

METRIC CONVERSION.

No. 94 of 1972.

AN ACT to facilitate the use of the metric system of measurement by amending certain references to physical quantities in certain Acts; to authorize the amendment, by proclamation or notice of other such references in Acts and other statutory instruments; and for incidental and other purposes.

[Assented to 4th December, 1972.]

BE it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and the Legislative Assembly of Western Australia, in this present Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the *Metric Conversion Act, 1972.* Short title.

Commence-
ment.

2. Subject to subsection (2) of section 4 of this Act, this Act shall come into operation on the day on which it receives the Royal Assent.

Interpreta-
tion.

3. In this Act unless the contrary intention appears—

“metric system of measurement” means measurement in terms of—

- (a) the units comprised in the International System of Units for the time being approved by the General Conference on Weights and Measures;
- (b) units decimally related to those units and for the time being so approved;
- (c) such other units as are declared from time to time pursuant to the Metric Conversion Act 1970 of the Commonwealth, as amended from time to time, or pursuant to any Act of the Commonwealth in substitution for that Act, to be within the metric system;

“statutory instrument” means—

- (a) any proclamation or Order in Council;
- (b) any regulation, rule, by-law, notice, order or other instrument promulgated, made, given or published under or for the purposes of any Act.

Amendments
effected by
Schedule.

4. (1) The several Acts referred to in the Schedule to this Act are amended to the extent specified in that Schedule.

(2) Each amendment effected by subsection (1) of this section and the Schedule to this Act shall take effect on such day as is fixed by the Minister administering the Act so amended by notice published in the *Government Gazette*, being a day not earlier than the day on which the notice is so published.

(3) Every Act referred to in the Schedule to this Act may be cited showing the figures representing the year of its passing followed by the passage “—1972”.

5. (1) Notwithstanding the provisions of any other Act or law, but subject to subsection (2) of this section, the Governor may by proclamation, in any case where he is of opinion that it is necessary or expedient so to do for giving proper effect to the purposes for which an Act was enacted, amend any reference in the Act to a physical quantity that is not expressed in terms of a unit or units in the metric system of measurement by substituting for that reference a reference to a physical quantity expressed in terms of a unit or units in the metric system of measurement.

Amendments
to Acts may
be made by
proclama-
tions.

(2) A proclamation may be so made under subsection (1) of this section as to—

- (a) take effect on such day or days as are specified therein, not being a day or days earlier than the day on which the proclamation is published in the *Government Gazette*; and
- (b) alter the physical quantity in the reference amended by the proclamation, but so that the physical quantity substituted by the proclamation—
 - (i) is not less by more than ten per centum than; and

(ii) does not exceed by more than ten per centum,

the physical quantity amended by the proclamation.

(3) The Minister administering an Act affected by a proclamation made under this section shall cause a copy of the proclamation to be laid on the Table of each House of Parliament within the first six sitting days of the House after the publication of the proclamation in the *Government Gazette*.

(4) If either House of Parliament passes a resolution of which notice has been given within the first fourteen sitting days of that House after the copy of a proclamation made under this section has been laid on the table of that House, that the proclamation be disallowed, the proclamation thereupon ceases to have effect, but the disallowance of the proclamation does not affect or invalidate anything done, or omitted to be done, in good faith before the passing of the resolution.

Amendments
of statutory
instruments.

6. (1) Notwithstanding the provisions of any other Act or law, the Minister administering an Act under which a statutory instrument has been promulgated, made, given or published may, with the approval of the Governor, by notice published in the *Government Gazette* amend any reference in the statutory instrument to a physical quantity that is not expressed in terms of a unit or units in the metric system of measurement by substituting for that reference a reference to a physical quantity expressed in terms of a unit or units in the metric system of measurement.

(2) The provisions of subsections (2), (3) and (4) of section 5 of this Act apply to a notice published under this section as though it were a proclamation made under section 5 of this Act.

SCHEDULE.

CEMETERIES ACT, 1897-1966.

Provision amended	Amendment	Amendment number
Section 6 (1)	Delete "fifty miles" in line 2, substitute "eighty kilometres"	1

Section 8.

FIRST SCHEDULE.

1. The rate of the charge to be paid in respect of every commercial goods vehicle shall be 0.17 cent per tonne of the sum of—

- (a) the tare weight of the commercial goods vehicle; and
- (b) two-fifths of the load capacity of the commercial goods vehicle, per kilometre of road along which the commercial goods vehicle travels in this State.

2. In assessing such charge fractions of kilometres and fractions of kilograms shall be disregarded, but kilograms (in relation to both tare weight and load capacity) shall be taken into account as decimals of tonnes.
