“**disqualified**” from holding or obtaining a driver’s licence does not include being prevented under section 42D of the Act from being granted a driver’s licence and in the context of a

 - (b) has 3 wheels arranged so that the axis of rotation of 2 wheels lies on the same straight line and each of those 2 wheels is equidistant from the third,
- except that it does not include a motorised wheelchair and does not include a motor vehicle built or modified to be used primarily to carry goods or materials used in any trade, business or industry;

- (3) A driver's licence cannot be transferred to another person.

8. What a driver's licence authorises

- (1) The extent to which a driver's licence authorises the licence holder to drive on a road depends on the class or classes of authorisation given in the licence.
- (2) Schedule 2 column 1 designates each class of authorisation.

- (3) A driver's licence giving a particular class of authorisation authorises the holder to drive on a road —
 - (a) a motor vehicle the class of which has the same designation as the class of authorisation; or
 - (b) a motor vehicle of any other class shown in Schedule 2 column 2 for that class of authorisation.

9. Licence may be provisional

- (4) An amount referred to in subregulation (3)(a) is to be regarded as not intended to exceed the running costs of the motor vehicle if it does not exceed an amount calculated according to the relevant rate per kilometre fixed in Schedule 3.

12. Endorsement to allow carrying passengers for reward

- (1) The Director General may endorse a driver's licence to give the authorisation referred to in regulation 11(1).

- (2) The endorsement is to show that the driver's licence includes —

- (3) If under the law of another jurisdiction the driver licence that a person may hold or obtain is restricted, that fact is recognised and as a consequence of the recognition a driver's licence held by the person does not authorise the person to drive on a road in this State to an extent that, because of that fact, the person would be prevented from being authorised to drive under the law of the other jurisdiction.

Division 2 — Eligibility to hold a driver's licence

15. Minimum age generally required to hold driver's licence

- (1) The minimum age that a person has to have reached to hold a driver's licence is —
 - (a) except as stated in paragraph (b), 17 years of age;
 - (b) for a driver's licence that is endorsed with condition N and authorises the person to drive only a vehicle of class R, 16 years of age.
- (2) Other provisions of these regulations may have the effect that, in some cases, a person cannot hold a driver's licence until later than when the person reaches the age fixed by subregulation (1).
- (3) This regulation does not prevent the Director General from waiving an age requirement in a particular case under regulation 22(1).

16. Ability to safely drive motor vehicles on roads

- (1) Before a person can hold a driver's licence the person has to have satisfied the Director General that the person can demonstrate sufficient ability to safely drive motor vehicles as the licence would authorise.

- (2) An applicant for a driver's licence who is a novice driver and has not previously held a driver's licence may demonstrate the ability referred to in subregulation (1) by —
 - (a) after reaching 16 years and 6 months of age, satisfying the Director General that the applicant is able to control a motor vehicle that the licence would authorise the holder to drive; and
 - (b) after satisfying the Director General as paragraph (a) requires, driving an appropriate vehicle on a road for at least 25 hours in the course of instruction by —

- (3) An applicant for a driver's licence who is not a novice driver or who, although a novice driver, has previously held a driver's licence, may demonstrate the ability referred to in subregulation (1) by satisfying the Director General that the applicant is able to control a motor vehicle that the licence would authorise the holder to drive.
- (4) Subregulations (2) and (3) do not prevent the Director General from being satisfied that a person can demonstrate sufficient ability —
 - (a) in the circumstances described, and on the basis described, in regulation 24(2); or
 - (b) in any circumstances, and on any basis, as the Director General sees fit.

17. How ability to control relevant motor vehicles can be shown

- (1) A person satisfying the Director General of an ability to control a motor vehicle of a kind described in Schedule 5 column 2 is to be taken to have satisfied the Director General of the ability to control motor vehicles that is needed for a driver's licence to

authorise the person to drive a motor vehicle of the class specified in column 1.

- (2) A person satisfying the Director General of an ability to control a moped is to be taken to have satisfied the Director General of the ability to control motor vehicles that is needed for a driver's licence to authorise the person to drive a motor vehicle of class R while the licence is endorsed with condition N.
- (3) A person satisfying the Director General of an ability to control a motor cycle with an engine capacity of at least 100 cc is to be taken to have satisfied the Director General of the ability to control motor vehicles that is needed for a driver's licence to authorise the person to drive a motor vehicle of class R while the licence is endorsed with condition E.

18. Certain evidence of ability to safely drive motor vehicles

The Director General —

- (a) may accept evidence, other than evidence obtained from a driving test, to demonstrate that the applicant is able to control a motor vehicle as referred to in regulation 16(2)(a); and
- (b) may accept, from a body authorised by the Director General to give it, evidence about whether the applicant can demonstrate the ability referred to in regulation 16 to safely drive relevant motor vehicles.

19. Drivers who are 75 years of age or more

- (1) This regulation applies to the grant of a driver's licence, whether by way of renewal or otherwise, to a person (the **"applicant"**) who has reached 75 years of age.
- (2) Despite regulation 24(2) the Director General cannot be satisfied that the applicant has demonstrated the ability referred to in regulation 16 to safely drive motor vehicles as the licence would authorise solely on the basis that the applicant has previously held a driver's licence or has previously satisfied the Director General of having that ability.
- (3) The applicant has to have demonstrated that ability —
 - (a) in the case of the grant of a driver's licence to an applicant who has reached 75, but not 78, years of age, within 3 years before the grant of the licence; and
 - (b) in the case of the grant of a driver's licence to an applicant who has reached 78, but not 80, years of age, within 2 years before the grant of the licence; and

- (c) in the case of the grant of a driver's licence to an applicant who has reached 80 years of age, within one year before the grant of the licence.

20. Knowledge of traffic laws and safe driving techniques

- (1) Before a person can hold a driver's licence the person has to have satisfied the Director General that the person can demonstrate a reasonable knowledge of the traffic laws of the State and of safe driving techniques unless under regulation 22(4) the Director General has waived the requirement to be able to demonstrate that knowledge.
- (2) The Director General may require the person to demonstrate that knowledge by completing a theory test, by producing evidence of knowledge accepted under the traffic laws of another jurisdiction that the Director General accepts as being sufficiently similar to those of this State, or in any other way the Director General considers acceptable.

21. Prerequisite driver's licences

- (1) The Director General cannot grant a person a driver's licence authorising the person to drive a motor vehicle of a class specified in Schedule 6 column 1 unless the person has, for a period of, or periods adding up to, at least the amount of time specified in column 3, held —
 - (a) a driver's licence described for that class in column 2; or
 - (b) any Australian driver licence or foreign driving authorisation that was substantially equivalent to a driver's licence described for that class in column 2,unless under regulation 22(5) the Director General has waived the requirement imposed by this subregulation.
- (2) A reference in subregulation (1) or Schedule 6 column 2 to a driver's licence authorising a person to drive a vehicle does not include a driver's licence that authorises the person to drive the vehicle only when learning.
- (3) Subregulation (1) does not apply to the granting of a driver's licence to authorise the person to drive a motor vehicle of class R while the licence is endorsed with condition N or E.

22. Waiving certain requirements in special cases

- (1) The Director General may in a particular case waive the requirement in regulation 15(1) that a person holding a licence have reached the age fixed in that provision if —

- (b) the requirements of subregulation (2) or (3) that apply are satisfied.
- (2) If the applicant for the licence has a parent or guardian residing in the State, a parent or guardian has to have consented in writing to the licence being granted.
- (3) If the applicant for the licence does not have a parent or guardian residing in the State —
 - (a) a parent or guardian has to have consented in writing to the licence being granted; or
 - (b) an employer or intended employer of the applicant has to have confirmed in writing that the licence is considered essential for the purposes of the applicant's employment.
- (4) The Director General may in a particular case waive the requirement in regulation 20(1) that before a person can hold a driver's licence the person can demonstrate a reasonable knowledge of the traffic laws of the State and of safe driving techniques if denial of a licence would occasion undue hardship.
- (5) The Director General may in a particular case waive the requirement imposed by regulation 21(1) if denial of a licence would occasion undue hardship.

Division 3 — Applying for grant or variation of driver's licence

23. Manner and form

- (1) A person who wishes to obtain a driver's licence may give to the Director General a written application for a driver's licence.
- (2) The application has to be made in a form approved by the Director General and it has to give details of the authorisation sought.
- (3) The Director General may require the applicant to provide evidence sufficient to satisfy the Director General of the applicant's identity and residential address.

24. Grant of licence

- (1) Unless prevented by the Act or these regulations from doing so, the Director General may, on payment of the fee, if any, applying under the *Road Traffic (Charges and Fees) Regulations 2006*, grant the applicant a driver's licence if satisfied that the applicant —
 - (a) has reached the minimum age fixed by regulation 15(1), unless the requirement to reach that age has been waived under regulation 22(1); and

- (b) can demonstrate the ability referred to in regulation 16 to safely drive motor vehicles as the licence would authorise; and
 - (c) can demonstrate knowledge of traffic laws and safe driving techniques as required by regulation 20, unless the requirement to be able to demonstrate that knowledge has been waived under regulation 22(4).
- (2) The Director General may, when granting a driver's licence by way of renewal, be satisfied as required by subregulation (1) wholly or partly on the basis that the person has previously held a driver's licence.

25. Some grounds for refusing to grant driver's licence

The Director General may refuse to grant a driver's licence to a person if the Director General has reason to believe that the person —

- (a) is not of good character; or
- (b) suffers from a mental or physical condition (which may include a dependence on drugs or alcohol) that is likely to, or treatment for which is likely to, impair the person's ability to control a motor vehicle; or
- (c) is disqualified under a foreign law, as defined in section 44D(2) of the Act, from being authorised to drive; or
- (d) should not hold a driver's licence because of the number or nature of the person's convictions for —
 - (i) offences under the Act or regulations made under it; or
 - (ii) for offences under laws referred to in paragraph (c) that are similar in substance to offences under the Act or regulations made under it.

26. Applicant may have to satisfy Director General again

If the person who applies for the grant of a driver's licence previously held a driver's licence but it was cancelled by operation of section 51(1) or (3) or section 75(2a) or (2b) of the Act, the Director General cannot be satisfied of the matters referred to in regulation 24(1) solely on the basis that the person has previously held a driver's licence or has previously satisfied the Director General of those matters.

27. Driving tests

- (1) In this regulation —

“allocated time” means the date and time appointed by the Director General for a particular applicant to attend for a driving test;

“driving test” means a driving test that consists of a practical driving assessment to indicate whether the applicant is able to control a motor vehicle that the licence would authorise the holder to drive

“working day” means a day other than a Saturday, Sunday or public holiday.

- (2) The payment of the relevant fee that the *Road Traffic (Charges and Fees) Regulations 2006* prescribe as being payable for an application for a driver’s licence entitles the applicant to a driving test at the allocated time.
- (3) The Director General may change the allocated time either at the request of, or with the consent of, the applicant.
- (4) A request by the applicant to change the allocated time must be made more than 2 working days before the allocated time unless the Director General agrees under subregulation (5) to a later request.
- (5) The Director General may agree to an applicant’s request to change the allocated time even though the request is not made within the time fixed by subregulation (4) if the Director General is satisfied that extenuating circumstances prevented the applicant from attending at what was previously the allocated time or requesting within time that the allocated time be changed.
- (6) If an applicant fails to attend at the allocated time for a driving test to which the applicant is entitled under this regulation and the Director General does not agree to change the allocated time for that test, the applicant has to pay the relevant fee that the *Road Traffic (Charges and Fees) Regulations 2006* prescribe for an additional practical driving assessment before being entitled to a driving test.

28. Variation of driver’s licence

- (1) The holder of a driver’s licence may give to the Director General a written application for the variation of the licence.
- (2) The Director General may, on an application under subregulation (1) or if it is for any other reason appropriate to do so, by notice in writing given to the licence holder vary a driver’s licence.
- (3) If the variation sought in an application under subregulation (1) would extend the licence holder’s authorisation to drive, before

making the variation the Director General has to be satisfied that the person would be eligible to hold the licence as varied and that it would be appropriate to make the variation sought.

- (4) Before varying a driver's licence in a way that would suspend or cancel any authorisation that the licence gives, the Director General has to have regard to the principles in regulation 41 that apply to the cancellation or suspension of a driver's licence, and regulation 41(2) and (3) apply as modified for the purpose of helping the Director General to decide whether to make the variation.
- (5) The kinds of variations that can be made under subregulation (2) are not limited to those to which either subregulation (3) or (4) is relevant.

29. Surrender of driver's licence

- (1) The holder of a driver's licence may, by notice in writing given to the Director General, surrender the licence.
- (2) The driver's licence ceases to have effect from the time the notice is given to the Director General or a later time, if any, specified in the notice unless it expires or otherwise ceases to have effect sooner.
- (3) Before the end of the period of 14 days after the driver's licence ceases under subregulation (2) to have effect, the person who surrendered the licence is required to —
 - (a) return the driver's licence document to the Director General; or
 - (b) notify the Director General in writing that the driver's licence document has been destroyed or cannot be found.

Penalty: 6 PU.

Modified penalty: 2 PU.

- (4) If the holder of a driver's licence surrenders it under this regulation and complies with subregulation (3), the Director General may refund a part of the fee paid for the licence.
- (5) The amount of the fee paid that is refunded is to be a proportion of any component the amount of which depended on the duration of the licence granted, and the proportion is to be based on the number of whole days for which the licence initially granted is of no effect because of the surrender.

Division 4 — Driver's licence documents

30. Issue of licence document

- (1) The Director General is to issue a licence document to the holder of a driver's licence as evidence of the authorisation given by the licence.
- (2) The document is to be in a form that the Director General considers suitable, and different forms may be used for different circumstances.
- (3) The document may consist of 2 or more components, which together constitute the licence document.

31. Issue of replacement licence document

- (1) If a driver's licence document is lost, stolen, destroyed or there is any other good reason for it to be replaced, the Director General is required to issue a replacement licence document to the licence holder, on the licence holder's request and payment of the relevant fee, if any, fixed by the *Road Traffic (Charges and Fees) Regulations 2006*.
- (2) The Director General may require that the licence holder provide a photograph and signature for use on the replacement document before the document is issued.
- (3) If the driver's licence document to be replaced can be produced by the licence holder, the Director General may require that the licence holder return it to the Director General before the replacement document is issued.
- (4) If the driver's licence document to be replaced is not returned to the Director General before the replacement document is issued, the Director General may require that the licence holder return the document replaced if it subsequently comes into the licence holder's possession.
- (5) A person who fails to comply with a requirement made under subregulation (4) commits an offence.
Penalty: 6 PU.
Modified penalty: 2 PU.
- (6) A document issued under this regulation becomes the licence document.

 - (c) the person has failed to comply with subregulation (1).

- (3) A person who fails to comply with a requirement made under subregulation (2) commits an offence.

Penalty: 6 PU.

Division 5 — Other provisions about drivers' licences

33. Conditions

- (1) If, when considering an application for the grant of a driver's licence, whether or not by way of renewal, the Director General thinks that the driver's licence should not be granted except on conditions, the Director General may grant the licence on conditions.
- (2) The Director General may at any time vary a driver's licence under regulation 28 so as to revoke or amend a condition of a driver's licence or impose a condition on a driver's licence.

34. Procedures to do with conditions

- (1) The imposition, amendment or revocation of a condition is not effective until the Director General gives the licence holder written notice that the condition has been imposed, amended or revoked, giving full details of what has been done and explaining its effect.
- (2) When imposing a condition the Director General is to record on the licence document either —
 - (a) the condition in full; or

- (b) a notation in Schedule 7 column 1 to indicate that a condition described in column 2 applies to the licence; or
 - (c) the notation “V” to show that a condition applies to the licence to the effect that the licence holder must not drive a motor vehicle unless it is fitted with certain appliances as described in detail in a notice that has been given under subregulation (1) to the licence holder; or
 - (d) the notation “X” to show that a condition applies to the licence, not being —
 - (i) a condition that is recorded on the licence document in full; or
 - (ii) a condition because of which a notation is recorded under paragraph (b) or (c).
- (3) When referring to a condition described in Schedule 7 column 2 that condition may be identified by the designation that is the same as the notation in Schedule 7 column 1 for that condition.
- For example:* Schedule 7 shows that the notation “A” indicates the condition that the holder of the driver’s licence may drive as authorised if and only if the motor vehicle driven is fitted with automatic transmission; so that condition may be referred to as condition A.
- (4) Notation “A” or “B” does not apply to a vehicle of class R or C unless the licence document indicates that the notation applies to that class of vehicle.
- (5) Notation “A” or “B” applies to each vehicle of any class other than class R or C that the licence authorises to be driven unless the document separately refers to that class of vehicle without indicating that the notation applies.

35. Consequence of breaching a condition

- (1) The authorisation that a driver’s licence gives to drive a motor vehicle does not apply while the vehicle is being driven in contravention of a condition of the licence described in Schedule 7 column 2 but continues to apply while the vehicle is being driven in contravention of any other condition.
- (2) The holder of a driver’s licence to which a condition applies who contravenes the condition commits an offence unless the condition is a condition described in Schedule 7 column 2.

Penalty:

- (a) for a first offence, 6 PU;
- (b) for a subsequent offence, 12 PU.

36. P plates

- (1) Except in the circumstances described in subregulation (2), the holder of a provisional licence who drives a motor vehicle on a road is required to display on the vehicle 2 plates conforming with subregulation (3), one of which is readily visible from the front of the vehicle and the other of which is readily visible from the rear of the vehicle.

Penalty: 3 PU.

Modified penalty: 2 PU.

- (2) Subregulation (1) does not apply if the licence holder is a member of the Police Force appointed under the *Police Act 1892* Part I driving in the course of duty.

- (3) Each plate has to bear the letter “P” —

- (a) if the driver is a novice driver (type 1A), in white on a red background; or
- (b) in any other case, in white on a green background,

and the plate and the letter “P” have to be at least of the size described in the diagram below.

- (4) The Director General is required to issue plates conforming with subregulation (3) free of charge.
- (5) A person, not being the holder of a provisional licence, who drives a motor vehicle on a road while displaying a plate described in subregulation (3) on the vehicle commits an offence.

Penalty: 2 PU.

Modified penalty: 1 PU.

37. Duration of driver's licence

- (1) This regulation other than subregulation (4) applies to the grant of a driver's licence whether or not it is by way of renewal.
- (2) The period for which the Director General grants a driver's licence is to be fixed in the licence and unless this regulation states otherwise it is to be one year or 5 years, as the applicant for the driver's licence chooses.
- (3) If the Director General grants a driver's licence as a provisional licence, the Director General is to fix the period for which the driver's licence is granted as one year.
- (4) If the Director General grants a driver's licence to an applicant who relinquishes another jurisdiction's driving authorisation to obtain the driver's licence, unless a lesser period is fixed under subregulation (5) or (6) the Director General is to fix the period for which the driver's licence is granted so that it would expire when the authorisation relinquished was due to expire except that, if to do so would result in a period of more than 5 years, the period is to be 5 years.
- (5) If the Director General grants a driver's licence with a condition that is imposed on grounds having regard to which the licence should be for a period that is less than 5 years, the Director General is to fix that period as the period for which the driver's licence is granted.
- (6) If the Director General grants a driver's licence to a person who has reached 79 years of age, the maximum period for which the licence may be granted is one year and, if the person has not reached that age but has reached 71 years of age, the Director General may fix a period of less than 5 years as the period for which the driver's licence is granted.
- (7) A driver's licence is current until the end of the period for which it is granted.
- (8) To the extent that it is practicable, a driver's licence document is to show as the expiry day of the licence the last day of the period for which the driver's licence is current.

38. Grant of driver's licence by way of renewal

- (1) In this regulation —
 “expiry day” means the last day of the period for which the driver's licence is current.
- (2) The holder of a driver's licence may, within the period of 6 months before the expiry day, apply for the Director General to grant to the holder a driver's licence for a further period

commencing from the expiry day and otherwise to the same effect as the driver's licence that is about to expire.

- (3) The application has to be made to the Director General in a form approved by the Director General.
- (4) The grant of a licence upon an application under this regulation may be referred to as a grant by way of renewal.

39. Application made after recent expiry of driver's licence

- (1) This regulation applies if, within the period of 6 months after a driver's licence expires, the person who held the licence applies for the Director General to grant to the person a driver's licence substantially to the same effect as the driver's licence that expired but for a further period.
- (2) The application has to be made to the Director General in a form approved by the Director General.
- (3) Regulations 24(2) and 65(2) apply as if the grant of the driver's licence were a grant by way of renewal.
- (4) Subregulations (5) and (6) apply unless the person whose driver's licence expires notifies the Director General in writing, within the period of 15 days after the expiry, that the person is aware of the expiry and does not require a further driver's licence substantially to the same effect as the driver's licence that expires.
- (5) If this subregulation applies and the Director General grants the driver's licence, the period for which it is granted is to be fixed to end when, if the licence had been granted by way of renewal, the period for which it was granted would have ended.
- (6) Even though the period fixed under subregulation (5) does not commence until the licence is granted, the fee for the licence is the fee applicable to a licence for a period of the same length as the period from the day after the previous licence expired until the day on which the licence granted expires.

40. Change of licence holder's address

- (1) If the residential address that a person who holds a driver's licence most recently gave to the Director General ceases to be the person's current residential address, the person is required to give the Director General notice in writing of that fact and of the person's current residential address.
- (2) The notice is required to be given within the period of 21 days after the day on which the person's residential address changed.

Penalty:

- (a) for a first offence, 4 PU;

- (b) for a subsequent offence, 8 PU.

Modified penalty: 1 PU.

41. Director General suspending or cancelling driver's licence

- (1) The Director General may, by notice in writing given to the licence holder —
 - (a) suspend a person's driver's licence if the Director General has reason to suspect that there are grounds on which the Director General could, if then considering whether to grant the driver's licence, refuse under regulation 25 to grant it; or
 - (b) suspend or cancel a person's driver's licence if —
 - (i) the Director General has reason to believe that there are grounds on which the Director General could, if then considering whether to grant the driver's licence, refuse under regulation 25 to grant it; or
 - (ii) the Director General is no longer satisfied of each of the matters referred to in regulation 24.
- (2) In order to decide whether there is a basis for suspending or cancelling a person's driver's licence under subregulation (1) the Director General may, by notice in writing given to the licence holder, require the person to satisfy the Director General within the period specified in the notice, being not less than 14 days, as to any matter relevant to that decision.
- (3) If the person fails to satisfy the Director General within that period or within any further period that the Director General allows, the Director General may —
 - (a) cancel the person's driver's licence; or
 - (b) impose or vary any condition on the licence; or
 - (c) suspend the licence until the Director General is satisfied as to the matter.
- (4) The Director General may, by notice in writing given to the licence holder, cancel or suspend a person's driver's licence if —
 - (a) the licence was granted contrary to the Act or these regulations; or
 - (b) the person obtained the grant of the licence on the basis of incorrect or misleading information, whether or not fraud or misrepresentation was involved, by means of a form of payment that was subsequently dishonoured, or in a manner contrary to this Act; or

- (c) the holder of the licence has failed to comply with any condition imposed on the licence.
- (5) Cancellation or suspension of a driver's licence under subregulation (4) does not affect the liability of the licence holder to any penalty attributable to anything referred to in subregulation (4)(b) or (c).

42. Reviewable decisions

- (1) In this regulation —
“**reviewable decision**” means a decision of the Director General to —
 - (a) refuse an application for the grant of a driver's licence; or
 - (b) refuse an application for a driver's licence to be endorsed as including extension F or extension T; or
 - (c) impose a condition when granting a driver's licence; or
 - (d) vary a driver's licence, whether by imposing or amending a condition, by making, amending, or cancelling any other endorsement on it, or in any other way; or
 - (e) refuse an application for the variation of a driver's licence; or
 - (f) suspend or cancel a driver's licence; or
 - (g) under regulation 63, exclude the person from being authorised by regulation 62 to drive a motor vehicle.
- (2) On making a reviewable decision, the Director General has to give to the person affected by the decision notice in writing of it, stating reasons for the decision and informing the person of —
 - (a) the right that subregulation (3) gives the person to request the Director General to reconsider the decision; and
 - (b) the right that subregulation (4) gives the person to apply for a review of the decision.
- (3) A person given a notice under subregulation (2) may, within 28 days, in writing request the Director General to reconsider the reviewable decision, and the Director General may confirm, alter, or revoke the decision.
- (4) A person aggrieved by the reviewable decision or the decision the Director General makes under subregulation (3) on reconsidering the reviewable decision may apply to the State Administrative Tribunal for a review of the decision by which the person is aggrieved.

- (5) Both the Commissioner of Police and the Director General have a right to be heard in proceedings for the review by the State Administrative Tribunal.

43. Disclosing certain information in driver's licence register

- (1) The Director General may release to a person or body having functions under the law of another jurisdiction information referred to in section 46 of the Act that the person or body intends to use for the purpose of performing those functions.
- (2) The release of the information is to be on the basis that it is not to be used for any other purpose.
- (3) Without limiting the release of information in accordance with subregulations (1) and (2), information referred to in section 46 of the Act may be released if the person about whom the information is released or for whom the information is commercially sensitive consents in writing to its release.
- (4) A person to whom the Director General has given a written request for consent required by subregulation (3) is to be regarded as having given the consent sought if the person does not respond to the request within the period of 14 days after the request was given to the person or a longer period specified in the request.

Part 3 — Learner drivers

44. What learner's permit authorises

- (1) A learner's permit may describe the driving that it authorises by referring to the classes of authorisation that a driver's licence may give.
- (2) A learner's permit giving a particular class of authorisation authorises the holder to drive on a road, solely for the purpose of learning to drive the vehicle —
 - (a) a motor vehicle the class of which has the same designation as the class of authorisation; or
 - (b) a motor vehicle of any other class shown in Schedule 2 column 2 for that class of authorisation, other than a motor vehicle that the permit holder is already authorised to drive.
- (3) The authorisation that a learner's permit gives the holder to drive on a road ceases if the holder is granted a driver's licence authorising the kind of driving that the holder was learning when driving under the permit.

45. Driving instructors who are not licensed as instructors

- (1) Subregulation (2) describes who may, although not holding a licence under the *Motor Vehicle Drivers Instructors Act 1963*, give a person who holds a learner's permit driving instruction in the course of which the permit holder is authorised to drive a motor vehicle on a road in accordance with the permit.
- (2) The driving instruction may be given by —
 - (a) a person who is an instructor in a youth driver education course conducted or supervised by a body authorised by the Director General for that purpose; or
 - (b) a person who is authorised to perform any driving of a kind for which the driving instruction is to be given and has had that authorisation for a period of, or periods adding up to —
 - (i) in the case of driving of a moped, at least 2 years; or
 - (ii) in any other case, at least 4 years.
- (3) In subregulation (2)(b) —
“authorised” means authorised by a driver's licence, any other Australian driver licence, or a foreign driving authorisation.

46. Minimum age for holding learner's permit

- (1) A person who has not reached 16 years of age cannot hold a learner's permit unless —
 - (a) subregulation (2) applies; or
 - (b) under subregulation (3), the Director General waives the requirement to have reached that age.
- (2) A person who has reached 15 years and 6 months of age may hold a learner's permit authorising the person, while learning, to drive only a motor vehicle of class R that may be driven by the holder of a driver's licence endorsed with condition N.
- (3) The Director General may in a particular case waive the requirement to have reached 16 years of age if the Director General is satisfied that denial of the permit would occasion undue hardship.

47. Knowledge of traffic laws and safe driving techniques

Before a person can hold a learner's permit the person has to have satisfied the Director General that the person can demonstrate the knowledge of the traffic laws of the State and of safe driving techniques that is referred to in regulation 20 unless under

regulation 22(4) the Director General has waived the requirement to be able to demonstrate that knowledge.

48. Prerequisite driver authorisation

- (1) Before a person can hold a learner's permit the person has to have satisfied the Director General that the person meets the relevant requirements of subregulations (2) and (3) other than a requirement that the Director General has waived under subregulation (6).
- (2) For a learner's permit authorising the person, while learning, to drive a motor vehicle of a particular class specified in Schedule 8 column 1, the person must have held —
 - (a) a driver's licence described for that class in column 2; or
 - (b) any Australian driver licence or foreign driving authorisation that was substantially equivalent to a driver's licence described for that class in column 2.
- (3) If Schedule 8 column 3 specifies a period of time, the person must have held a driver's licence as described, or a substantially equivalent authorisation, for a period of, or periods adding up to, at least the amount of time specified in column 3.
- (4) A reference in subregulation (2) or Schedule 8 column 2 to a driver's licence authorising a person to drive a vehicle does not include a driver's licence that authorises the person to drive the vehicle only when learning.
- (5) Subregulation (1) does not apply to the granting of a learner's permit authorising a person, while learning, to drive only a motor vehicle of class R that may be driven by the holder of a driver's licence endorsed with condition N or E.
- (6) The Director General may in a particular case waive a requirement of subregulation (2) or (3) if the Director General is satisfied that denial of the permit would occasion undue hardship.

49. Conditions

- (1) In this regulation —

"instructor" means the person referred to in section 43(2) of the Act who is giving the driving instruction in the course of which the learner's permit authorises driving;

"learner" means the holder of the learner's permit concerned.
- (2) This regulation specifies conditions that apply to every learner's permit and are in addition to any other condition.
- (3) Whenever the learner drives on a road a motor vehicle to which a learner's permit applies —

- (a) the learner has to be accompanied by the instructor; and
- (b) the speed of the motor vehicle is not to exceed 100 km/h at any time.

50. Consequence of breaching a condition

- (1) The authorisation that a learner's permit gives to drive a motor vehicle does not apply while the vehicle is being driven in contravention of the condition specified in regulation 49(3)(a) but continues to apply while the vehicle is being driven in contravention of any other condition.
- (2) The holder of a learner's permit who contravenes the condition specified in regulation 49(3)(b), or any other condition except the condition specified in regulation 49(3)(a), commits an offence under this regulation.

Penalty: 4 PU.

Modified penalty: 2 PU.

51. L plates

- (1) A person who drives a motor vehicle on a road while learning to drive, whether as authorised by a learner's permit or because of regulation 57(1) or (2), is required to display on the vehicle 2 plates ("**L plates**") conforming with subregulation (2), one of which is readily visible from the front of the vehicle and the other of which is readily visible from the rear of the vehicle.

Penalty: 2 PU.

Modified penalty: 1 PU.

- (2) Each L plate has to measure not less than 150 mm by 150 mm and bear a black letter "L" clearly marked on a yellow background.
- (3) The person in charge of a motor vehicle that another person drives on a road while learning to drive is required to ensure that L plates are displayed as required by subregulation (1).

Penalty: 2 PU.

Modified penalty: 1 PU.

- (4) A person must not drive on a road a motor vehicle displaying a plate bearing a letter "L" unless —
 - (a) the person is driving while learning, as authorised by a learner's permit or because of regulation 57(1) or (2); or
 - (b) a person who is authorised as described in paragraph (a) (the "**learner**") is sitting beside the driver and the driver is authorised to give, and is driving in the course of giving, driving instruction to the learner.

Penalty: 2 PU.

Modified penalty: 1 PU.

52. Applying for learner's permit

- (1) An application for a learner's permit may be made to the Director General in a form approved by the Director General.
- (2) The application has to give details of the authorisation sought, the applicant's identity, and other matters that are relevant to dealing with the application.

53. Issue of permit document

- (1) The Director General is to issue a permit document to the holder of a learner's permit as evidence of the authorisation given by the permit.
- (2) The document is to be in a form that the Director General considers suitable.
- (3) The document may consist of 2 or more components, which together constitute the permit document.

54. Issue of replacement permit document

- (1) If a learner's permit document is lost, stolen, destroyed or there is any other good reason for it to be replaced, the Director General is required to issue a replacement permit document to the permit holder, on the permit holder's request and payment of the relevant fee, if any, fixed by the *Road Traffic (Charges and Fees) Regulations 2006*.
- (2) The Director General may require that, before the document is issued, the permit holder provide proof, to the Director General's satisfaction, of the permit holder's identity.
- (3) A document issued under this regulation becomes the permit document.

55. Director General suspending or cancelling learner's permit

The Director General may suspend or cancel a learner's permit by notice in writing given to the holder of the permit.

Part 4 — Other matters about driver authorisations

56. Certain motor vehicles may be driven without licence

- (1) A person may drive on a road a motor vehicle referred to in subregulation (2) even though the person is not authorised to do so other than by this regulation.
- (2) The motor vehicles that this regulation authorises a person to drive on a road are —
 - (a) a motor vehicle used only on a railway or tramway;

- (b) a motor vehicle designed to be controlled by a person walking next to it;
- (c) a motor vehicle propelled by a motor having a maximum power output not exceeding 200 W;
- (d) a motorised wheelchair that cannot travel at a speed above 10 km/h;
- (e) a motor vehicle used for the purpose of road maintenance or road construction if it is —
 - (i) situated between traffic signs on a road maintenance or road construction site; and
 - (ii) operated for, by, or under the control of, a government department, government instrumentality, statutory authority or local government; and
 - (iii) fitted with a light displaying intermittent yellow flashes (or flashes of another colour or colours approved by the Director General).

57. Australian driver licence may authorise learning

- (1) An Australian driver licence that authorises certain driving on a road in this State on condition A, condition B or condition E also authorises that driving when the condition is not complied with but only to the extent that the driving would be authorised if the licence holder held the appropriate learner's permit.
- (2) A driver's licence described in Schedule 8 column 2, or a substantially equivalent Australian driver licence, also authorises the licence holder to drive a motor vehicle of the class specified for that kind of licence in Schedule 8 column 1 but only to the extent that the driving would be authorised if the licence holder held the appropriate learner's permit.
- (3) If Schedule 8 column 3 specifies a period of time, subregulation (2) does not apply unless the person has held the driver's licence, or a substantially equivalent authorisation, for a period of, or periods adding up to, at least the amount of time specified in column 3.
- (4) Without affecting any other limitation on the driving for the purposes of learning that is authorised because of subregulation (1) or (2) —
 - (a) the driving can only be in the course of instruction by a person referred to in section 43(2) of the Act; and
 - (b) each condition in regulation 49 applies as if the licence were a learner's permit.

58. Director General may permit certain driving without licence

- (1) If, in a particular case, there are exceptional circumstances because of which it would be in the public interest for a person to drive a motor vehicle on a road even though not otherwise authorised by law to do so, the Director General may permit that driving and may make that permit subject to conditions.
- (2) The permit and the conditions are to be in writing given to the person permitted to drive.
- (3) Without limiting the other circumstances in which the Director General may give a permit under this regulation, the Director General may permit a person to drive a motor vehicle if —
 - (a) the person is a novice driver (type 1A) and is found driving a motor vehicle in circumstances in which the driving is unauthorised because it is between midnight and the following 5 a.m.; and
 - (b) having regard to all the relevant circumstances, including the location and the safety of the novice driver and any passengers, it is appropriate to give the permit.

59. Foreign driving authorisation not preventing grant of driver's licence

The Director General may grant a driver's licence to a person who still holds a foreign driving authorisation if the person satisfies the Director General that the person reasonably expects to drive under that authorisation in a place that is governed by the law under which the authorisation was granted.

60. Authorisation of another Australian jurisdiction to be recognised

- (1) The Director General is to recognise a licence or other authorisation granted to a person under the law of another jurisdiction authorising the person to drive a motor vehicle on a road whether or not solely for the purpose of learning to drive it ("**another jurisdiction's driving authorisation**").
- (2) If the Director General recognises another jurisdiction's driving authorisation, the Director General is also to recognise any condition to which the authorisation is subject that is capable of applying in this State.

61. Authorisation under foreign law to be recognised

- (1) The Director General is to recognise an authorisation granted to a person under a foreign law authorising the person to drive a motor vehicle on a road (a "**foreign driving authorisation**").

- (2) In subregulation (1) —
 “foreign law” means the law of an external territory, as defined in the Commonwealth *Acts Interpretation Act 1901* section 17(pd), or the law of another country.
- (3) Subregulation (1) does not apply to an authorisation to drive a vehicle solely for the purpose of learning to drive it unless it is granted under a law of an external territory referred to in subregulation (2) or of New Zealand.
- (4) If the Director General recognises a foreign driving authorisation, the Director General is also to recognise any condition to which the authorisation is subject that is capable of applying in this State.

62. Effect of recognising other driving authorisation

- (1) A driving authorisation recognised under regulation 60 or 61 authorises the holder of that authorisation to drive in this State as if the holder held a driver’s licence under this Act to a substantially corresponding effect.
- (2) However, the recognised driving authorisation does not authorise driving in this State —
 - (a) to any greater extent than it would authorise driving in the other jurisdiction, external territory, or country; or
 - (b) at any time when it is suspended or for any other reason ineffective under the law of the place where the authorisation was granted; or
 - (c) at any time when the person —
 - (i) holds a driver’s licence; or
 - (ii) is disqualified from holding or obtaining a driver’s licence; or
 - (iii) is excluded under regulation 63 from being authorised by this regulation to drive a motor vehicle.
- (3) A driving authorisation recognised under regulation 60 does not authorise the person who holds it to drive in this State if —
 - (a) the person usually resides in this State, other than as a member of the Defence Force of the Commonwealth; and
 - (b) the period for which the person has been usually resident in this State exceeds 3 months.
- (4) A driving authorisation recognised under regulation 61 does not authorise the person who holds it to drive in this State if the person has held a permanent visa under the *Migration Act 1958* of the Commonwealth for more than 3 months.

- (5) The recognition of a condition of another jurisdiction's driving authorisation has the effect that a contravention of the condition may be treated as if it were a contravention of a condition of a driver's licence under this Act and is punishable accordingly.
- (6) Despite subregulation (2)(a) and (5), if the motor vehicles that a driving authorisation recognised under regulation 61 authorises the holder to drive are vehicles that have a GVM not exceeding 3.5 t, the authorisation under this regulation is for vehicles that have a GVM not exceeding 4.5 t.

63. Excluding person from being authorised by regulation 62

- (1) The Director General may, by notice in writing given to a person who holds a driving authorisation recognised under regulation 60 or 61, exclude the person from being authorised by regulation 62 to drive a motor vehicle on a road in this State.
- (2) The reasons for which the Director General may exclude a person under subregulation (1) are that —
 - (a) the Director General believes that any of paragraphs (a) to (d) of regulation 25 applies to the person; or
