## **12. Duties to lenders**

- 12.1 A finance broker must —
- (a) ascertain and communicate to a lender all material facts relating to any property or the value of any property being offered as security for a loan (including all registered or known encumbrances); and

- (b) take reasonable steps to ensure the accuracy of all information which is provided to a lender relating to any property being offered as security for a loan.
- 12.2 If real property is to be offered as security for a loan, the finance broker must provide all lenders with a true copy of the current Certificate of Title relating to that real property.
- 12.3 If real property is to be offered as security for a loan, the finance broker must inform prospective lenders in writing that they are entitled to appoint a valuer of their own choice, by including such a statement in the notices given under clause 11.2.
- 12.4 When a finance broker or any person other than the lender appoints a valuer to value any property offered as security for a loan, the finance broker must —
  - (a) obtain written confirmation to ensure that the valuer is qualified to undertake the valuation; and
  - (b) obtain written confirmation that the valuer has no direct or indirect interest, financial or otherwise, in the property to be valued or the loan for which the property is required as security or in any transaction to which the loan is commercially relevant; and
  - (c) provide an unedited copy of all valuations obtained from the valuer to all lenders, as an attachment to the notice required under clause 11.2; and
  - (d) ensure that the valuer acknowledges in the valuation document that the lender may use and rely on the valuation and that the valuer accepts legal responsibility, by acknowledging a duty of care to the lender for the valuation; and
  - (e) if the valuation is to be undertaken on a proposed property development, ensure that the valuation obtained contains an “as is valuation” in addition to any “as if complete valuation” or “on completion valuation” that may also be provided, and that these appear consecutively (with the “as is valuation” stated first) and are also so included in the valuation summary in the report; and

- (f) ensure that all valuations are up-to-date and provide an explanation of the basis upon which any value is calculated, including any assumptions made; and
  - (g) obtain and provide to all lenders (bound into the copy of the valuation report) a written copy of the original and any subsequent instructions given to the valuer by the person who appointed the valuer or by any other person; and
  - (h) provide to all lenders (attached to or included as a part of the valuation report) a written statement identifying the person(s) that gave the instructions mentioned in paragraph (g) and, if that person is the borrower, the written statement must clearly identify that this person is the borrower; and
  - (i) ensure that the information provided in the valuation document can be understood by the lenders with whom the finance broker is negotiating.
- 12.5 A finance broker is not permitted under any circumstances to use a valuation obtained by the finance broker or any other person for the purposes of soliciting funds from lenders, unless that valuation is in writing and meets all the requirements of clause 12.4.
- 12.6 A finance broker must not improperly procure, or attempt to procure, a statement signed by a lender stating that the lender has appointed a valuer to conduct a valuation of property to be secured.
- 12.7 A finance broker must provide all lenders with a budget attached to the notice required under clause 11.2 which must contain all such information, in relation to the project to be funded, as lenders and their professional advisers would reasonably require for the purpose of making an informed assessment of the transaction, including where any proposed development is concerned —
  - (a) the total amount of funding required to complete the development and whether all those funds will be raised prior to the commencement of the project; and
  - (b) the proposed application of funds at each stage of the project development, including the time expected to be required to complete each stage; and
  - (c) who will inspect the project development and authorise the advance of funds at each stage; and

- (d) the amount of funds to be held in trust, and for whom, at each stage of the project development.

12.8 The budget referred to in clause 12.7 must, in relation to each stage of any project development, separately identify (but is not limited to) the following items or, if applicable, reasonable estimates of those items at each stage —

- (e) amounts used to repay existing loans;
- (f) amounts used to pay interest and interest in advance;
- (g) amount of commission paid to the finance broker;
- (h) taxes, duties and charges.

12.9 In determining the nature of information to be included in any budget referred to in clause 12.7, regard is to be had to —

- (a) the nature and purpose of the proposed loan; and
- (b) the kinds of persons likely to consider participating in such a loan; and
- (c) the matters which may reasonably be expected to be known to professional advisers of any kind whom those persons may reasonably be expected to consult.

12.10 A finance broker shall obtain and provide to each lender, in writing as an attachment to the notice required under clause 11.2, the following information concerning all borrowers and guarantors —

- (a) in addition to the names and addresses of each borrower and guarantor —
  - (i) a statement of the assets and liabilities of each borrower and guarantor; and
  - (ii) a statement of available income to service interest payments of each borrower and guarantor,

statutorily declared by those persons to be true and accurate at the time of signing;

- (b) the details of parties to any existing loan, if any part of the funds to be provided by lenders is to be used to repay that existing loan;

  - (i) any borrower or guarantor of a loan;
  - (ii) any company of which any borrower or guarantor is or has been a director or officer.

12.11 If a lender is not represented at settlement by a solicitor or settlement agent who is independent of the finance broker, the finance broker must ensure that the appropriate documents are lodged, on behalf of the lender, at the Department of Land Information immediately following settlement to ensure that the lender's interest is registered on the Certificate of Title of the security property.

12.12 If a finance broker arranges a settlement on behalf of lenders to be secured, that finance broker must —

- (a) inform all lenders in writing that settlement and lodgment have been effected; and
- (b) provide a copy of a Department of Land Information lodgment receipt to all lenders; and
- (c) inform all lenders in writing that the finance broker will be sending lenders a true copy of the duplicate Certificate of Title bearing lenders' names registered as mortgagees within 7 days of receipt of the duplicate Certificate of Title from the Department of Land Information.

12.13 If a finance broker receives a 'Stopped Documents' notice from the Department of Land Information, the finance broker must —

- (a) immediately inform all affected lenders in writing that a 'Stopped Documents' notice has been received; and
- (b) provide a copy of the 'Stopped Documents' notice to all affected lenders; and

- (c) take all reasonable steps to resolve the issue giving rise to the 'Stopped Documents' notice; and
- (d) keep all affected lenders fully informed about progress in dealing with and successful resolution of the 'Stopped Documents' notice.

12.14 If a finance broker retains a duplicate Certificate of Title for any lender, then the finance broker must —

- (a) acknowledge that fact in writing to the lender; and
- (b) send the lender a true copy of the duplicate Certificate of Title bearing all lenders' names registered as mortgagees, within 7 days of receipt of the duplicate Certificate of Title from the Department of Land Information; and
- (c) hold that duplicate Certificate of Title in safe custody.
