge, according to the residential class of the town or area in which the land is located, is —

Consumption (kL)	Class 1 (cents)	Class 2 (cents)	Class 3 (cents)	Class 4 (cents)	Class 5 (cents)
Up to 350	139.5	182.7	182.7	182.7	182.7
Over 350 but not over 500	185.7	243.4	243.4	243.4	243.4
Over 500 but not over 750	213.1	293.2	390.6	459.2	540.2
Over 750	248.8	374.0	497.9	688.7	928.9

(3) A charge under sub-item (1) or (2) does not apply to the supply of water for which a more specific charge is provided in this Subdivision.

30. Non-metropolitan non-residential

- (1) For each kilolitre of water supplied to land in the non-metropolitan area that is neither classified as residential nor classified as vacant land but held for residential purposes, the charge is —
- (a) if the land is classified as local government, institutional public or charitable purposes 259.7 cents
 - (b) if the land is classified as farmland 259.7 cents
 - (c) if the land is classified as mining — the charge applicable in the Table in item 24 according to the non-residential class of the town or area in which the land is located, except that the Table is to have effect as if the charge for classes 14 and 15 were 856.2 cents;
 - (d) if the land is classified as non-residential or vacant land — the charge applicable in the Table in item 24 according to the non-residential class of the town or area in which the land is located;
 - (e) if the land is classified as commercial residential —
 - up to 150 kL 182.7 cents
 - over 150 kL — the charge applicable in the Table in item 24 according to the non-residential class of the town or area in which the land is located.
- (2) A charge under sub-item (1) does not apply to the supply of water for which a more specific charge is provided in this Subdivision.

31. Non-metropolitan residential concessional

- (1) For each kilolitre of water supplied to concessional land in the non-metropolitan area that is contained in a residential property, the charge is 259.7 cents
- (2) A charge under sub-item (1) does not apply to the supply of water for which a more specific charge is provided in this Subdivision.

32. Strata-titled or long-term residential caravan bays

- (1) For each kilolitre of water supplied to a strata-titled caravan bay, or a long-term residential caravan bay, in the metropolitan area, the charge is —
 - up to 150 kL 182.7 cents
 - over 150 kL 251.8 cents
- (2) For each kilolitre of water supplied to a strata-titled caravan bay, or a long-term residential caravan bay, in the non-metropolitan area, the charge is —
 - up to 150 kL 182.7 cents
 - over 150 kL — the charge applicable in the Table in item 24 according to the residential class of the town or area in which the bay is located.
- (3) Sub-items (1) and (2) do not apply to long-term residential caravan bays referred to in regulation 27(2)(a).

33. Government trading organisations and non-commercial government property

- (1) This item applies to land held by a government trading organisation, or a public authority that holds non-commercial government property, in respect of which a water service charge set out

in item 27 or 30(1)(a) would, but for this item, apply.

- (2) This item does not apply to public land or land classified as vacant land.
- (3) For land to which this item applies, the charge under sub-item (4) or (5) applies instead of the charge referred to in sub-item (1).
- (4) For each kilolitre of water supplied to land in the metropolitan area, the charge is 251.8 cents
- (5) For each kilolitre of water supplied to land in the non-metropolitan area, the charge is the charge applicable in the Table in item 24 according to the non-residential class of the town or area in which the land is located.

34. Coral Bay desalinated

For each kilolitre of desalinated water supplied to land in Coral Bay that is not classified as residential, the charge is 736.6 cents

35. Denham desalinated

- (1) For each kilolitre of desalinated water supplied, in a charge period, to land in Denham that is classified as residential, the charge is —
 - up to quota 67.7 cents
 - over quota but by not more than the shoulder amount 498.2 cents
 - over quota by more than the shoulder amount 1 552.2 cents
- (2) In sub-item (1) —
 - (a) the quota for the charge period is 18 kL plus 4 kL for each resident on the land in excess of 4 residents; and

- (b) the shoulder amount for the charge period is 3 kL plus 1 kL for each resident on the land in excess of 4 residents.
- (3) For each kilolitre of desalinated water supplied to land in Denham that is not classified as residential, the charge is —
 - up to quota 67.7 cents
 - over quota 1 552.2 cents
- (4) In sub-item (3), the quota for the land for the current consumption year is 108 kL or a greater amount specified for the land for the year by the Water Corporation.

36. Garden service connection in Mulataga, Karratha

For each kilolitre of water supplied through a garden service connection in the suburb of Mulataga in the town of Karratha, the charge is 182.7 cents

Subdivision 3 — Other consumption charges

[Heading inserted: Gazette 14 Jun 2019 p. 1952.]

37. Local government standpipes

For each kilolitre of water supplied through a local government standpipe, the charge is 259.7 cents

38. Shipping

For each kilolitre of water supplied for the purpose of being taken on board any ship in port —

- (a) for a port in the metropolitan area, the charge is 251.8 cents
- (b) for a port in the non-metropolitan area, the charge is the charge applicable in the Table in item 24 according to the

non-residential class of the town or area
in which the port is located.

39. Stock

For each kilolitre of water supplied through a
water supply connection solely for the purpose
of watering stock, the charge is 259.7 cents

40. Hydrant standpipes

For each kilolitre of water supplied through a
hydrant standpipe, the charge is 251.8 cents

[Division 2 inserted: Gazette 14 Jun 2019 p. 1942-52.]

Schedule 4 — Sewerage charges for Water Corporation

[r. 39]

[Heading inserted: Gazette 14 Jun 2019 p. 1953.]

Division 1 — Service charges

[Heading inserted: Gazette 14 Jun 2019 p. 1953.]

1. Service charges for 2019/20 year and subsequent years

The charges set out in this Division apply for sewerage services provided in the 2019/20 financial year and each subsequent year.

2. Metropolitan residential

- (1) For each residential property in the metropolitan area that —

- (a) is not covered by item 4 or 5; and
(b) is not a caravan park or a nursing home,

the charge is —

up to \$20 500 GRV	4.410 cents/\$ of GRV
over \$20 500 GRV	3.256 cents/\$ of GRV

- (2) The minimum charge under this item is \$439.10

3. Metropolitan vacant land

- (1) For land in the metropolitan area that is classified as vacant land, the charge is 2.554 cents/\$
of GRV
- (2) The minimum charge under this item is \$330.15

4. Metropolitan concessional

For land in the metropolitan area that is classified as —

- (a) aged home; or
- (b) charitable purposes or community purpose,

the charge, according to the number of major fixtures on the land, is the sum of the charges, less the corresponding discounts, for each fixture, as set out in the Table.

Table of major fixture-based charges and discounts

	Charge	Discount %	
		par. (a)	par. (b)
1 st fixture	\$1 021.18	73.133	73.133
2 nd fixture	\$437.12	72.385	37.235
3 rd fixture	\$583.77	79.322	53.002
4 th and subsequent fixtures	\$634.81	80.985	56.781

5. Strata-titled caravan bay

For a strata-titled caravan bay or a park home, the charge is \$337.18

6. Strata-titled storage unit or strata-titled parking bay

For a lot that is used for storage purposes or as a parking bay, the charge is \$101.21

7. Land from which trade waste is discharged into sewer

- (1) For land from which there is a discharge of trade waste into a sewer of the Water Corporation under an approval of the

Water Services (Water Corporations Charges) Regulations 2014

Schedule 4 Sewerage charges for Water Corporation

Division 1 Service charges

cl. 8

Water Corporation, the charge, for the period
for which the approval has effect, is \$237.10

- (2) The charge under this item is in addition to any
other charge applicable to the land under this
Schedule.

**8. Land from which trade waste is discharged into sewer through
grease arrestor**

- (1) In this item —

shared grease arrestor means a grease arrestor through which trade
waste is discharged into a sewer of the Water Corporation under an
approval of the Water Corporation from the land the subject of the
charge and from other land.

- (2) For land from which there is a
discharge of trade waste into a sewer of the
Water Corporation through one or more grease
arrestors under an approval of the Water
Corporation, the charge, for the period for
which the approval has effect, is —

(a) for each grease arrestor other
than a shared grease arrestor \$104.16

(b) for each shared grease
arrestor \$56.90

- (3) The charge under this item is in addition to any
other charge applicable to the land under this
Schedule.

9. Trade waste discharged from open area

- (1) For land from which there is a
discharge of trade waste from an open area
under an approval of the Water Corporation,
the charge, for the period for which the
approval has effect, is \$1.58/m²
of open area

- (2) The charge under this item is in addition to any other charge applicable to the land under this Schedule.

10. Non-metropolitan concessional

For land in the non-metropolitan area that is classified as —

- (a) community residential; or
- (b) aged home, charitable purposes, community purpose, institutional public or local government,

the charge, according to the number of major fixtures on the land, is the sum of the charges, less the corresponding discounts, for each fixture, as set out in the Table.

Table of charges and discounts

	Charge	Discount %	
		par. (a)	par. (b)
1 st fixture	\$1 021.18	88.179	73.133
2 nd fixture	\$437.12	72.385	72.385
3 rd fixture	\$583.77	79.322	79.322
4 th and subsequent fixtures	\$634.81	80.985	80.985

11. Non-metropolitan

- (1) For land in the non-metropolitan area that is in a sewerage area referred to in the Table, the charge is the amount worked out by multiplying the GRV of the land by the relevant rate for the sewerage area, according to whether the land is classified as residential or not.

Water Services (Water Corporations Charges) Regulations 2014

Schedule 4 Sewerage charges for Water Corporation

Division 1 Service charges

cl. 11

- (2) Sub-item (1) does not apply to land covered by any other item in this Division (other than item 7, 8 or 9) or by Division 2.
- (3) The minimum charge under this item is —
- (a) for land that is classified as residential \$439.10
 - (b) for land that is classified as vacant land \$288.94
 - (c) for other land \$1 021.18
- (4) The maximum charge under this item for land that is classified as residential or classified as vacant land but held for residential purposes is \$1 198.78

Table of rates for sewerage areas

Sewerage area	Residential rate cents/\$ of GRV	Non-residential rate cents/\$ of GRV

[Division 1 inserted: Gazette 14 Jun 2019 p. 1953-62.]

Division 2 — Combined charges for certain non-residential property

[Heading inserted: Gazette 14 Jun 2019 p. 1962.]

Subdivision 1 — Preliminary

[Heading inserted: Gazette 14 Jun 2019 p. 1962.]

12. Combined charges for 2019/20 year and subsequent years

The charges set out in this Division apply for sewerage services provided and wastewater discharged in the 2019/20 financial year and each subsequent year.

Subdivision 2 — Combined charges: metropolitan

[Heading inserted: Gazette 14 Jun 2019 p. 1962.]

13. Metropolitan non-residential

For land in the metropolitan area that —

- (a) is not contained in a residential property; and

(b) is not covered by item 3, 4, 5, 6, 14, 15, 16 or 17,
the charge is —

P + Q

where —

P = the service charge calculated in accordance with item 18;

Q = the discharge charge calculated in accordance with item 19.

14. Metropolitan government trading organisation and non-commercial government property

- (1) For land in the metropolitan area held by a government trading organisation or a public authority that holds non-commercial government property, the charge is —

Y + Q

where —

Y = the charge according to the number of connected major fixtures calculated in accordance with item 18;

Q = the discharge charge calculated in accordance with item 19.

- (2) Sub-item (1) does not apply to public land.

15. Metropolitan non-strata titled caravan park with long-term residential caravan bays

For a caravan park in the metropolitan area that —

- (a) does not consist wholly of strata-titled caravan bays; and
(b) has long-term residential caravan bays,

the charge is —

AA + AB

where —

AA = \$337.18 for each long-term residential caravan bay;

AB = for those parts of the caravan park not contained in long-term residential caravan bays —

Y + Q

where —

Y = the charge according to the number of connected major fixtures calculated in accordance with item 18;

Q = the discharge charge calculated in accordance with item 19.

16. Metropolitan nursing home

For a nursing home in the metropolitan area, other than a nursing home that is, or is part of, an aged home, the charge is —

T + Q

where —

Q = the discharge charge calculated in accordance with item 19;

T = **U × V**;

U = the number of beds in the nursing home;

V = \$184.78.

17. Certain metropolitan strata-titled units

For land in the metropolitan area that —

- (a) is contained in a lot; and
- (b) is classified as non-residential; and
- (c) is not covered by item 5 or 6; and
- (d) shares one or more major fixtures, that discharge into a sewer of the Water Corporation, with other such land and has no other major fixtures that discharge into such a sewer; and

- (e) the number of major fixtures shared by all units on the relevant strata plan is less than the number of those units,

the charge is —

T + Q

where —

T = \$634.81;

Q = the discharge charge calculated in accordance with item 19.

Subdivision 3 — Calculation of certain factors for the purposes of Subdivision 2

[Heading inserted: Gazette 14 Jun 2019 p. 1965.]

18. Service charge

The service charge (**P**) is —

the charge, according to the number of major fixtures for the land, that is the sum of the charges for each fixture as set out in the Table.

Table of major fixture-based charges

	Charge
1 st fixture	\$1 021.18
2 nd fixture	\$437.12
3 rd fixture	\$583.77
4 th and subsequent fixtures	\$634.81

19. Discharge charge

The discharge charge (**Q**) is —

if **(F × G) ≤ H**,

then nil

or if **(F × G) > H**,

then $((\mathbf{F} \times \mathbf{G}) - \mathbf{H}) \times \mathbf{I}$

where —

F = the volume of water supplied to the land in the current consumption year;

G = the discharge factor applicable for the land for the current discharge year;

H = the discharge allowance for the current discharge year worked out in accordance with item 20;

I = \$3.752,

and $(\mathbf{F} \times \mathbf{G}) - \mathbf{H}$ is rounded down to the nearest whole number.

20. Discharge allowance

(1) The discharge allowance for the current discharge year is —

- (a) for land to which item 13 applies that is not covered by paragraph (e) — 200 kL;
- (b) for land held by a government trading organisation or by a public authority that holds non-commercial government property — 200 kL;
- (c) for a caravan park referred to in item 15, the amount (in kL) calculated in accordance with the formula in sub-item (2);
- (d) for a nursing home referred to in item 16 — 75 kL per bed;
- (e) for properties that share a metered property water supply connection — 200 kL for each property.

(2) The formula for the purposes of sub-item (1)(c) is —

200 kL + M

where —

M = 75 kL for each long-term residential caravan bay.

Subdivision 4 — Combined charges: non-metropolitan

[Heading inserted: Gazette 14 Jun 2019 p. 1967.]

21. Non-metropolitan non-residential

For land in the non-metropolitan area that —

- (a) is classified as non-residential property; and
- (b) is not covered by item 5, 6, 10, 22, 23, 24 or 24A,

the charge is —

if $(P + Q) \leq R$,

then $P + Q$

or if —

$(P + Q) > R$; and

$N \leq W$,

then R

or if —

$(P + Q) > R$; and

$N > W$,

then $R + ((N - W) \times I)$

where —

P = the service charge calculated in accordance with item 25;

Q = the discharge charge calculated in accordance with item 26;

R = the maximum charge calculated in accordance with item 28;

N = the discharge volume for the current discharge year;

W = the discharge volume for the most recently completed discharge year;

I = \$3.752.

22. Non-metropolitan non-strata titled caravan park with long-term residential caravan bays

For a caravan park in the non-metropolitan area that —

- (a) does not consist wholly of strata-titled caravan bays; and
- (b) has long-term residential caravan bays,

the charge is —

AA + AB

where —

AA = \$337.18 for each long-term residential caravan bay;

AB = for those parts of the caravan park not consisting of long-term residential caravan bays —

if $(Y + Q) \leq R$,

then **Y + Q**

or if —

$(Y + Q) > R$; and

$N \leq W$,

then **R**

or if —

$(Y + Q) > R$; and

$N > W$,

then **R + ((N - W) × I)**

where —

Y = the charge according to the number of major fixtures for the relevant part of the caravan park, that is, “**C**” in item 25;

Q = the discharge charge calculated in accordance with item 26;

R = the maximum charge calculated in accordance with item 28;

N = the discharge volume for the current discharge year;

W = the discharge volume for the most recently completed discharge year;

I = \$3.752.

23. Non-metropolitan nursing home

For a nursing home in the non-metropolitan area, other than a nursing home that is, or is part of, an aged home, the charge is —

T + Q

where —

Q = the discharge charge calculated in accordance with item 26;

T = **U × V**;

U = the number of beds in the nursing home;

V = \$184.78.

24. Certain non-metropolitan strata-titled units

For land in the non-metropolitan area that —

- (a) is contained in a lot; and
- (b) is classified as non-residential; and
- (c) is not covered by item 5 or 6; and
- (d) shares one or more major fixtures, that discharge into a sewer of the Water Corporation, with other such land and has no other major fixtures that discharge into such a sewer; and

- (e) the number of major fixtures shared by all units on the relevant strata plan is less than the number of those units,

the charge is —

$$T + Q$$

where —

$$T = \$634.81;$$

$$Q = \text{the discharge charge calculated in accordance with item 26.}$$

24A. Non-metropolitan government trading organisation and non-commercial government property

- (1) For land in the non-metropolitan area held by a government trading organisation or a public authority that holds non-commercial government property, the charge is —

$$Y + Q$$

where —

Y = the charge according to the number of connected major fixtures for the land, that is, “**C**” in item 25;

Q = the discharge charge calculated in accordance with item 26.

- (2) Sub-item (1) does not apply to public land.

Subdivision 5 — Calculation of certain factors for the purposes of Subdivision 4

[Heading inserted: Gazette 14 Jun 2019 p. 1970.]

25. Service charge

The service charge (**P**) is —

if $R \leq (C + D)$,

then **R**

or if $R > (C + D)$,

then **C**

where —

- R** = the maximum charge calculated in accordance with item 28;
- C** = the charge, according to the number of major fixtures for the land, that is the sum of the charges for each fixture as set out in the Table;
- D** = the discharge charge calculated in accordance with item 26.

Table of major fixture-based charges

	Charge
1 st fixture	\$1 021.18
2 nd fixture	\$437.12
3 rd fixture	\$583.77
4 th and subsequent fixtures	\$634.81

26. Discharge charge

The discharge charge (**Q**) is —

if $(\mathbf{F} \times \mathbf{G}) \leq \mathbf{H}$,

then nil

or if $(\mathbf{F} \times \mathbf{G}) > \mathbf{H}$,

then $((\mathbf{F} \times \mathbf{G}) - \mathbf{H}) \times \mathbf{I}$

where —

- F** = the volume of water supplied to the land in the current consumption year;
- G** = the discharge factor applicable for the land for the current discharge year;
- H** = the discharge allowance for the current discharge year worked out in accordance with item 27;

$I = \$3.752,$

and $(F \times G) - H$ is rounded down to the nearest whole number.

27. Discharge allowance

- (1) The discharge allowance for the current discharge year is —
- (a) for land to which item 21 applies that is not covered by paragraph (e) — 200 kL;
 - (b) for land held by a government trading organisation or by a public authority that holds non-commercial government property — 200 kL;
 - (c) for a caravan park referred to in item 22 — the amount (in kL) calculated in accordance with the formula in sub-item (2);
 - (d) for a nursing home referred to in item 23 — 75 kL per bed;
 - (e) for properties that share a metered property water supply connection — 200 kL for each property.

- (2) The formula for the purposes of sub-item (1)(c) is —

$$200 \text{ kL} + M$$

where —

$M = 75$ kL of water for each long-term residential caravan bay.

28. Maximum charge

The maximum charge (R) is —

if $(P + Q) - A > B,$

then —

if $(A \times S) > (A + B),$

then $(A \times S)$

or if $(A \times S) \leq (A + B),$

then $(A + B)$

or if $(P + Q) - A \leq B$,

then $P + Q$

where —

P = the service charge calculated in accordance with item 25;

Q = the discharge charge calculated in accordance with item 26;

A = the charge payable, for the previous financial year, under the item in Subdivision 4 for which this item is being applied;

S = 1.12;

B = \$166.67.

[Division 2 inserted: Gazette 14 Jun 2019 p. 1962-73.]

Division 3 — Discharge charges: trade waste and effluent

[Heading inserted: Gazette 14 Jun 2019 p. 1974.]

29. Discharge charges for 2019/20 year and subsequent years

The charges set out in this Division apply for trade waste or effluent discharged in the 2019/20 financial year and each subsequent year.

30. Trade waste discharged into sewer under approval

(1) In this item —

B.O.D. means biochemical oxygen demand;

c/kg means cents per kilogram;

c/kL means cents per kilolitre.

(2) For trade waste discharged into a sewer of the Water Corporation under an approval of the Water Corporation, the charge is —

(a) for volume 147.9 c/kL

(b) for B.O.D. with a concentration of —

(i) up to 5 kg/kL 123.4 c/kg

(ii) over 5 kg/kL 251.9 c/kg

- (c) for suspended solids with a concentration of —
 - (i) up to 2 kg/kL 168.3 c/kg
 - (ii) over 2 kg/kL 338.6 c/kg
- (d) for chemical oxygen demand with a concentration of —
 - (i) up to 10 kg/kL 49.0 c/kg
 - (ii) over 10 kg/kL 100.0 c/kg
- (e) for oil and grease with a concentration of —
 - (i) up to 0.3 kg/kL 152.0 c/kg
 - (ii) over 0.3 kg/kL but not over
0.6 kg/kL 297.8 c/kg
 - (iii) over 0.6 kg/kL 600.8 c/kg
- (f) for acidity to pH 6 (expressed as calcium carbonate) —
 - (i) up to 0.1 kg/kL 41.8 c/kg
 - (ii) over 0.1 kg/kL but not over
0.3 kg/kL 87.7 c/kg
 - (iii) over 0.3 kg/kL 174.4 c/kg
- (g) for alkalinity to pH 10 (expressed as calcium carbonate) —
 - (i) up to 0.1 kg/kL 13.3 c/kg
 - (ii) over 0.1 kg/kL but not over
0.2 kg/kL 31.6 c/kg
 - (iii) over 0.2 kg/kL 63.2 c/kg
- (h) for nitrogen 134.6 c/kg
- (i) for phosphorus 37.7 c/kg
- (j) for sulphate with a concentration of —
 - (i) up to 0.05 kg/kL no charge
 - (ii) over 0.05 kg/kL 71.4 c/kg
- (k) for total dissolved salts with a concentration of —
 - (i) up to 1 kg/kL no charge
 - (ii) over 1 kg/kL but not over
3 kg/kL 0.1 c/kg
 - (iii) over 3 kg/kL but not over
6 kg/kL 4.0 c/kg

Water Services (Water Corporations Charges) Regulations 2014

Schedule 4 Sewerage charges for Water Corporation

Division 3 Discharge charges: trade waste and effluent

cl. 30

- (iv) over 6 kg/kL 14.2 c/kg
- (l) for chromium with a discharge rate of —
 - (i) up to 0.03 kg/day 1117.9 c/kg
 - (ii) over 0.03 kg/day but not
over 1 kg/day 2229.7 c/kg
 - (iii) over 1 kg/day 8934.2 c/kg
- (m) for copper with a discharge rate of —
 - (i) up to 0.03 kg/day 1117.9 c/kg
 - (ii) over 0.03 kg/day but not
over 0.12 kg/day 2229.7 c/kg
 - (iii) over 0.12 kg/day 8934.2 c/kg
- (n) for lead with a discharge rate of —
 - (i) up to 0.03 kg/day 1117.9 c/kg
 - (ii) over 0.03 kg/day but not
over 0.3 kg/day 2229.7 c/kg
 - (iii) over 0.3 kg/day 8934.2 c/kg
- (o) for nickel with a discharge rate of —
 - (i) up to 0.006 kg/day 1117.9 c/kg
 - (ii) over 0.006 kg/day but not
over 0.15 kg/day 2229.7 c/kg
 - (iii) over 0.15 kg/day 8934.2 c/kg
- (p) for zinc with a discharge rate of —
 - (i) up to 0.05 kg/day 1117.9 c/kg
 - (ii) over 0.05 kg/day but not
over 0.5 kg/day 2229.7 c/kg
 - (iii) over 0.5 kg/day 8934.2 c/kg
- (q) for arsenic with a discharge rate of —
 - (i) up to 0.001 kg/day 1117.9 c/kg
 - (ii) over 0.001 kg/day but not
over 0.04 kg/day 11164.9 c/kg
 - (iii) over 0.04 kg/day 111647.2 c/kg
- (r) for cadmium with a discharge rate of —

- (i) up to 0.001 kg/day 1117.9 c/kg
- (ii) over 0.001 kg/day but not
over 0.015 kg/day 11164.9 c/kg
- (iii) over 0.015 kg/day 111647.2 c/kg
- (s) for molybdenum or selenium with a discharge rate of —
 - (i) up to 0.001 kg/day 1117.9 c/kg
 - (ii) over 0.001 kg/day but not
over 0.02 kg/day 11164.9 c/kg
 - (iii) over 0.02 kg/day 111647.2 c/kg
- (t) for silver with a discharge rate of —
 - (i) up to 0.002 kg/day 1117.9 c/kg
 - (ii) over 0.002 kg/day but not
over 0.01 kg/day 11164.9 c/kg
 - (iii) over 0.01 kg/day 111647.2 c/kg
- (u) for mercury with a discharge rate of —
 - (i) up to 0.0001 kg/day 1117.9 c/kg
 - (ii) over 0.0001 kg/day but not
over 0.001 kg/day 111647.2 c/kg
 - (iii) over 0.001 kg/day 837385.3 c/kg

31. Effluent discharged from septic tank effluent pumping system into sewer

For effluent discharged from a septic tank effluent pumping system into a sewer of the Water Corporation, the charge is 169.3 cents/kL

[Division 3 inserted: Gazette 14 Jun 2019 p. 1974-77.]

cl. 1

Schedule 5 — Drainage charges for the Water Corporation

[r. 47]

[Heading inserted: Gazette 14 Jun 2019 p. 1977.]

1. Drainage charges for 2019/20 year and subsequent years

The charges set out in this Schedule apply for drainage services provided in the 2019/20 financial year and each subsequent year.

2. Strata-titled caravan bays

For a strata-titled caravan bay or a park home,
the charge is \$37.43

3. Strata-titled storage unit or strata-titled parking bay

For a lot that is used for storage purposes or as a
parking bay, the charge is \$13.95

4. Residential or semi-rural residential

- (1) For land that is classified as residential or semi-rural residential, the charge is 0.572 cents/\$ of GRV
- (2) The minimum charge under this item is \$123.79

5. Vacant land

- (1) For land that is classified as vacant land, the charge is 0.720 cents/\$ of GRV
- (2) The minimum charge under this item is \$123.79

6. Non-residential (except certain strata-titled units)

- (1) For land that is classified as non-residential and not covered by item 2 or 3, the charge is 0.324 cents/\$ of GRV
- (2) The minimum charge under this item is \$123.79

[Schedule 5 inserted: Gazette 14 Jun 2019 p. 1977-8.]

Schedule 6 — Irrigation charges for the Water Corporation (Ord Irrigation District)

[r. 50]

[Heading inserted: Gazette 14 Jun 2019 p. 1978.]

1. Irrigation charges for 2019/20 year and subsequent years

The charges set out in this Schedule apply for irrigation services provided in the 2019/20 financial year and each subsequent year.

2. Water supplied for irrigation

For land to which water is supplied from irrigation works of the Water Corporation in the Ord Irrigation District for the purpose of irrigation, the charge, per hectare of land supplied, is —

- (a) if the supply is assured \$154.92
- (b) if the supply is not assured \$116.72

3. Water supplied for watering stock or dust prevention

For land to which water is supplied from irrigation works of the Water Corporation in the Ord Irrigation District for the purpose of watering stock or dust prevention in feed lots, the charge is —

- (a) if the maximum area used as a feed lot during the year is not more than 4 hectares \$724.40
- (b) if the maximum area used as a feed lot during the year is more than 4 hectares \$724.40
plus \$143.45
per ha
(pro rata) in
excess of 4 ha

4. Water supplied for purposes other than irrigation, watering stock or dust prevention

For land to which water is supplied from irrigation works of the Water Corporation

Water Services (Water Corporations Charges) Regulations 2014

Schedule 6 Irrigation charges for the Water Corporation (Ord Irrigation District)

cl. 4

in the Ord Irrigation District for purposes other than irrigation, watering stock or dust prevention in feed lots, the charge, per supply point, is —

- (a) if the supply is assured \$270.01
- (b) if the supply is not assured \$197.47

[Schedule 6 inserted: Gazette 14 Jun 2019 p. 1978-9.]

Schedule 7 — Miscellaneous charges for the Water Corporation

[r. 51]

[Heading inserted: Gazette 14 Jun 2019 p. 1979.]

1. Meters: multi-unit developments

For supplying and connecting a meter to a pipe supplying water to a unit in a multi-unit development under the *Water Services Regulations 2013* regulation 23(5), the charge is \$367.12

2. Assessing meters: multi-unit developments

For assessing a meter that is, or is to be, connected to a pipe supplying water to a unit in a multi-unit development under the *Water Services Regulations 2013* regulation 23(3), the charge is \$260.73

3. Testing meters

For testing a meter under the *Water Services Regulations 2013* regulation 26(3), the charge, according to the size of the meter, is —

20-25 mm	\$111.27
more than 25 mm	an amount equal to the cost of testing

4. Installing water supply connection

- (1) For installing a water supply connection in relation to land in the metropolitan area (other than in the central business districts), the charge, according to the size of the connection, is —

20 mm	\$1 242.62
25 mm	\$1 259.00

cl. 5

40 mm	\$1 832.84
50 mm	\$2 264.87
80-100 mm	\$4 385.71
150 mm	\$5 235.23
more than 150 mm	an amount equal to the cost of installation

- (2) For installing a water supply connection in relation to land in the central business districts, the charge is an amount equal to the cost of installation

5. Activating water supply connection

- (1) For activating a water supply connection in relation to land in the metropolitan area, whether or not at the same time as installing the connection, the charge is \$139.09
- (2) The charge under this item covers the supply of a meter, stopcock and, if required, a temporary standpipe.

6. Disconnecting water supply connection

- (1) For disconnecting a water supply connection to land, the charge is \$784.96
- (2) For the purposes of this item, cutting off or reducing the rate of flow of a supply of water under section 95 of the Act is not disconnecting a water supply connection.

7. Reconnecting water supply connection

- (1) For reconnecting a water supply connection to land, the charge is \$784.96

- (2) For the purposes of this item, restoring the supply of water or the rate of flow of water after it has been cut off or reduced under section 95 of the Act is not reconnecting a water supply connection.

8. Relocating water supply connection

- (1) For relocating a water supply connection in relation to land in the metropolitan area (other than in the central business districts) up to 500 mm from its existing position, the charge, according to the size of the connection, is —

20 mm	\$469.12
25 mm	\$535.11
40 mm	\$763.68
50 mm	\$895.13
more than 50 mm	an amount equal to the cost of relocation

- (2) For relocating a water supply connection in relation to land in the metropolitan area (other than in the central business districts) more than 500 mm from its existing position, the charge, according to the size of the connection, is —

20 mm	\$1 380.08
25 mm	\$1 396.44
40 mm	\$1 971.38
50 mm	\$2 402.88
80-100 mm	\$4 524.79
150 mm	\$5 373.56
more than 150 mm	an amount equal to the cost of relocation

cl. 9

- (3) For relocating a water supply connection in relation to land in the central business districts, the charge is an amount equal to the cost of relocation

9. Proposal to connect to sewer

For assessing a proposal to connect a wastewater inlet on land to a sewer, the charge is \$21.77

10. Installing sewer junction

For installing a sewer junction for land, the charge, according to the size of the sewer, is —
100 mm \$534.36
150 mm \$666.13

11. Hire of standpipe for fire hydrant

- (1) For an application to hire a standpipe from the Water Corporation for attachment to a fire hydrant connected to water supply works of the Water Corporation in the metropolitan area, the charge is \$116.18
- (2) For the hire of a standpipe from the Water Corporation for attachment to a fire hydrant connected to water supply works of the Water Corporation in the metropolitan area, the charge, according to the size of the standpipe's meter, is —
25 mm or less \$238.92/month
pro rata
more than 25 mm \$399.83/month
pro rata

12. Trade waste: routine services

For the following scheduled services in relation to the discharge of trade waste into a sewer of the Water Corporation, the charge is —

- (a) for inspection \$146.85/hour
- (b) for a meter reading \$26.83
- (c) for a grab sample \$312.07
- (d) for a composite sample \$733.26

13. Trade waste: ad hoc services

(1) In this item —

cost of sampling means the actual costs of the Water Corporation in collecting the sample, testing it and evaluating and reporting on the results, including the costs of the time of the person involved;

product evaluation means reviewing a fitting, fixture or substance to determine whether it can be appropriately used in relation to the discharge of trade waste.

(2) For the following unscheduled services in relation to the discharge of trade waste into a sewer of the Water Corporation, the charge is —

- (a) for assessing an application to discharge \$133.65/hour
- (b) for a product evaluation \$167.25/hour
- (c) for a grab sample an amount equal to the cost of sampling
- (d) for a composite sample an amount equal to the cost of sampling

cl. 14

14. Trade waste: one-off discharge services

For a one-off discharge of trade waste into a sewer of the Water Corporation, the charge is \$133.65/hour

15. Meter reading and other information

For —

- (a) a meter reading, the charge is \$17.33
- (b) an urgent meter reading, the charge is \$58.24
- (c) the provision of information in relation to water services for land (request lodged electronically) and a meter reading, the charge is \$46.03
- (d) the provision of information in relation to water services for land (request lodged electronically) and an urgent meter reading, the charge is \$86.84
- (e) the provision of information in relation to water services for land (request not lodged electronically) and a meter reading, the charge is \$78.98
- (f) the provision of information in relation to water services for land (request not lodged electronically) and an urgent meter reading, the charge is \$119.46
- (g) the provision of information not covered by paragraphs (a) to (f), involving research or investigation of more than 15 minutes, the charge is \$87.27/hour
or part hour

16. Copies of records

For a copy of records under the *Water Services Regulations 2013* regulation 65(4)(b), the charge is \$17.82

[Schedule 7 inserted: Gazette 14 Jun 2019 p. 1979-85.]

Schedule 8 — Government trading organisations

[r. 16(1)]

Government trading organisations

[(1)-(2) *deleted*]

3. Electricity Generation and Retail Corporation established under the *Electricity Corporations Act 2005* section 4.
