Residential Land—Slash all grass and clear all inflammable matter on the land to a height no greater than 50mm and maintain all grass and all inflammable matter on the land at a height no greater than 50mm up to and including the 31st day of March 2027.

B. GENERAL BETTING RULES**RESULT SETTLEMENT**

59

- (a) Settlement of markets held over more than 1 round/stage (E.g.:Season Bets), will only consider amendments effecting bets which settlement has not been decided yet. Such measures must be announced by the governing association before the last scheduled round/stage ~~will~~ to be considered. Any changes effected after this date, or else referring to bets which have already been settled based on events happening during the event/competition will not be considered.

	(b) Unless otherwise specified within the offer, implied by the official competition rules or announced beforehand as being the official format for that particular event, any changes from the default sport/event/competition format that result in [the Operator] offering odds/lines/totals which are incongruent with the revised playing format, will result in the voiding of the bets effected by the format change. (c) Offers where the format change does not preclude the organizing association from declaring a winner (ex. Season winner), irrespective whether there will be a continuation of play or not, revised length of season/competition, etc, will be settled according to the result issued by the governing association granted that said result is issued as per the timeframes listed below and is congruent to the odds/lines/totals available at time of offer publishing. (d) The following settlement provisions apply in such cases— (i) Should the governing association declare a relevant outcome within 3 months from the last match played before the interruption (be it final classification, cancellation or intentions to resume play), markets will be determined accordingly; (ii) In case no applicable official communication/result is issued within 3 months from the last match played before the interruption, markets will be settled in accordance with the last classification/rankings available, regardless of number of matches played/current stage/phase of the competition; (iii) Markets which refer to whether a team/participant will reach a subsequent phase of the competition (example: Play-Offs) will be settled as void should there be any changes to the format/number of participants scheduled to contest that particular phase or that particular phase is not played at all, unless an outcome based on the market connotations at time of bet publishing has already been determined and the change in number of applicable matches bears no influence the outcome of the offer; (iv) Markets which odds are dependent/based on a full schedule of matches being played (example: Over/Under Wins in the Regular Season/Points in the League), will be declared void should the number of matches played end up being different than originally scheduled at the time of bet publishing, unless an outcome has already been determined and the change in number of applicable matches bears no influence the outcome of the offer.

C. SPORT BETTING RULES AND LIMITS

AMERICAN FOOTBALL

5	All 'match' offers will only be considered valid should there be less than 5 minutes of scheduled play left in the 4th Quarter/2nd Half, as applicable. Exception will be done for those the outcome of which have been decided prior to the abandonment and could not possibly be changed regardless of future events, which will be settled according to the decided outcome. <u>In NCAA matches, should the playing time of any quarter(s) be shortened by mutual agreement of the opposing head coaches and referee, this will not serve as grounds to void any bets. All bet offers will be settled as normal based off of the official result at the end of the match.</u>
13	First/Next Offensive Play markets are settled based on the first/next offensive play from scrimmage (as applicable), excluding Penalties. Should a kick off be returned for a touchdown, bets will be settled with the outcome of the following kick off. For settlement purposes, incomplete/intercepted passes, Quarterback sacks or fumbles will be considered as "Pass Play" unless the Quarterback has passed the line of scrimmage, at which it would be considered as "Run Play". Fumbles on exchanges to the Runningback will be considered as "Run Play". <u>First/Next Offensive Play markets are settled based on the first/next offensive play from scrimmage (as applicable), excluding Penalties. For settlement purposes, incomplete/intercepted passes will be considered as "Pass Play". Fumbles on exchanges to the Runningback will be considered as "Run Play". For NFL, Quarterback sacks or fumbles will be considered as "Pass Play" unless the Quarterback has passed the line of scrimmage, at which point it would be considered as "Run Play". For NCAAAF, Quarterback sacks or fumbles will be considered as "Run Play" in all situations.</u>
18	Bets referring to the outcome of a particular drive will be settled as void in case of an incomplete drive. In cases where Team A has the ball and fumbles with the ball being recovered by Team B who successively fumbles it back to Team A, the outcome will be settled as a "Turnover". Turnover on Downs (failed 4th Down attempt), will also be considered as a "Turnover".

	Should it happen that a punt is fumbled by the receiving team and recovered by the kicking team, bets will be settled as "Punt". <u>"Drive Crosses X Yardline" markets will be settled according to the spot of the ball at the end of the drive. If the drive ends in a field goal, the final yardline is the line of scrimmage of the field goal attempt. If the drive ends in a fumble, the final yardline is the yardline where the fumble occurred. If the drive ends in an interception, the final yardline is the line of scrimmage of the play during which the interception occurs.</u>

AUSTRALIAN RULES FOOTBALL

31	Unless otherwise stated, all bets referring to matches will be settled on with the result at the end of 4th Quarter (normal time). <u>Unless otherwise stated, all bet offers will be settled including any extra time (if played). This includes but is not limited to "Match H2H (2-way)", "Handicap", "Total Points", and all player performance markets. On betting markets where 'Draw' is offered, the bet shall be settled at the conclusion of regular time. The following markets will not include any extra time (if played) and will be settled at the conclusion of regular time—</u> <u>o Margins</u> <u>o HT/FT Double</u> <u>o Quarter by Quarter Leader</u> <u>o Wire to Wire</u>
32	Offers referring to individual player performances' in a single match (example: Total Points Scored by Player X) or confronting performances from 2 individual players during the course of a match (example: Which of Player X or Player Y will score most Points), require all listed individuals to play from the start of the match for bets to stand. <u>For any Offer referring to individual player performances in a single match (example: First Goal Scorer), stakes will be refunded if the player is not in the starting 23. For any offer between two players (head-to-head matchups) stakes will be refunded if either player is not in the starting 23.</u> <u>In addition, only for any individual milestone player offer in AFL (not AFL W), (example: Player to get X Disposals/Goals/Behinds/Tackles/Marks), stakes will be refunded if the "Time on Ground %" is less than 40% as per the official match result. Should the outcome of such offers have already been decided, these milestone offers will be settled accordingly.</u>
33	First Goalscorer in the match/1st Quarter—Stakes will be refunded on players who are not in the starting 23 4. Bets on First Goalscorer in the match do not require the goal to be scored in the 1st Quarter. Should no goal be scored in the listed period all bets will be settled as void.

BASEBALL

46	A bet is declared void on a cancelled or postponed match which has not started, or in the case of a result not having been issued within twelve hours of the scheduled start time. <u>Should a match start and be suspended due to weather or any other cause, and continued within the next 48 hours following original start time while remaining the next scheduled official match for all participating teams, then bets will remain valid and settled according to the eventual final official results.</u> <u>Otherwise, all bet offers that have been decided prior to the abandonment and could not possibly be changed regardless of future events, will be settled according to the decided outcome. Should the abandoned event not resume within 12 hours of its start time, all pending offers related to the event will be settled as void.</u>
48	"Handicap", "Over/Under", "Odd/Even" and all other markets, including player performance markets, but except Moneyline, require all scheduled innings to be completed, or at least 8.5 innings to be completed if the home team is in advantage, for bets to stand. This applies to all offers except those the outcome of which has been decided prior to the abandonment and could not possibly be changed regardless of future events. These will be settled according to the decided outcome. <u>"Handicap", "Over/Under", "Odd/Even" and all other markets, including player performance markets, but except Moneyline require all scheduled innings to be completed, or at least 8.5 innings to be completed if the home team is in advantage, for bets to stand. This applies to all offers except those the outcome of which has been decided prior to the abandonment and could not possibly be changed regardless of future events. These will be settled according to the decided outcome. For NCAA, exceptions will be made for matches that are shortened by mutual agreement of the opposing head coaches and referee or any "Mercy Rules" which come into play as stipulated by the relevant governing body. In case "Mercy Rules" are invoked, all bets will stand and will be settled according to the results and statistics at the time of the "Mercy Rule" call</u>

56	Series winner results are settled according to which team wins most matches in the series of matches (including any doubleheaders) playing within the listed timeframe. Bets void if teams win the same number of matches. All scheduled matches must be completed as per the rules of the governing body for bets to stand except for those the outcomes of which have been decided prior to the abandonment and could not possibly be changed regardless of future events, which will be settled according to the decided outcome. Series winner results are settled according to which team wins most matches in the series of matches (including any doubleheaders) beginning on the listed date. Bets void if teams win the same number of matches. Should any match be rescheduled outside of the original dates of the series, bets will be void unless the result of that match could not possibly have changed the outcome of the series winner.

FOOTBALL

182	On offers such as Next Goalscorer, Next Carded player, Next Assist and Man of the Match, stakes will be refunded should the chosen player not take part in the match at all or had no possibility to accomplish such feat during the specified timeframe. <u>On offers such as Next Player Occurrence (Goalscorer, Assist, Carded Player etc.), Player Occurrence during a specified interval and Man of the Match, bets will be voided should the chosen player not take part in the match at all or had no possibility to accomplish such feat during the specified timeframe</u>
183	Bets on Next <u>any</u> "Assist" <u>outcome</u> for a particular goal will be settled as void should the governing association declare the specified goal as having been unassisted, the specified goal is an own goal and/or no more goals are scored in the match during the specified timeframe.
184	Bets referring to penalty kicks conversion and/or outcome will be settled according to the outcome occurred on the field of play as per the rules governing that specific scenario and in cases of penalty shoot-outs will remain valid regardless of the format employed by the governing association during the shoot-out. Bets stand in case the penalty is ordered to be re-taken and will be settled with the outcome achieved from the re-taken penalty. As a general principle, settlement will be based on the concept that unless the penalty kick results in a goal being awarded (and settled accordingly), the first person/object/location (as applicable) which the ball initially touches after being kicked will be considered as the winning outcome, disregarding any other persons/objects the ball hits in its subsequent trajectory following any previous deflection, if any. The following examples are being issued as a general guideline on settlement— "Goal" would be the winning outcome in case of the following scored penalties scenarios— - Any penalty kick which ends up as a goal without it being deflected; - Goalkeeper touches the penalty kick but ball ends up as goal; - Penalty kick touches the woodwork before ending up in goal. "Save" would be the winning outcome in case of the following missed penalties scenarios— - Goalkeeper deflects the penalty kick to outside the goal frame; - Goalkeeper deflects the penalty kick onto the post/crossbar. "Woodwork" would be the winning outcome in case of the following missed penalties scenarios— - Penalty kick hits the woodwork before it is touched/saved by the goalkeeper; - Penalty kick hits the woodwork and ball goes outside the goal frame. "Any other Miss" would be the winning outcome in case of any penalty kick which without any deflection either by the goalkeeper or by the woodwork ends up outside the goal frame— Exception to the above scenarios would be In case of penalty shoot-outs, should the ball hit the woodwork, bounce on the goalkeeper and end in goal, such penalty will be considered as having been scored while should said situation occur during any other part of the match which is not a penalty shoot-out, the penalty taker would be considered as having missed to score and "hitting the woodwork" will be considered as the winning outcome.

RUGBY LEAGUE

258	Try Scorers (First/Last/Anytime/Team)—All bets include any potential extra (over) time. <u>Stakes on players who do not take the field will be refunded</u> Any bets placed on players in the game day 17 stand regardless of the player's participation (or lack thereof) in the match. Stakes on players not included in game day 17 will be refunded.
259	Unless otherwise specified, offers referring to individual player performances' in a single match (example: Total Tries Scored by Player X) or confronting performances from 2 individual players during the course of a match (example: Which of Player X or Player Y will score most Tries), require all listed individuals to play from the start of the applicable match for bets to stand. <u>In addition, for any individual player milestone bet that runs for the duration of the match (example: Player to Score X or More Tries/Points) placed on NRL matches only (not NRL W), stakes will be refunded if the player is listed in the final starting 13 and does not officially play more than 30 minutes in the game. Should the outcome of such offers have already been decided, then these offers will be settled accordingly.</u>

TENNIS AND RACKET SPORTS

279	“Over/Under” and “Handicap” offers on unfinished matches the outcome of which is already determined before the interruption of play and/or where any further continuance of play could not possibly produce a different outcome to said offers, will be settled based on the result achieved until the interruption. For the calculation of these settlements, the minimum amount of occurrences which should have been needed to bring the offer to the natural conclusion will be added as necessary depending on the number of sets which the match is scheduled for. Should this calculation produce a situation where no possible alterations could affect the outcome of the offer this will be settled as such. The following examples can be used for consideration— • Example 1—Over/Under: A retirement occurs in a match scheduled for three sets with the score 7-6, 4-4. The offers— - o “Total Games Set 2—9.5” (or any lines lower than that amount) & “Total Games Played in the Match—22.5” (or any lines lower than that amount) will be settled with “Over” bets as winning and “Under” bets as losing. - o Bets on lines higher than that will be settled as void. • Example 2—Handicap: A retirement occurs at the start of the 3rd set in a match scheduled for 5 sets with the score at 1-1. - o Bets on +2.5/-2.5 Sets will be settled as winners and losers respectively. - o Offers on any lines lower than that amount will be settled as void. • <u>Example 3—A ‘Best of 5’ set match ends with Player A retiring with the score 6-2, 3-6, 1-4: Had Player A won all remaining games (should the match have continued without retirement), the score would have been 6-2, 3-6, 6-4, 6-0, making the margin 9 games. However, this is not the highest possible margin as the match could also have ended 6-2, 3-6, 6-7, 6-0, 6-0, making the margin 12 games. As such, any bets on -12.5 or higher are settled as lost and any bets on -11.5 or lower are settled as void.</u>
