LG501**BUSH FIRES ACT 1954***City of Albany***FIRE MANAGEMENT NOTICE 2026/2027****FIRST AND FINAL NOTICE IS HEREBY SERVED TO OWNERS AND OCCUPIERS OF LAND IN THE CITY OF ALBANY**

This notice constitutes the City of Albany Fire Management Notice pursuant to Section 33 of the *Bush Fires Act 1954*.

You are required to prepare and maintain your property for the fire season. This Notice specifies the actions you must take on the land that you own and/or occupy, and with respect to any matter which is on the land that you own or occupy.

All fire mitigation measures must be in place by and maintained for the following periods—

NORTH EAST SECTOR 3 October 2026 to 30 April 2027

SOUTH WEST SECTOR 1 December 2026 to 14 May 2027

City of Albany officers are authorised to enter and remain upon private property, without notice to the owner, to inspect and confirm compliance with this Notice. If you fail to comply with the requirements contained within this Notice, penalties under the *Bush Fires Act 1954* may apply.

The owner or occupier of land who has received notice under Section 33(1) of the *Bush Fires Act 1954* and who fails or neglects in any respect duly to comply with the requirements of the notice is guilty of an offence and liable to a fine of \$5000.

All land with total area less than 1000m² (0.1ha)

The owner or occupier must reduce any fire hazard on their land by—

- Slashing, mowing or trimming all *flammable** matter on the entire property (noting this does not include living trees, shrubs, plants and reticulated lawns under cultivation) to a height of no greater than 50mm.
- Remove dead shrubs, plants, and vegetation cuttings/swath across the entire property

All land with total area less than 4000m² (0.4ha)

The owner or occupier must reduce any fire hazard on their land by—

- Reducing and maintaining *fine fuel load** over the whole land to a height of no greater 50mm
- Where the property has scrub or remnant native bushland, reduce *scrub fuels** to no greater than 11 tonnes per hectare.
- Creating and maintaining *hazard specific fire breaks**
- Creating and maintaining *Building Protection Zones**

All land with an area 4000m² (0.4ha) to 500,000m² (50ha)

The owner or occupier must reduce any fire hazard on their land by—

- Creating and maintaining *perimeter fire breaks**
- Maintaining *fine fuel load* over all grasslands to an average of eight (8) tonnes per hectare
- Creating and maintaining *hazard specific fire breaks**
- Creating and maintaining *Building Protection Zones* *

Non-agricultural non-cropping non-stock land over 500,000m² (50ha)

The owner or occupier must reduce any fire hazard on their land by—

- Creating and maintaining *perimeter fire breaks**
- Maintaining *fine fuel load* over all grasslands to an average of eight (8) tonnes per hectare
- Creating and maintaining *hazard specific fire breaks**
- Creating and maintaining *Building Protection Zones* *

Agricultural cropping and/or stock grazing land over 500,000m² (50ha)

The owner or occupier must reduce any fire hazard on their land by—

- Creating and maintaining *perimeter fire breaks** are not compulsory but recommended.
- Creating and maintaining *hazard specific fire breaks**
- Creating and maintaining *Building Protection Zones* *
- Cropping paddocks must be broken into compartments not exceeding 250 hectares in area, each separated by internal trafficable breaks.

Plantation lots / tree farms

Owners and lessees of plantation lots / tree farms must comply with the Department of Fire and Emergency Services (DFES) *Guidelines for Plantation Fire Protection (the guidelines)* in addition to this fire management notice. The guidelines are available from the DFES website <https://publications.dfes.wa.gov.au/>.

Additional Works

The City may issue *Work Orders** pursuant to Section 33 of the *Bush Fires Act 1954*, to individual land owners or occupiers should additional works be necessary for a potential fire hazard that may exist on a property. These can be issued at any time during the year. A failure to comply with a *Work Order* is a failure to comply with this notice.

Definitions—

Authorised Officer means a person appointed by the City as a Bush Fire Control Officer pursuant to the powers conferred in section 38 of the *Bush Fires Act 1954*.

Building Protection Zone is a defensible space immediately adjacent to a building *no less* than three metres wide, clear of *flammable* materials and objects.

Combustible objects, garden supplies such as mulches should be avoided within 10 metres of the building and vegetation kept to a minimum and kept in a low fuel state. Tree crowns or branches must not overhang the building and a minimum clearance of 2 metres is required between tree branches and buildings.

From 10 metres to 20 metres of the building, land must be parkland cleared and in low fuel state. The *building protection zone* may reduce the likelihood and impact that direct flame contact, radiant heat or ember attack may have on buildings in the event of a bushfire.

Gutters, roofs, and walls of all buildings to be free of flammable matter and maintained.

Fine Fuel Loads are grasses, and other dead combustible vegetation matter up to 6mm in diameter. It does not include processed mulch below an average depth of 50mm.

A fuel load depth of 125mm (fine fuels) to the mineral earth is indicative of approximately 8 tonnes per hectare.

Flammable means accumulated fuel such as dry grass, leaf litter, twigs, branches, trash, bush, dead trees, firewood, stored fuels and scrub that can be easily ignited or is likely to catch fire and burn. It includes any other thing deemed by an Authorised Officer to be likely to catch fire but excludes living standing trees, growing bushes and plants in gardens and/or lawn areas under cultivation.

Hazard Specific Fire Breaks are a 3 metre low fuel area around flammable hazards with vegetation maintained below 50mm with no overhanging tree canopy. Hazards Include but are not limited to; haystacks, non-dwelling sheds, green electricity power domes, electricity power poles, stand-alone power systems, remnant native bushland and fuel storage areas.

The more fuel load, the higher the flame height and increased fire intensity.

Perimeter Fire Breaks are a continuous (no dead ends) *trafficable* access track that has standard dimensions of 3 metres wide with 4 metres vertical clearance, located within 20 metres of the property boundary. It can be created by ploughing, cultivating, scarifying, burning or otherwise clearing including slashing and maintaining vegetation length below 50mm.

Scrub fuel means the accumulation of near-surface (measured from sole of foot) and elevated combustible material within a scrub or remnant bushland area. This includes dead or fallen organic matter such as leaves, bark, twigs less than 6 mm in diameter dead branches, and woody debris but does not include standing living vegetation.

For compliance assessment purposes the fuel load indicator is a continuous scrub fuel load height of 0.2 metres. A scrub fuel load depth of 0.2 metres is indicative of approximately 11 tonnes per hectare.

Trafficable means the capacity to allow a firefighting truck or other firefighting vehicle to safely navigate the interior perimeter of the property safely without impediment.

Work Order means a property specific notice served on an owner or occupier pursuant to Section 33 of the *Bush Fires Act 1954* to act as and when specified in the notice with respect to anything which is upon the land, and which in the opinion of the local government or its duly authorised officer, is or is likely to be conducive to the outbreak of a bushfire or the spread or extension of a bushfire.

Disclaimer—

Environmental Conditions

The requirement to clear a fire break under this notice exempts an owner or occupier from needing a permit to clear native vegetation under the *Environmental Protection Act 1986* however it does not authorise an owner or occupier to carry out excessive clearing. Clearing or removal of native vegetation beyond the requirements of this notice will require permission from other State Legislative Authorities.

Any land subject to environmental value such as, but not limited to, Threatened Ecological Communities (TEC), Aboriginal sites as defined in the Aboriginal Heritage Act, Bush Forever Sites, Conservation covenant, Riparian vegetation or Declared Flora and Fauna should seek further information about what activities can or cannot be done prior to carrying out the requirements under this notice.

Owners and/or Occupiers must contact the relevant State Government agency which include but are not limited to: *Department of Primary Industries and Regional Development*, *Department of Biodiversity, Conservation and Attractions*, *Department of Planning, Lands and Heritage*, and *Department of Water and Environmental Regulation*.

Failure to comply with this Notice

Failure or neglect to comply with this notice is an offence and can result in a penalty of up to \$5000.

City of Albany officers, servants, workers or contractors engaged by the City of Albany and any vehicles, appliances and machinery are authorised to enter and remain upon private property, without notice to the owner, to carry out the requirements of this notice that are not complied with by the date specified in this notice and any expenses, included court related costs, may be recovered from the owner and/or occupier of the property.

The City may vary a requirement or condition of this Notice at its discretion.

Any 'variation to requirements' approval you hold may be declared void at any time by the City.

This notice is issued and authorised by—

ANDREW SHARPE, Chief Executive Officer.

BUSH FIRES ACT 1954

FIREBREAK NOTICE 2026-2027 TO ALL PROPERTY OWNERS AND OCCUPIERS

Town of Cambridge

Pursuant to section 33 of the *Bush Fires Act 1954*, you are hereby required, on or before **1 November 2026** to remove from the land owned or occupied by you, all flammable material and/or clear firebreaks in accordance with the following land areas and thereafter to maintain that land and/ or firebreaks up to and including **31 March 2027**—

Where the area of the land is less than 2,000 square metres—

Slash or mow all grass and vegetation to a height of no more than five (5) centimetres; remove all slashed or mown grass and vegetation from the land; prune trees and shrubs and remove all flammable matter from the whole land except regulated trees; and ensure that the roofs, gutters and walls of all buildings on the land are kept free of flammable matter. This standard must be maintained until **31 March 2027**.

Where the area of the land is greater than 2,000 square metres—

Slash or mow all grass and vegetation to a height of no greater than five (5) centimetres; remove all slashed or mown grass and vegetation from the land; install a continuous firebreak at least three (3) metres wide and at least three (3) metres vertical clearance along all external boundaries of the land; prune trees and shrub and remove all flammable matter from the whole land except regulated trees, and ensure that the roofs, gutters and walls of all buildings on the land are kept free of flammable matter. This standard must be maintained until **31 March 2027**.

If it is considered impracticable to clear a firebreak, or to remove flammable material from the land as required by this Notice, written approval may be sought from the Town of Cambridge (the Town) to create or modify firebreaks in alternative positions, or to take other measures to mitigate the fire hazard. Where approval is sought, this must be made in writing to the Town prior to **31 October 2026**. Unless written approval is granted from the Town, compliance with this Notice is required.

Pursuant to section 33(4) of the *Bush Fires Act 1954*, where the owner or occupier of a property fails or neglects to comply with this Notice within the specified timeframes, the Town may enter the land and carry out any requirements of this Notice that have not been complied with. The Town may also recover from the owner or occupier any costs and expenses incurred in achieving compliance.

Burning off is strictly prohibited within the Town at all times pursuant to the *Town of Cambridge Health Local Law 2016* and the *Bush Fires Act 1954*. Pursuant to section 24B of the *Bush Fires Act 1954*, burning refuse, rubbish or garden waste without written authorisation is strictly prohibited.

LISA CLACK, Chief Executive Officer.
