## **Part 11 — Compensation and acquisition**

### **Division 1 — General matters in relation to compensation**

#### **171. Entitlement to compensation, limits on**

- (1) If compensation has been paid under a provision of this Part in relation to a matter or thing no further compensation is payable under any other provision of this Act as a result of the same matter or thing.
- (2) When a person is entitled to compensation under this Act in respect of any matter or thing, and is also entitled to compensation in respect of the same matter or thing under any other written law, that person is not entitled to compensation in respect of that matter or thing both under this Act and that other written law, and is not entitled to any greater compensation under this Act than that person would be under the other written law.

### **Division 2 — Compensation where land injuriously affected by planning scheme**

#### **172. Terms used**

In this Division —

***Board*** means the Board of Valuers established under section 182;

***non-conforming use*** means a use of land which, though lawful immediately before the coming into operation of a planning scheme or amendment to a planning scheme, is not in conformity with a provision of that scheme which deals with a matter specified in Schedule 7 clause 6 or 7;

***public purpose*** means a purpose which serves or is intended to serve the interests of the public or a section of the public and includes a public work.

**173. Injurious affection, compensation for**

- (1) Subject to this Part any person whose land is injuriously affected by the making or amendment of a planning scheme is entitled to obtain compensation in respect of the injurious affection from the responsible authority.
- (2) Despite subsection (1) a person is not entitled to obtain compensation under this section on account of any building erected, or any contract made, or other thing done with respect to land included in a planning scheme after the date of the approval of a planning scheme or amendment, or after such other date as the Minister may fix for the purpose, being not earlier than the date of the approval of the scheme or amendment.
- (3) A responsible authority may make agreements with owners for the development of their land during the time that the planning scheme or amendment is being prepared.

**174. When land is injuriously affected**

- (1) Subject to subsection (2), land is injuriously affected by reason of the making or amendment of a planning scheme if, and only if —
  - (a) that land is reserved (whether before or after the coming into operation of this section) under the planning scheme for a public purpose; or
  - (b) the scheme permits development on that land for no purpose other than a public purpose; or
  - (c) the scheme prohibits wholly or partially —
    - (i) the continuance of any non-conforming use of that land; or
    - (ii) the erection, alteration or extension on the land of any building in connection with or in furtherance of, any non-conforming use of the land, which, but for that prohibition, would not have been an unlawful erection, alteration or

extension under the laws of the State or the local laws of the local government within whose district the land is situated.

- (2) Despite subsection (1)(c)(ii), a planning scheme which prescribes any requirement to be complied with in respect of a class or kind of building is not to be taken to have the effect of so prohibiting the erection, alteration or extension of a building of that class or kind in connection with, or in furtherance of that class or kind in connection with, or in furtherance of, non-conforming use.
- (3) Where a planning scheme wholly or partially prohibits the continuance of any non-conforming use of any land or the erection, alteration or extension of any building in connection with or in furtherance of a non-conforming use of any land, no compensation for injurious affection is payable in respect of any part of the land which immediately prior to the coming into operation of the scheme or amendment does not comprise —
- (a) the lot or lots on which the non-conforming use is in fact being carried on; or
  - (b) if the prohibition relates to a building or buildings standing on one lot, the lot on which the building stands or the buildings stand; or
  - (c) if the prohibition relates to a building or buildings standing on more than one lot, the land on which the building stands or the buildings stand and such land, which is adjacent to the building or buildings, and not being used for any other purpose authorised by the scheme, as is reasonably required for the purpose for which the building or buildings is or are being used.
- (4) If any question arises under subsection (3) as to whether at any particular date, any land —
- (a) does or does not comprise the lot or lots on which a non-conforming use is being carried on; or

- (b) is or is not being used for any purpose authorised by a scheme; or
- (c) is or is not reasonably required for the purpose for which any building is being used,

the claimant or responsible authority may apply to the State Administrative Tribunal for determination of that question.

**175. No compensation if scheme's provisions are, or could have been, in certain other laws**

When land is alleged to be injuriously affected by reason of the making or amendment of a planning scheme, no compensation is payable in respect of the injurious affection if or so far as the relevant provisions of the planning scheme are —

- (a) also contained in any Act, or in any order having the force of an Act of Parliament, in operation in the area; or
- (b) such as would have been enforceable without compensation if they had been contained in local laws.

**176. Questions as to injurious affection etc., how determined**

- (1) A claimant or responsible authority may apply to the State Administrative Tribunal for determination of any question as to whether land is injuriously affected.
- (2) Any question as to the amount and manner of payment (whether by instalments or otherwise) of the sum which is to be paid as compensation under this Division is to be determined by arbitration under and in accordance with the *Commercial Arbitration Act 2012*, unless the parties agree on some other method of determination.

*[Section 176 amended: No. 23 of 2012 s. 45.]*

**177. When compensation payable if land reserved**

- (1) Subject to subsection (3), when under a planning scheme any land has been reserved for a public purpose, no compensation is payable by the responsible authority for injurious affection to

that land alleged to be due to or arising out of such reservation until —

- (a) the land is first sold following the date of the reservation; or
  - (b) the responsible authority —
    - (i) refuses an application made under the planning scheme for approval of development on the land; or
    - (ii) grants approval of development on the land subject to conditions that are unacceptable to the applicant.
- (2) Compensation for injurious affection to any land is payable only once under subsection (1) and is so payable —
- (a) under subsection (1)(a) to the person who was the owner of the land at the date of reservation referred to in subsection (1)(a); or
  - (b) under subsection (1)(b) to the person who was the owner of the land at the date of application referred to in subsection (1)(b),

unless after the payment of that compensation further injurious affection to the land results from —

- (c) an alteration of the existing reservation of the land; or
  - (d) the imposition of another reservation of the land.
- (3) Before compensation is payable under subsection (1) —
- (a) when the land is sold, the person lawfully appointed under section 176 to determine the amount of the compensation is to be satisfied that —
    - (i) the owner of the land has sold the land at a lesser price than the owner might reasonably have expected to receive had there been no reservation of the land under the planning scheme; and

- (ii) the owner before selling the land gave written notice to the responsible authority of the owner's intention to sell the land; and
- (iii) the owner sold the land in good faith and took reasonable steps to obtain a fair and reasonable price for the land;

or

- (b) when the responsible authority refuses an application made under the planning scheme for approval of development on the land or grants approval of development on the land subject to conditions that are unacceptable to the applicant, the person lawfully appointed under section 176 to determine the amount of the compensation is to be satisfied that the application was made in good faith.

**178. Claim for compensation, time for making**

- (1) A claim for compensation for injurious affection to land by the making or amendment of a planning scheme is to be made —
    - (a) in the case of a claim in respect of injurious affection referred to in section 174(1)(a) or (b), at any time within 6 months after —
      - (i) the land is sold; or
      - (ii) the application for approval of development on the land is refused; or
      - (iii) the approval is granted subject to conditions that are unacceptable to the applicant;
- or
- (b) in the case of a claim in respect of injurious affection referred to in section 174(1)(c), within the time, if any, limited by the planning scheme.

- (2) The time limited by a planning scheme under subsection (1)(b) is to be not less than 6 months after the date when notice of the approval of the scheme is published in the manner prescribed by the regulations.

**179. Injurious affection due to land being reserved, amount of compensation for**

- (1) Subject to this Division, the compensation payable for injurious affection due to or arising out of the land being reserved under a planning scheme, where no part of the land is purchased or acquired by the responsible authority, is not to exceed the difference between —
- (a) the value of the land as so affected by the existence of such reservation; and
  - (b) the value of the land as not so affected.
- (2) The values referred to in subsection (1)(a) and (b) are to be assessed as at the date on which —
- (a) the land is sold as referred to in section 178(1)(a); or
  - (b) the application for approval of development on the land is refused; or
  - (c) the approval is granted subject to conditions that are unacceptable to the applicant.

**180. Notating title to land after compensation paid**

- (1) When compensation for injurious affection to any land has been paid under section 177, the responsible authority may lodge with the Registrar of Titles or the Registrar of Deeds and Transfers, as the case requires, a notification in a form acceptable to the Registrar of Titles or the Registrar of Deeds and Transfers, as the case requires, specifying —
- (a) the date of payment of compensation; and
  - (b) the amount of compensation so paid; and

- (c) the proportion (expressed as a percentage), which the compensation bears to the unaffected value of the land as assessed under section 179(2).
- (2) On receipt of the notification from the responsible authority, the Registrar of Titles or the Registrar of Deeds and Transfers, as the case requires, is to register the notification.

**181. Recovering paid compensation if reservation revoked or reduced**

- (1) Where —
  - (a) compensation for injurious affection to land (the *original compensation*) has been paid to an owner of land in the circumstances set out in section 177; and
  - (b) as a result of the planning scheme being amended or revoked the reservation of the land for a public purpose is revoked or the area of the land the subject of the reservation is reduced,

the responsible authority is entitled to recover from the owner of the land at the date of the revocation or reduction of the reservation an amount (the *refund*) which is determined by calculating the relevant proportion (as determined under subsections (4) to (7)) of the value of the land as at the date on which the refund becomes payable under subsection (2).

- (2) The refund is not payable by the owner of the land until the land is first sold or subdivided following the date of the revocation or reduction referred to in subsection (1)(b) unless otherwise agreed by the owner and the responsible authority.
- (3) If the land is owned by 2 or more people they are jointly and severally liable to pay the refund.
- (4) When the reservation has been revoked the relevant proportion for the purposes of subsection (1) is the same as the proportion referred to in section 180(1)(c) in relation to the original compensation.

- (5) Where the area of the reservation has been reduced the relevant proportion for the purposes of subsection (1) is to be determined as follows —
- (a) a notional amount of compensation is determined under sections 177 and 179 as if —
    - (i) the reservation had never occurred; and
    - (ii) a reservation of the reduced area had occurred when the reduction occurred; and
    - (iii) the land were being sold;
 and
  - (b) the proportion (expressed as a percentage) which that notional amount of compensation bears to the current value of the land (unaffected by the existence of the reservation) is calculated; and
  - (c) the relevant proportion is then determined by deducting the proportion calculated under paragraph (b) from the proportion referred to in section 180(1)(c) in relation to the original compensation.

*Example:*

Original compensation proportion	25%
Less	
Notional compensation proportion	<u>15%</u>
Relevant proportion =	10%

- (6) Despite subsection (4), where the reservation is revoked after an amount has been recovered under subsection (2) in respect of a previous reduction of the reservation, the relevant proportion is the same as the notional compensation proportion calculated under subsection (5)(a) and (b) in respect of the previous reduction.
- (7) Despite subsection (5), where the reservation is reduced after an amount has been recovered under subsection (2) in respect of a

previous reduction of the reservation, the relevant proportion is to be determined as follows —

- (a) a notional compensation proportion is calculated under subsection (5)(a) and (b) in respect of the subsequent reduction; and
- (b) the relevant proportion is then determined by deducting the proportion referred to in paragraph (a) from the notional compensation proportion calculated under subsection (5)(a) and (b) in respect of the previous reduction.

*Example:*

Notional compensation proportion calculated under subsection (5)(a) and (b) on previous reduction	15%
Less	
Notional compensation proportion calculated under subsection (5)(a) and (b) on subsequent reduction	<u>8%</u>
Relevant proportion on subsequent reduction =	7%

- (8) For the purposes of subsections (1) and (5)(b) the value of the land is to be determined by one of the methods set out in section 188(2)(a), (b) or (c), but that value is to be determined without regard to any increase in value attributable to factors unrelated to the reservation or to its revocation or reduction.
- (9) When the responsible authority has an entitlement to recover an amount under subsection (1) it has an interest in the land and may lodge with the Registrar a notification in a form acceptable to the Registrar of the existence of that interest, and may

- withdraw, in a form acceptable to the Registrar, any notification so lodged.
- (10) On receipt of the notification or a withdrawal of notification from the responsible authority, the Registrar is to register the notification or withdrawal of notification.
- (11) Before selling or subdividing land in respect of which a notification is lodged under subsection (9), the owner of the land is to give written notice to the responsible authority, in accordance with the regulations, of the owner's intention to sell or subdivide the land.
- (12) Where a notification is lodged under subsection (9) the Registrar of Titles is not to register a transfer of the land without the consent of the responsible authority.
- (13) Where a notification as to the land is lodged under subsection (9) with the Registrar of Deeds and Transfers without the consent of the responsible authority, registration of the document the subject of the notification is null and void.
- (14) Subject to subsection (15), in the case of land reserved under a region planning scheme, subsection (1) has effect whether the reservation of the land occurred before the commencement of this section or occurs after that commencement.
- (15) In the case of land reserved under the Metropolitan Region Scheme, where the reservation occurred before the commencement of this Act, subsection (1) does not have effect if —
- (a) the revocation or reduction of the reservation occurred before 1 July 1988; or
  - (b) the sale or subdivision referred to in subsection (2) occurred before 1 March 1995,

but otherwise has effect whether the revocation or reduction occurred before the commencement of this section or occurs after that commencement.

**277. Effect of Commission determination under s. 274**

- (1) This section applies if the Commission determines a development application under section 274.

Example for this subsection:

1. If the development application would, apart from this Part, have been determined by a local government for the purposes of a local planning scheme, the Commission's determination has the same effect for the purposes of the local planning scheme as if the determination had been made by the local government.
2. Accordingly, if the determination is to grant approval for development —
  - (a) the development may be commenced and carried out as if the approval had been granted by the local government; and
  - (b) any conditions imposed by the Commission on the approval must be complied with as if they were conditions imposed on the approval by the local government; and

- (5) Subsections (2) to (4) are subject to sections 278 and 279 and Divisions 3 and 4.
- (6) Subject to Division 3, if the Commission's determination is to grant approval for development, the determination does not affect the operation of any legal instrument that requires the obtaining, in relation to the development, of any other type of

approval, consent, licence, permit, registration or other authority (however described).

Examples for this subsection:

1. A consent under the *Aboriginal Heritage Act 1972* section 18.
2. A building permit or demolition permit under the *Building Act 2011*.
3. A licence under the *Liquor Control Act 1988*.

- (3) The approval lapses if the development is not substantially commenced within the period referred to in subsection (2).

*[Section 278 inserted: No. 26 of 2020 s. 4.]*

  - (b) to amend any part or aspect of the approved development; or
  - (c) to amend the approval in any other way; or
  - (d) to cancel the approval.
- (3) An amendment of the kind referred to in subsection (2)(b) —
- (a) cannot substantially change the approved development; and
  - (b) in the case of approval granted on a development application made under section 271 — cannot result in the approved development no longer being significant development.
- (4) The Commission cannot do anything under this section that would have the effect of extending the period within which the development must be substantially commenced in accordance with section 278(2).
- (5) The Commission must consider an application made under subsection (2) and determine it by —
- (a) granting it (with or without conditions); or
  - (b) refusing it.
- (6) Sections 273(1), 274(3) and (5) to (7), 275 and 276 apply with any necessary modifications to an application made under subsection (2) as they apply to a development application made under section 271.

  - (b) without limiting paragraph (a), despite any time limit that would, apart from this subsection, apply under any legal instrument in relation to anything to which the direction relates.
